For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Sufferer. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

"What everybody says must be true," and everybody says DAVIS' FRESH GROUND COFFEES DELICIOUS.

Be on Your Guard.
During this very changeable weather people are just as changeable in regard to their clothing; one day heavy clothing, the next day thin, consequently, there are more Coughs, Colds, Influenza and Affections of the Lungs in this season than in any other. Parents be on your guard, and always keep in the house, ready for use, a bottle of that pleasant and effectual remedy, known as

"HALL'S HONEY OF HOREHOUND AND TAR."
All druggists sell it, at 50 cents and \$1 per bottle. Depot, Crittenton's, 716 Main Avenue, New York City. Great saving to purchase large size.

Pike's Toothache Drops cure in one minute.

THERE IS NO TIME to be lost when a cough attacks one, in adopting means of prevention against a consumption and perfect truth, be the cough what it may, the most destructive of the human system, and it is the height of folly to disregard it. If neglected, it will assuredly culminate in some dangerous pulmonary affection, but if Dr. Wm. HALL'S BALM FOR THE LUNGS be used, the complaint is speedily vanquished and all danger averted. There is no remedy comparable to this great specific. Sold by all Druggists.

The Millennium Star will be mailed to any address, on receipt, by the publisher, of \$2.00. Three copies will be forwarded for \$4.30, the reduction being on account of the difference in postage. Address William Burge, 42 Lexington, Liverpool, England. d28

LOCAL AND OTHER MATTERS.

High Council.—The members of the High Council are requested to meet in the Council House, Salt Lake City, on Monday, the 17th inst., at 10 a.m.

To Morrow.—Elder Joseph F. Smith will preach in the 18th Ward Schoolhouse, to-morrow at 6 o'clock.

Fight.—There was a "bit of a brush" last evening, in front of the Salt Lake House, in which several parties were engaged. A crowd speedily collected, but before much damage was done, the combatants were dispersed. No arrests were made, and we can find no one who knew what caused the difficulty.

Relief Society Notice.—The secretaries of the various branches of the Society of the State are respectfully requested to send in their reports to the Exponent Office before the 15th of March, 1879. By order of M. ISABELLA HORNE, President.

E. HOWARD, Sec'y.

The Shooting Match.—The Ogden Junction publishes the score of the pigeon shooting match which took place yesterday at Corinne, which shows that the Ogden team were defeated. The victors, however, have not much to boast of, the score being only 75 to 74 of their competitors. A third, the deciding match, is soon to take place.

Debate.—The following has been handed in for publication: The Philomathian Debating Society will meet in the M. E. Church parlor, at 7:30 on Monday evening next. Subject for debate: Resolved that the Indians in the United States should remain under the control of the Interior Department.

Visitors are cordially invited to attend. **W. R. GREEN, Sec'y.**

The New Tabernacle.—Attention is directed to the address of the New Tabernacle Committee in another place. Everybody concerned will be gratified to learn of the progress that has been made upon the building, and desire to see it finished at least by the time mentioned by the committee. Help is wanted and should be cheerfully accorded. The New Tabernacle when completed will be a structure of which the Latter-day Saints may well be proud. Push on the work.

A Dastardly Trick.—Some mean scoundrel, prompted by what motive he only knows, out down the shade trees in front of Mr. Elber Case's residence in the 9th Ward last night. This is the third time that Mr. Case has had his trees destroyed, and he is unable to conceive why he should be thus persecuted. His loss by this latest piece of rascality will be considerable, as the trees were of a choice variety, and were growing nicely. It is a pity that the person or persons guilty of such wickedness (for it is wickedness) cannot be discovered and punished as their crime ought to be.

Notice to Secretaries.—The relief Society is increasing in importance and usefulness in the work of the Latter-days, and for this reason it should be the ambition of every secretary in every ward in this State to prepare and furnish to the Relief Society Secretary of the State, proper and business-like reports invariably four days before the quarterly conference, so as to enable her to prepare and correct her report to present before the general quarterly conference. It seems impossible to do so when several of the reports are not heard from, which has been the case heretofore. It is very important that the Secretaries attend to this responsible duty. They will please send their reports for the last quarter addressed to the Relief Society Secretary for the State, in care of Mrs. Wells, editor of Women's Exponent, before the 15th of March.

