

**TRYING TO ADJUST
WAGE CONTROVERSY**

United Mine Workers Meeting in
Indianapolis to Reach
Basis of Agreement.

EXTENSION OF ONE MONTH

Extreme Peace Measure Proposed Will
Keep Mines in Operation Pending
Settlement of Differences.

Indianapolis, Ind., March 12.—The national convention of the United Mine Workers of America met today in Tomlinson hall to agree upon a course of action because of the failure of the operators and miners of the Central competitive field to agree upon a joint wage conference to fix a scale in place of the present one which expires April 1.

The wage scale for the various bituminous fields of this country and Canada are based upon the scale fixed in the central competitive field consisting of Illinois, Indiana, Ohio and Pennsylvania. Failure to agree upon a joint meeting to fix a scale in this field has caused President John Mitchell to call a national conference of the miners to take decisive action. Indications are that four propositions will be considered by the convention.

COURSE OF PROCEDURE.

The first will be to adopt wage demands and then issue a call for a joint wage conference, opening the door to all operators who may wish to come in, sign scale and keep their mines in operation. The second will be to adopt the scale and issue a call for joint wage conferences by districts. The third will be to refuse to make any scale except by competitive districts which would mean that all mines in Pennsylvania, Ohio and Indiana and Illinois operators and miners would be held to be one unit, as would those of Missouri, Kansas, Oklahoma, Arkansas and Texas—the southwestern competitive field.

The fourth proposition will be the extreme peace measure, a provision that the present contract be continued in effect a month longer and the mines be kept in operation during that period.

QUICK SHINE SHOE POLISH

oil as well as polish and is water proof. It gives a satin finish and will not rub off on the clothing. Accept no other. Price 10 cents.

DAY'S CHANCE IS GOOD.

Seattle, Wash., March 11.—Chancellor James R. Day of the University of Washington cannot be convicted under the discipline of the church for his attack upon the president of the United States, says Seattle Methodist minister. He is condemned by the ministers, but they say his defense, when tried by the New York conference on charges brought by the Rev. George McKim of Brooklyn, N. Y., will be that he believed the charges to be true, and they were made without malice. The defense, the ministers say, will be accepted.

MISSING LINK IN PLACE.

Reno, Nev., March 11.—News of the purchase of the Elko and Winnemucca telephone systems by the Utah and Nevada Telephone company is well known, and within the next month the service will be connected up with the Salt Lake system. This will make a complete telephone system clear from Winnemucca to Salt Lake, and from that point to the Atlantic coast as well as from San Francisco and other Pacific coast cities.

ABNER JURY DISAGREES.

Jackson, Ky., March 11.—The jury in the case of John Abner, charged with aiding in the murder of Town Marshal James Cockrell during the Hargis-Cockrell feud in 1902, reported today a hopeless disagreement and was discharged.

RANDALL TO COMMAND.

Seattle, Wash., March 11.—Capt. Frank S. Randall, U. S. A., transport service, has been ordered to the Philippines to take command of the transport Warren. Capt. Randall will leave for San Francisco tonight. He is the oldest officer in the army transport service and received special mention by Maj. Gen. Wheaton for gallant conduct while landing troops under fire at San Fabian during the late war.

More proof that Lydia E. Pinkham's Vegetable Compound restores women to normal health.

Mrs. Mattie Copenhaver, of 316 So. 21st St., Parsons, Kans., writes:

For two years I suffered from the worst form of feminine ills, until I was almost driven frantic. Nothing but Lydia E. Pinkham's Vegetable Compound brought me health and happiness, and made me a well woman. Every sick woman should benefit by my experience.

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration. Why don't you try it?

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you free. No woman ever regretted writing her, and because of her vast experience she has helped thousands. Address, Lynn, Mass.

OKLAHOMA FOR TAFT

Delegates Instructed to Vote for Any Proposition Favorable to His Candidacy.

Oklahoma City, March 11.—Instructing them to vote for any proposition favorable to the candidacy of William H. Taft for the presidency, the Republican state convention here today elected four delegates-at-large to the Chicago convention. They are: Congressman E. S. McGuire, Pawnee; Dennis T. Flynn, Oklahoma City; Patrick Dore, Westville, and J. A. Harris, Wagoner. William Bushy McAlister and C. C. Roberts of Enid were nominated elector-at-large.

Cash Cade of Shawnee was re-elected national committeeman.

The resolutions endorsed President Roosevelt's administration, condemning the Democratic state administration; recommended reduction of the representation in Congress and the electoral college of states which disfranchise negroes; and condemn the state legislature for its extravagance.

A resolution by state Senator H. E. P. Stanford pledging the party to an early submission of the prohibition question was overwhelmingly defeated.

Carl McGee of Tulsa was permanent chairman of the convention, which was harmonious in every detail.

THEY'RE NOT FOR BRYAN.

Topeka, Kan., March 11.—The Kansas Populists will meet in state convention here tomorrow morning at 10 o'clock to select 26 delegates and a like number of alternates to the national convention at Louisville, April 2. It is understood the convention will endorse Thomas G. Watson for president. A national committeeman and 10 presidential electors will be chosen. Col. Sellers of Springfield, Ill., will speak.

