

TWO WOMEN ARE MURDERED.

Both Were Apparently Killed By
Choking.

THE MYSTERY IS UNSOLVED

No Possible Motive Existed for the
Crime—Was Committed Near
Evansville, Indiana.

Evansville, Ind., Nov. 12.—The mystery of the two murders near this city yesterday remains unsolved. The fact that both of the victims were women, that both were killed in the same manner and evidently by the same person, adds to the mystery.

What possible motive existed for either crime no one is able to explain. Neither woman was known to have had an enemy against whom it was likely to furnish an excuse for one man to attack both.

The body of Mrs. Georgia Kelly was found near the city beside a highway. There were finger marks on the throat. The neck was broken. The supposition is that the woman was choked to death by some one in a buggy and then when she fell out her neck was broken. There were evidences of the body being dragged some distance and thrown into a ditch.

A mile outside the city, but in an opposite direction, the body of Miss Lena Renner was discovered by searchers. Her throat also had finger marks showing the manner of death to be similar to that of Mrs. Kelly.

John Kifer, who was seen with Miss Renner, was arrested but proved an alibi and was released. The similarities of these two murders to two others in this city during the last three years forms another strange incident in the case.

In April, 1898, Mrs. Mary Stork went buggy riding with a stranger. The next morning her dead body was found in a ditch. The man who took her life was never discovered. Mrs. Stork was a young woman, of good family and a great sensation followed her death.

In April the following year Miss Nora Kifer of Ellettsville, Ind., while visiting here, suddenly disappeared. Her body was found weighted down in a creek the following month. Joseph D. Keith, a wealthy farmer, will be hanged next Friday for the crime.

Volunteers of America.
New York, Nov. 12.—The fifth annual convention of the Volunteers of America has just been held in this city.

Commander Ballington Booth said: "In the last nine months the volunteers, through their posts and societies in the different cities and towns have reached through their door agencies 1,564,961 persons and through their indoor gatherings some 1,241,587 people have heard the gospel."

Mrs. Booth, speaking of her prison work, said: "We are in intimate touch with 26,000 men who have been in prison, and in prison and this means that we have reached hundreds of thousands of others through them—wives, mothers, children and others. I fully believe in the cent of those who have promised to reform are leading useful lives."

Cotton Employes Going South.

Nashua, N. H., Nov. 12.—It is estimated that more than 200 of the employes of the cotton mills of this city are about to leave for the cotton mills in the South. This is the result, it is claimed, of the short hour system that has recently been adopted by the Nashua Manufacturing company and the Jackson company which, it is claimed, is equivalent to a reduction in wages of 17 per cent.

Representatives of southern cotton mills noting the conditions, came to this city offering inducements to the mill hands to go South. They met with good success.

"MRS. FALCONER'S" CASE.

Will Have Hearing Before French Courts on Rather Serious Charge.

Paris, Nov. 12.—Next Saturday has been fixed for the hearing of the charge against the American woman giving her name of Falconer and describing herself as the wife of a wealthy Florida planter who was arrested Saturday last at Cherbourg as the American liner St. Paul was about sailing, owing to her attempt to leave France with baggage which had been secretly attached on an action brought by a well known Paris dressmaker to recover for dresses purchased by her.

The amount of the claim is 1,000 francs. "Mrs. Falconer" is liable to a long term of imprisonment if the dressmaker continues indisposed to press the case against her.

Fire in Tobacco Stores.

Montreal, Nov. 12.—Fire in the factory of the Dominion Tobacco company has caused a loss of \$20,000, insured. There were 200 men and girls at work at the time but they all got out safely.

THE SAMAR MASSACRE.

Lieut. Allison, U. S. N., Tells How It Was Brought About.

Victoria, B. C., Nov. 12.—Among the arrivals by the steamer Empress of China from the Orient was Lieut. F. P. Allison, of the United States navy, who on his way home from Manila, speaking of the massacre of the members of the Ninth Infantry at Samar he said the natives had grown to like the colored troops who had been stationed there and when the Ninth arrived it was thought by the American troops that the same friendly feeling would be shown to them and the guard was not as strictly kept as it otherwise would have been. The night before the massacre, the village president came to Capt. Connel and before the padre declared that it would take 100 more bombs (live laborers) to do certain pioneer work. He did not have the men and begged the indulgence of the army captain.

