WIRED FROM WASHINGTON.

Fitz-John—Oleomargarine—The Decision on Swamp Lands.

WASHINGTON, 7.—The following order was issued at the War Department to-day:

"By direction of the President, Fitz-John Porter, having been appointed Colonel in the army under the provisions of an act of Congress approved July 1, 1886, is hereby placed on the retired list of the army in that grade as of this date, in pursuance of the authority conferred by said act, at his own request."

Commissioner Miller has begun preparations for carrying into effect the provisions of the oleomargarine bill, and has called upon all the collectors of internal revenue for such information as they may possess in regard to the production of oleomargarine, with the object of utilizing it in the preparation of necessary regulations to govern the collection of the tax.

The Secretary of the Interior has rendered an important decision upon the application of Governor Moody of Oregon, requesting the Department to order the dismissal of all the contests to determine the character of lands which have been heretofore approved and certified to the State of Oregon as swamp and overflowed under the swamp land grant. The secretary decides that after the approval and certification by the Department and the land office, the character of such lands cannot be again called in question upon an affidavit of contest which merely alleges that the land is not of the character granted, unless the applicant further alleges fraud or mistake in the procurement of the decision of the secretary and the acts constituting fraud must be specifically stated. He further holds that a party may contest the right to such lands prior to approval and certification by alleging and proving settlement prior to such approval, and that the land is not swamp and overflowed, but is fit for cultivation without artificial drainage. The lands heretofore approved and certified to the State as swamp and overflowed, covered in this decision, are embraced in what is known as List No. 5, Lake View District, and contain about 90,000 acres of land. It is claimed by the State that the remaining lands not approved and certified amount to about 300,000 acres, which shall be reported to the land office for approval and confirmation under the rules laid down in the decision.

THE ANARCHISTS.

He Knew in was a Bomb and Retired.

CHICAGO, 7.—In the Anarchist trial to-day the defendant Fielden was on the stand again. He denied having any knowledge of the dynamite plot and in his speech he declared he did not urge that any overt act be committed against any particular person or persons; that his remarks were simply directed against the present social system.

The other witnesses for the defense gave immaterial testimony.

The only testimony of any particular importance this afternoon was that of S. T. Ingram and John Burnet. The former witness swore that the circular calling the Haymarket meeting, which he produced in court, was given to him on the street the night of May 4th, shortly before the meeting took place. The circular was one of those from which the words, "Workingmen array yourselves and appear in force" had been omitted.

This was the only circular of the kind that had been presented in evidence by the defense. It had been preserved since the Haymarket riot by the witness who was present at the meeting. The State presented in evidence a lot of circulars taken from the *Arbeiter Zeitung's* office, from which the words mentioned had not been expunged, and the defense has presented a number of revised ones, but till now no one of them has been traced to the hands of an eye witness of the riot, who had received it from the distributor.

John Burnet is an ordinary looking young German who said he was a cigar maker.

He was standing 20 feet south of the entrance to Crane's alley on the Haymarket, when the bomb exploded. The State's attorneys pricked up their ears at once.

"Did you see the bomb thrown?"

"I did."

"Did you see the man who threw the bomb?"

"I did."

"How did he throw the bomb. Stand up and show the jury how he did it.

Witness stood up and went through the motion of throwing something into the air with his right hand toward the northwest.

Witness was then given a picture of Schnaubel.

"Is that the man you saw throw the bomb?"

"I don't think it is."

The cross-examination was devoted to a comparison of the witness' present statement with those he made to the State's attorney on May 7th. Since that time witness had visited the scene of the riot and taken the measurements of distances between the entrance to the alley and where he stood, and from where the bomb was thrown to where he stood. He had them carefully entered in his note book, and they were as nearly the same as those the State's Attorney as could be expected, taking into consideration that the night was dark and the witness' memory unaided. The State has claimed that the bomb was thrown from very near the entrance to the alley. Burnet's testimony makes the spot further south by nearly thirty feet.

