## EVENING NEWS.

Wednesday, • September 29, 1975.

### Local and Other Matters.

**Thermometer** 84 degrees F in the shade at 11 p.m., to-day, 7 Fm.

**Out For Drill.**—Members of the Fire Brigade, with the "steamer," were out drilling last night.

**Utah Fruit.**—This morning Mr. Hocking, of the 12th Ward, laid before us half a dozen large, luscious, beautiful lemon peaches, raised in his orchard. The six weighed exactly two pounds six ounces. Salt Lake City is somewhere on fruit-raising.

**Dilapidated Bridge.**—A gentleman informs us that a canal bridge, a short distance this side Jordan Bridge, at the west side of the City, is so much in need of repairs as to endanger the limbs of teams and pedestrians. The proper party to attend to it should see that it is mended.

**Laid Up for the Winter.**—It is announced that the Utah-Western Railway train will leave this city daily at 8:30 a.m., arriving at Half-Way House at 10:30, and leave Half-Way House on the return at 12:40 p.m., and stay at Lake Point for dinner, arriving in this city at 3 p.m., also that the steamer *General Garfield* is laid up for the Winter.

**Fires.**—According to the Corinne Mail there were a couple of fires at that place on Monday, one in a Chinese tenement, and the other in a bakery. The latter was extinguished in its incipency, but the other destroyed the building, the loss being estimated at \$2,500 besides property which was inside the structure. The fires are asserted to have been the work of an incendiary.

**Accident at Mayfield.**—Gunnison. —On Friday afternoon, Sept. 24th, as Mary A. Mabel, an intelligent daughter of Peter Mabel, of Mayfield, Gunnison, was assisting in the harvest, she fell off a wagon loaded of barley, and the wheels passed over and sadly fractured her right thigh. Drs. Higgins Davis and H. Longmore, of Mantel, soon rendered every assistance, and the young woman was doing finely at last accounts.

**Splendid Grapes.**—This morning we were shown some bunches of grapes from the orchard of Brother David Hilton, 20th Ward. The bunches and berries were the largest and finest that we ever remember having seen raised in this city, considering that the vines were exposed during the winter. There were three different kinds, one of which, the Buckland Sweetwater, was especially excellent. The red grape we should judge to be Rose Chasselas, and the black variety, small bunch, oval berry, having a muscat flavor, may be Muscat Hambourg.

**Off the Track.**—This morning the front one of a train of cars, loaded with brick for the Z. C. M. I. new building, was thrown from the track, by the spreading of the rails, at the curve, close to the south entrance to the Temple Block. The car gave a sudden lurch, and sprang clear of the rails, heading across the street to the south, tearing up the hard ground, and making considerable of a wreck of itself, both box and running gears. Three men were on the front end of the car when it sprang from the track. They gave a yell, jumped to the ground and escaped unhurt. Had they been on the rear end of the car they would probably have fared badly.

**The British Mission.**—The following are extracts from a letter to Elder George Goddard, of this City, by Elder Edward Hanham, dated Liverpool, Sept. 9—  
"I am happy to say to you that I am in the enjoyment of good health."  
"My mind has been very much engaged in my mission. In this land in order to do good our minds need to be centered here. I have endeavored to take that course since I landed on England's shores Oct. 3, 1874."  
"I have visited the conferences and have been well received by Saints and strangers. There has been a great work accomplished during the past year. Quite a number have been baptized into the Church. The Elders have done well."  
"(The times are pretty good in this country in a financial point of view. I speak now in reference to the nation. Our people are very busy. It will be many a long year before they are gathered home, unless they are gathered by their friends in Zion, or the P. E. Fund."  
"I shall not return this season."

**Two Days' Meetings.**—Two days' meetings were held at South Cottonwood Ward on Sunday and Monday. On Sunday Elders John Taylor, Wilford Woodruff and George Goddard, from the City, were present. The meeting house was crowded and numbers had to stand around on the outside, being unable to gain admittance.  
On the first day Elders John Taylor and Wilford Woodruff were the speakers, and on Monday Elders John Taylor and Geo. Goddard addressed the congregations, Elder Woodruff not being present. During the afternoon Elder Taylor called for a vote of all those who were willing from that time on to lay aside every evil, and besetting sin, and live more closely to the Lord, by strictly keeping his commandments, and who were willing to be used for the building up the kingdom of God. The show of hands was almost universal, and afterwards Bishop Rawlings, R. Miller, and W. G. Young, and Elders Alexander Hill and Silas Richards expressed their unqualified endorsement of the

and those that had been given, and their determination to individually reduce them to practice.

The meetings were well attended, the important resolutions were in accordance with the spirit of the times in the church, repentance and reformation, and a goodly portion of the Spirit of the Lord was enjoyed.

**City Council.**—The Council met last evening, Alderman Crismon presiding.

Petition of Isaac Hunter, representing that his property had been damaged by overflowing water in 1892 and 1893, and asking for relief therefor; referred to the committee on claims.

Petitions of Mary Camp, Malcolm McDuff and E. M. Caste, asking, for special reasons set forth, that their city taxes be remitted; laid over to be considered in their order.

Petition of Z. Snow, asking an appropriation for services as City auditor, for the quarter ending Sep. 30th; referred to committee on municipal laws.

Petition of James Marsden and two other others, asking for the placing of bridges over the ditches on 5th South St., between 5th West St. and the State Road; referred to committee on streets and alleys.