Honest and true in the legitimate discharge of his duty, Capt. Connel said: "Do the best you can. Get any native who will work, but clear away the underbrush."

Just after daybreak the natives with bolts to cut underbrush began coming into camp. Then the massacre began. The last underbrush man killed the sentry, the church bell rang, the soldiers went to breakfast below the floor that held their arms, the insurgents split, half went upstairs and shot down and the other half went in the mess room and murdered the unarmed soldiers by force of numbers.

Not one of the survivors turned his back upon the scene of carnage until all was lost, their officers fallen, their comrades slaughtered and a terrible vengeance executed upon the enemy. Then they saved themselves and their wounded underlings.

Capt. Connel apparently was awak-

GRISWOLD DENTISTS.

Dental Manufacturing Co.
(INCORPORATED)
Makers of Artificial Teeth, Porcelain and Gold Crowns, Manufacturers and Dealers in Dental Materials and Supplies. Over Walker Bros. Bank, Corner Main and Second South.

The 50 sets of teeth at \$1.85 and the 50 sets at \$3.50 each which we proposed to make last week at this phenomenal low prices have not quite all been ordered, although we have been running to our full capacity, so if you have neglected to take advantage of this offer you can do so yet.

The \$4.55 set of teeth is guaranteed to be the equal in every respect to the kind made by other dentists at \$10 and will be better fitted and more thoroughly made.

The \$3.50 grade is made from the best artificial teeth in the world and you will pay \$1.85 per set for the same grade at any other dental office in Utah. They will have the Griswold trademark and are fully guaranteed. Don't miss this opportunity of getting the best in the land at a nominal price.

Dr. Griswold's every effort has been to save teeth, but unfortunately many persons have lost their teeth and are compelled to resort to artificial substitutes as means of being able to properly assimilate their food; also to improve their personal appearance. The Griswold Dental Mfg. Company do not work of this character in the most skillful manner—taking into consideration that artificial teeth are for service and appearance as well. They have a large stock to select from because they are dealers in the best teeth. We have teeth suited for all ages and temperaments.

Teeth Extracted Without Pain.

The Griswold Dental Mfg. Co., though makers of all kinds of artificial dentures, and that they are called upon to prepare mouths for such work, where the teeth are doomed to through motives of economy. To all such we wish to state that we extract teeth positively without pain by the best known methods. The price is 50c.

The Griswold Dental Mfg. Co. will make special prices on all bridge and crown work during the month of November in order to introduce this work, and will carefully quote prices upon application. We know that we can save you more than one-half your money and at the same time do better work in less time because of our thorough equipment and modern way of doing things. Dr. Griswold's personal inspection of every piece of work turned out of this office is a certain guarantee of the high standard that will always prevail at this establishment, for it is well known that for many years he has not only had the best but the interest dental practice in the State of Utah.

What we propose to do is to do better work for less money than you can obtain elsewhere, because of our time-saving appliances, rapid, skilled workmen and the further fact that the cash must always be on hand, as we are building this business from a commercial standpoint, purely.

Absolutely no credit to any one. The Griswold Dental Mfg. Co., No. 2 W. Second South, over Walker Bros. Bank, where we have been for twelve years.

ened in his quarters by the attackers pouring in. He was alone so he jumped from the window, down among his guards, but the guards had all been slaughtered. He was struck down by the black and white men as he struck the ground. Not satisfied with killing him, the assassins hacked his body into bits, severing the head, upon which they piled paper and sticks of wood, and then they set fire to the pile.

Separated from their weapons, most of the rank and file fought like heroes with table knives, stones, clubs and such rude weapons as chance threw in their way. It was a bitter fate that fell on the Americans who closed with the Americans before they had received their death wounds. Some of the native dead were buried by their own crew before they fled, but Col. De Russy ordered 150 more to be thrown into a trench.

Kodol Dyspepsia Cure is not a mere stimulant to tired nature. It affords the stomach complete and absolute rest by digesting the food you eat. ROBERT SHAW DEAD.

Resident of Kanosh Victim of Strange Disease.

Robert Shaw, a merchant of Kanosh, Millard county, died yesterday afternoon in this city, at 657 west Third Temple street. The malady that caused his death was called Hodgkin's disease, an affection of the blood and throat which almost invariably proves fatal.