The cross-examination was concluded somewhat dramatically by the State's Attorney, as follows, after which the court adjourned till Monday:

"What did you do when the bomb exploded?"

"I went away."

"What for?"

"Because I didn't want to be killed."

"You say you saw the bomb explode?"

"Yes sir."

"Did you know it was a bomb?"

"Yes sir."

"You may go."

THE CUTTING CASE.

Sentenced to One Year's Imprisonment and $600 Fine.

DENVER, 7.—An El Paso special says: Cutting was sentenced late this afternoon. The sentence is one year's imprisonment at hard labor, and $600 fine. If he is unable to pay the fine there will be 100 more days imprisonment at hard labor. The judge gives Medina, the prosecutor, leave to enter a civil suit against Cutting for damages after the sentence expires. In reference to the recommendation of the public prosecutor that Consul Brigham should be complained of to the United States and his removal requested, the judge says that he will refer that question to the Supreme Court in Chihuahua. It is now thought that Cutting will be hurried off to Chihuahua before morning. There is some alarm in El Paso about an attempt at lynching, but it is unfounded.

City of Mexico, 7.—It is announced on good authority that U. S. Minister Jackson has resigned, but that Secretary Bayard has not yet accepted his resignation. It is said Minister Jackson's resignation has no connection with the recent border troubles, as it was filed in June last. Mr. Jackson has had the confidence and respect of the Mexican government and the American citizens of Mexico.

Laredo, Texas, 7.—A detachment of 400 Mexican troops arrived in Nuevo Laredo last night. They are principally infantry and artillery and brought two cannon along with them. They have placed the cannon to command Fort McIntosh on the Texas side of the Rio Grande, and have been noticed taking observations from their positions all day. Considerable indignation is expressed by the Americans at the arrival of these troops, and this action on the part of the Mexicans does not argue well for a peaceful solution of the present difficulties.

Paris, 7.—The Mexican minister here has sent a communication to the papers, in which he says that a conflict will not arise between Mexico and the United States over the Cutting affair. He concludes with the statement that Mexico is perfectly tranquil.

Stopping the Street Cars.

KANSAS CITY, 7.—As foreshadowed yesterday, the city authorities are to-day stopping street-car travel in an attempt to enforce payment of the delinquent license tax on the street cars. About 60 cars have been stopped since 11 o'clock to-day on five lines and the drivers arrested. These lines are all the property of the Metropolitan Railway Company, which recently bought out the Corrigan Consolidated Company. The back tax in question—$1,500—has not been paid, and is contested by the new company. The Mayor says the cars cannot start until the taxes are paid. The street-car company officials say the delay only increases the city's liabilities in the way of damages.

A temporary restraining order was issued late this afternoon by Judge Stover, enjoining the authorities from interfering with the street car travel, and it was accordingly resumed. The order is made returnable the 16th inst. The present action of the city, it appears, is not for the old tax, but for the license from July 1st, when the new company assumed control.

Conflagration.

CINCINNATI, 7.—The mill and grain house of Fleischman's distillery, in the Millock bottom, were burned to-day shortly after midnight. The warehouse and distillery proper are located on the opposite side of the street and there is great danger that these may catch. The loss so far is over $100,000. Partially insured.

Schooner Ashore.

PHILADELPHIA, 7.—A telephone message just received at the Associated Press office at 10 p. m., says that the schooner *Henry Disston* is ashore at Absecom Inlet, and there is also a dismasted schooner of the brigantine build flying signals of distress. The sea is so rough that the life saving crew are unable to go to them.

Fatal Accident.

LOUISVILLE, Ky., 7.—The *Courier-Journal's* special from Ashland gives particulars of a railroad accident by which four lives were lost and two people fatally injured. The wreck occurred on the Chesapeake & Ohio road, between two freight trains near Limestone on a short curve. Both trains were running wild.

The President.

YONKERS, 7.—President Cleveland, accompanied by Secretaries Manning, Endicott and Whitney, left for New York at 12:15.

