He started west with a last handcart company for Utah. He stayed with the handcart company until 120 miles this side of Omaha, when owing to ill health he had to

BOARD OF TRADE.

On the afternoon of the 4th inst. promi-net cilizons met to hear the report of a committee previously appointed to inves-tigate the practicability of organizing a board of trade for this place. A favorable report was made by the chairman, Hon. John Parry, of its practicability and the advantages resulting from such an organ-ization. The matter was referred back to the committee with instructions to have the organization permanently effected. The weather continues very hot and dry, no rain of any consequence having fallen thus far during the summer. Bishop Lunt announced at ward meeting last Sunday that those having charge of the Mutual and Sabhath school organ-izations would have charge of celebrating Pioneer day here. As the superintendents of these fractitutions are "hustlers," an oldime celebration will be had. A case of scarlating developed last week and is now under quarantine. On the afternoon of the 4th inst. promi-

When the condition was brought to the attention of State Fish and Game Com-missioner Joo. Sharp he stated that he had no control of the stream in open season. Then it was a city ordinance that closed it to isherinen, and it was up to the city to see that the ordinance was enforced. The city has maintained a guard along the stream, but no atrests are on record despite the large amount of fishing that has been done. TWO FISHERMEN Two men where observed by ber of the Fish Protective ass work on the creek. They across the east bench, and i

to all, or closed tight, advantage taken by if should be abolished.

UP TO THE CITY.

Nervous Worn-Out

If you are in this condition, your nerve force is weak-the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken "Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor suid he could do nothing for ras. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds." II. C. CUNNINGHAM, 108 Fileworth Are. Altorheur, Dr. 108 Elisworth Ave., Allegheny, Pa.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it falls, he will refund your money.

Special Correspondence.
Huntington, Emery Co., July 10.-Yesterday's school election scemed to be the most important one ever heid in Huntington, presumably on account of the important work of building a \$10,000 school-house, a job the trustees now have on their hands. There were 158 votes cast, out of this number Peter E. Johnson received 121. Mr. Johnson succeed himself. He has taken an active part in getting the district in shape for the improvements about to be made, and his election will hold the present board together until the house is finished.
Texems that a large propriation of the people want the new house built on the public square, and a mass meeting will be called next week to consider that maiter, and if there is any legal way of getting the difference of opinion, even among lawyers, as to whether the district can acquire title to a part of the public square.

anong havyers, as to whether the district can acquire title to a part of the public square. The report of the trustees yesterday showed a balance on hand of over \$1,50 besides bond money, which is a very good showing, considering the annount of work and expense incurred during the last year. The trustees were allowed \$50 each for their services for the year. A large number of men and teams are up Huntington canyon repairing the road, which wes damaged to an extent eati-mated at \$550 by the high waters of this sensor. The county commissioners have kindly donated \$25 towards this work, and the people of Huntington are expected to do the rest. This road will have to be repaired before travel can be had to the sawmill near the head of the capyen, or to the Huntington and Cleveland res-ervoirs.

or to the Huntington and Cleveland res-ervoirs. There have been quite a number of fine trout caught in Huntington creek this spring, which was a great surprise to the people, as it was thought that trout could not live in this stream. There seems to be plenty, as a large number have been caught out on the farms in the Irriga-tion ditches. They measure from 12 to b inches long. A mess of fresh fish is a great treat here in Huntington, and it brings to the mind of a great many of the men here who were raised in the northern counties of the state their boyhood days when they could "catch lots of fish."