Bill of committee on improvements, for work done on Union Square in August, \$210.09; allowed.

The committee on public grounds reported favorably to allowing the Pioneer Rifle Club to practise on Arsenal Hill, north of the old City wall, during the pleasure of the Council; adopted.

The committee on claims reported the supervisor's report for expenditures for the quarter ending Aug. 31st, 1875, correct, and recommended that the amount, \$2,233.38, be appropriated; adopted.

The committee on market grounds recommended that stalls No. 1, 12th Ward Market, be painted; adopted.

The committee to whom was referred the petition of J. C. Reid, asking for compensation for damages done to his property by the overflowing of water and for labor done in behalf of the City, reported adopted to the granting of the prayer; adopted.

**Adjourned.**—Next Tuesday, at 7 o'clock.

**Cattle Stealing Case.**—Yesterday a couple of young men, giving the names respectively of Dan Teovey and Henry Jenkins, offered a head of cattle for sale at an unusually low price, and had almost concluded a bargain with a butcher, when Sheriff Taylor, having reasons to believe the animals were stolen property, arrested the young men.

Teovey says he lives occasionally at Farmington, that he came to this Territory in 1869, that he traded a horse for the cattle to a man at Mountain Green, that Jenkins was not there when he made the trade, but that he helped him in bringing them to this city. Jenkins says he has been working at the mines in Montana, and in Star District Beaver Co., and that he now resides with his father at Farmington.

For the benefit of the owners providing the animals have been stolen, we append a description of them:

A red cow, branded on left rib with C in a circle and W C joined; a white cow, blotched brand on the ribs; and three steers, branded R C on left hip.

It is probable the young men will be held until the officers can obtain definite information that will show whether or not the cattle were stolen.

**Indians.**—Six aborigines, of the Navajo nation, arrived in the city last evening and have been around town to-day. One of them is the second chief of the whole Navajo people, and two of the others are sub-chiefs. They look intelligent and are trim physique, and appear much more active than the Indians in this vicinity. We understand they will return southward to-morrow.

**As Big a Hoax.**—The Nevada Indian scare was about as big a hoax as the Corinne affair.—*Helen (Montana) Independent.*

**Our Country Contemporaries.**

**Ogden Junction, Sept. 23.**—

Bishop G. W. Ward, of Willard came up from Salt Lake this morning on the way to town. He has suffered considerably with his broken arm, but is in a fair way of recovery. We are happy to see that Bishop Ward is able to stand the shock of the mishap. Good men are scarce.

**Ogden Freeman, Sept. 23.**—

An old gentleman called on us yesterday and represented that he had learned while at Salt Lake that workmen were wanted on the U. N. R. R. at Franklin, he came to this place, secured free transportation, and was immediately hunted for the work, and had to sell his blankets to satisfy the humane man; vainly endeavored to secure free transportation on his return, and was footed to this place, where he arrived foot-sore, hungry and mad.

The Ogden Iron Manufacturing Company was forced into bankruptcy by eastern creditors.

Notice was filed on the 1st of September, and the Judge of the U. S. District Court in Milwaukee, Wisconsin, issued an order on the 9th of the month. The Judge appointed Edward Cole, of Milwaukee, provisional assignee. The liabilities of the company are about \$45,000, and Mr. Parkes thinks the assets of the company will meet the demands of creditors, dollar for dollar.

A fire at Corinne, on the 25th, a few minutes past 9 o'clock, was discovered in a China house. Everybody carried water and worked to prevent the spread of the flames. The building burned was worth about \$4,500, and in addition \$400 worth of opium, and \$150 in greenbacks were destroyed.

A few moments after the above, a fire broke out in a 3-story building, the care of George Hanley bakery. He quenched the flames quickly, and discovered that shavings saturated with coal oil had been thrown against the stove by a incendiary.

There were a number of young folks in attendance at an apple picking at Mr. Barnard's, Call's Park on Friday last. During the evening

a young man named Lish came and backpedaled to another named Frodsham, who, on seeing him in the yard, was interested by Lish he wanted to fight him; at the same time raising very insulting language. Frodsham declined to fight, and seeing Lish with a knife in his hand, told him to put it up. Lish made a motion as if intending to do so, but jumped on Frodsham and cut him in the breast, and then on shoulder and shoulder, making severe, but, it is thought, not dangerous wounds. Frodsham fell into the house unconscious, while Lish fled to light. When the police arrived, when he was arrested, and looked up, his trial coming off last Saturday, the result of which, we have been unable to learn. A feeling of grudge seems to have been the cause of the difficulty.

On Friday night last, while James Jensen was in the jail, near Slaterville, between the hours of eleven and twelve o'clock, he fell asleep and the lines dropped, and he was left alone. A guard endeavored to recover the lines, but the horses grew frightened at his attempt, and started to run. Jensen jumped from the bed, keeping a safe distance until assistance had been obtained. When the guard attempted to tie the lines, he was rebuffed at their heads, but in making to jump he fell, and the wagon ran over his right foot, badly crushing it, but not dislocating or fracturing the bone. He got to a house along the roadside, where he was found by Joseph Jones, who brought him home, but the doctor attending him intended to it was learned that he had no money and had not broken his fast that day, and some one (we believe) brought him some food, and a citizen of Slaterville carried him home in his wagon. The horse which was used to pull the wagon, but a bran new Schutler wagon was broken all to pieces, and the wreck is scattered over a large portion of the road from Slaterville.

### ARRIVALS.
