

## TWO RUSSIAN REGIMENTS MUTINY

To Their Officers They Presented  
A Series of Political and  
Service Demands.

### ASSURED OF SATISFACTION.

Commanded the Situation But Did Not  
Indulge in Excesses of Any  
Kind.

St. Petersburg, July 5.—Dispatches received here today from Samara state that two regiments garrisoning that important capital have mutinied and presented a series of political and service demands.

The officers promised to satisfy the service demands if the mutineers would return to duty, but the men replied that they would be satisfied only with the compliance with all of their demands. The mutineers commanded the situation, but are not indulging in excesses. The situation is complicated by the fact that in Samara the revolutionists are pushing a movement in support of the republic in a general strike is declared, and may seize the present opportunity to further their aims.

The ferment among the soldiers and sailors at Odessa and Sebastopol continues.

No inkling of the reported rioting and pillaging at Vladivostok has reached the Russian public, but the military authorities, who control the telegraphs, would be able to withhold for days any news of such conditions.

NATIONAL BISCUIT COMPANY

It is estimated that from \$60,000 to \$100,000 was won on the second race by the tappers. A great deal of this money was sent back on a horse in the third race. After the result had been handed in New York suspicions were aroused here and the fictitious race result was held back until the fraud was laid bare. Something like \$10,000 was won by the swindlers in New York on the second race, and how much of this went back on the third race, is not known, although it is likely that a considerable part of this amount was wagered.
