

INTERESTING NEWS FOR THE BOWLERS.

National Tournament Officials
Have Issued Plainly Worded
Circular.

CHANCE IN THE ELIGIBILITY RULE

Reason of Its Change is for the Benefit
Of Intending Competitors at the
Milwaukee Event Next Month.

The Salt Lake bowlers who will go to Milwaukee next month to participate in the next tournament, will now have a clear understanding of what is expected of them, and of all other teams which compete in the big event.

Recently, President Charles Moll and Secretary A. L. Langtry of the Milwaukee National Tournament Bowling association visited Chicago and held a conference with officials of the American Bowling congress with the result that the following circular was sent out:

"In order to be eligible to bowl in the national tournament to be held in Milwaukee Feb. 18-25, a club must belong to a local city association, which can be organized with one or more clubs, before Jan. 20. To organize a city association all that is necessary is to send \$1 for each club, together with the names of the president, vice president, secretary, and treasurer, to the secretary of the American Bowling congress in Dayton, O.

"A team must bowl under its registered name, but there is no limit to the number of members.

"A member of any city association is eligible to bowl in the town and men and individual events.

There was a change in the eligibility rule because the original one was so worded that many bowlers professed to be unable to understand it. Many communications were received from bowlers from all over the country asking for explanations. Then the circular was sent out, and it is believed that it will prevent mistakes.

The Milwaukee Tournament company has practically completed all the details for the conduct of the national meet to be held Feb. 18-25, even to the appointment of committees to have charge of the work of the tournament, proper and of furnishing entertainment for the visiting tennis knights.

It is safe to say that in no previous tournament of the American Bowling congress has so much attention been given to perfecting plans for conducting the meet, and as these plans will be carried to a successful conclusion without the hitches that have characterized previous meets and which have always mitigated against their entire success.

With only active bowlers as stockholders in the company, men who are expected to put up their money for stock but give considerable time to working for the success of the tournament, when they were asked to subscribe, this could be done. Of these men only those who had the time to spare were placed on the committees and the list is representative not only in a bowling but a business sense.

Entertainment and schedule committees will be appointed after Messrs. Moll and W. H. Terry return from their missionary trip to the east. These officials will leave tomorrow for a tour of the eastern cities to secure committees.

President Ebbets, owner of the Brooklyn baseball club and a leader of the bowlers of Greater New York, has promised them that their trip east will be generously rewarded.

Terry probably will visit Pittsburgh, Washington, Baltimore, Philadelphia, and New York, and on their return trip they will stop at Buffalo, Cleveland, and Detroit.

TERRY AFTER JIMMY.

Govern Says He Will Stick to Stage for
The Present.

Wilkesbarre, Pa., Jan. 1.—Terry McGovern, who came to this city yesterday with his play, declared that it is his intention to devote himself to making money with the play until the theatrical season is ended.

"I will ignore all challenges until that time," he said, "but then I will get after Jimmy Britt for all I am worth, and make him fight for all I can get. I am certain that I can get to him. His style will suit me. Look at Gene and Ernie, who fight as he does, with all his cleverness, will find that he has got to fight hard when I get after him."

"If he has reformed, as the papers say he has, quit leading a fast life and is working himself into his old condition, he will be there with the goods for the best of them. He is a great fighter, but a fast and easy life knocked him."

CROWD NOT SATISFIED.

Walter Johnson Knocked Out Rob Armstrong in Fourth Round.

Haverhill, Mass., Dec. 31.—After claiming a foul in the fourth round in his bout with Rob Armstrong of this city, Walter Johnson of Boston and Armstrong sending the big colored boxer to the floor twice, the count being taken the second time.

Just previous to this Johnson went to the floor and as he was about to arise Armstrong hit him. The crowd hissed and Referee McQuillan of Medford,

"LIKE MOTHER USED TO MAKE"

SMITH'S FLOUR

Mass., ordered the men to their corners and gave Johnson a minute's rest, claiming that the blow was accidental. When the men began fighting again Johnson forced Armstrong to the ropes, landing blow after blow in rapid succession, and Armstrong went down. He took the full count, and when he arose Johnson appealed to the referee to stop the fight, as Armstrong was in no condition to go on. The referee ordered the fight continued, and Johnson hooked a left to the jaw which sent Armstrong to the floor for the count. The 1,000 spectators claimed the fight was fixed.

