

BLAME FOR PANIC FINALLY FIXED

Rep. Willett of New York Unhesitatingly Places it on President Roosevelt.

SAYS HE ISN'T SENSIBLE MAN.

To Emphasize it, Charges it With All The Powers of His Mind. And Body.

Washington, Jan. 7.—The resolution referring the president's message to the several committees furnished the occasion in the house of representatives today for a number of addresses, mostly by members on the Democratic side. These covered a variety of subjects, but those that attracted especial attention were by Representative Shepard of Texas and Representative Willett of New York. The former not only made a plea for the restoration of the "in God We Trust" motto on American coins, but discussed the cruise of the American battleship fleet and referred to a possible conflict with Japan. Mr. Willett placed all the blame for the recent financial panic on President Roosevelt, whom he denounced in severe terms. He charged the president with not being a sensible man and with having turned out the gas and not the light, and with going up and down the country condemning and striking with the big stick the heads of great industrial interests.

The president had gone forth day after day, he said, to the people of the nation and the people of the world and declared to them that men who hold the reins of our great industrial institutions are dishonest and are not worthy of our confidence.

"We want cheer," he said, "We do not want our chief executive going up and down this country condemning and striking with the big stick at everything that sticks its head up."

"What we wanted," he said, "was a man to perform his duties with dignity and power, and with the influence of all sane men behind him."

"It has been said our president is sincere," he continued, "He may be so, but we want good sense in the president along with his sincerity." He declared that the president was not a sensible man, and concluded: "It is because of what I charge him with, with all the powers of my mind and body as my profound conviction, and because of his lack of sense and lack of due appreciation of the true condition of our nation, that we have this panic today."

Republican policies were attacked by Mr. Hadwick of Georgia, who predicted that the only safety for the party lay in the nomination of Secy. Taft for the presidency. The national banking laws were discussed by Mr. Norris of Nebraska, who urged as protection to depositors the taxing of bank deposits, with the view of securing a fund for that purpose. The resolution was under consideration when the house adjourned until tomorrow.

OLD OARSMAN IS LAID TO LONG REST.

Toronto, Ontario, Jan. 7.—Edward Hanlon, former champion oarsman of the world, was buried this afternoon, the city according him a public funeral. In the morning the body lay in state in St. Andrew's church.

Thousands thronged the church for a last glance at the dead body. The route of the procession to the graveyard was lined by thousands of citizens, and many hundreds followed the hearse in carriages.

There was an immense crowd at the cemetery, where the last simple services were performed. Among the pallbearers were Joseph Wright, Jacob Gaudaur, former champion; James Rice, trainer of the Columbia college crew; David Ward, Hanlon's first backer, and Capt. Wilson of the Argonauts.

CALDWELL HEARING POSTPONED

New York, Jan. 7.—Robert Caldwell, the witness in the famous Druce case in London, who is accused of perjury by the British government, was too ill to be arraigned on that charge today and the hearing was postponed until Friday.

CAL. DEPOSIT CO.

So Far Six Indictments Have Been Returned Against Officials.

San Francisco, Jan. 7.—David F. Walker, former president of the insolvent California Safe deposit trust company, was a witness before the grand jury when that body reconvened at 2 o'clock this afternoon to resume its investigation into the affairs of the wrecked bank. Six indictments have so far been returned against officials and directors of the trust company—one each against J. Duzell Brown, general manager, and W. J. Barnett, vice president, charging embezzlement of \$205,000 worth of securities belonging to the Calton estate; two indictments against James Treadwell, director, and one each against Brown and Barnett, charging embezzlement in connection with the making of loans to themselves. All three are still in the county jail, unable to get bail.

It is pretty well understood, although Asst. Dist. Atty. William Hoff Cook is silent on that point, that Walker will be given immunity by the prosecution and that no indictment will be returned against him. It being considered that whatever his culpability, it was negative and consisted principally of negligence in regard to the conduct of the bank, which the investigation has shown was in the hands of Brown and Barnett, Walker having taken little active part. The former president's voluntary statement has helped the prosecution considerably and the fact that he was called before the grand jury by Cook is regarded as indicative that he will not be prosecuted. Asst. Dist. Atty. Cook stated that the grand jury would not finish its investigation until Friday and that no further indictments were expected until then.

