### HAUTHAWAY'S PEERLESS GLOSS

BLACKING & POLISHING LADIES' & CHILDREN'S Boots & Shoes.

The Bottles are supplied with a Sprague attached by a wire to the cork, so that the Gloss may be used without soiling the hands.

The success of HAUTHAWAY'S PEERLESS GLOSS has brought forward many imitations under various names—some of which are highly injurious to the leather—others that the Public are cautioned to ask for Hauthaway's Peerless Gloss and to use no other.

### EVENING NEWS.

Thursday, Sept. 21, 1882.

#### Correspondence.

BURKES GARDEN, TAZEWELL CO., VA., September 11, 1882.

Editor Deseret News:

The ignorance often displayed by educated men when writing or speaking upon religious subjects is illustrated in the following extracts from a letter written by an alleged professor, and published in a paper of one of the leading orthodox churches:

"The true Church of Christ divides itself into sects as naturally as a tree divides itself into branches. It is the will of God that it should be so. A tree with a trunk and no limbs would be a monster. One organic church in the world and no sects, would soon become so corrupt that good men would have to go into the world to get into tolerable society. The statement made in the first sentence would have been very good if the word 'branches' had been used instead of 'sects.' Branches are nourished by the sap which comes through the main trunk of the tree from the roots. A branch severed from the trunk of the tree would die a natural death. A branch of the church severed from the church would die a spiritual death. Sects in the sense used by the writer are each independent of the other and of the body. They are not governed by the same head, hence the comparison made by the learned writer is not logical. A tree with a trunk growing detached would be a curiosity. One organic church built upon the rock of revelation could not become so corrupt. The writer is deceived and remains the Church of Christ. If organized, instructed and fed by the wisdom of men the fear expressed would doubtless come true."

We hear sometimes about orthodox churches. The "Mormons" fortunately are not among the orthodox ones. They are not of the world or they would be allowed to be by it. The wisdom of men decides the orthodoxy of the sects. The "Mormons" are the only church in the world that has the knowledge of truth as revealed from heaven. Some of the talented ones among those who prate so much of their learning and culture, often display more signs of ignorance and delusion than the "blind leaders of the blind" than those they decry as deluded. Does it not seem strange that men who make such reasonings as referred to, should hold the influence that they do? Does it seem strange that so-called Christians are losing the hold upon the minds of many of the thinkers of society? And does it not seem strange that sects calling themselves orthodox, with their "mourners" and "saints" and "holiness" and "baptism," and organizations not after the pattern of the Bible teachings should want so much of their ability and talent and intellect to be used toward principles taught in the book they laud so much? Men of ordinary experience, depending upon their knowledge, have set themselves up as guides, religiously, of the people.

The people in many instances accept their teachings in face of the fact that the Bible teaches otherwise. They have for an excuse, in keeping them from accepting the truth, the fear of the world. Who shall therefore be ashamed of me and of my words in the face of the Lord? The generation of him also shall the Son of Man be ashamed of when he shall come in the glory of his Father with the holy angels. It takes strong determination on the part of the believer to accept the truth and face the hatred of the world, hence the "Mormons" or Saints are a people fitted, by their inherent noble qualities, and by their experience, to achieve a great work and religious reform among the people of the earth. That such a reform is needed, that the whole world needs to be leavened, the close observer will not deny.

May that happy time hasten when the people of the world shall be united in the truth and the word of the Lord from Jerusalem.

The reason of the year is approaching when politics command the attention of the citizens of the States. Old Virginia has been of late years constantly stirred in her political and financial condition. Under the leadership of Wm. Mahone a new order of things is agitating this noted Old State. Her sons, by their conduct with any of her sisters, Corruption and any of her kindred, have been blighting her fair record the past few years. She has alone in this respect among the sisterhood of States.

How can any ordinary individual expect great things of single States these days, when he takes into consideration the example of Congress before the nation?

JOHN CARLISLE.

LEVAN, Juab Co., Utah, September 18, 1882.

