The Secretary of the Navy declined to pass the vouchers of Commander Pearson commanding the U. S. S. *Wachusetts*, and Captain Carpenter, commanding the *Hartford*, for expenses incurred in employing pilots on leaving certain ports on Pacific stations. It is a standing order that pilots shall not be employed on naval vessels unless absolutely necessary. A saving of $37,050 was effected by this order the past year.

Secretary Chandler has directed the U. S. S. *Tennessee* to be placed in dry dock in New York to repair damages sustained through failure to employ a pilot. The expenses will be $30,000.

Depravity and Disaster.

SAN FRANCISCO, 29.—The steamer *Newbern*, arrived this morning from Guaymas and Mazatlan, brought five cases of yellow fever. The steamer is quarantined. The city is much excited.

As the news of the expected arrival of the steamer had already reached here, the quarantine officials were on the lookout, and immediately on arrival took the vessel in charge. The captain without delay stated there were five cases of yellow fever on board, including second officer Graham, then lying at the point of death, and who has since died. The quarantine officer at once issued orders prohibiting communication with the shore. The captain states the disease developed after leaving Guaymas. Doubts first existed as to the character of the fever, but when black vomit manifested itself, he was satisfied the disease was yellow fever. The second officer, who has died since the arrival of the steamer this morning, was the first to succumb. Since then the *Newbern* has signalled another death, and still another is momentarily expected. Measures were promptly taken to give the steamer a thorough fumigation, and as the vessel is lying out in the stream, with full exposure to the winds and rain which began falling this afternoon, it is believed and hoped that the city and surrounding localities will escape from the dreaded disease. It is impossible to deny that the present season of the year is unfortunately the most favorable one for such an epidemic. The heat is greater, the trade winds die away, and the sewers assert their filthy condition. This afternoon, however, a good breeze is blowing. If it keeps up, and a rigid quarantine is maintained, there need be but little occasion for fear.

Consul Willard, writing from Guaymas under the 25th, to Captain Birmingham, agent of the Mexican Steamship Company of this city, says the fever at that point has considerably abated; that since August 25th about 200 persons have died, none of any prominence except Alsur, owner of the Trinidad mine, Sonora. The railroad company had lost 18 men, including their cashier and two telegraph operators. Consul Willard estimates that fully two-thirds of the entire population of the city had the fever. Not even one of the doctors escaped but they all recovered.

New Orleans, 29.—*Picayune's* Mobile special: The report of the death of a yellow fever patient in Pensacola is confirmed by a telegram to the board of health, but that body deferred action until to-morrow. The president of the police board was to-day authorized to establish quarantine, but awaits recommendation from the board of health.

Pittsburg, 29. — Miss Josephine Bryant, a young woman who has been secretary for Dr. O. Newton, recently a prominent and wealthy Cincinnati physician who committed suicide here two weeks ago, took her own life to-day with morphine. Grief over Dr. Newton's death was the cause.

New York, 29.—John L. Sullivan has accepted Jem Mace's challenge to meet him in the fistic arena. He has instructed his manager, Al. Smith, to make a proposal to Mace to fight for $10,000 a side after the tour of the combination was ended. Mace accepted the proposition, and has issued a card stating his desire to meet Sullivan and box with gloves two three-round matches, Marquis of Queensbury rules; one contest to take place in America, the other in England. Mace also deposited $1,000 with Harry Hill as forfeit. Mace's present weight is a little over 190 pounds. His fighting weight with gloves will be 180 pounds. In case Sullivan should manifest a desire to fight him with bare knuckles, Mace will train down to 152 pounds. The match, if it takes place, will be fought not far from this city.

San Francisco, 29.—An explosion this evening at the California Powder Works, Steges Station, the scene of several recent disasters, resulted in the death and horrible mangling of 40 Chinese out of a working force of 42. One white man is reported injured.

Boston, 29.—The ship *Dauntless*, from Boston, went ashore east of New London yesterday, and is a total wreck; the crew were saved. She had a miscellaneous cargo, which is insured for $57,000; the vessel also was probably insured.

