One preparation that is being offered for sale, by the gallon, contains Meta. or Pyro-Phosphoric Acid, which are declared by the highest authority to be **poisonous**. The same preparation also contains Chloric Acid, which is a compound of Chlorice. "Horsford's" contains neither of these in-

The general idea in bis country is that the "Mormons" out their oid people in a dry klin and fry them up, and other things as ab-suid. These artists are: Laura Bel-lini, the former prima doans of La Scala Theatre, Milan, and later of the Tacen Theatre, Havana, one of the most beautiful and brilliant artists in the profession.
