LOCAL BRIEFS.

A civil service examination will be held in this city on June 3rd for the position of deputy United States shipping commissioner, with a salary of \$750.

Rev. H. H. McCree has accepted the appointment of financial agent for Sheldon Jackson College, and in about two weeks he will begin traveling for the institution.

The Journeymen Barbers' union met last night and appointed committees to see that the 7 o'clock closing rule is observed by every shop in town. Also that uniform prices be maintained.

A squad of soldiers from the Thirtieth Infantry arrived in Salt Lake last night from San Francisco, and registered at the Walker. They are on their way to their homes in Texas and Indiana.

John Robins, a Birmingham man, had his back injured yesterday afternoon by a cave-in. He was knocked to the earth and hurt severely. He was brought to the Knoch-McKenna hospital last night and is getting on quite well.

The funeral of little Helen Mather Giddes was held in this city yesterday. As stated yesterday in last evening's "News," she was the one-year-old daughter of Mr. and Mrs. A. S. Giddes, formerly of Salt Lake, now of Baker City, Oregon. Brief ceremonies were held at the grave.

Beulah, Wyoming, was the scene of a big road sale last Tuesday in which 425,000 pounds were sold to eastern buyers at prices ranging from 10 to 11 cents. Theodore Davis of St. Louis, bought 100,000 pounds; T. Barrett, agent for J. Koshland of Boston, bought 100,000 pounds; L. Eismann of Chicago, bought 100,000 pounds; M. Solomon, for H. Marx & Co. of St. Louis, bought 75,000 pounds.

The Woman's Democratic club held a session yesterday afternoon at the home of Mrs. J. J. Hayward. By request Mrs. Angell again read her paper on "Woman and Government." Little Willie Williams followed with a solo, then Mrs. Mattie Regier followed with a discussion on the question of woman suffrage. She read a chapter from the "Woman's Tribune," giving seven reasons why a woman should not be in politics, and then proceeded to give double as many more why she should.

M. H. Desky has received a photograph of a new hotel to be managed near Honolulu by his brother, W. S. Desky, a former real estate dealer in this city. The paper includes a list of a street car cutting through the city.

Several matters of the utmost importance will come up at a special meeting of the board of public works to be held Monday morning, probably at 11 o'clock. Bids for furnishing pipe, and specials and other materials and for construction work under the new form of contracting materials and for constructing pipe sewers, bids for building 25 brick boxes for water meters, bids for constructing regulating gates at Utah lake outlet,

LAW WILL BE ENFORCED.

At the meeting of the state board of corrections yesterday it was decided to raise Warden Dow's salary from \$100 to \$125 a month, to add \$10 to the \$75 salaries of Deputy Warden and Clerk Stone, and raise the fourteen guards from \$60 to \$85. New guards are to start at \$85 with a half yearly raise of \$5.

Contracts for the construction of a blacksmith shop and soap factory within the walls were let as follows: The Salt Lake Pressed Brick company will supply the brick, about 50,000 of the common variety, at 40 per cent. The Langdon Lime and Cement company will furnish the cement at \$3.50 a barrel and the lime at 50 cents a bushel. The lumber to be used in the building will be furnished by the Sierra Nevada Lumber company.

BRIGHAM YOUNG ACADEMY.

The trustees of the Brigham Young academy met Tuesday evening in Provo, to elect a trustee and to choose a president of the board.

President Lorenzo Snow was elected to fill both vacancies, trustee and president, and every member of the board was filled with joy at the appointment. Elder David John, who has acted as vice president for some years, asked the privilege of resigning. Elder John has stood shoulder to shoulder with President A. O. Smoot for years in carrying the heavy burdens of this institution. And in this position he has won the love and confidence of trustees, faculty and students. It was with regret that his resignation was accepted; yet the regret was tempered with the pleasing assurance that the labors and loyalty of President John would still be devoted to the board as he remains there-in as a trustee.

President Joseph F. Smith was chosen as vice president of the board. Other matters were attended to and the meeting was adjourned till 10 o'clock Friday morning at the office of President Snow in Salt Lake City for the further discussion of the important business pending.

