

**SPECIAL BUSINESS NOTICES.**

Notice of assessment levied on capital stock of Great Western Iron Company.

PIONEER DAN 24th of July, 1875.  
TEASDEL'S 1875.

Patrons of this establishment will please remember that business will be closed on SATURDAY NEXT, and we solicit the numerous orders for Groceries, Sausages, Eggs for Picnic Parties, and Ribbons, Flowers, Wreaths, Etc., for the 24th, prior to that date.

MARK LINDSEY publishes a card, explaining that no charge will be made for admission to his Gardens on the Twenty-fourth, and telling of improvements which he has lately made.

THE Elmwood collar, for appearance and fit, is unsurpassed. All first-class furnishing stores have them for sale.

READ the new advertisement of Cunningham & Co. They deal, wholesale and retail, in staple and fancy groceries, provisions, and hardware, and call particular attention to their choice sugars, teas and coffees. They keep constantly supplies of canned goods, pickles, sauces, etc., and make a specialty of their hardware department, where miners, blacksmiths and carpenters can obtain complete outfits.

**A CORRECTION.**

In placards, posted about town, announcing a sale of the Firemen on the 24th, at Lindsey's Gardens, it is stated, that 25 cents will be charged for admission. This, however, through some inadvertence, probably a typographical error, is a mistake, as all will be admitted to the Gardens on the usual terms—free. But parties participating in the amusement provided by the Firemen, such as dancing, climbing ropes, greasy pole, jumping in sacks, bobbing for oranges, etc., will be charged 25 cents each, the whole to terminate with a grand illumination in the evening. Dancing will commence at 2 o'clock, and everything promises a splendid time. Since the Fourth two buildings have been erected to accommodate parties partaking of refreshments, also seats for five hundred visitors, etc., making the Gardens a more enjoyable and convenient resort than ever.

MARK LINDSEY.

MESSRS. SHEPHERD & RAWLINS, Attorneys and Counselors-at-Law, place their card in our columns to-day, which see. They are both able gentlemen in their profession.

MR. GED S. DAVIS, the popular grocer and provision dealer, announces the closing of his store on Saturday, the 24th, and in consequence he respectfully requests his customers to forward their orders one day earlier this week than usual. See his advt.

**Local and Other Matters.**

Thermometer 87 degrees F in the shade at 1 p.m. to-day. Fine.

Messages at the Western Union Telegraph office for F. W. Eaton and Wm. Faraday.

An Antidote.—W. Walker desires us to state that the yolk of an egg and fine salt, well mixed and applied to the affected part, is an excellent antidote for the bite of a tarantula, or a black spider.

Good Flour.—In answer to a recent query by a correspondent in the NEWS as to where good flour can be bought, "One Who Knows" says a No. 1 article can be had at the mills in Malad Valley. Very handy for residents of this City.

J. H. McKennie.—This rising and celebrated young baritone of California, en route east, will appear in the Theatre on Saturday night in some of his costume rendering of descriptive songs, a musical feature quite new here, as the songs are illustrated with scenic and other stage effects.

The Scandinavian "Young Men's Literary Association" will hold their general meeting at the City Hall, Friday evening, the 23d inst., for the purpose of electing new officers.

The meeting will commence at 8 o'clock. All members are respectfully requested to attend.

The Emigrants.—The following telegram was received this morning at the office of President Young—

"CHEYENNE, July 21, 1875. 'Pres. Brigham Young: Leave Cheyenne at four a.m.; reach Ogden Thursday evening.' 'C. G. LARSEN.'"

Fatal Accident.—Yesterday Edward Nelson, aged about twenty-eight years, while at work at Gibson's saw mill, Parley's Park, was struck by a flying board from the saw, and was so severely injured that he died about fifteen hours afterwards, death ensuing shortly after four o'clock this morning. The body was taken to the City morgue, and was to be taken to Ogden, where deceased resided, and where his family now live, by the 3:40 train to-day.

Base Ball.—We have been requested to publish the following—

"The much talked-of game of base ball to be played between the Deserets of this city and the Douglas Club of Camp Douglas, will take place to-morrow afternoon, at 3:30 o'clock, on Washington Square. At this will be the decisive game between these two clubs, each having won a game, close playing is expected, and no doubt will be witnessed."

"All are freely invited."

"J. M."

Remedy for Poisonous Bites or Stings.—An old gentleman of Elberton, Ga., gives a remedy for snake bites or insect stings, which he has never known to fail. Immediately upon being bitten or stung, or as soon as possible thereafter, apply a piece of moistened cotton to the wound, and keep it there until the effects of the poison disappear. The cotton can be applied with a bandage, or a large lump placed on the wound, to which it will adhere as the medicine is said to do. When the lump drops off it should be replaced by another piece, moistened as the first, and kept up until the adhering ceases. —Eastern Paper.

A Bad Place.—Parties from the south inform us that there is a most execrable mud hole on the State Road, near Bingham Junction, at a crossing of the Utah Southern railroad, where teams daily get mired down or have to go a long way around to avoid the bad place.

The nuisance has existed for over a month, and is caused by careless gangsters allowing their irrigating water to flow upon the road. The proper parties should see that the road is placed under good repair and kept so.

Insect Stings and Bites.—You may say benzine is the most effective preventive, or remedy for the bite of the most dangerous Bee. Benzine should first be extracted, and the wound sucked, then spirits of ammonia be applied. Common whitening, moistened with water, will prevent pain or swelling from following the sting of a bee or wasp. A slice of a common onion rubbed on the sting of a wasp, or if in the

throat, chewed slowly, and the piece swallowed, results in a certain cure. Bites, etc., of bees, wasps, hornets, scorpions, etc., may be relieved by the application of spirits of hartshorn, which may be followed with sweet oil.

