TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "**scavengers of the system,**" producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect

CHAPTER I.

"I was taken sick a year ago
With bilious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I
Could not move!
I shrunk!
From 228 lbs. to 120! I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles I am not only as sound as a sovereign but weigh more than I did before. To Hop Bitters I owe my life."

Dublin, June 6, '81. R. FITZPATRICK

HOW TO GET SICK. — Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised, and then you will want to know *how to get well*, which is answered, in three words—Take Hop Bitters! (5)

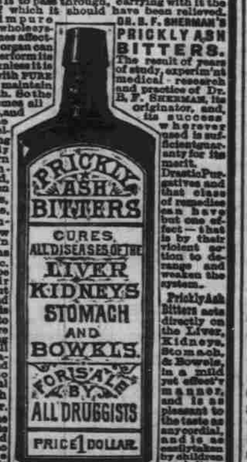
THE LIVER AND ITS FUNCTIONS.

IT has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the renewal of waste material &c. are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved. With impure blood the whole system becomes affected, and no organ can properly perform its function unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becoming all important, and when one has the feeling of being continually tired, worn out, is constipated, with tendency to Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of Skin, etc., they may be sure their Liver is out of order, and a remedy is required to assist nature in relieving their system of all accumulations, and restore it to its original Strength and Vigor. For all the complaints of this kind there is no medicine equal to



DR. R. F. SHERMAN'S PRICKLY ASH BITTERS. The result of years of study, experiment and medical research of DR. R. F. SHERMAN, its originator, and its success wherever used is sufficient guaranty for its merit. Drastic Purgatives and that class of remedies can have but one effect—that is by their violent action to weaken the system. Prickly Ash Bitters acts directly on the Liver, Kidneys, Stomach & Bowels, in a mild yet effectual manner, and is as pleasant to the taste as any cordial, and is as safe for infants as by children of mature years.

PRICKLY ASH BITTERS is a medicine of rare merit, and not an intoxicating beverage, and being purely vegetable in its composition can be used at all times with beneficial results. It is not claimed as a cure-all, but for derangements of the organs mentioned, it is a specific and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.

AMERICAN.

Wired From Washington.

WASHINGTON, D. C., 21.—Following is the proclamation in regard to the celebration of the 100th anniversary of Washington's surrender of his commission; made by the President to-day:

By the President of the United States of America—A Proclamation:

WHEREAS, Both houses of Congress did on the 20th inst., request the commemoration on the 23d inst. of the 100th anniversary of the surrender by George Washington at Annapolis of his commission as Commander-in-Chief of the patriotic forces of America; and

WHEREAS, It is fitting that this memorable act which not only signalized the termination of the heroic struggle of seven years for independence, but also manifested Washington's devotion to the great principle that ours is a civil government of and by the people, should be generally observed throughout the United States.

Now, therefore, I, Chester A. Arthur, President of the United States, do hereby recommend that either by appropriate exercises in connection with religious services on the 23d inst., or by such public observance as may be deemed proper on Monday, the 24th inst., this signal event in the history of American history be commemorated. And further, I hereby direct that at 12 o'clock noon on Monday next a National salute be fired from all the ports throughout the country.

In witness whereof I hereunto set my hand and cause the seal of the United States to be affixed.

Done this 21st day of December, A. D., 1883, and of the Independence of the United States the one hundred and eighth.

(Signed) CHESTER A. ARTHUR.

By the President:
FRED'K T. FRELINGHUYSEN.
Secretary of State.

The Colored National Committee met this morning and appointed delegates to the convention at Richmond, Va., in July next. Each Congressional District is allowed two delegates, and each Territory one representative. Frederick Douglas, Register of the Treasury; Bruce of the District of Columbia, and Col. William Murrell, of Maryland, were elected members of the National Committee. The Freedman's Bank committee made a final report memorializing Congress to reimburse depositors; denouncing the former act of Congress creating a commission, so it took a year for each man to settle his affairs with the institution. In support of the adoption of the report, Murrell said: "The Freedman's Bank was the most disgraceful, sinful swindle that ever stained the earth or shocked high heaven. A commission was appointed at $5,000 a year each, like a hyena devouring the carcass, then like a lion smashing the bones and sucking the marrow therefrom. Furthermore, a republican Congress made this commission pall-bearers of the same carcass." The committee adjourned to meet in Chicago June 24.

The Tripartite Agreement.

BOSTON, 21.—The following are the important articles of agreement made between the Union Pacific, Chicago, Rock Island & Pacific and Chicago, Milwaukee & St. Paul railroad companies: It is declared to be the purpose of the parties to establish and operate through lines of railway to connect when the same can be done by a reasonably direct line through Council Bluffs, all points on the several systems of the other roads with few exceptions. The Union Pacific agrees to deliver to the railways of the other parties at Council Bluffs and eastward bound through traffic received for transportation. It will divide all competitive through traffic conferred from its own railways to those of the other parties into two equal parts. The Chicago, Milwaukee & St. Paul, and Chicago, Rock, Island & Pacific agree to deliver to the Union Pacific at Council Bluffs all westward bound through traffic, and receive all eastbound through traffic. Of all through rates for east-bound traffic from or to Chicago points, the Union Pacific shall receive 40 per cent; the other railways by whom such traffic shall be received from or delivered to the Union Pacific, 60 per cent. Of all east-bound traffic from and to Mississippi river points, the other roads 52 per cent. If any difference arise as to the construction of articles or in reference to the performance of the agreements, any party affected may demand a decision of the same by referees.

The Festive New Englanders.