GANS WANTS TO FIGHT.

Colored Man Willing to Allow Britt to
Name Conditions.

Chicago, Jan. 1.—Jimmy Britt can win a fortune by meeting Joe Gans again. Al Herford, manager of the black, wants to match his protégé against the Californian again and will bet him \$5,000 on the side. The weight conditions will be made to suit Britt, 133 at 6 o'clock or ringside, as Britt prefers.

Should the San Francisco club refuse to consider the match, Al Herford writes that he can promise Britt a guarantee purse of \$20,000 to go east and fight Gans in Baltimore, the Maryland "Poo-Bah" infers that he is willing to let the purse go winner take all, should Britt prefer such conditions.

On the night of the Britt-Nelson fight Herford wired the following to his representative in San Francisco: "Have sent Harry Corbett a check for \$2,500 as a forfeit to fight the winner of tonight's contest at 133 pounds, weigh in at 6 o'clock. If the winner was fight at that weight, I will make it 133 ring side, and will bet any part of \$5,000 on the result at the prevailing odds. Gans is the champion and will defend the title at that weight. Try to get a match at 133 at 6 o'clock. I authorize you to make the match, and if you can catch it wire me and will at once wire you \$1,000 to go to fight. If Britt wins he must fight Gans for the title. If Nelson is successful, he will take him on and any fair California referee will suit me, and we will fight in one or two months' time."

JUDGMENT BUT NO MONEY.

French Jockey Has Not Paid Little Tod Sloan Yet.

New York, Jan. 1.—There appears to be another version to the case of Jockey Tod Sloan, who was recently supposed to have received a verdict of \$40,000 against the French Jockey Club. The London Sportsman, in commenting on the case, says:

"The court of appeal has just given its decision in this remarkable case, caused by the ruling of Tod Sloan from all premises under the immediate control of the Societe d'Encouragement (French Jockey club), owing to the part he took in the poisoning of Rose de Mai, the winner of the Prix de Diane (or French Oaks) at Chantilly in 1903.

"Sloan argued that as he was not the holder of a license from the Societe d'Encouragement he was not under the jurisdiction of the stewards and could, therefore, only be considered a trespasser on their rides. He, therefore, sued the stewards of the Societe d'Encouragement and the publisher of their official calendar for damages.

"The first court gave a decision in his favor and the finding of the court of appeal somewhat confirms, although the damages claimed by Sloan have been disallowed and limited to the payment by the Societe d'Encouragement of his taxed costs.

"The point of law raised as to the authority vested in the stewards of the Societe d'Encouragement has been satisfactorily awarded. The court of appeal has upheld the authority of the stewards and confirmed their right of warning off from all inclosures and premises, their own private property, any person under their control."

Horse Made Money.

Lexington, Ky., Dec. 31.—To Jake Greenberg belongs the honor of being the biggest prize in 1904 picked off the bargain table in thoroughbred sales.

In July, 1903, John Fay, having lost several good bets through Jake Greenberg's erratic running, put the colt up at public sale. The horse brought \$16, and L. V. Butler has had the laugh on Fay. In addition to one stake, the son of Julian has won 10 purses, earning \$5,290, 70 times as much as Fay got him a year ago last July in Chicago. Asiding from Butler, who has won a fortune on Jake Greenberg, and is able today to buy a row of business houses in any good-sized town, or a blue grass farm, the profits on his \$15 investment. Few persons have shown in a season the improvement which has marked the career of Jake Greenberg. He holds the Latonia track record for six and one-half furlongs, 1:19½, and once covered a mile in 1:39½.

JOLLEGE WOMEN WIN.

Will Have a Floor in New Gymnasium
Of State University.

The agitation in favor of a Girls' club house on the University campus, which spread from a small crowd of college women, backed by Mrs. Emma J. McVickers of the regents, and Prof. Martha May Dabcock of the faculty, until it embraced the entire body of women in the University, and the women's clubs of Salt Lake, has resulted in securing a promise of a floor in the new gymnasium.