E. HOWARD, Sec'y.

Cannonville.—Brother Neph Packer, of Cannonville, Iron County, called in our office to-day on business, and furnishes us some items for publication concerning his section of country. He states that there is plenty of good land for which water can be easily obtained, an abundance of timber both for firewood and lumber, and that there is one of the best places for stock-raising to be found in the Territory. In regard to timber, our informant states that an immense body of long leaved pine, which makes most excellent lumber, is very easy of access, and the removal of a saw mill to that section would be a great benefit to the settlers and a source of profit to the owner. No roads have to be made, as the timber is perfectly free from undergrowth, and a wagon can be driven all through the trees without difficulty. Firewood is so easy of access that an hour's time is sufficient to go from the settlement and get a load and return. There is also plenty of stone coal in the valley, and the country in the immediate neighborhood is well adapted for sheep raising, the winters being short and very mild. All kinds of vegetables are raised there and fruit will undoubtedly be produced in abundance, though the settlers have not had time yet to do much towards making orchards. This favorable country is situated about 280 miles from this city, and is about 30 miles southeast of Panguitch. The settlement is situated on the headwaters of the Pahreah Creek, which empties into the Colorado River, 65 miles further south, at Lee's Ferry. The settlers are desirous to have a number of industrious families come to their country, promising that their reports of its advantages are not exaggerated, and that those who may come will never regret the step they take. We consider it a very promising opportunity for those who are tired of city life or unable to make a good living here, to emigrate to a country so favorably situated, and where the settlers are all persons of hospitality and fraternal good feeling.

Third District Court.—Proceedings in the Third District Court, yesterday, Mr. Schaeffer, Chief Justice, presiding.

George M. Booth vs. Henrietta Booth. Ordered that plaintiff pay \$100 for attorney's fees, etc., pendente lite.

Death of S. F. Nuckolls.—Yesterday morning Col. Stephen F. Nuckolls, one of the best known and most honorable mining men in this part of the country, breathed his last, after an illness of three weeks. The disease from which he suffered was paralysis, but he maintained consciousness until nearly the last, giving directions about private matters, and speaking with unconcern of his approaching death, except that he regretted to leave his children orphans, their mother having died over a year ago. His business since he came to Utah has been principally mining and dealing in ore, and his character as an honest gentleman and thorough business man is everywhere conceded. He served one term in Congress as Democratic Delegate from Wyoming, immediately after the expiration of which he moved to Utah, where he has since resided. He lived some time in Northern Missouri, and was afterwards one of the first settlers in Nebraska City. At the time of his death he was 59 years of age. The funeral services will be conducted at his late residence, 18th Ward, to-morrow, at 2 p.m.

Dramatic.—A correspondent in Paris, Bear Lake County, writes that the amateur dramatic association of that place gave a performance a few days since, at which "All that Glitters is not Gold," and "The Dead Shot" were presented. The efforts of the actors were received with applause by the audience, and deserved great credit. In the colder regions of the north these entertainments are highly appreciated by the public, who are gratified at such a pleasant opportunity of passing away a few of the long winter evenings, and when the performers are all well-known to the listeners the attraction is much greater, and encouragement is more freely bestowed.

Theatre.—If you want to hear excellent singing, see extraordinary dancing, and enjoy a pleasant evening, go and see the Hyess company with Billy Kerns and Willie Lee tonight. The house was crowded last evening with a delighted audience.

Organization.—Elder Joseph H. Felt and George C. Lambert, of the presidency of the Y. M. M. I. of the Salt Lake Stake, made a visit to the East Mill Creek ward last evening, and organized an association there. The following officers were elected: James Russell, president; Alanson Eldredge and John Capeson, counselors; Jas. M. Fisher, secretary; Alva E. Keller, assistant secretary and John H. Osguthorpe, treasurer.

Distribution.—The drawing for the two organs came off last evening in the 17th Ward School House. The management of the drawing was conducted by a committee of three chosen from the audience, consisting of Mrs. A. Paul and Miss Hardy of the 10th Ward, and A. E. Hyde, Esq., of the 17th. The result of the drawing was that Miss E. Kiddle of the last named ward got the small one, and David Fullmer, Jr., of the 6th Ward, the large organ.

Everything passed off very pleasantly and agreeably, to the last named parties especially.

Singing Books.—"Graded Singers" is the title of a book intended to commence the study of singing in common schools. It is considered by teachers to be an excellent little book for the purpose, and is used in several of the public schools in this city by Prof. A. C. Smyth. Price 25 cents.

"New Pearls of Song" is a collection of choice original pieces for the Sabbath school and home circle. The melodies are entirely new, easy, flowing and brilliant, and within the range of ordinary voices. One great recommendation is that it contains less objectionable sectarian sentiments than works of the kind usually have. Both books can be obtained at Calder's music establishment.

Practical Wisdom.

An ancient adage says, "In time of peace prepare for war." Is it not equally wise to prepare for sickness in time of health? When anticipating a journey, guide books and maps are studiously examined, and all possible information of the route and country obtained. Yet many make the "journey of life" and throughout the entire trip remain almost strangers to themselves, in profound ignorance of their abilities, and have no knowledge of the physiological laws that govern mind and matter. To such, life is like a boy handling an engine, he may have ascertained how to start and stop it, but he knows not how to keep it in running order. The People's Common Sense Medical Adviser, an illustrated work of over 900 pages, is designed by its author, as a popular hand-book of anatomy, physiology, hygiene, medicine and the most common diseases to which all are liable, and with which many are afflicted. The work is replete with sound, practical suggestions. Price, \$1.50. Address the author, R. V. Pierce, M. D., Buffalo, N. Y.