GHASTLY FIND AT IMLAY.

Reno, Nev., March 11.—A special to the Gazette from Imlay says: With his head nearly severed from his body, as the result of an entanglement with a barbed wire fence near this place, but still alive, the body of an unknown man, a foreigner, was found this morning by the railway employees. He was naked, covered with blood and ulcers. The man got off the train last night. He had a ticket for Dallas, Tex. He wandered around the station house for some time and finally disappeared. In the morning he was found hanging between the wires of a barbed wire fence, which surrounded a ranch. His head was nearly cut from his body.

HUGHES STARTS AGAIN

New York's Governor Insists That Gambling Bill Be Considered At Once.

Albany, N. Y., March 11.—Fear that the anti-racetrack gambling legislation recommended by Gov. Hughes in his annual message to the legislature might be smothered in committee was dispelled to some extent today by the action of the senate committee on codes in reporting the first of the bills introduced by Senator Agnew to embody the governor's recommendations. The assembly codes committee was expected to take similar action this evening, but its hearings on other bills were protracted and it adjourned without action until tomorrow. The bills will be discussed then and probably reported.

AMENDMENT DISAPPROVED.

The advocates of the legislation, especially Gov. Hughes, were disappointed to find that the senate committee had amended the bill so as to defer its taking effect until Sept. 1. The governor made no secret of his disapproval of this amendment, saying that its only purpose was to exempt the major part of this year's racing schedule from the prohibition of gambling, and that there was no reason for postponing obedience to the constitution of the state.

Reminded by the newspaper men that the majority of code amendments are drawn to take effect Sept. 1, he explained that this is done to give lawyers time to accommodate their pending litigation to the change. None were left in any doubt that he will insist that the legislation take effect immediately.

REVEREND McFARLAND CHARGED WITH HERESY

Topeka, Kan., March 11.—Quite a stir was caused today at the annual Kansas Methodist conference, in session here, by charges of heresy preferred against Dr. J. T. McFarland, a former pastor of the First Methodist church of Topeka, and now editor of the official Sunday publication of the Methodist Church of America, published in New York City. Dr. Cooke makes the complaint, declaring in a lengthy statement that Dr. McFarland had been preaching and disseminating false doctrines. It will be remembered that Dr. Cooke is the minister who filed charges against Chancellor Day of the University of Chicago, and who was suspended from his position by the General Conference of the Methodist Episcopal church, and accepted funds from John D. Rockefeller, also against President Roosevelt and Andrew Carnegie.

DIES FROM HIS WOUNDS.

Colorado Springs, Col., March 11.—Otte Fehring, a leading druggist of this city and owner of the Wagner-Stockbridge Mercantile company, Colorado City, died this morning, as the result of a gunshot wound received at the hands of an unknown highwayman, who assaulted and robbed him, on a lonely road north of the city, Feb. 19.

HARTFIELD LOST AT SEA.

London, March 11.—The British ship Hartfield, from Valparaiso Oct. 23, for Tacoma, has been posted at Lloyd's as missing.

**KOKOMO WOMAN
GIVES A FORTUNE.**

Receives Hundreds of Requests Daily.

In the past few years Mrs. Cora B. Miller has spent \$125,000.00 in giving medical treatment to afflicted women. Sometime ago we announced in the columns of this paper that she would send free treatment to every woman who suffered from female diseases or piles.

More than a million women have accepted this generous offer, and as Mrs. Miller is still receiving requests from thousands of women from all parts of the world, who have not yet used the remedy, she has decided to continue the offer for awhile longer, at least.

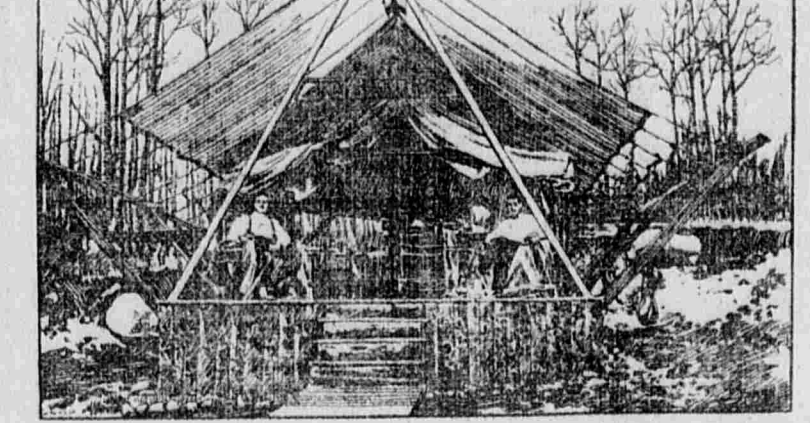

This is the simple, mild and harmless preparation that has cured so many women in the privacy of their own homes after doctors and other remedies failed.