New York, 7.—President Cleveland, and the members of his Cabinet who attended ex-Governor Tilden's funeral at Greystone to-day, left this afternoon on the early train for this city. The party dined at the Murray Hill hotel, after which they were driven to Jersey City, where the train was taken for Washington.

Indicted.

BOSTON, 7.—The grand jury has found an indictment against ex Deacon Joseph Story, of Bowdoin Square Baptist Church, for adultery with Mrs. Eaton, a member of the congregation. The woman made the confession and with Rev. W. W. Downs appeared before the grand jury as witnesses.

The "Werra."

BOSTON, 7.—The disabled North German Lloyd steamer *Werra* from Bremen has arrived below in tow of a steamer.

Hanged for Murder.

CHARLESTON, S. C., 6.—Edward Bundy (colored) was hanged at Spartanburg yesterday for the murder of Annie Hickman in March, 1885.

WASHINGTON, 7.—St. Louis 6, Washington 5.

Boston, 7.—Kansas City 1, Boston 4. Rain prevented New York and Philadelphia ball games.

SUNDAY'S DISPATCHES.

Cholera Raging in Japan — 50 Deaths Daily—The Heat Intense.

SAN FRANCISCO, Cala., 8.—The steamer *San Pablo* arrived to-day with Hong Kong dates of July 13th and Yokohama the 22d. Advices from Tokio, Japan, are as follows:

The cholera is now raging in Yokohama and Tokio. In the former place it is worse than ever before. During the last five days, from July 15th to 20th the cases have averaged over 100 daily; deaths 50. There is every reason to fear it will spread further, as the atmospheric conditions are at the present time favorable to the propagation of epidemics. The weather is the hottest experienced since 1871. Up to date only two foreigners have been attacked (names not known), both of whom died. The better classes of foreigners and natives are comparatively exempt from the disease.

ANOTHER DIVE THROUGH NIAGARA.

Barrels Beat Boats—Coopers and Bootblacks the Heroes of the Day.

BUFFALO, N. Y., 8.—The turbulent waters of Niagara whirlpool rapids were again navigated in a cask to-day. The perilous feat being successfully accomplished by two men. The daring voyagers were William Potts and Geo. Hazlett, two coopers who were employed in the same shop with Graham, who made the initial trip about three weeks ago. The barrel-boat was ten feet long conical in form and built of the best locust staves. It was supplied with a keel, rudder screw wheel and turret, with glass covered peep-holes. About 300 pounds of sand ballast kept the boat right side uptmost of the time. The two men lay back to back while passing through the more turbulent waters, clinging to handles made fast to the sides of the cask. Each man was likewise kept on his own side of the cask by means of a canvas sling made fast to staples. The start was made from the *Maid of the Mist* landing on the Canada side at 4:25 p. m. A row boat towed the cask to a point above the cantilever bridge, where it was turned adrift in the middle of the stream. The craft was submerged about half the time while passing through the rapids, but while circumscribing the outer circle of the whirlpool its occupants thrust their heads through the opening, and

POTTS CALMLY SMOKED A CIGAR.

A successful landing was made at Queenstown, on the Canadian side, five miles from the starting place. The voyage occupied 55 minutes. The feat was witnessed by no less than 15,000 spectators.

$200,000 GOES UP IN SMOKE.

Forest Fires Lay the Town of Spencer in Ashes.

MILWAUKEE, 8.—Forest fires are raging in Marathon and Clark counties to-day. The fire communicated to the towns of Spencer and Colby, laid the former completely in ashes and scorched the latter. Fires are also raging in the outskirts of Chippewa Falls and citizens are at the engine houses ready for emergencies. At Spencer, a town of 1,000 population, on the Wisconsin Central, the loss is $200,000. Two large saw mills, the depot, a wood-turning factory, several churches, a school house, music hall and many residences are destroyed. A bucket brigade are combatting the flames. At Colby, which is merely scorched, the damage is comparatively insignificant.

Burned to Death and Merchandise Destroyed.

