A good idea
is to keep some Pearline
in a sifter, ready to use for
floor-washing, dish washing, etc.
etc. You sprinkle a little over the
floor, for instance, and then just wash
it over with a wet cloth. See how
much more convenient to use than soap,
to say nothing of the easier work!

If you're buying and using Pearline
simply for washing elothes, and not for
all kinds of washing and cleaning
you're cheating yourself out of a great
deal of comfort and economy.

MILLIONS PEARLINE
