OGDEN.

OGDEN, UTAH, - JUNE 15, 1896.

Found Dead at Willard.

Word was received from Constable S. N. Cook of Willard yesterday that a man had been found dead in a barn, and from papers in his pocket it was learned he lived in Ogden. The constable telephoned Sheriff Wright, who communicated with his wife and mother-in-law, who lives at 1410 Twenty-third street. The dead man was H. Pat Halliday Millard, who came to Utah when a child in the early fifties, and lived with the family of Henry Pollock at Bountiful until about 1865, since which time he has lived a roving life. Being subject to fits is supposed to be one of them. His wife went to Willard last evening to take charge of the remains.

County vs Collector.

The case of Weber county vs Collector Hulbert et al, received attention in the second district court yesterday. The county demands that an unlawful collection by Mr. Hulbert be turned over to it, which includes the funds of Slaterville school house, and that the collector has no right to hold out the amount of his salary; that it must be turned and drawn in the usual way, and that the collector and sureties be compelled to pay the costs for certified copies of delinquent tax rolls. The county holds that all fees must be turned over to the county treasury. The only costs admitted by the county are the costs of advertising the delinquent list. County Attorney Weber and David Evans appear for the county. The case was taken under advisement.

Notes.

W. F. McKee, representative of the General Electric company of New York, is in town on business connected with the Power company. W. F. McKee is son-in-law of ex-Postmaster Harrison and father of Baby McKee.

Gertie Lowe, daughter of Mr. and Mrs. William Lowe, had an operation performed on her for the removal of an abscess on the left palpebra bone by Drs. Cluff, Pomeroy, Cannon and Buckner. The patient is doing well.

Mrs. Leland Stanford came in from the East yesterday and continued on west to San Francisco.

Job Pingree has brought suit against Mary Ann Wernet et al to foreclose mortgage of $5,000 with interest and $450 attorney fees.

PROVO.

PROVO, UTAH, - JUNE 15, 1896.

City Council.

The question of the proposed dam to be erected by the Power Power company in Provo canyon came up in the city council last evening. Some of the members had received information that the company proposed to erect a dam from sixty to eighty feet high and back the water some five or six miles in the canyon. The city considered a proposition that should be investigated on account of the danger that might result from the breaking of the dam, which, in the opinion of the council, would be built in a place where the greatest danger from snow slides and mud slides existed. Others were of the opinion that the Power Dam company did not intend to build a large dam at present.

The matter was referred to a joint committee consisting of the committees on judiciary, the committee on irrigation and the gas committee.

The committee on police and city prisons reported adversely upon a petition of Greenman Bros. to have a special policeman's attendance at Century Street Park, and recommended an ordinance be enacted to increase licenses for outdoor shows. Report adopted.

The committee on streets and alleys reported in favor of completing the road from Locust to Center street. The report was accepted and the street supervisor was authorized to have the work done.

The committee on judiciary reported adversely upon the petition from Robert Till to borrow $200 from the sinking fund. Report adopted.

The committee on waterworks was authorized to employ such help as it may deem necessary to sprinkle the streets from the hydrants, in addition to the sprinkling now being done by the sprinklers.

County Commissioners.

The following business was transacted by the county commissioners yesterday:

A communication from the board of county commissioners of Salt Lake county, which reads as follows was received:

"SALT LAKE CITY, Utah,
June 10, 1896.

The Hon. the Board of County Commissioners, Utah county, Provo, Utah:

Gentlemen—At a meeting of the board of county commissioners held on June 5, 1896, the following resolution was presented and adopted:

Resolved, That the clerk be instructed to request of Utah county board of commissioners, a meeting with the road committee and county surveyor at the point of the Mountain county say they may show to them the route by which counties could be benefited in the establishment of a new road from Salt Lake county to Utah county across the Jordan river, to replace the present road, which is in a very dangerous condition, and that the clerk be instructed to notify the road supervisor of Bluff dale precinct to cease all work on the clay mountain mine road to Jordan river, near south county, until further notice.

I hand you the foregoing for your information and guidance, and ask that you be kind enough to notify us when you would like such meeting to take place. Very respectfully,

C. E. STANTON, County Clerk.

The county clerk was instructed to reply to said communication that the commissioners of the two counties would meet a joint committee at the Point of the Mountain and examine the territory that the part of the road in good repair within the county ended in the east. Lone county side of the line, and that it is deemed unnecessary to make further investigation.

The county attorney was instructed to prepare an ordinance providing for erecting a bounty on poisonous snakes, hawks, hawks, hawks, hawks, hawks, owls, crows and night hawks at the minimum bounty rates prescribed by the statutes.

The county clerk was instructed to correspond with the chairmen of each precinct in the county representing the political party that cast the highest vote for governor at the last election and request him to submit not less than three names to the board from which to make nominations for registration officers for the respective precincts.

