

THE JORDAN IRRIGATION CO.

HAS good Tillable and Meadow Land, with water furnished to irrigate it, for \$10 per acre, ranging from one to five miles from the Jordan Bridge.

The land is Westward from the Jordan River. A canal, 16 feet wide, carrying the water to a reservoir, west of the County road, which covers a surface of two hundred acres, from whence it is drawn to water the land of the Company's survey.

The land has been proved this season, and is good for all kinds of grain and vegetables; also, well-adapted to fruit-growing.

Those desiring land must apply soon, as the Company wish to finish the branches of the canal, and build bridges and gates between this and winter.

Those that have applied for land and have not paid, are requested to do so immediately, or it will not be held in reserve for them. The first who come with the pay will be first served.

All kinds of produce taken in payment at gold rates, or labor, if it can be had immediately.

Now is the time for those who have no land to obtain it at a cheap rate.

Apply to G. B. WALLACE, Superintendent, 17th Ward, G.S.L. City.