Never in the history of the institution has there been so strong a bond nor so promising an outlook. The hope of the trustees and faculty is bright indeed, with President Lorenzo Snow at the head, and close by him stand President Joseph F. Smith, Apostle Brigham Young, Apostle George Albert Smith, President David John, Elder W. H. Dusenberry, with the other strong members of the board. The academy is the greatest school on earth! So say all who know it.

FRANCIS B. WOODRUFF DEAD

"News" Receives Card from Chicago—Deceased Not Known Here.

The "News" is in receipt of an unsigned card from Chicago announcing the death of Francis B. Woodruff which occurred on May 5th last. There was no further explanation accompanying the card except that the funeral was to be held on the 7th from the residence of Mr. R. B. Hatch, 3726 Olive street, St. Louis, Missouri. The impression arose that the deceased might be related to the late President Wilford Woodruff. Acting on this impression, several members of the Woodruff family were asked regarding it. They said, however, that while their father had many distant relatives, they knew nothing about the death of the party whose death is here announced.

Inquiries of Mr. Woodruff of the firm of Brown Terry & Woodruff, elicited the information that he knew nothing whatever of the deceased.

MAHIN GROWING RAPIDLY.

The 1901 Advertiser's Hand Book of This Live Agency Shows Splendid Progress.

The 1901 Advertiser's Hand Book of the Mahin Advertising company, of Chicago, is a compact book of 48 pages. It lists the leading publications of general circulation and also the daily newspapers of America and gives the size of page, advertising rates and discounts, politics or religion, date of every day to the general advertiser. The Hand Book is not burdened with advertisements of publishers, but it does show that this agency is endeavoring to keep clear of the suspicion of patronage and undue influence which these evidences of bounty might exert.

The Mahin Agency declines advertisements for any religious, political or fake institutions. Its business has increased over 50 per cent the last year, necessitating branch offices at St. Louis, Kansas City and New York. A copy of the Hand Book and seven cards containing excellent maxims for displaying in every office or factory will be mailed free of charge to any address. Address: Mahin Advertising Company, 201 Monroe St., Chicago.

WHOPPING COUGH.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not address for our oldest little girl would call lustily for cough syrup between whoops—Jesse Pinkney Hall, Springfield, Ala.

TEACHERS.

Dr. Talmage's new book, "The Great Salt Lake, Present and Past," should be in the hands of every educator. The amount of information it contains relative to the salt lake, makes it an invaluable work for reference or study.

THE ANNUAL ENCAMPMENT.

Id Veterans Will Gather Next Tuesday—Large Crowd Expected.

On Tuesday will occur the annual encampment of the G. A. R. at Odd Fellows' hall on Market street. This has always been an occasion that has afforded the old veterans rare enjoyment and all who can afford it, take advantage of the opportunity to greet old comrades. Preparations are being made for the entertainment of the visiting veterans and their families. The railroad has announced reduced rates for the occasion, and it is expected that about 300 of the old soldiers will come down from Ogden. On Tuesday at noon a dinner will be given at the hall, and a supper at 6 o'clock. The supper will be supplemented by a public installation of officers, a dance and a musical and literary program.

BUSINESS AND REALTY.

Henry Phipps, the Pittsburg millionaire, has added another block of realty to his already extensive holdings in Salt Lake City. The Daft block, 128 South Main street, was conveyed yesterday to Mr. Phipps by Sarah Ann Daft for a consideration of \$47,500. Mr. Phipps held an option on the property last fall and about two months ago decided to make the investment. The Daft property has a frontage of 25 1/2 feet on Main street and a depth of 112 feet. There is a good four-story building on the property and the right of way to an alley on the south of it is included. The price paid for the property was \$1,382 per foot. The building is worth \$20,000 and readily rents for store, office and living room purposes. The ground adjoining on the south is owned by Senator George H. Phipps and is a fine lot for the property about three years ago. The price paid for the Daft block is close to top notch figures but it must be remembered that it is thoroughly improved property, modern in all regards, and is no criterion as to the actual market value of property that is unimproved or which has ramshackle buildings on it.

Mr. Phipps owns a number of fine pieces of realty in this city and it is said at the National Bank of the Republic, of which he is director, that before long some magnificent buildings will be erected upon them. Mr. Phipps has great faith in the future growth of this city in population and as a commercial center.