The petition of Thorne Rock & Co., of Pleasant Grove, for $100 in payment for the use of a team in attempting to save Provo river near the mouth of Provo canyon was denied upon report of Commissioner Bullock and Reynolds. The report recommended that steps be taken to construct a wagon bridge across the river at the mouth of the canyon. The report was adopted.

The report of Commissioner Bullock adverse to the petition of George V. Myers and others to have a road opened in Highland precinct, was adopted.

The petition of the school trustees of Clear Creek for erection of rock near their school house was granted.

Notes.

Four boys, about 12 to 14 years of age, have been arrested on stealing a lot of tickets and envelopes at Camp Grove from Horlacher's circus agency-go-round. They were to have their hearing before Justice Haley today.

A pleasant family reunion was held Sunday at the residence of Sir. or Myron Tanner on the Provo ward in honor of the seventieth anniversity of Elder Tanner's birthday.

The committee on Fourth of July met last evening and conducted business connected with the celebration. It was decided to have fireworks in the evening.

The Caledonians meet in Spanish Fork on the 24th inst.

Pleasant Valley Notes.

PLEASANT VALLEY, June 13—Sunday-School and Winter Quarters are very quiet these days, as the coal business has gone down and the ice business is on top. But we look for our little bar to be enlivened soon, as the time is drawing nearer for the great event of the year in this part, the Fourth of July celebration. It is expected that a thousand people will visit Scofield at that time. There will be good dancing also. It will be a nice opportunity for the city folks to take a trip to the mountains.

The eight hours law goes into effect again with the day men and drivers here after well, but the eight hours work is all right, and is quite acceptable, even if the days' wages are cut down one dollar & ea. The working people look upon it as a great benefit and are willing to work it if there will be a much smaller per centage of illiteracy among our rising generation.

Winter Quarters is fairly humming a specimen. It's perfect where a rest in the evening, he cannot get it any better than the Scofield office or

"DR. MILES,

Through His Nervine Is a Benefactor to Thousands."

A WIDELY known Wisconsin publisher, who resides at Green Bay, writes the following letter, 1895, as follows:

"Five years ago I became so nervous that mental work was a burden. I could not rest at night on account of sleeplessness. My appetite was poor, and I had no desire for business. Several physicians prescribed, but steps be taken to construct a wagon bridge across the river at the mouth of the canyon. The report was adopted.

The report of Commissioner Bullock adverse to the petition of George V. Myers and others to have a road opened in Highland precinct, was adopted.

The petition of the school trustees of Clear Creek for erection of rock near their school house was granted.

Dr. Miles' Nervine Restores Health.....	with the same result. I have recommended it to many and it never fails. All who suffer from nerve troubles should try it. It is free from narcotics, perfectly harmless, and not costless and scientific. Dr. Miles, though his Nervine is a benefactor to thousands." A. C. LEHMAN.

Nervine and restorative of Dr. Lehman. Dr. Miles' Nervine is sold on a positive first notice will benefit or money refunded.

For sale by all druggists.

A Remarkable Cure for Rheumatism

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that, as I remained to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store, I went for a bottle, and rubbed the stiff and parts thoroughly with it, according to directions, and within an hour I was completely relieved. The application cost me the nominal sum of 25 cents, the only medicine on the market, and I call it an extraordinary bargain. E. T. HARRIS. For sale by druggists.

Having used Chamberlain's Cough Remedy in my family and found it to be a first class article, I take pleasure in recommending it to my friends. J. V. FOSTER, Westport, Cal. For sale by druggists.

Hiram Hinman: I was taken sick with a severe pain in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one of them speaks highly of it. For sale by R. J. W. Symonds, Valley Center, Cal. For sale by druggists.

Extraordinary Offer for 10 days for Freed's Red Latter Sale.

We don't have to do it, but it is getting the fashion to hold extraordinary sales. Housewives, now is your chance. We have just what you want at Freed's Red Latter Sale this week.

Grand excursion to Saltair. Concert by the Pythian band, June 18th.

Bargains galore for $1.00. Grand place at Freed's Red Letter Cash Sale.

Slop-bucket—

that's the place for tannin and poison; but when you drink "cheap" tea, you can't put them into the slop-bucket, for the good (little enough) is in between the poison and the tannin.

Pure tea—*Schilling's Best*—has no poison (coloring matter); and you can avoid the tannin by not boiling it.

Tannin hardens the linings of the stomach; is constipating.

Better put the "cheap" tea into the slop-bucket anyway.

Schilling's Best is pure Japan tea—made from the tenderest of leaves. Delicate!

The money-back tea at your grocer's.

Also pure and money-backed: *Schilling's Baking Powder*, baking powder, spices, and flavoring extracts.

A Schilling & Company, San Francisco