Mr. Shaw was attacked some time ago and went to Provo for treatment. But on the advice of his physician he came to Salt Lake on Thursday with his wife and family. Nothing, however, could stay the approach of death which claimed its victim yesterday afternoon. The remains were placed in Undertaker Joseph William Taylor. The bereaved wife and children accompanied them.

Mr. Shaw was a native of Scotland and was born 45 years ago.

ALL IS NOW READY FOR THE STRUGGLE

Champion Jeffries and Ruhlman Have
Practically Quit Training.

INTEREST IN LOCAL EVENT.

Burns Doing Fine Work at Thompson's Gymnasium—"Dummy" Rowan Is On His Way Here.

San Francisco, Nov. 12.—Should Champion Jim Jeffries win the battle with Gus Ruhlman on Friday night next he has promised to meet Tom Sharkey, the pride of the navy, on December 20, before the San Francisco Athletic club.

Jeffries' manager, Billy Delaney, has authorized Jim Kennedy, the manager of the Athletic club, to make the necessary preparations for the match.

SHARKEY IN TRAINING.
Sharkey has been in training for several months and should the contest be arranged it would take him but a few days to get in shape to enter the ring.

Ruhlman is not making any plans for the future, and I guess he has to break his stride from his path before he can get to the coast. "I expect I will be kept busy when I get to be the champion, but I am not going to worry about that now."

RUHLMAN MAKES NO PLANS.

"I have got to put Jeffries off the way before I make any definite plans for the future, and I guess he has to break his stride from his path before he can get to the coast. I expect I will be kept busy when I get to be the champion, but I am not going to worry about that now."

THE LOCAL CONTEST.

An interest grows apace in the big fight scheduled for Friday night, interest is also increasing in the coming go between "Dummy" Rowan, the red haired mite, and Jimmy Burns, the long armed Spokane heavyweight. The mate left Utah for Salt Lake today and will arrive here this evening or tomorrow morning. He has no need to do any gymnasium work for the reason he has been in active training for three months and is said to be in the finest possible condition. He signed articles for two contests to take place in Anaheim and for some unknown reason, both fell through. He kept right on with his training, however, and was to have met a San Francisco boxer at Anaheim last night. Just as that bout was called off, he resented McNamara's offer to come here. The mate will enter the ring at about 10 p.m.

BURNS DOING FINE WORK.

Jimmy Burns has rounded into splendid condition at Professor Buckers Thompson's well equipped gymnasium on East Temple street. He does daily work on the muscle developing apparatus, punches the bag for a while and then does the mitter with a local aspirant for pugilistic honors. He does not rest between rounds but wrestles with Professor Thompson. After finishing in the "squared circle," he goes back to the bag and makes it beat a lively tune on the platform. With the exception of a little road work in the morning this concludes his day's work.

Manager McNamara expects a large crowd on Friday night, not only to witness the go, but to listen to the returns from the championship battle at San Francisco.

Besides the main event there are to be two or three road preliminaries, at least so says McNamara.

DOING LITTLE WORK.

Referee Corbett Warns Fighters to Follow His Dictates.

San Francisco, Nov. 12.—James Jeffries did little or no gymnasium work today, in anticipation of his fight with Gus Ruhlman on Friday night, but confined his exertions to brief walk about Luke Merritt at Oakland, where he is in training, and a long founder in the baths of the Reliance club.

In contrast with this the Akron giant, who is at Barker's six-mile house, employed a run on the beach and through Golden Gate park this afternoon and afterward toyed with the punching bag for a brief space, stating subsequently that he did not consider this exertion any too great in the task of properly tapering off.

Letting on the big fight slackened considerably today for the reason that there is little to be done in the line of training. Ruhlman has been a short-end at 2 to 1 for a day, and the Jeffries people claim that the odds will come back before the fight comes off, so that they may get a better chance for their money.

Referee Harry Corbett visited the managers of both men today and had another conversation about the conduct of the fight in the ring. The referee is at the word, Corbett promises all sorts of trouble and both boxes are being admonished today to follow the dictates of the referee to the letter.

Tomorrow there will be little or nothing done at either camp. The men are on a strict diet and their sole aim now is to remain fresh and not go stale.

Interest in the great fight grows apace, and people are coming to the city from all directions to witness the big struggle. Spider Welsh and Joe Fields, both local men, were matched today for one of the preliminaries to the fight, and Mike Kelly and Billy Gordon will be presented for another bout. Each will be to go eight rounds.