ORDERS TO STOKES.

Surgeon Directed to Take Command Of Hospital Ship Relief.

Washington, Jan. 7.—The Surgeon Charles F. Stokes of the medical department today received his orders directing him to assume command of the hospital ship Relief, tomorrow, and the officer will leave for San Francisco to carry out his orders.

NAT'L BANK ACT.

Senator Heyburn Introduces Bill to Amend It.

Washington, Jan. 7.—Senator Heyburn introduced in the United States senate today a bill amending the national banking act. It provides that from June, 1908, every banking association authorized by the national banking act to keep 30 per cent of its deposits in lawful money on

Why I Lost My Job.

Reasons Why Thousands Like Me Cannot Satisfy Their Employers.

"I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. When their last pay envelope comes along, it is usually 'Your services no longer required.' If the truth were known, the reason for their unceremonious removal would probably be that their usefulness was destroyed because of some mental worry, bodily ailment or general indigestion. These things, as we all know, are the most fruitful causes of failure in all walks of life. The battle of Waterloo was lost because of a headache. In this quick age our minds must be clear, rapid, active, and free from outside influence or worry, or else we go down to failure with the throng of 'floaters' who go from one place of employment to another, giving no satisfaction to others or to themselves, constantly growing older and less useful, with no ambition, no will power, and no hope. Every man requires from every other man the best that is in him. But no man can use or get the best that is in himself until he is first free from all fretful indispositions and worries."

That was my trouble. I was full of troubles. That's why I lost my job. My stomach in the first place was always out of order, and I was worrying about it and my mind grew cloudy, and slow. I made mistakes, and grew grouchy. That was the end.

There are thousands like me, going about with "quick lunch" faces, dyspeptic manners, and repulsive atmospheres. No employer wants such men's services.

Take my advice. A healthy stomach is half the battle, for it keeps your mind clear, and your face rosy. I have a healthy stomach now and hold a good position, and my employer is satisfied, and so am I.

I started to take Stuart's Dyspepsia Tablets which I was told were good for the worst cases of indigestion and dyspepsia. The first two tablets made a wonderful difference in my condition. One ingredient of Stuart's Dyspepsia Tablets digests 3,000 grains of food. The stomach doesn't have to work at all. The Tablets do all the work, no matter how heavy your meal.

Stuart's Dyspepsia Tablets cure brash, eruptions, burning sensations, bloating, irritations, loss of appetite, nausea, heartburn, lack of energy, loss of memory, and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry them around with you wherever you go and take them regularly after meals. Then you will realize what it is to be freed from stomach trouble, and have a clear mind, a quick memory, a happy disposition, comfort and rest. Get Stuart's Dyspepsia Tablets at any drug store for 50¢ a package.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

AOKI'S SUCCESSOR.

It Will Be Baron Takahira, Ambassador to Italy.

Tokio, Jan. 6.—While the selection of Baron Takahira, Japanese ambassador to Italy, to succeed Viscount Aoki at Washington, has not been officially announced, it is admitted that the Japanese cabinet has decided upon the nomination of Baron Takahira.

The delay in making the appointment is probably due to the desire of the Japanese government to await the departure of Ambassador Aoki from America.

VISCOUNT AOKI SAILS.

Late Japanese Ambassador to Washington Departs for Orient.

San Francisco, Jan. 7.—Viscount S. Aoki, Japanese ambassador to America, who has been recalled from Washington by his government, sailed for home at 1 o'clock today on the Pacific mail liner Manchuria, accompanied by Viscountess Aoki and I. Iwakoya, secretary of the embassy.

The retiring ambassador was escorted at the Fairmont hotel until shortly before sailing by Consul-General Chao Kizoko and Vice-Consul Matsubara, and made the excuse for not seeing newspaper men that he was too busy. Viscount Matsubara, it is understood, has been appointed consul at Seattle.

Viscount Aoki, before his departure, declined to make any statement other than to express his appreciation of the cordial welcome and greeting given him in San Francisco.

WALL ST. ASSAY OFFICE.

Oldest Building in Financial Center to Be Pulled Down.