Buffalo, 29.—The steamer *Colorado*, laden with freight for Chicago, left her dock at the foot of Erie Street at half-past one to-night. When a quarter of a mile out her boiler burst with terrific force, carrying away the smokestack, decks and woodwork from cabin to stern. The vessel will be a total loss. The steamer was towed back to one of the slips. The *Colorado* belonged to the Commercial line and was managed by 25 men. The first engineer was Thomas Smith; second, Alexander Rushlew; deck hands, Henry, Ockert, Henry Allen, Fred Smith, Christian Randolph; fireman, Jno. Morgan; all of whom were badly scalded; two of the firemen probably fatally, Daniel Ellis and James Farrell. The porter is missing and supposed to have been blown into the lake with the balance of the wreck. Capt. Fellows and the mates are uninjured. Deck hand Henry Allen died after being carried off the boat. The tug *Griffin* happened to be near the *Colorado* at the time of the explosion, and rendered all assistance possible.

Fall River, 29 —Bursting of a calcium in the gallery of the Academy of Music, during a performance, followed by cries of fire, and a panic among 2,000 people, who had jumped to their feet and started to run, was narrowly averted by the coolness and efforts of the actors and employees.

Baltimore, 29.—Mrs. Conrad, who shot and killed her husband, L. L. Conrad, a prominent lawyer of Baltimore, is declared insane, and will be confined in an asylum.

Chicago, 29.—*Times* Washington special: The Postoffice Department has learned that the figures on the postal notes have been altered by filling a hole through the small figure with a bit of paper punched from a higher figure, and removing the written word with acid.

Kansas City, 29.—The Santa Fe train which was attacked at Coolidge at 2 o'clock this morning arrived to-night. The statement of the affair by people on the train differs considerably from the brief account received by telegraph. Owing to the darkness and so few people aboard, it is difficult to learn the exact history of the occurrence. It is known two robbers were engaged in the fight, and the general belief is a third was in the party. C. C. James, postal clerk, tells the following story: The train had stopped at the station and the conductor had just signalled to start, when a man with a drawn revolver climbed on the engine and ordered the engineer to surrender. A scuffle ensued. Meanwhile a man opened the door of the express car, stumbling as he entered. He at once opened fire on the messenger who crouched behind a box. The robber fired four times, and the messenger returned the fire, when the former retreated from the car just as the fireman who had left the engine was crossing the platform. The robber fired and felled the fireman senseless with a bullet through his neck. Meantime the first robber who had been forced backward by the engineer, was seen to drop a shot through the latter's heart. James, hearing firing, had gone to the door of his car, and witnessed the attack on the express car. By this time people had come out of the train, and the robbers disappeared. Only a few persons witnessed the shooting.

S. S. Peterson, messenger, who resides here, told about the same story as James. He declined to say how much money was in the express car. Everybody seemed dazed by the shooting, and it was sometime before pursuit was organized. One theory of the affair is that the robbers had accomplices farther down the road and the intention was to run the train a short distance and stop; that the assailants were somewhat under the influence of liquor and the plan miscarried. As a curious coincidence, it is related that the train was attacked a few miles west of Coolidge, across the line in Colorado, just one year ago to-night, and Wells, Fargo & Co's express safe robbed.

Wells, Fargo's Express Company refuse to divulge the amount of treasure in the car. It is rumored there was $30,000 in the safe, consigned from Denver to Chicago, but nothing definite is known beyond the company officials.

Journal New Mexico special: A prominent railroad man of this city, speaking of the Coolidge train robbery, said that he believed the trio of robbers went from New Mexico to do the job. There are four in the gang altogether, and he said they went East only a few days ago. The original design was to take the train on New Mexican soil, but the division superintendent was apprised of the intended attack and took precautionary measures which defeated the object of the gang and sent them to Kansas. Dave Matthews, known as "Mysterious Dave," who is leading the pursuit, was formerly of Los Vegas, and ferreted out the gang which robbed the train here in November, 1877.

