A \$4.00 Book for \$1.50. The People's Common-Sense Medical Adviser, in Plain English, or Medicine Simplified, by R. V. Pierce, M.D., Counselor-in-Chief of the Board of Physicians and Surgeons at the World's Dispensary, Boston. This is a new and complete book of about nine hundred large pages, profusely illustrated with wood engravings and colored plates, and well and strongly bound. It will be sent, post paid, at any address, for One Dollar and Fifty Cents, making it the cheapest book ever offered. The book is a complete and reliable guide to the treatment of domestic medicine, of like size and style of binding, and not nearly as well illustrated, with no colored plates, and no engravings, and no such prescriptions and making known no means of self-cure for the diseases which they discuss, sell for from three dollars and a half to five dollars. Were Dr. Pierce's work not published by the author, printed and bound with his own machinery, and were it sold through agents, its price would be not less than Four Dollars. For when the publisher pays the author a fair price for his production, then adds a profit to his investment, and a price to satisfy himself and compensate him, not only for his labor, but also for the risk of pecuniary loss which he assumes in publishing the book, he cannot afford to sell it for less than Four Dollars. PRICE OF GOLD.

Corrected daily by Deseret National Bank. SALT LAKE CITY, April 4, 1875. Dues of \$125; call of \$100.

EVENING NEWS.

Saturday, April 4, 1875.

Local and Other Matters.

THERMOMETER 53 degrees F in the shade at 1 p.m. to-day. Cloudy.

Meetings.—Religious services at the various Ward meeting houses to-morrow afternoon and evening, at the usual hours.

There is a message at the Western Union Telegraph Office for J. P. Reed.

Twentieth Ward Co-operative.—We are requested to announce that there will be a meeting of the stockholders of the 20th Ward Co-operative store, at the School-house, on Monday evening, at 7 o'clock. All interested are requested to attend.

In Pennsylvania.—We have received an interesting letter from Thomas Britton, Neshannock, Mercer Co., Pa., formerly of Sedgely, Staffordshire, England. There is a branch of twenty-nine members, including three elders, one priest, two teachers and one deacon, at Neshannock. They would be glad if some of the elders who might be travelling that way would call upon them.

Bea Lake Valley.—Brother C. Meikley, formerly of this city and now of St. Charles, Bea Lake Valley, called to-day. He is much attached to his northern home. Up to the 5th of January there was no rough weather and the roads were dry and dusty. Since that time it has been cold, with about two feet of snow on the level. As a general rule, peace and good will have prevailed in that settlement.

Eliasz Hunt.—A gentleman writes from Chicago and asks us to furnish him the address of Eliasz Hunt, said to be living somewhere in Utah, and with whom the inquirer wishes to communicate. The Mr. Hunt inquired for was formerly a Quaker, and has lost one leg. The address can be sent to Mr. George Buckley, office of Warbler, Mitchell & Co., North Clinton Street, Chicago, or to this office.

Grand Jury.—The *Provo Times* gives the following as the list of the grand jurors drawn March 29th, 1875, for the May term of the First Judicial District Court of Utah Territory:

John Cox, Jun. Wm M. Bromley, Joseph McBeth, Benjamin Nye, James H. Whitlock, Wm. Frapton, Henry Lamb, Ira N. Hinkley, John J. Sturges, Milan Packard, Stephen B. Moore, Elmer Taylor, John McBeth, Joseph Fawcett, Richard Darling, Nier Walderman, Jesse B. Martin, Henry Chapman.

Tasmania.—The Hobart Town *Mercury* of Dec. 21, and the *Tasmanian* of Dec. 30, contain courteous notices of two lectures upon "Mormonism," delivered in the Odd Fellows' Hall in that city. Dec. 20th and 27th, by Elder Wm. Geddes.

The *Tasmanian* adopts for its motto the following apt quotation from Junius:

"The ruin or prosperity of a state depends so much upon the administration, that to be acquainted with the merits of a ministry, we need only observe the condition of the people."

Mineral and Other Specimens.—The following shows how great and how probably rapid have been the changes undergone in the structure of these wonderful valleys.

"Mr. Thomas Godfrey." "The fossils you brought from Brother John T. Richards, of Littleton, Morgan County, which he has collected here and there, are generally found at the foot of mountains where volcanic action has disturbed and changed the position of the strata, and the black variety, and feldspar are distinguishable, with other minerals."

"An very much obliged to you for bringing these specimens to the museum."

"Yours very truly," "JOSEPH L. BARFOOT."

Salt Lake Horticultural Society.—At the meeting last evening the committee appointed to draft petitions to the City Council and county court, asking for public aid to help to put in operation of the scheme for erecting the observatory, reported that on Tuesday evening, March 24, they presented a petition to the city council asking for an appropriation of \$500 for the purpose named; that said petition was laid on the table; that in consequence of this action on the part of the city council the committee did not deem it advisable to consume more time to procure an appropriation, and asked to be discharged from further responsibility in the matter. The report was accepted and the committee discharged.

