

IMPROVEMENTS FOR SALT LAKE.

Gen. Manager W. H. Bancroft
Makes Announcement of Decided
Interest to Residents Here.

WORK IS TO START ON APRIL 1.

When Engine House Will be Erected,
Followed by Other Changes
On West Side.

Upon his return from New York and
Omaha this morning Vice President
and General Manager W. H. Bancroft
of the Union Pacific and Oregon Short
Line announced to the "News" that
work would commence on the big im-
provements scheduled for Salt Lake
on April 1.

"On April 1," he said, "we shall com-
mence putting up the new engine house
in North Salt Lake and from that time
on we shall tear down the old building
and shops adjacent to the depot and
push the work outlined under our
franchise from the city."

Mr. Bancroft was not prepared to
state just when ground would be broken
for the handsome \$300,000 depot
which is to be erected across the foot
of South Temple on Third West, but
contented himself with saying that on
and after the date named the work
would be pushed steadily ahead.

The work contemplates the tearing
down of the residences, Fifteenth ward
meetinghouse and other structures on
the property acquired for the improve-
ments, and residents and owners have
been notified that they must vacate by
that date, in order to make way for
the building of a viaduct, engine
house, shops and depot. From
first to last the improvements will cost
in the neighborhood of \$2,000,000. No
track changes and tearing down will
be commenced, however, until the en-
gine house is completed.

Mr. Bancroft further stated that it
had been decided not to commence
construction on the Milwaukee branch
until the irrigation company had turned
water into the big irrigation ditch.

In answer to further questions Mr.
Bancroft stated that there were no fur-
ther announcements to make and that
there was nothing in the reports that
were being circulated regarding pur-
ported consolidation changes involving
the Union Pacific and the Oregon Short
Line.

CASTILLA SPRINGS.

Rio Grande Will Put in Special Rates
This Summer.

Under the management of J. Myers,
Castilla Springs is going to enter the
resort field this summer in competition
with the rest of the outdoor attractions
near the city. Mr. Myers has made
arrangements with the Rio Grande for
special rates on excursion days, and on
Sundays there will be four trains going
to and from the resort with a special
rate of \$1.25 for the round trip. It is
announced that \$15,000 is being spent
on the resort which will include among
its attractions a dancing pavilion, swim-
ming pool, baseball grounds, bicycle
track and fishing. The hotel and bow-
ery are being also overhauled. A force
of men is now at work tearing down
the old buildings and erecting new ones.
A large open pool for bathing is num-
bered among the improvements. It is
to be from two and a half to six feet
deep and will accommodate 500 people
at one time.

SPIKE AND RAIL.

Trains are now running through to
Heber.

The Rio Grande is running westbound
trains in two days a week, accommo-
dating the big tourist travel to the
northwest.

A. S. Hughes, general traffic man-
ager of the Rio Grande, is among the
railroad officials that have come to Salt
Lake to meet the Gould party tonight.

AMERICAN SUE BY THE MAMMOTH

Suit will be filed during the day or on
Monday against the American Smelting
& Refining company, in which the
Mammoth Mining company, as plaintiff,
will undertake to recover the sum of \$38,
457.36 for an alleged non-compliance
with contract.

The complaint states that the original
contract was entered into with the Phil-
adelphia Smelting & Refining company,
through Hammer & MacMillan as
agents, on Feb. 12, 1901. Since that time
the Philadelphia company ceased doing
business, the American company taking
over its plant and assuming all obliga-
tions in the way of carrying out the con-
tracts of the concern selling.

When the American took possession, a
discrepancy arose over certain clauses
of the contract, the smelting company
refusing to pay the amount claimed by
the Mammoth for ore shipped. Because
of this misunderstanding President Mc-
Intyre finally ceased shipping at all,
closing the mine down.

President McIntyre claimed that the
contract he had with the smelter speci-
fically stated that the Mammoth com-
pany should receive pay for all of the copper
contents of the ore, subject to the usual
deductions and 15 per cent additional, as
representing the difference between a fire
and a wet assay. It was to the latter
item that the management of the Ameri-
can took exception.

The Mammoth, in its complaint, also al-
leges other mistreatment, all of which
will be aired before Judge Marshall in
the United States circuit court, Judge
Andrew Hewitt is the plaintiff's attor-
ney.

MET AT BISHOP'S HOME.

Interesting Gathering of Saints in the
Wilford Ward Last Night.

A very enjoyable meeting of over 50
members of the Wilford ward, Granite
stake, was held last night at the resi-
dence of Bishop J. D. Cummings, the
occasion being the 24th anniversary
of the wedding of the Bishop and his
estimable wife. An enjoyable time was
spent in songs and felicitous addresses.
Short speeches were made by Elders
Richard S. Horne, William J. But-
terworth, James Hansen and N. D. Jen-
sen. Patriarch Edward White also made
an address and in a feeling prayer de-
clared the home of Mary Jane Cum-
mings, the mother of the Bishop, the
same being free from all debts and in-
debtedness. The Bishop very earnestly
urged the people of his ward to free
their homes from debt as soon as pos-
sible and have them dedicated to the
Lord.