Dodge City, Kas., 29.—The body of Hilton, the engineer killed at Coolidge this morning, was brought to this city and an inquest held. The body will to-morrow be sent to Milwaukee, Wis., his old home. Deputy Sheriff Mather, in charge of the Dodge City posse, was met at Coolidge by Sheriff Parsons, of Burt County, Colorado, and they arrested two men and brought them to this city on a special this morning, and lodged them in jail. The feeling is intensely bitter here, but these men are not yet fully identified, and no steps will be taken to avenge Hilton's death on an uncertainty. Another man has been arrested at Garden City, and will be here in the morning. It is thought that only three were engaged in the shooting, and circumstantial evidence is strong, but their being masked it is hard to fully recognize them.

At 1.30 a. m. no further intelligence is received from the scene of the train robbery. Trainmen and those who might identify the robbers came in with the train this morning. It is believed if the murderers are captured and identified their shrift will be short.

Chicago, 29.—A young man named Charles J. Walden was arrested a week ago at the Brevoort House by detectives on a dispatch from the sheriff of Stockton, Cal., and has been locked up at the central station waiting the arrival of the sheriff to take him back. Thos. Cunningham, the sheriff, arrived to-day, and told the following story of crime for which Walden was arrested. He was bookkeeper and cashier for the Farmers' Co-op Union of Lodi, Cal., and in the space of two months embezzled over $4,000 of the funds of the concern, commencing his depredations on the cash box the second day he was in the employ of the Union. He also forged an endorsement of N. A. Comstock, a prominent business man, on a bank check for $845, which was drawn on the Grangers' Bank of San Francisco. He left Lodi on the 20th of August, and went to San Francisco. After cashing the check he came east to St. Louis, and then to this city, where he stopped at the Brevoort House. Walden is a fine penman and a good bass singer, and these accomplishments were the means identifying him. The dispatch said that Walden wrote a particularly even and beautiful hand, and in looking over the register of the hotel the detective noticed the name of Charles Weldham, that stood out in marked contrast to the usual scrwls on the register, as a beautiful sample of penmanship. Going to the room of Weldham and knocking, a deep bass voice said, "Who's there?" This made the officer still more confident that he had the right man. Upon entering the room the officer addressed his man as Walden, and told him his business. The embezzler speedily admitted his guilt. The Sheriff left with his prisoner for California to-day.

Montreal, 29. — The absconding produce man and forger, C. K. Dewy, who victimized Molson's Bank here to the extent of $50,000 turns out to be the same man who committed the forgeries upon the National Branch Bank of Madison, Ind., for more than $40,000 some years ago, under the name of R. O. Halport, and for whose arrest warrants were issued at the time. He was recognized, by John Roberts and John W. Verry of Madison, Ind., and had he remained here a few days longer would have been arrested under the extradition treaty.

Chicago, 29.—Frank R. Sherwin, millionaire; and owner of one of the largest cattle ranches in New Mexico, was arrested here on Thursday on a requisition from New York, but the arrest was kept secret until to-day, when he came before the Circuit Court on a writ of habeas corpus, alleging that he was held without authority of law and for supposed criminal matters, the nature of which he did not know, and of which the police authorities refused to inform him. On this he was released, but rearrested by Pinkerton. He again applied for a writ of habeas corpus, which is still pending. The facts, as nearly as can be learned here, seem to be as follows: In 1873, Sherwin, then a banker in Albany, refused to testify against Charles Phelps, cashier in the State Treasury Department. Phelps was afterwards convicted of larceny, forgery and grand larceny, and sentenced to three terms of five years each in the Albany penitentiary. For his refusal to testify, six indictments were subsequently found against Sherwin for contempt of court. The prosecution failed at the time, and Sherwin entered the stock business in New Mexico. New evidence was discovered, and in 1882, when on a visit East, he was re-arrested and gave bonds. Since then his bondsmen became alarmed and put detectives on his tracks. When arrested he was on his way East with his family, traveling in princely style, not suspecting that he was wanted.

Kansas City, 29.—Kinlip, Chinese vegetable dealer, was shot and killed near Clifton this evening. He lived long enough to state that he was waylaid by an American; object, plunder.