ST. PAUL, Minn., 8.—A Redwing special to the *Pioneer Press* says: Sheldon & Co's elevator at Eggleston, eight miles out, was burned last night. The burning debris fell upon the railway track and the up freight train was drawn from the track after the engine had passed, and catching fire, 17 cars loaded with merchandise, machinery and ties were burned. Of nine tramps in a box car, four were burned to death, three were perilously injured and two escaped unhurt. The name of only one of the burned was ascertained, R. W. Martin, of Illinois.

THE CUTTING CASE.

Mass Meetings Held—Militia Organized—Intense Excitement on the Border.

ST. LOUIS, 8.—A special from El Paso says: As the sentence was pronounced upon Cutting at Paso del Norte, Mexico, last evening, the prisoner turned slightly pale, but was otherwise thoroughly composed. When the reading of the sentence was finished he asked in a loud voice of the court, at the same time pointing to Medina:

"About the $600, is that creature to get any of it?"

At this point Consul Brigham interposed to stop him.

"If the prisoner, uses insulting language," said the Judge, "I can add something to the term of his sentence."

Brigham assured the court that neither he nor Cutting meant any disrespect.

"Let us understand," said Judge Brigham, "just what this is for."

"It is for publication on the other side of an article which is held to have vitiated a reconciliation made on this side."

"And this action on the other side," continued Brigham, "was construed on this side as contempt of court?" To this the court replied in the negative. The court then turned to the prisoner and asked:

"Do you still stand under the protection of your government."

"I do," replied Cutting.

"Do you wish to take an appeal to the Supreme Court," the Judge asked.

I have no appeal to make except to the Government of the United States."

"If you should desire to take an appeal," said Judge Zubia, "you have five days in which to give notice. Do you wish to sign the proceedings of the court?"

"I sign nothing."

"Do you wish to express satisfaction or dissatisfaction with the sentence?"

'No, sir, I have never recognized your court or jurisdiction, and I do not recognize its right to imprison me for an hour."

Cutting was then taken back to jail and will be sent to Chihuahua in a day or two.

No sooner was the fact of Cutting's sentence known than both towns on the Mexican and American side were

WILD WITH EXCITEMENT

over the matter. Two secret meetings were held here, and companies of minute men were organized. Merchants fear harm if the soldiers are not promptly on hand. They realize that Congress only can declare war, but the superior number of Mexican soldiers in Paso del Norte would play havoc with the single company at Fort Bliss, over a mile from El Paso. Arms and ammunition are not scarce, however, and the citizens are secretly organizing so as to act on the defensive. Their voice is unanimous for the vindication of American honor and the protection of our citizens. Mexicans too are angry at the tenor of our press and people and are fearful of violence on account of the numerous mass meetings which are being held.

A dispatch from Rio Grande City, Texas, says: A heavy force of Mexican revolutionists crossed the river into Texas on Thursday night. A troop of Eighth U. S. cavalry was ordered yesterday from Ringgold barracks to pursue and disarm them.

FOREIGN.

Corruption and Conspiracy.

LONDON, 7.—The Sir William Armstrong Arms' Manufacturing Company is resorting to extreme measures to stop military newspaper exposures of the company's alleged corruption of government officers to secure contracts for the supply of ordnance. Recently the company applied to the Queen's Bench for an injunction to restrain Captain Armit from continuing to publish in the *Admiralty and Horse Guards Gazette*, which he has been doing every week, fresh allegations of corruption of the ordnance officers by the Armstrongs, pending the result of the action for libel brought by the company against the Captain for his original allegations of corruption. In the succeeding exposures Captain Armit has described in detail alleged cases of the grossest character, charging several distinguished personages with corruption and conspiracy, with having formed among themselves a ring for the systematic robbery of the government. The Court of Queen's Bench has just rendered its decision upon the petition for an injunction. The court refuses to grant the injunction, and bases its refusal upon the ground that the alleged libel falls within the class of "privileged communications." "If these libels are true," it says, "it is of the utmost importance that the country should be made aware of all the knowledge they can receive." Captain Armit's object, it is believed, is to force the government to grant a royal commission of inquiry into his charges.