When the agitation first began it was felt by the body of Alumni who were organizing to press the claim of the University for a new gymnasium on the Legislature, that an agitation for a second building this year would prove unavailing, and injure the prospects of securing the first.

As a consequence the matter was taken under advisement by the board of regents at a special session Saturday, and it was decided to give a whole floor of the new gymnasium to the women students for their exclusive use. The floor chosen is to be finished as the prospective women lobbyists may suggest, and will be furnished with every convenience of a lunch room and general gathering place, in addition to serving as a home for women's athletics.

A "HAPPY" NEW YEAR.

State Prison inmates Whooped it Up
And Were "Shut Up."

The inmates of the state prison held an impromptu New Year's eve celebration of their own Saturday night. Some of the more rapturously inclined started an entirely impromptu vocalization early in the evening, after having been shut up for the night, to "the tune the old cow died of," and the howling and the yowling were kept up most of the night. It seems, however, that the pandemonium had broke loose, any stranger standing outside the walls could easily have imagined himself at the mouth of the Inferno with the three-headed Cerberus whooping it up just inside the gloomy portals.

No harm was done whatever, beyond the laceration of the unrelenting atmosphere, and the extra watch instituted by the warden and his guards against a possible outburst of some kind which, however, failed to materialize, and nothing came of the uproar but a night made for hideous sleep. Warden Pratt, to punish the offenders, kept most of the prisoners in their cells all day, and no outsiders were allowed within the walls. Consequently there were no exercises of the Christian Endeavor society in the morning, and no general chapel in the afternoon. Miss Jessie Drew was to have had charge of the morning Endeavor meeting, when the president of the society was to read his annual report, and she had arranged a very entertaining program which she was at considerable pains to get up. But, of course, in the nature of things, the program had to go over.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. "There is no doubt about its being quick. No other is so sure a preventive and cure. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by all druggists."

RT. REV. WM. LAWRENCE PREACHES ON LAWLESSNESS

Boston, Jan. 1.—Right Rev. William Lawrence, Episcopal bishop of Massachusetts, in his sermon at Trinity church today on "Lawlessness," said: "We are told that in the United States in three years there have been killed in murders and homicides 21,000 men and women.

"A criminal now in a Boston jail condemned by a United States court awaits his release to take his seat by election by Boston's citizens as one of the administrators of this city on a board entitled, by tradition, 'Honorable.' It is a matter of common belief that great corporations have a silent fund for oiling the machinery of legislation in their favor and that their officers of high standing in our communities are not unwilling to be ignorant as to how the money is spent.

"Although the church is in many ways more alive than ever to her duty to the people and the upholding of character, it must be confessed with shame and sorrow that her garments are not free from the stain of lawlessness. Men who have stood high in parish offices, women who are active in worship and good works have been and still are far from what they ought to be in sustaining the highest standards of obedience to the laws of God and man.

"Communism is of the church today, men and women who in business and social habits are guilty of acts against moral and civil law and the healthy conventionalities of society, and are a scandal to people of no faith, are dragging the Christian faith in the dust."

AT THE QUIRINAL.

Clerical Aldermen Call to Give
King Greetings.

Rome, Jan. 1.—For the first time in the history of united Italy clerical aldermen were among those who went to the quirinal today to extend New Year's greetings to King Victor Emmanuel. It is reported that the clerical aldermen had consulted Pope Pius X as to their attending the king's reception and were advised that they should do their duty as loyal subjects.

Among the many subjects discussed at the reception at the quirinal, the king showed especial interest in the war in the far east and the situation at Port Arthur.

After the reception the officials were received by the Dowager Queen Margherita, who, conversing with D-puty Pavia, spoke of the St. Louis exposition and said she regretted that she had been unable to visit the fair, as she had wished to do, adding: "America is a most interesting country."

SAN FRANCISCO IS SHAKEN.

Experiences a Number of Severe
Earthquake Shocks.

San Francisco, Jan. 1.—This city experienced a number of earthquakes today. At 2:30 o'clock there were two slight shocks and at 3:20 o'clock a severe one, which lasted for six seconds. At 4:25 o'clock and a few minutes before 5 o'clock tonight other shocks were felt.

The plate glass in a few buildings was shattered. One of the small towers on the city hall was twisted. Officials at the hall, however, say that the tower was faultily constructed.