Galveston, 29.—*News* Palestine special: Three deputy sheriffs surrounded a house in Atlitude to-day, and intended to arrest a negro, Frank Jackson, an escaped convict. As officer Rogers advanced towards the house, Jackson sprang out pistol in hand and shot him through the lungs. Rogers dropped dead and the negro fled unhurt through the valley from the other officers. Parties with hounds are in pursuit. Rogers leaves a large family. Jackson will probably be lynched.

Chicago, 29.—*Times* Bridgeport, Conn.: The coroner's jury in the case of Rose Ambler found that she was choked to death and reported that suspicion pointed toward Wm. Lewis from his relation with her and his conduct since her demise.

In the Criminal Court of Chicago yesterday, Thomas McGuire pleaded guilty to murdering his mistress, Mary Little, and was sentenced to imprisonment for life.

Edward Meagher received a similar sentence, and Edward Kemalen was ordered to the penitentiary for 25 years for beating his stepson to death.

New York, 29.—Figures of the failures for the third quarter of 1883, just compiled by R. G. Dun & Co., show a great increase in the number of mercantile disasters as compared with last year. The number of failures in the quarter just closed is 1,802, with liabilities of $52,000,000; while for the same quarter of 1882 there were only 103, with liabilities of $18,000,000. For the first nine months of 1883 the failures reported number 6,440 as against 4,899 in the same period last year. The liabilities for the first nine months of the present year are $118,000,000, as against $89,000,000 for 1882.

In Canada the failures for nine months of 1883 are over 1,000 in number, against 518 in 1882. Liabilities for nine months of the present year, $11,000,000, as against $5,000,000 in the same time last year.

Boston, 29.—Rhodes & Co, boots and shoes, jobbers, 84 Summer Street, Boston, have suspended payment. The firm consists of T. Munroe Rhodes, of Rochester, who has been engaged in building operations there of late to quite an extent, and it is understood his embarrassment is largely due to these outside ventures. It is reported their liabilities are upwards of $115,000 of which only $20,000 or thereabouts is for merchandize. About $100,000 of the indebtedness is said to be secured by endorsement of Rhodes father-in-law, Daniel Tucker. Tucker to-day made an assignment to James Tucker and Isaac Fenno, of property valued at about $145,000 as security for the payment of the above named endorsements.

FOREIGN.

British Briefs.

LONDON, 29.—A dispatch from Canton states that foreigners there are in no immediate danger, although the Chinese express indignation at the lightness of the sentence pronounced upon the tide waiter Logan, the originator of the recent riot in that city.

The Aldermen of London have elected Hon. R. N. Towler, Alderman for Cornhill Ward, to be Lord Mayor of London.

The Eastern Telegraph Company has opened a station at Tung Chow, China, 12 miles from the city of Peking. Service between Tung Chow and Peking will be maintained by couriers.

Leeds, 29.—The Irish National League Convention met here this morning in the Town Hall; a hundred delegates were present. To-day's meeting will be held with closed doors. During the meeting the convention will be addressed by the following members of Parliament: Parnell for Cork, Sexton for Sligo, Biggar for Cavan, Power O'Connor for Galway, and James O'Kelly for Roscommon.

The business transacted by the convention occupied much less time than on former occasions. Although some warmth was shown, there was a remarkable absence of the exciting scenes usual to these gatherings. The conference was enthusiastic throughout. Parnell's appearance was the signal for an outburst of cheers. The rumor that delegates from America would attend the convention proved to be unfounded.

After speeches by O'Kelly and O'Connor, the meeting unanimously passed resolutions expressing confidence in its present leaders, pledging itself to the policy in local Parliamentary elections best calculated to promote the Irish cause, promising the support of the executive, and congratulating Ulster on its campaign against landlordism and bigotry. Resolutions were also unanimously adopted denouncing mob violence and reprobating journals hounding protestants to outrages.

Dublin, 29.—T. S. Sullivan, M. P. for Westmeath, and Wm. O'Brien, M. P. for Mallow, editor of *United Ireland*, arrived at Armagh, County Tyrone, to address a home rule meeting. Numerous bad Orangemen are marching into town, and rioting is expected.