Subject for consideration at next meeting: Shall we have a Summer or Fall Fair?

Territorial School Law.—The Utah Educational Bureau have ready for distribution a pamphlet which should be in the hands of all the school trustees and teachers in the Territory. It contains the various school laws passed by the Territorial Legislature, namely: "An Act Providing for the Establishment and Support of Common Schools," approved Jan. 19, 1868; "An Act Defining the Meaning of the term Common Schools, and in Relation to the Further Duties of County and Territorial Superintendents of Common Schools," approved Feb. 24, 1868; "An Act Further Defining the Duties of County and School District Committees," approved Feb. 16, 1872; and "An Act Appropriating Money for School Purposes," approved Feb. 16, 1872.

30, 1874; also the Annual Report of the Common Schools of Salt Lake Co., Utah, for the year ending Oct. 30, 1874.

All parties engaged in the cause of education will see that in such a pamphlet there must be a large amount of information respecting the duties of school officers, and the rights of schools, and it should be widely distributed throughout the Territory. The Bureau will furnish the pamphlets gratuitously upon application.

Social Party.—Before us is an invitation to attend a social party to be given in the 17th District School-house, on Wednesday evening, April 7th. We understand the proceeds of this party are to be devoted in aiding to furnish the fine new school-room with suitable seats and furnishings.

The new School-house in the 17th Ward is an excellent structure, being not only a credit to the people of that locality, of whose energy and public spiritedness it is a tangible monument, but such buildings, dedicated to the purposes to which this is devoted, are creditable to the whole City. To those districts which have not yet moved as progressively in the same direction as the 17th the advice may be judiciously given, "Go and do likewise."

Home Industry in Ogden.—We are pleased to note a commendable march of domestic manufacture in Ogden, under the direction of Mrs. F. D. Richards, Superintendent of the Society of Home Industry, and other ladies of that town. For some time past, a class of some forty misses, some of them as young as six years, have met every Saturday to learn straw-braiding, and most if not all of them are now capable of producing a good and merchantable article of braids.

The society have recently opened a millinery store, of which Mrs. Job Smith, of this city, has temporary charge. The handsome assortment of hats and bonnets, and gents' straw hats, all manufactured from the straw grown in Weber county, on hand at the Society's store, is evidence enough of what can be done by well-organized home industry. We heartily wish the Ogden ladies success.

Utah Southern Excursion.—By courtesy of the officers of the Utah Southern Railroad there was an excursion yesterday, in compliance to General Cowan, Assistant Secretary of the Interior, over that line, to the end of the track and back. Besides General Cowan and the officers of the road, Presidents B. Young and Geo. A. Smith, Governor Axtell, General John E. Smith, General Kimball, Bishop Tuttle and other leading and well-known gentlemen were in the party.

Everybody who was seemed to enjoy the trip exceedingly. The company left the depot shortly after 8 o'clock in the morning, and on the return a portion of the party availed themselves of an offer courteously made by General Schofield, President of the Brigham Canyon and Camp Floyd Railroad, to take a run over that line.

Ogden Seminary.—The examination at the close of the winter term of this school, which took place on Thursday and Friday last, we learn, gave general satisfaction to all interested. On the first day, the classes in grammar, history and geography were examined, most of the pupils evincing a thorough understanding of the lessons, as also of the principles evolved. The morning of the second day was consumed in examining the classes in reading, algebra and geometry. Questions by both teachers and pupils were promptly answered with great promptness and accuracy, showing a high degree of proficiency on the part of the students and a systematic discipline combined with untiring zeal on the part of Mr. Monck, the principal.

The afternoon of the closing day was occupied with recitations, and songs, and declamations, music, and long, affording an agreeable entertainment to the parents and friends of the school, a large number of whom were present. During the examination there were present, Territorial Superintendent C. H. Egger, President of the Board of Common Schools, Weber Co.; Pres. F. D. Richards; Mayor L. J. Hendrick; R. B. Hinkley, Superintendent of the School District of Weber Co.; Ed. Lorin Farr; also Pres. K. G. Maser and D. S. Dow, with other gentlemen from Salt Lake interested in education, and all were gratified with the progress of the pupils and the general conduct of the school.

The Mountain Meadow Case.—The following was received yesterday evening:

"BEAVER, April 2nd, 1875. "Messrs. Sutherland & Bates: "We cannot bring on these trials this term."

"D. P. WHEDON."