Editor Deseret News:

We have just had a two days meeting on the 16th and 17th inst., which was truly a time of joy to all the Saints of Utah. It was a timely and valuable instruction was given. We were joined by Pres. George Teasdale and K. H. Brown, the latter being a long time brother from Nephi, and also the Nephi brass band, which discoursed excellent music and added much to the enjoyment of the occasion. Cooperation, unity and brotherly love were plainly and pointedly laid before the people, and I trust will long be remembered.

Our registration has just terminated and I believe justly and fairly executed under the irrational laws and decrees now imposed upon this people, who in order to maintain the little right and liberty yet accorded us.

One day school is in session taught by Brother D. K. Brown, from Nephi, and gives general satisfaction. Our Sunday School is well attended and in excellent condition. We are building a society hall 63 by 38 which we hope to have covered before the winter sets in.

The harvest this present season exceeds, I believe, any former one, and the blessings of the Lord seem to give satisfaction to all, and I trust remind the Saints of their obligations to the giver thereof.

The health of the people has been exceptionally good this present season, and nothing but one accident formerly reported in your column, has occurred to mar our peace; though of late, owing to the change of weather, there has been a little sickness.

The people are industrious, and mostly trying to perform their duties and build up the place, and our Bishop, H. H. Haggard and his Counselors, as well as their associates in the Priesthood are generally endeavoring to promote the welfare of the people, both spiritually and temporally.

The weather is cold and cloudy, and the first snow of the season fell on Mount Nebo September 18th.

Your brother in the Gospel, N. E. RICHMOND.

Professor Rose, of the Dudley Observatory at Albany, believes that the comet seen on the 20th is a return of the great comet discovered by De Gault in South America, February 18th, 1880.

### The Milwaukee (Wis.) Farm and Garden lately contained the following communication from Mr. F. F. Fuchs, Tiger Mills, Texas:

"I have used Dr. Price's Baking Powder in my kitchen for some time, and I can highly recommend it. It is a valuable remedy, and is indispensable for the farm, as it is of immeasurable service for the diseases to which domestic animals are subject."

WANTED.

TO BUY FURNITURE, CARPETS, STOVES, etc. Highest prices given for the South, opposite 14th Ward Assembly Rooms.

THE CONTRAST!

While other Baking Powders are largely adulterated with Alum and other hurtful drugs,

DR. PRICE'S BAKING POWDER

has been kept unchanged in all its original purity and strength. It has received the highest testimonials from the most eminent chemists in the United States, who have analyzed it frequently.

There are no powders that bear higher chemical tests, nor any that show so good results by the TEST OF THE OPEN.

It is a pure Fruit Acid Baking Powder. Made by STEELE & PRICE, Chicago, Ill., & St. Louis, Mo. Manufacturers of Lupa's Yeast Gems, Dr. Price's Special Flavoring Extracts, and Dr. Price's Unique Perfumes.

### THE CASE AGITATOR

Ahead of all Other Competitors!

SALT LAKE CITY, August 12th, 1882.

J. W. Lowell, Esq.

Dear Sir:—The J. I. Case Agitator we bought of you last season is the best machine we ever saw or used; it will thresh more grain and thresh it better and cleaner than any other machine we have ever seen, and we can confidently recommend it to any persons wishing to purchase a good Thresher.

Yours, etc., G. W. LUFFIN, W. A. BARRON.

ASHLEY'S FORK, UTAH CO., Feb. 26th, 1882.

John W. Lowell, Esq.

Dear Sir:—The Agitator Separator and Woodbury Power that we bought of you, we can truly say give entire satisfaction. It beats anything that we ever saw or used, and we believe that the people here will testify to our statement as being the truth. It comes as near being perfect as it is possible for a machine to be. We cannot tell you upon paper all its superior qualities or how much we think of it, but can say this, that we could not get another like it, no money would buy it.

Yours truly, GEORGE BROWN, S. J. CAMPBELL, WM. P. BENJAMIN, ROBERT BODLEY.

CEDAR CITY, Sep. 23rd, 1881.

John W. Lowell, Esq.

Dear Sir:—Our machine, Agitator, is doing excellent work. Cleans the best and threshes faster than any Thresher we ever saw.

We remain, CORRY & HUNTER.

LEHI, Utah County, February 7th, 1882.