GEO. GOULD CAME OVER THE CUT-OFF

New York Railroad Magnate's
Train the First Passenger to
Cross the Lake.

HE TALKS TO DESERET NEWS.

Makes a General Denial of All the
Rumors That Have Been Circu-
lated Recently.

A special train of five private cars
bearing George J. Gould, president of
the Gould system of railroads, and
party, arrived in Salt Lake at 3 o'clock
this afternoon. Mr. Gould's coming has
been heralded for several days, but
there was an air of mystery surround-
ing the exact time of his arrival, due
largely to terrific snowstorms encoun-
tered on the way home. The party is
made up of Mr. Gould and a number of
prominent railroad and business men.

The train reached Ogden at 1 p. m.,
being the first passenger train to make
the trip across the Ogden-Luch cut-
off. If Mr. Harriman's special last
November is not counted, in speak-
ing of the cut-off Mr. Gould said it was
a magnificent piece of railroad work
and would be of vast benefit to this
western country.

When asked concerning the reported
extension of the Rio Grande into the
iron country from fields Mr. Gould stat-
ed that the matter had not been con-
sidered by him, but that he expected
to meet President Hearne of the Colo-
rado Fuel & Iron company in Salt
Lake. The meeting, however, was in
no wise prearranged, but as Mr.
Hearne was here he would most likely
have a talk with him.

With reference to the west Mr. Gould
said he was greatly interested in it.
He liked the climate and was delighted
to come here in summer on a fishing
and hunting trip. In fact, he thought
the business interests demanded that
he come this way at least every six
months.

Concerning interviews in the Califor-
nia papers in which the gentleman is
quoted as having denied all connection
with the Western Pacific, Mr. Gould
said that such interviews were cor-
rect—he was not backing the Western
Pacific.

Asked as to politics the gentleman
stated that this was a subject he gave
little attention to, hence he knew lit-
tle of what was going on in this di-
rection.

Mr. Gould was courteous and pleas-
ant in his conversation and chatted
freely with representatives of the press
in Ogden before leaving for Salt Lake.
The personnel of the party is as fol-
lows: Mr. Gould, his two sons, J. and
Kingdom Gould, E. T. Jeffery, presi-
dent of the Denver & Rio Grande; L.
S. Thorne, vice president and general
manager of the Texas & Pacific; Leroy
Trice, vice president and general man-
ager of the International and Great
Northern; George Kramer, vice presi-
dent of the Colorado Midland and of
the Utah Fuel company; Benjamin
Nicoll, an iron and coal magnate of
New York; O. B. Huntsman, tutor to
Mr. Gould's sons; W. F. McClelland,
secretary to Mr. Gould and Mr. Jeffery
on the trip; and Messrs. Crow and
Joiner, secretaries respectively to Mr.
Thorne and Mr. Trice.

Manager Edison and Traffic Manager
Huyhse of the Denver & Rio Grande,
also General Superintendent J. H.
Young of the Rio Grande Western
accompanied the train to Salt Lake.

F. J. Hearne, president of the Colo-
rado Fuel and Iron company, arrived
from the coast last night in his pri-
vate car, "Sunrise." He is accompanied
by a party of relatives and friends.

The main object of President
Hearne's visit is to meet George J.
Gould. He spent the forenoon at the
local offices of the company, discuss-
ing business matters.

CATHOLIC PRIEST PERISHES IN FLAMES

Thought He Tried to Save Lives
Of Two Domestic and Lost
His Own.

THEY WERE BOTH BURNED.

Fire Destroyed St. Patrick's Church
And Adjoining Rectory in Long
Island City.

New York, March 5.—One priest and
two servants were killed and two other
priests were severely injured in a fire
that destroyed St. Patrick's Roman
Catholic church and the adjoining rec-
tory in Long Island City today. Those
killed were the Rev. Father Ernest and
Mary and Margaret Brady, domestics.
Those injured are the Rev. Joseph
Kearney and the Rev. Father Hennigan.
The money loss by the fire was
estimated at \$55,000.

Father Ernest is believed to have lost
his life while trying to save the two
women.

The rectory was a three story brick
building with an attic. The two wo-
men slept in the attic and the priests
had apartments on the second and third
floors. The fire, which started in the
passageway connecting the church and
the rectory, spread to both structures
with great rapidity and by the time the
firemen reached the scene the whole rec-
tory was ablaze. Father Kearney made
his way down stairs through the blind-
ing smoke and escaped into the street.
He was injured about the face and
hands, having been cut and bruised
while groping his way through the
smoke. Father Hennigan, who is the
senior priest, saved himself by
sliding down a plank which was raised
to the second story window by some
workmen who ran to the scene to give
assistance. His hands were cut by the
rough edges of the plank and his legs
were bruised. He is suffering severely
from shock and exposure.