From the above dispatch to Messrs. Sutherland & Bates, leading counsel for John D. Lee and Major Wm. H. Dame, confined in prison since last October, on indictments for murder, committed at Mountain Meadows, Sept. 16, 1857, and their co-defendants, it will be seen that the Utah Prosecuting Attorney will not be ready for trial at the present time of the Court at Beaver, the session of which commences next Monday. Mrs. Bates leaves on Monday morning for Beaver, and will endeavor to have all the cases, nine in number, set for an early day in May next, when they can all be taken up, tried and disposed of at one session, and the whole case, as defendants not yet arrested, and new counsel not yet appointed, is understood, will voluntarily appear in person in Court and demand a trial, and will be ready to go on with the witnesses against them, if it would seem as if the District Attorney and his assistants were to be so long in preparing for the case.

The defendant, we understand, are now ready and will, next week, through their counsel, demand a trial, and will be ready to go on with the witnesses against them, if it would seem as if the District Attorney and his assistants were to be so long in preparing for the case.

by a court and jury, with witnesses on the stand. The defendants, we hear, assert that they are each and all able to prove and demonstrate their innocence and are ready and eager to meet the issue.

When these cases are tried, we learn that the prosecution will be conducted by Wm. H. Carey, U. S. District Attorney, and D. P. Whedon, assistant, and for the defense by John Macfarlan and Wells Spicer, attorneys for defendants, also by Sutherland and Bates and other able attorneys from Salt Lake as counsel for the defense. There are indications that the case will attract attention from all parts of the Union, and will, consequently, as the defendants and their counsel believe, in the acquittal of all the defendants.

In this connection we may add, that we are informed that it will appear in evidence on trial that immediately after this dreadful occurrence President B. Young and Geo. A. Smith urged the Governor of Utah the necessity of immediately going to the ground, and making there a judicial inquiry as to the whole matter and who were the guilty ones; that Presidents Young and Smith offered to go in person, with the Territorial officers and protect and defend them, even at the risk of their own lives (if any risk there were), and use their influence to have furnished every possible facility and aid on the part of the people, to bring to just punishment whoever were guilty.

The speedy and unexpected removal of Major Dame, by the Beaver to-day, we are informed, was precipitated by a threatened *habeas corpus* to discharge him from custody, looking illegally brought here out of the second district and imprisoned in the Penitentiary, in utter violation of all law, and by other reports to which we need not more particularly refer at present.

Sunday School Children.—The Sunday school children will meet to-morrow morning at ten o'clock, at the New Tabernacle, for singing rehearsal. It is to be hoped the superintendents and teachers, and others interested will take pains to have the children at the place of meeting punctually at the hour appointed, and the presence of Bishops, the parents of the children and others has an encouraging effect upon the little ones.

The Messiah Rehearsals have been adjourned until Tuesday evening, 13th inst., in consideration of Conference Week, during which it is supposed that every one will be more or less busy.

That's So.—The *Cincinnati Times* says: "Almost a panic is prevailing in the ranks of the Ringists." That's so.

61 GREAT FREEMAN'S, Nottingham, England, March 12, 1875.

Elder J. F. Wells: Dear Brother—Our winter has been very rainy, commencing in November, last, and it is snowing while I write. The month of January was nice, open, and mild, but the rest of the time has been tedious. My health and spirits were never so good as at this time, and the same is true of Brothers Squires and Farrell, who are now leaving with me. We held very interesting district meeting here on Feb. 28th, at which Pres. Joseph F. Smith delivered two of his most powerful and inspiring addresses, and gave us much food for the convenience of those who may wish to try them, we will send a CARD containing a SAMPLE OF EACH of them by mail, securely inclosed, on receipt of 25 cents. A check list will be sent with the card.

We desire the saints to invite and assist in bringing a friend each with them, and we find this kind of exertion is resulting well and furnishes us with once in a while a stranger, and to let us, which is very encouraging.

Next Sunday Bros. S. and F. and myself, shall attend the district meeting at Mansfield, which is now the liveliest branch in the conference, with Bro. Joseph Bates working on the field. Our conference will be held on the 4th of April. Bro. Squires and I expect to attend the Glasgow conference on the 15th of April. I know of but very few who will be able to emigrate from this conference the present season by their own means, and as yet we have heard of any help that is expected from home. I presume Bro. Lynn will go on the first ship, May 15th, and Bro. Squires will go on the second ship, May 25th, and I will go on the third ship, June 1st.

I think we have just before us a good and profitable summer's labor in the Valley of the Jordan, and I believe three of us can labor to advantage. We think of holding numerous camp meetings, and besides to visit among our friends, and from house to house wherever we can gain access. Our best prospects are in Nottingham, Mansfield, Shepshed, and on the borders of the Trent, and we hope to make decided advancement in all the other branches as well.

The health of the Valley Elders is generally good, though some have lately returned on account of ill health. I consider the Mission a healthy and profitable one, and I believe, although we are among the gleaners.

Yours indeed, F. M. LYMAN.