New York, Jan. 7.—The old assay office, said to be Wall street's oldest building, is to be torn down. A modern 12-story building will occupy the site of the old building and will be used for the assay office. Since the establishment of the office in 1853 it is estimated that \$1,000,000,000 in gold has passed through the building. Old jewelry, coin and precious metals of all descriptions are there received and assayed in conformity with the government's guarantee of weight and fineness.

NEARLY A MILLION MISSING FROM BANK OF YUCATAN.

Mexico City, Jan. 7.—Seven hundred and forty thousand dollars are missing from the Bank of Yucatan, according to reports received here today from Meridia. Following the disappearance of this enormous amount, Fernando C. Rodriguez, sub-director, and Mateo Ponce, ex-cashier of the

bank, with 10 other persons, have been arrested. All of the money missing is said to have been new bank notes and was taken from a strong safe to which there were two keys.

Later reports from Meridia state that Lawyer P. G. Ponce and Eduardo Ponce son-in-law and son, respectively, of the cashier, have also been placed under arrest. In all 12 prominent persons connected with the bank whom are among the best known and most prominent people of Meridia.

JAPANESE NOT ADMITTED.

Ottawa, Jan. 7.—The department of the interior has under consideration a new departure in regard to the immigration question. The intention is to amend the regulations so that in the future all immigrants must come direct to Canada from their place of birth or country of citizenship. While it is not framed against any particular class of immigrants and will be general in character, it will have the effect of shutting out Japanese coming from Honolulu to British Columbia. It is said that the Japanese consuls have threatened to lodge a protest that there will be no objection from them to any regulations that will exclude Japanese from Canada if not traveling direct from Japan.

COLD BLOODED MURDER.

St. Louis, Mo., Jan. 7.—August Conrad, a schoolteacher, was shot and killed here today following his refusal to serve a drink to James McLaughlin, brother-in-law of former Chief of Detectives Desmond. McLaughlin, who captured Conrad after he had robbed an other saloon at the point of the revolver with which he had killed Conrad.

SUICIDED WITH MORPHINE.

Cleveland, O., Jan. 7.—Harry Gordon, formerly president of the Tippecanoe club, committed suicide tonight by shooting in the head after swallowing morphine. His health and despondency over financial matters are said to have been the cause.

CLUB MANAGER A SUICIDE.

Norfolk, Va., Jan. 7.—G. R. W. Wilkins, general manager of the Virginia club, a fashionable club of this city, committed suicide tonight. President L. Hubbard of the club, while admitting that an expert accountant is auditing Mr. Wilkins' books, declares he knows of no irregularity.

WILLIAMSON WINS IN U. S. SUPREME COURT.

Washington, Jan. 6.—The case of former Congressman J. N. Williamson of Oregon, charged with unlawfully cutting timber on the public lands in Crook county, Oregon, in conspiracy with 100 others, was decided by the supreme court of the United States today in favor of Williamson. The United States circuit court for Oregon imposed a fine of \$500 and sentenced Williamson to prison for 10 months but the supreme court reversed that decision.

The reverse of the decision of the lower court was based on the ground of irregularity in admitting affidavits. Justice White announced the opinion.

EFFECT ON OTHER CASES.

Portland, Or., Jan. 6.—The Oregonian will say: In local government circles it is considered that the decision of the United States supreme court in the Williamson case has no bearing whatever upon any of the other land fraud cases in this state, and only affects one feature of the cause at issue before the higher tribunal.

Marion R. Biggs and Dr. Van Gerner, Williamson's co-defendants, will not profit by the supreme court decision. The three were indicted jointly in a charge of conspiracy against the government, the specific charge being that they induced settlers to purchase themselves in filing on public land by making out the papers as if they were sought to be acquired were intended for their own use, when an agreement existed between them and the defendants by which the claims so acquired were to be turned over for the benefit of Williamson and his associates as soon as final proof had been made.

Three trials were required to secure a conviction. The first trial began July 3, 1905, and resulted in a disagreement 15 days later. On the following day another trial was begun, the jury in this case reporting a disagreement on Aug. 4. The third trial began Sept. 7, and resulted in a verdict of guilty against all three defendants.