New York, 21.—At the fourth annual dinner of the Brooklyn New England Society to-night, 250 were present. Among the guests were President Arthur, Gen. Grant and Henry Ward Beecher. President Sellerman, after welcoming the guests, proposed the toast, "To the President of the United States." President Arthur said, "I heartily wish, Mr. President, that by a brilliant flash of silence I might illuminate your mind and the minds of all my New England brethren here assembled, with a sense of my gratitude for the too flattering reception you have accorded me. I know that the toast just offered is naught in itself but a loyal and respectful tribute, which at these annual festivities you are wont to pay the National Executive. In the nature of things it has a wider and more personal significance for me. With yourselves, I am a son of New England and a citizen of New York. We are bound together by ties of lineage and association, and are alike proud of the home of our birth and the home of our adoption. God save them both, and protect and defend them ever, and grant to the society and its members length of days, vigor of health and an overflowing measure of prosperity."

After the President's health had been drunk again, the chairman proposed the health of Gen. Grant, who responded briefly, remarking that he would have been saved a great deal of uneasiness and nervousness if he had been simply requisite to appreciate the feast without responding to a toast.

Other speakers were Henry Ward Beecher, Rev. Dr. Newman, Horace Russell and Mayor Low.

Depravity and Disaster.

KANSAS CITY, Mo., 21.—Frank James passed through this city this morning, en route from Gallatin, in charge of the sheriff of Davies county. At Independance he was delivered into the custody of his bondsmen in this county, in accordance with the order of the Gallatin court. This afternoon he came here and acknowledged service of the warrant charging him with the robbery of a United States paymaster, at Mossel shoals, Alabama, in 1882. A motion was made before Judge Krekel, in the U.S. Court, in chambers, to deliver the prisoner into the custody of his bondsmen, on the ground that the prosecution must be disposed of before the trial in the Federal Court. The court deferred decision until to-morrow. Meanwhile it admits the prisoner to temporary bail of $3,000, and to-night James is at home with his family, at the residence of his wife's father, near Independence.

New York, 21.—Lillie Sinnott, the daughter of a wealthy liquor dealer, was probably fatally shot to-night by Sarah Clancy, a servant of the family. Lillie went to the kitchen to attend to some household duties. Soon after a pistol shot was heard. She was found lying on the floor unconscious, with a bullet wound below the right eye. It is thought the shooting was accidental. The servant disappeared.

Galveston, Texas, 21.—*News* Geddings special: At 2.25 p. m. Jim Taylor, colored, was hanged for the murder of Sarah Chappell, colored. The execution was neat and quiet. Taylor made an incoherent speech of ten minutes, confessing the crime and expressing sorrow. A crowd of 3,000 attended, mostly negroes. In August, 1882, Taylor inveigled the woman Chappel into a field, assaulted and outraged her. She threatening exposure, Taylor deliberately threw her to the ground and stabbed her fiercely twice in the neck and breast, then cut her throat. When the scene was visited by officers, Sarah Chappell's body was discovered hidden in a water hole, and in addition was found the lifeless body of her six months' old infant. On taking the woman's remains from the water, another dead infant came to light, showing a triple murder.

New York, 21.—A wing of the lunatic asylum on Ward's Island is in flames, origin not known. The fire broke out in the west wing. There were 1,320 male inmates in the building. The fire caused great excitement among them, but all were removed to places of safety, and according to report no person was injured. The reserve police aided to remove the patients. The flames had complete control of the wing when the firemen arrived from the city; the east wing was completely destroyed. Loss about $15,000.

San Francisco, 21.—General Hiram Leonard, a retired officer of the United States army, died this morning, aged 75.

Philadelphia, 21.—Capt. Watts, of the American schooner S. J. Watts, reports his vessel boarded November 28th in Bay Port au Prince by the crew of a Haytien man-of-war, the commander of which, who announced himself as Capt. Cooper, ordered Watts to show papers, threatening if all were not right he would shoot Watts and his crew. The papers proving satisfactory, Cooper left, after informing Watts that he was son of Rear Admiral Cooper, U. S. N., and engaged by Hayti to break up blockade running between Kingston and Haytien ports.

New York, 21.—Daniel and Mary Cronin were found guilty of disturbing worship in the Catholic Church, Brooklyn. They accused the pastor, Rev. Florence McCarty, with having caused a priest's death by starvation, and with enticing away their daughter. When the reverend gentleman protested innocence, they called him a liar. Defense admitted the charges, and asked the court to look into the matter in mitigation of sentence. Sentence is withheld pending the result of a civil action brought by the Cronins against the priest.

Detroit, 21.—Last year Dr. McLean was charged with adulterous relations with a lady patient from Canada who sought his advice, the publication being made in the *Evening News* of this city. Dr. McLean sued for libel. The jury rendered a verdict of $20,000. The case was appealed to the Supreme Court, which this morning affirmed the judgment.

City of Mexico, 21.—Refusal to accept nickel money in the city market this morning, caused quarrels resulting in firing and cries of "down with the nickel!" The panic spread, and all the business houses closed. Mobs passed through the streets, breaking lamps and windows. Troops fired blank cartridges at the mob, and cavalry charged the crowd. Quiet was finally restored without bloodshed.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

Mr. Simon Blanchard, a well-known citizen of Hayesville, Meade county, Kentucky, says: "My wife had been sick for a long time, and her constitution was all broken down and she was unable to work. She was advised to use Brown's Iron Bitters, and found it to work like a charm. We would not now be without it for any consideration, as we consider it the best tonic in the world."

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.