It is especially prepared for the speedy and permanent cure of leucorrhoea, or whitish discharges, ulceration, displacement or falling of the womb, profuse, scanty or painful periods, uterine or ovarian tumors or growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness and piles from any cause, or no matter of how long standing.

Every woman suffering, unable to find relief, who will write Mrs. Miller now, without delay, will receive by mail free of charge a 50-cent box of this simple home remedy, also a book with explanatory illustration showing why women suffer and how they can easily cure themselves at home without the aid of a physician.

Don't suffer another day, but write at once to Mrs. Cora B. Miller, 5250 Miller Building, Kokomo, Indiana.

OPEN AIR TREATMENT OF TUBERCULOSIS.

The cut shows the quarters provided for patients who are taking the open air consumption cure at the state hospital for tuberculosis at Ray Brook, N. Y. Patients at this institution live out of doors day and night.

DIABOLO PLAYED IN THE ENGLISH NAVY.

The picture is from a recent drawing made on board an English warship on the China station. It seems that the game of diabolo is extremely popular among the British bluejackets and a game sometimes arouses as much excitement on board ship as does a game of football on land.

LILLEY CORRECTS POINT IN BOAT CASE SCANDAL.

Washington, March 12.—The special committee appointed by Speaker Cannon to investigate the charges made by the Electric Boat company to influence legislation, resumed its sittings today with all the five members of the committee present and the spacious rooms in which the committee is sitting well filled with newspaper men and other interested spectators. At the opening of the session Mr. Lilley addressed the committee saying that he desired to correct the impression that had been created by the report of the committee on rules to the effect that he had charged that members of Congress had been bribed. He denied that he had made such charges, but said that up to the present time his accusations have been solely against the Electric Boat company and its predecessors, the Holland Boat company, and had covered the point that these companies had made an effort to influence legislation by Congress.

PURSUEING YAQUI INDIANS.

Outrage at Oputo Brings Out Armed Troops Against Redskins.

El Paso, Texas, March 12.—Dr. E. J. Ackerman arrived at Douglas, Arizona, yesterday, and reported that Yaqui Indians had horribly outraged and killed two Mexicans near Oputo, Sonora, in a region inhabited by many Americans and hitherto undisturbed by Indians. The prefect of Montezuma with 325 Mexican troops has taken the field against the Indians.

ANNA'S LITTLE RUSE TO FOOL COUNT BONI

Paris, March 12.—It became known here today that Mme. Anna Gould, who sailed yesterday for New York on the steamer Adriatic, booked her passage under the name of Miller. She had originally taken passage for herself and her children on the Kron Prinz Wilhelm, but changed her plans at the last moment. Although she had the written consent of her former husband, Count Boni De Castellane, to take the children out of France, she adopted the ruse of changing names and using an assumed name in case the count should attempt at the last moment to prevent the children's departure.

A sense of relief occurs after coffee has been discontinued, if Postum is used in its place as the hot beverage at meal-time.

The caffeine in coffee, is a drug and does more or less harm to all coffee drinkers, although some may not realize it.

Postum contains no coffee or other harmful substance, but has all the nourishment of clean, hard wheat, including the bran-coat of the wheat berry in which is stored by Nature the phosphates for rebuilding brain and nerve tissues. There's real comfort from using Postum, and

"There's a Reason."

"No," General Butler said, "Batan finds some mischief still for idle hands to do." "General, I never knew before just who my employer was," Clancy said, bowing.—Baltimore.

POP FOSTER'S REPARTEE.

When Clarence Foster, the old New York player, was wearing a Washington uniform in 1902, he came in for considerable good-natured kidding, on account of the vast amount of sewing he was in the habit of doing. Visit the clubhouse at any time, when the boys were not required to be out at practice, and the one best bet was that you could find "Pop" busy with a needle and thread, patching up some garment. Foster was a handsome fellow, and took pride in keeping himself looking neat and natty, as far as his attire went, and he was as particular as an old maid regarding his clothes, so he was kept busy doing the tailor act, with the needle and thread.

One August Pop was taken ill and was alling for some few days. The fact of his illness got into the public press and so became common talk among the spike shoe lads.

A few days after the announcement was made that Foster was ill the St. Louis aggregation blew into the Washington grounds the first day Foster was discovered sitting in front of the clubhouse, busy at his everlasting sewing. "Hello, Pop," shouted Catcher Jos Sugden, "I heard you were sick; but how are you now?"

"Well, Joe," carelessly responded Foster, as he paused a moment in his tailor stunt, "I have been sick, but just at present, as you can see for yourself, I happen to be on the mend."—Washington Star.

HIS EMPLOYER.

Benjamin F. Butler of Massachusetts was a tireless worker when he started on anything. He and his secretary, Clancy, oftentimes sat in the library until almost daylight when the general wanted to finish up his work.

During the night sessions of the senate, toward a close of Congress, a senator called on Gen. Butler one morning at 1 o'clock. The same senator called again when the senate adjourned the following morning at daylight and found the general and Clancy still at work.

"Don't you ever stop?" the senator asked.
