IMPORTANT TO THE TRAVELLING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the easiest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire time has been held with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making East ern connections.

CLOSE CONNECTIONS are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Park Wayne & Chicago, Kankakee Line and Pan Handle Route, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets on the Old Pioneer Route.

The Chicago and North-Western.

You will find on, an all through train Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to W. H. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Travelling Agent, Omaha, Neb., or to W. H. Stennett, General Passenger Agent, Chicago.

The Races.—An immense crowd of people came to the races, at Agricultural Park, this afternoon, when Goldsmith Maid was to run against time, and her companion horses were to be exhibited on the track.

Twenty-first Ward Institute.—We are requested to announce that the first general meeting of the season, of the members of the 20th Ward Institute, will be held on Thursday, October 21st, at half-past seven o'clock p.m.

Clothes Found.—The following has been sent us for publication:

FOUNTAIN GREEN,
Oct. 12th, 1875.

Editor Deseret News:

I found one hat, one mile north of Sandy station, on the State Road. The owner can have the same by describing the articles and paying expenses. V. A. CHRISTENSEN, Fountain Green, Sanpete Co., Utah.

Fine Vegetables. — Mr. Henry Seaman, of Rockport, Summit Co., U. T., left a small sample of the vegetables grown on his farm this season. Two rutabagas weighed nine pounds, and four potatoes, of the Peerless variety, weighed six pounds. Mr. Seaman says he has grown the Peerless potato now for three years, and he considers it a very excellent as well as profitable kind, yielding between five and six hundred bushels per acre.

Tasker.—John F., alias "Ban," Tasker has been fined by Justice Parker \$50 on three separate charges, making in all \$150. Yesterday, during the trial, Justice Parker excluded the "judicious precaution to exclude from the court room all the witnesses save the one under examination. This had a somewhat confusing effect upon those "willing witnesses" who are always on hand and ready to help to get a person like Ben out of trouble.

Tasker gave notice of an appeal to the District Court, and has been hunting for the necessary sureties to-day.

Besides the three cases named, the accused was held under bonds to await the action of the grand jury as to a charge of horse stealing against him. He is an exceedingly slippery customer.

The Charge to the Grand Jury.—The charge of his honor Judge Boren to the Grand Jury, which appeared in our yesterday's issue, was phonographically reported specially for the NEWS. The delivery of the charge was not completed until about 11 o'clock in the forenoon, and the notes had to be transcribed, which occupied between four and five hours. Hence the transcript had to be placed in the hands of the typists a few pages at a time, and owing to the hurry in preparing it for the afternoon's issue it was sent to press without having been submitted to its author for revision and correction, a circumstance which rarely occurs with such productions. However, we are gratified to see that our text of the Judge's charge has been, so far, approved by our city contemporaries that they copied it into their issues, with scarcely the alteration of a word in the entire charge, thus giving their readers the benefit of a labor performed entirely at the expense of this office. To this we have no particular objection, and rather take pleasure in being able to accommodate them. But common journalistic courtesy would have given credit for such an accommodation; but this has not been done in the present instance. The omission, however, was probably the result of inadvertence, and so, although on the surface it has neither a handsome nor honorable appearance, we will say no more about it.

For the best and cheapest Photographs, go to Sutlerley's fine Gallery, next door to the Walker hotel. Photographs \$3 per dozen; melenotypes, 50cts each, alike colored.