NATIONAL LEAGUE MEETING.

An Important Conference to be Held in New York.

New York, Nov. 12.—According to the White House it is semi-officially announced that an important conference of the powers that rule the national league is shortly to be held in this city. Frank Dehaas Robinson, secretary of the league, is understood to be in this city. It is understood that John S. Brush of Cincinnati, M. H. Soden of Boston and Barney Dreyfus of Pittsburgh will shortly arrive to confer with Robinson and Andrew Freedman, who was yesterday re-elected president of the New York club, and who will serve in that capacity for another year. The magnates are expected to consider ways and means to prevent trouble being made in the territory of the national league by an opposing organization.

Whitman vs. Oregon.

Walla Walla, Wash., Nov. 12.—On a fast field and with an army of 5,000 persons witnessing the exhibition, Whitman college today defeated the University of Oregon by a score of 6 to 0. Nothing but the fact that a Whitman runner collided with the goal post as the whistle of the referee blew time at the conclusion of the contest prevented the score being 11 to 0, as the ball was just crossing the goal line

Tired Out

That's nothing. Every one is tired at times. The trouble is you can't get rested. It's your impure blood that makes the disturbance. Try Ayer's Sarsaparilla. Your doctor will tell you what is in it, and why it will help you so promptly.

"I suffered terribly for 12 years. The doctors said my blood was all turned to water. At last I tried Ayer's Sarsaparilla, and was soon in the best of health again."

Mrs. J. W. Fiala, Hadlyme, Conn.
H. All druggists. J. C. AYER & CO., Lowell, Mass.

When this accident prevented the score, Captain Hauerbach of the Whitman team had his knee cap wrenched and with the heat of the game for the recovery of the season, Oregon's superior, kicking tactics prevented the score being higher. There was no touchdown in the first half of the game, the scrimmage being almost wholly on Oregon territory. Ten minutes before time in the last half Ankeny crossed the goal line with the ball and La wrence kicked the goal. The Oregon men were a badly distressed during the last half of the game and Whitman gained whatever he got the ball. Kicking kept the score low.

Waltham in the Lead.

Memphis, Tenn., Nov. 12.—Bobby Waltham won the second night's racing of the six days' one-hour-a-day race, now being run in this city. He gained the decision over Jimmy Bowler in a hard fought finish.

LOCAL EVENTS.

CRESCUS NOT COMING.

Local Horsemen Give Up the Idea of a Meet.

Messrs. Crabtree and McCoy, who have been contemplating for some time, a race meet at Calder's Park track with the famous trotting king Cresceus as the main attraction, announce that the project has been called off. This means that Ketchum's great animal will not be seen in Salt Lake, but will go straight through to the coast. Cresceus is now in Denver giving exhibitions and will leave shortly for California.

Owing to the fact that the local race horses are not in trim, and the risk, they would run in promoting a meet, convinced McCoy and Crabtree that it would not pay.

GRIDIRON ROW.

Buckers and Silk Sox Could Not See Eye to Eye.

After playing a half and a half of a half, or in other words, after playing the first and part of the second, the game between the Diamond Buckers and University Silk Sox came to a sudden termination on the Varsity grounds yesterday afternoon.

A decision of the officials caused a wrangle during which the Sox got the ball and rushed it over the Buckers' line for a touchdown, claiming the game by a score of 5 to 0.

As they could not see eye to eye, the Buckers left the field.

The line up was as follows:

Silk Sox.	Position.	Buckers.
Matthews (Capt.)	L. E.	McPhie
Wallace	L. T.	Clayton
Crane	L. G.	Pitt
Hatch	R. G.	Sheets
Rockwood	R. G.	Rier
Vanhook	R. T.	Smith (Capt.)
Knorrton	R. T.	O. Heath
Forester	R. T.	McMurrin
Toleman	R. H. B.	Haasard
Forester	R. H. B.	Glenn
Manning	R. F. B.	Carlos

Will Play Saturday.

It has been agreed by the managers of the two teams that the Y. M. C. A. and University play a game Saturday afternoon at Walker's Field. The High School team has Walker's for that date, but it is believed arrangements can be made for the field for the big teams.

Ensigns Won.

