They would have been delighted to have had a difficulty with a bloody termination, if they could have been in a position of safety themselves. But they were disappointed. this morning, crowds of Orangemen were collected around their headquarters at the corner of 29th St. and 8th Avenue, where the procession was to start from. In the building on the cor-ner where the two lodges hold their meetings, were gathered members numbering about two hundred, with women. The men wore Orange scarfs and had revolvers and swords about them. Police, numbering four hundred, at halfpast ten, under the lead of Inspectors Jameson and Milling, took their place, one squad in 30th and 8th Avenue, and another on 20th St., and a full corps on nished himself with a four shooter, amthe Orangemen formed on 29th St., betime the 22nd Begiment, under Col. The police were on the east side of the street, and the military on the west, and it would seem to be the intention to have the Orangemen march between the two files. numbering about two hundred. They had two banners, one the stars and stripes, and the other banner bearing the picture of William of Orange on horseback; and a small one with the inscription "American freemen fall in." After waiting some time for a band of music, it left, and a line was formed. About this time the police on the other side of the street made a rush on the mob, and it was feared a general row was given, and the procession started and was twice attacked by the rioters, who were quickly put to flight by the police.

were shot. Bixteen citizens and three soldiers were killed coming down the avenue at the corner of 23rd street. The Sith regiment fired on the mob, killing and wounding 12. One policeman was shot dead.

Later.—The fight on 24th street and Sth avenue was more severe than at first reported. Over a hundred and fifty of the mob were certainly killed and wounded. Among the troops known to have been killed, besides those already reported, are a captain of the 84th, and two privates and a sergeant of the 9th. The five regiments are resting on their arms near the Cooper Institute. Just before the Orange procession formed three hundred Hiberwere fired, but here and there the duit crack of a locust showed that some unfortunate had found out the thickness of his skull. In an instant the street was empty. Later, midnight.—The city is quiet. Heavy bodies of police are patrolling the city. The troops, in the armory are ready to leave at a moment's notice. An Orangeman's house was stoned to-night, but the mob fled before the police. Several faise alarms of fights vere made.

In Brooklyn there was so much excitement with regard to the terrible riot in this city that it was deemed advisable by the Police Commissioners and Chief Campbell, to have an available force at head-quarters during the night. All the court officers and sanitary squad were held in reserve to one a m. The fourteenth regiment was dismissed early in the evening. All the regi-ments turned out in full numbers. The 14th had 1100 men in line.

The locality of the house to which Col. Fisk was taken is kept secret, as the mob threatened to take the life of any member of the ninth, especially Fisk. The Hibernians swear they will

have vengeance.
The Tribune of to-morrow, will have the following: When the Orangemen were opposite 24th street the column shots were fired at the 6th regiment same side of the street. The 84th regiment received the first shot, and in the confusion of the moment many of the time. So sudden was the occurrence that the officers were taken by surprise, but as soon as possible they rushed among their men to stop the firing.
The 84th regiment chiefly directed their fire at the upper part of the house when attacked, but the sidewalk was swept clear. So soon as the sidewalk was cleared, nine bodies, one of them that of a woman, were seen lying extended and still upon the pavement in front of the house. The right wing of the regiment being advanced about 25 yards beyond 24th street, the men in that part of the line fired across the sidewalk, at the south-east corner of that street, and the avenue. Here were grouped about 20 police and a few citizens; all these discovering that the troops were aiming low, they threw themselves, by common impulse, pros-trate upon their bellies and scrambled away at the first fire. However, a welldressed man, who was afterwards ascertained to be R. C. J. Lattimer, was instantly killed, and, after him, policeman John O'Conner fell dangerously wounded. The firing over, there was a pause of several minutes, during which a further attack of the Hibernians was awaited. While the troops were re-

An aged workman, evidently an Irishman, had received a shot in the arm and sat down on the step and desperately faced the troops in the midst of the firing, while holding his bleeding arm extended before him. Resolved, That we enter our solemn protest against the arbitrary assumption of power on the part of the Mayor and Superintendent of police, in discriminating between the rights of one religious and political organization to the prejudice of another.

Resolved, That we utterly repudiate

the sophistry and superficial pleadings published in the said order for the U. S. Justification, as unworthy the source from whence it emanated; as in direct opposition to the great American doctrine of liberty for all.

Resolved, That we care nothing for

the religious or political prejudices that may underlie the differences among our foreign born citizens, but we deprecate any restriction of the rights of one class more than another, and equal rights and privileges must and shall be granted to all foreigners alike, without regard to heir voting power.

Resolved, That the thanks of this
