was held at Cowley according to ap-1 ointment Oct. 19 and 20. As none of the brethren from Salt the task rested upon the local brethrei who proved themselves equal to the oc casion. Sunday the large meeting-house was crowded to its standing ca-

racity. Also Monday meetings were well altended considering the circum-stances of the Saints. A noticeable feature of the conference was the great number of young people and children in attendance. On account of contract labor on the Park road Presidents Sessions was unable to attend the conference and First Counselor Jesse W. Crosby has not yet

returned from Utah so the conference was presided over by Second Counselor Charles Weich. General confidence and faith exists in

the success of this colony. An enjoyable concert was given last night by the Y. L. M. I. A. of the stake. Several political rallies have been held already but the political pot does not boll as hard here as in some places.

too drunk to walk I will have to carry you home. I don't object to carrying you, but I don't like to carry that load whisky you have in you." "That is all right, Mr. Bruce," said