The Ensigns and Ninth South Buckers met yesterday on the Eighth South grounds and the former won by a score of 10 to 0. The teams lined up as follows:

Ensigns.	Position.	Buckers.
Hyde	L. E.	Smith
Young	L. T.	Fossen
Wedgewood	L. G.	Danner
Spry	R. G.	O. Heath
Erwin	R. G.	Meyers
J. Rouse	R. T.	Wilkinson
McLaughlin	R. E.	Haign
M. Rowland	R. H. B.	R. Meyers
A. Newland	R. H. B.	Harris
Courtney	R. F. B.	R. Heath

Exodus of Boxers.

It looks as though there would be an exodus of prize-fighters from Denver to Salt Lake, says the Denver News. They do not consider this exertion any too great in the task of properly tapering off.

Letting on the big fight slackened considerably today for the reason that there is little to be done in the line of training. Ruhlman has been a short-end at 2 to 1 for a day, and the Jeffries people claim that the odds will come back before the fight comes off, so that they may get a better chance for their money.

fact in shutting off the game, all will be well for the pugilists there.

Philadelphia Tommy Ryan, who has been in Denver for nearly a year, will go to Salt Lake after he fights Joe Cogan at Elgin. As the fight will probably be close, it is quite probable that the two will meet again in Salt Lake.

A. H. Robertson Returns.

New York, Nov. 12.—A. H. Robertson, president of the U. S. Golf association, has returned from Europe where he has been since July. He spent four days among the links in Scotland. Mr. Robertson found the courses not so much longer nor more difficult than those in America, while the links in the vicinity of London are not as good as those in close proximity to New York. Mr. Robertson still believes that the qualifying round at tournaments should be abolished and will call a special meeting of the executive committee of the U. S. Golf association to discuss the matter.

AFTER TRINITY ESTATE.

One of the Anneke Jans Claimants Is In Salt Lake.

Mrs. J. B. Motie, of Detroit, Michigan, is in the city looking up some heirs to the Anneke Jans estate of New York. This is known as the Trinity church property and is said to be worth \$500,000,000. Mrs. McGee claims to be the heaviest inheritor because she is a direct descendant of Anneke Jans, one of Holland's most beautiful princesses. There are hosts of heirs and although the litigation has been going on since George the exception committee of the U. S. Golf association to discuss the matter.

WERE CAUGHT IN CAVE-IN.

Frank Clark and Harry Bourne Brought Close to Death.

The two men who were caught in the cave-in as announced in last evening's "News" were Frank Clark and Harry Bourne. As good fortune would have it they are both at work again but it was a narrow escape for both of them and especially for Clark. The latter was completely buried under and passed through all the horrors of being enveloped in earth. His companion, however, threw his arms up and the dirt only came to his shoulders so that his arms were left free. Clark owes his life to that little incident. As soon as Bourne saw the dirt pile up over his companion's head he tore at that gravel like a madman and soon had Clark uncovered to the neck. While the pressure against their bodies was something terrible they stood it patiently and in a few minutes their rescuers had them out on the surface of the earth looking as if they felt very much like resurrected beings.

PERSONALS.

Manager Geo. T. Odell of the Co-op Wagon & Machine company has gone to Idaho on a business trip.

Hoyt Sherman leaves tomorrow for New York and Washington on business connected with the estate of his deceased uncle, Secretary of State John Sherman. He is one of the heirs.

E. S. Bradley, of Omaha, the night editor of the Omaha World visited this city last evening en route to the oil fields at Fossil, Wyoming, in which he is interested.

W. M. Grchenstein, formerly with the Imperial hotel of New York, will succeed Chester Olmsted at the Knutsford.

M. K. Parsons has returned from his trip to the coast. He says that the demand for cattle there has grown enormous in volume, consequent to the increased export trade. The packing interests, he said, are also greater than ever before. Mr. Parsons stated that the ranges between here and California are in good winter condition.

Valter Marks, the secretary of the Republican campaign committee in the last election, is confined to his home with typhoid fever.

Mrs. Lotta M. Bartlette of Boston and the Klondike is a guest in this city and says that it is her intention to make her home in Salt Lake. She went to Dawson City during the first excitement and is owner of several valuable claims. She says that the country is rapidly being developed; the claims are being bought up by syndicates and much machinery has been brought into the Klondike, which aids materially in putting mining there on a business basis.