Margaret and Mary Brady, who are
sisters, appeared at a window of the
attic just as the first fire company ar-
rived. A ladder was hoisted but it was
too short to reach them and before a
longer one could be raised, they fell
back into the flames. Nothing has been
seen of Father Ernest and it is believed
he had tried to make his way to the
attic to save the women and was over-
come by smoke before he could reach
them. He was 27 years of age.

St. Patrick's church was the largest
in Long Island City.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

One of the most important events in the history of the Salt Lake Theater
took place. Her Majesty's Opera company sang "Lucia di Lamermoor," with
Madame Gerster in the title role. Patti was with the company but did not
appear here, her salary being \$5,000 a night—beyond the capacity of the audi-
torium. President Taylor gave Patti and Nicolini, her husband, a reception
at the Garbo house. The conductor of the company was Signor Arditi (still
with Patti).

TEN YEARS AGO TODAY.

Matt C. Walker was found dead at his mother's home. The suddenness
of the event created a sensation.
Speaker Crisp presented to the house a protest from the governor and
legislative assembly of Utah against the removal of Ute Indians from Colo-
rado into Utah.

FIVE YEARS AGO TODAY.

The McCune-Law investigation committee reported. The majority exoner-
ated the accused.
President Joseph F. Smith returned from his trip to the Hawaiian Islands.

BRUCE JOHNSON PAYS HIS FINE.

Colored Dive Keeper Pleads Guilty
To Assault With a Deadly
Weapon.

\$150 OR 150 DAYS IN JAIL.

Judge Morse Gives Him the Option of
Paying or Going to
Prison.

Bruce Johnson, the colored dive keep-
er who, on Jan. 19, assaulted a white
man named P. J. Burns in a saloon
fight in the Red Onion saloon on Com-
mercial street, appeared before Judge
Morse in the district court this morn-
ing and entered a plea of guilty to the
information filed against him by Dis-
trict Attorney Elchorn, charging him
with unlawfully using a deadly weapon.
Judge Morse then ordered the prisoner
to pay a fine of \$150 or serve 150 days
in the county jail. Johnson paid the
fine without delay and was discharged.

According to the testimony in the case
it seems that Johnson hit Burns over
the head with a revolver, whereupon
the weapon was discharged. The com-
plaint upon which he was bound over
to the district court charged him with
assault with a deadly weapon with in-
tent to do bodily harm. The charge was
reduced by Mr. Elchorn to a charge of
unlawfully using a deadly weapon for
the reason that the testimony was not
sufficient in his mind to convict John-
son of the more serious offense.

Attorney Fred C. Loofbourrow ap-
peared in behalf of Johnson and asked
the court to impose a fine upon de-
fendant instead of committing him to
jail. District Attorney Elchorn said
that, in view of the testimony in the
case in the lower court, he had no ob-
jections to the court imposing a fine.
Judge Morse then passed sentence upon
Johnson as stated above.

WADDELL IN COURT.

Desperate Convict Pleads "Not Guilty"
To Three Informations Today.

"Not guilty" is the plea entered by
Henry Waddell this morning in the
criminal division of the district court
to each of the three informations against
him charging him with escaping from
the state prison, grand larceny and as-
sault with a deadly weapon with intent
to commit murder. Waddell is the only
one of the four prisoners who led the
recent prison outbreak who was
brought before Judge Morse today for
arraignment. After the pleas were en-
tered, Waddell's case was set for trial
on Monday, March 14, and Judge Morse
informed the prisoner that he would ap-
point an attorney to defend him.

The first information read charged
him with escaping from the state prison
on Oct. 9, 1902, while serving a term of
10 years for burglary and assault with
a deadly weapon. The second infor-
mation charged him with stealing a
gold watch from Guard Jacobs valued
at \$50 during the break for liberty. The
third charge was assault with a deadly
weapon with intent to commit murder
the assault being made upon Guard P.
C. Naylor with a revolver.

Waddell was brought in from the
state prison by Acting Warden Wright
and Guard Ute. He was securely hand-

never fools you—it's always
the same year in and year out.

He did not seem to pay any
attention to the proceedings in court
and is evidently very little concerned
about the result of his trial, notwith-
standing the fact that if he is convicted
it will mean almost a lifetime of
imprisonment for him. Just when the
other prisoners implicated in the out-
break will be arraigned has not yet
been determined by District Attorney
Elchorn.

Arthur Brown Again.

Former Senator Arthur Brown will
have to appear before Judge Morse in
the criminal division of the district
court on next Tuesday morning and en-
ter his plea to the information charg-
ing him with adultery committed with
Mrs. Annie M. Bradley. Judge Morse
entered the order fixing the time for
the plea to be entered this morning upon
motion of District Attorney Elchorn.
Senator Brown has not entered his
plea for the reason that he appealed to
the supreme court for a writ of prohibi-
tion to prevent Judge Morse from tak-
ing any further action in his case. The
supreme court denied the petition for
the writ so the senator will have to
plead to the information.