VARIOUS COURT CASES.

Henry Stoker wants a divorce from his wife Marie, and has invoked the aid of the Third district court to that end. The wife is a native of the state of Idaho and has two little daughters, aged 3 and 2 years. The Stokers were married in Monheim, Germany, in 1870, and the plaintiff complains that his wife left him and took her two children to another place, and that she is now living with a man named Lehl. She is said to be staying at Fernon house.

Lorriston F. Danforth has commenced suit against Philip Schwartz and A. C. Grayson for the recovery of land in section 22, township 1 north, range 1 west.

Justice Morris Sommer refuses to transmit to the district court the filings in the case of Alex. McMaster vs. J. H. Hensley, on the ground that an appeal cannot be taken from the decision of the county court, and a petition has been filed in the district court to compel the justice to surrender them.

WARD ENTAILMENTS.

SIXTEENTH WARD.

Another large crowd attended the old English bazaar in the Sixteenth ward meeting house last evening. In addition to the memorable features of interest the following very program will be rendered this evening:

Cornet solo John Held
Tenor solo Samuel Walters
Each Prof. Geo. B. Skelton
Comic Duo Geo. B. Skelton and Sid Clawson
Bass solo Elijah Gill
Duet Samuel Walters, Elijah Gill
Miss Crieda Leavon, Accompanist.

TENTH WARD.

In the Tenth ward meeting house to-night and to-morrow night will be presented the three acts of the comedy, "The Three Men in a Boat," and the leading part will be played by Harry Taylor. Another feature of the entertainment will be a musical program.

THIRD WARD.

The people of the Third ward are busy with their arrangements for the carnival to be given in the ward for four nights beginning June 4. The carnival is for the purpose of raising funds to build a ward amusement hall.

WILL MEET MCKINLEY AT UTAH LINE

Governor Orman will call together the committee on President McKinley's reception, for organization on Saturday, says the Denver Post.

This committee members about forty, and its object is to meet the president, his party at the Colorado-Utah line and accompany them to Denver. The governor announces that membership on the committee is not closed by any means.

"It all depends on the amount of transportation facilities the railroads can furnish," he said this morning. "There seemed to be an impression at a week ago that that would not appoint any more people on the committee, but that was erroneous. We cannot exceed the railroad accommodations, therefore I have been cautious about appointing a large number. I knew how it would suit the railroads."

FIRE INSURANCE DANGER SIGNALS

Statistics from the report of the insurance commissioner's office of the state of Utah, show that during the year 1900, only eight out of the 125 fire insurance companies reporting to the department made any underwriting profit, and only thirty-five companies made any increase in surplus from their United States business.

During 1900 premiums increased the enormous sum of nine millions over the preceding year, and yet 124 companies reporting show that only 21 made any profit from their underwriting account, 53 show an increase in surplus and 29 show a decrease in the market value of their securities; the losses and underwriting expenses increased nearly three million dollars over the preceding year. The report also shows 15 Joint Stock companies, 19 Mutual companies, that had to cease doing business, and 2 Stock companies that sold out to other companies.

Since the first of the year, the Lancashire, one of the oldest and strongest companies in the world has sold out and retired, because the business was too unprofitable to continue in business, and a half dozen smaller companies have ceased doing business; the Manhattan, one of the New York half million dollar companies, has been examined by the insurance commission and expense 25.50 a total of 165.25 per cent of its capital. The average loss ratio of all companies for 1900 was 65.9, and the expense 25.50 a total of 191.75 per cent. The losses and expenses being over one hundred and forty millions of dollars, the companies having to pay out over seven millions more than they received.

From the state of Utah, the companies made a profit last year, but taking the period of 10 years, the companies reporting to the insurance department of this state, have not saved much more income for profit, during that period the premiums received have been an average of \$22,445 per annum, the losses and expenses having eaten up 80 per cent, or \$24,345 leaves an average of only \$37,912 to be divided between 94 companies that are now entered and doing business in this state.

So far this year the fire losses are greater than they were last, and another hard year would mean the closing up of most of the offices of the larger companies and not a few of the larger ones.