The report yesterday of the death of the Rev. Dr. Kinnear, M. P. for Donegal, was premature.

Armagh, 29.—Three thousand Orangemen paraded the streets of this town to-day, and held a meeting at which they passed a resolution denouncing the Irish National League as a body of treasonable conspirators against the government. The resolution condemns the inaction of the government towards the League, and announces the determination of the Orangemen to oppose the design of the noisy agitators who are trying to excite discontent and outrage for selfish purposes.

General Items.

Paris, 29.—At a cabinet council to-day, President Grevy presiding, Prime Minister Ferry and Challemel Lacour, Minister of Foreign Affairs, reported to the cabinet the present position of the negotiations pending between France and China. Admiral Peyron, Minister of Marine, also furnished a statement of the military situation in Tonquin. The cabinet, after consultation, decided to convene the Chambers October 3rd.

Orders have been forwarded to the naval depot at Toulon to enrol three companies of sailors for service in the fleet in Tonquin.

President Grevy, accompanied by his cabinet ministers, met King Alfonso at the railway station. The crowd hooted and hissed the king upon his appearing, crying, "Down with the Uhlan King." The soldiers and police had great trouble in keeping order. The people were very much excited, but good-naturedly cheered the French troops. Houses and balconies along the route travelled by the King of Spain were thronged with people. As soon as the king appeared at the station, the crowd made so great a clamor that the Spanish national anthem, which was being played by the band, was almost inaudible. The clamor continued in all the streets through which the cortege passed. Insulting cries directed at the king were continually raised.

King Alfonso alighted at the Spanish Embassy, and afterward visited President Grevy at the Palace of Elysee. On returning to the Embassy the king was again hooted and assailed with insulting cries. The hostile demonstration is attributed in official quarters to the Carlists and other foreigners. A number of arrests were made during the king's progress to the Embassy.

Vienna, 29.—The *Presse* says Prince Alexander of Bulgaria had prepared to leave Sofia yesterday for this city, but altered his plans owing to a letter received from his father, who is in Vienna.

Madrid, 29.—A barrel of gunpowder was exploded yesterday in a wine shop in Vienna. It killed fifteen people and injured six more.

Rome, 29.—The Pope has been notified of the election of Father Auderisty who has just been chosen future successor to Pere Beckx, General of the Order of Jesuits, Brussels.

His Eminence, Victor Augusta Isidor Decampe, Cardinal of the Roman Church, Archbishop of Mechlen and Primate of Belgium, is dead.

Pesth, 29.—The Cratian members of the Diet have resolved to demand the removal of Bilinj, and the removal of Hungarian escutcheons in Croatia, the abolition of the post of Regal Commissary, the restoration of the constitutional government, convention of the Croatian Diet, and the discussion of a compromise law by the two governments. The The Croatian member will decline to attend the debate in the Diet at Pesth on the escutcheon question.

Los Angels, Cal.—Mr. A. W. Potts, County Clerk, who had suffered for five years, with rheumatism, says the effect of St. Jacobs Oil was marvelous, effecting what all other remedies and physicians failed to do. It cured him.

TO BUILDERS AND OTHERS!

TO A SUITABLE NEIGHBOR I will sell a nice Building Lot on my property in the Eleventh Ward, for a reasonable figure. It is situated about half a block South of the New Catholic Hospital, and the same distance from the First South Street Car Line. Property in that locality is likely to increase in value, as it has in the Eighteenth and Twentieth Wards, and is therefore a good investment.

FIRE! FIRE!

"A High Private in the Rear Rank."

TO OUR MANY PATRONS:

ON ACCOUNT OF THE GREAT heat, the Merchandise Department of the ART BAZAR is removed to the store lately occupied by David Yearsley, in the Hooper & Eldredge block. The Photographic Department, in charge of Mr. Ralph Savage, has also been transferred to John Olson's new gallery, on Commercial street. Persons having paid for portraits in advance at the old stand can have them retaken after July 4th, free of charge. No pains will be spared to keep up the standard of excellence hitherto maintained. Rally! Rally! Rally! A new series of views will soon be taken. Nothing was saved from the upper part of the Art Bazar.