The Jubilee.—A large number of parents and children are expected from Salt Lake County, partly owing to the liberal terms of Sup't. F. Little, 50 cents for the round trip from Deseretville and intermediate places.

The Bishops of the various Wards of the city, have kindly promised each to supply two doorkeepers on the occasion, who will be in attendance at nine o'clock.

The East and West gates of the Temple block will be open for the Sunday-school children, teachers and superintendents at 10 o'clock, and it is hoped that every school will be there punctually by that time. At half-past 10 the public will be admitted at the South gate only, and at 11 o'clock precisely the services of the day will commence.

The Davis county people are expected to join in the exercises of the celebration.

Admission will be free to all, and everybody is invited.

Beaver News.—The following was received this afternoon—

"Beaver, July 21.

"Deseret News: 'The defense in the Lee case filed pleas in abatement on the following grounds, in substance: first, that the grand jury was illegal, and cause the court ordered twenty-three names to be drawn to constitute it, and only impaneled 15; second, that the summoned competent grand jurors sufficient to constitute a grand jury, and discharged several who were competent to serve, and drew after the term commenced, without any necessity, and contrary to law, other jurors to supply their place; third, the counsel object to the trial on this indictment because it was not supported nor presented by the grand jury, and it appears to have been filed without having been shown in open court. The prosecution will have their replications ready this afternoon.'"

Montana Urged to Help.—When the Utah Northern road shall have reached Fort Hall, it can be brought a hundred and fifty miles further on this way at the same expense to be incurred in building the present extension. The heavy grading along Cuyam and Bear river is by far the most difficult part of the undertaking. Along the Snake River valley there is a stretch of country nearly fifty miles in extent where the grade will be comparatively slight. When the Red Rock and Beaverhead valleys are reached nearly the same conditions prevail. If, therefore, the Territorial Legislature, acting with the evident wisdom and necessities of the people, will go along with judicious appropriations, the future of Montana is assured beyond question. It is doubtful if a more important measure has ever come up for public consideration, and on its wise determination will depend more interests than it is now possible to recite. —Helena Independent, July 17.

City Council.—The regular weekly meeting of the City Council was held last evening, Mayor Wells presiding.

Gould, Wiggins & Co., Groesbeck Block, were granted a general auctioneer's license, for six months.

Petition of John Redwood, W. F. Anderson, E. D. Woolley and C. Trowbridge, asking the privilege of digging a well on South Temple Street, near the corner of Second East Street, and laying pipes therefrom to conduct water to their residences; granted.

Petition of A. F. Rockwood, asking that the watermaster be instructed to make a more copious assignment of water from the 20th Ward irrigating ditch to the 9th and 12th Wards, and correspondingly curtail the supply of the 20th Ward, the petitioner claiming that the first two Wards named had a vested right in the ditch before the other ward was so much as surveyed.

It was argued in Council that although a ditch existed before the survey of the 20th Ward the people of the latter responded to a call and joined with the other wards in enlarging it, had done their part for twenty years or so to keep it in repair and clean it out, and their joint right with the others to its benefits had been recognized for that length of time; and it was further stated that the 12th Ward watermaster had said that the supply of water in that locality lately had been ample. The petition was tabled.

James McIntyre, a lame man, was granted a free license to peddle.

The unexpired license of Stevens Brothers was transferred to Joseph Cottle, who had purchased their stock of goods.

An application, by petition, of T. P. Thomas, asking that he be appointed City Watermaster, was tabled.

The committee on streets and alleys reported back favorably on petition of John Palmer, for the privilege of building a platform over the ditch in front of his premises; report adopted and leave given to erect the platform, under the direction of the supervisor, to remain during the pleasure of the Council.

The committee on license, to whom was referred the matter of the petition of Thomas and Lynberg, asking for the passage of an ordinance prohibiting people from selling fruit and vegetables on the streets, from wagons, unless they pay license, reported that the ordinance of such a law was unnecessary, as, according to existing law, no one was allowed to sell without license, except farmers or others, who had a right to dispose of their own produce. The committee also recommended that the market-masters be instructed to see that the law on the subject be enforced.

months of May and June; report adopted, and amount appropriated.

The committee on revision reported an act entitled "An act to amend the revised and compiled Ordinances and Resolutions of Salt Lake City," which was passed.

The Assessor and Collector presented his assessment roll for 1875, which, however, was yet incomplete, owing to his being unable to obtain some of the returns, and he asked till the 31st of August to enable him to complete the roll. The roll as now reported was an approximation, he having based his report of the returns not yet in on those of last year, that the Council might be enabled to fix the rate per cent for the present year. The report, as it now stands, shows the taxable property of Salt Lake City to amount to seven million dollars.

The Council instructed the collector to proceed forthwith and enforce the payment of delinquent taxes.

Three-quarters of one per cent was fixed as the tax rate for the present year.

The finance committee were instructed to investigate with a view to ascertaining whether the expenses of the fire department can be lessened.

Our Country Contemporaries.

Ogden Freeman, July 20.—

We are informed by Mr. George Rose that the farmers have begun harvesting their wheat in the neighborhood of North Ogden and are relying in their yield. The barley harvest is at its height, and there are no complaints now heard. The yield of grain is in excess of a good average.

Clara, the daughter of William Popple of Hooperville, had a handful of powder given her by one of her brothers, which she poured upon the floor and then obtained a coal of fire, she endeavored to blow it into a flame, thus bringing her face in close proximity to danger. The powder flashed and burned her badly, one eye being particularly injured.

Matches are dangerous things in the hands of children, and under other circumstances. During the past week a family came near being burned out by a child setting fire to a bed with a match, which, but for the presence of an older child, would have accomplished its work. Another family, during daylight, had a box of matches to fall from a shelf, and by their own action, several were ignited.