FIFTY PERSONS INJURED.

More Fatal Fighting of Rioters in Belfast.

BELFAST, 7.—A riot took place this morning between the Orangemen employed in the Queen's Island ship yard and the Catholic navvies employed by the Harbor Commissioners. The fighting was severe for a time and resembled in character that which occurred between the same elements on the 4th of June, when the Orangemen greatly outnumbering the navvies, overpowered and beat them and drove them into the water where one was drowned. A number of men on both sides were so badly injured in to-day's fighting that they had to be removed to the hospital.

Sir Michael Hicks-Beach, Chief Secretary for Ireland, has written to Mayor Harland of Belfast saying that the Lord Justices are seriously concerned about the condition of affairs in Belfast and consider it imperative that the most energetic measures be taken to terminate the disorders which are bringing discredit and disgrace upon the town. The Inspector-General of the Irish Constabulary has been ordered to proceed to Belfast as promptly as possible. A large meeting of the magistracy was held to-day. It appointed an executive committee to take charge of the town and assign troops and police to various points. All taverns in the city have been ordered to be closed at 6 o'clock this evening and to remain closed until Monday.

To-night the conflicts were resumed. The fighting was more desperate than has taken place during the recent troubles. The mob was infuriated and fought with savage energy. Fifty persons were injured, some of them it is thought fatally. Terrible struggles occured on Shank Hill road. The police, quartered in McKinna's tavern at the Old Lodge Road, were attacked by the mob with stones and revolvers and were compelled to fire through the windows of the beleagured house. During this attack eighteen persons were injured and were subsequently taken to the hospitals. A youth named Jackson is said to be dying from his injuries. Four policemen were badly wounded.

The Cholera.

ROME, 7.—The cholera is virulent at Bartella, where 132 new cases and 42 deaths were reported to-day.

At Venice there were 11 new cases and 5 deaths.

At Ravenna there were 10 new cases and 4 deaths.

At Bologna there were 23 new cases and 7 deaths.

At Ruvodipulai there 25 new cases and 8 deaths, and 6 new cases and 1 deaths elsewhere.

The Pope's Circular.

The Pope has ordered Cardinal Jacobini, the Papal Secretary, to dispatch to the Powers a circular notifying them of the Vatican's decision to establish diplomatic relations with China, and explaining the expediency of the step.

Advocating Anarchy.

BRUSSELS, 7.—The police of this city have seized a number of placards advocating anarchy and the establishment of the Commune.

SUNDAY'S DISPATCHES.

Seriously Ill.

PARIS, 8.—The *Journal Des Debates* says: The Pope is seriously ill and his life is despaired of.

[Mustering Troops to Quell the] Riots at Belfast.

DUBLIN, 8.—In response to urgent telegrams received from Belfast this evening, 400 infantry soldiers, some of them being on fourlough, were summoned by bugle in the streets, and were dispatched in haste to Belfast by special train. A body of 200 dragoons and infantry will leave for Belfast at 4 o'clock to-morrow morning. The police of Belfast will be supported by the military.

A PANIC SEIZES THE PEOPLE OF BELFAST.

The excitement here is unabated this morning. Rioting broke out in the Old Lodge Road and the police were obliged to fire in order to disperse the crowd. This afternoon rioting was resumed with great violence, on the Old Lodge, Grosvenor and Springfield roads. Many persons with gun-shot wounds have been sent to the hospital. Additional troops have been telegraphed for. The aspect of officers is serious. The Mayor presided to-day at a three hours' meeting of the Executive Committee. There are rumors current of many fatalities, but it is difficult to obtain accurate accounts. A panic is seizing the peaceable inhabitants.

OBLIGED TO RUN.

Thought the rioting showed no signs of abatement. The total number of persons dead so far is believed to be six. The number wounded is unknow, but will probably reach one hundred. The inspector general received with a small escort was surrounded by the mob in Lodge street and was obliged to run.
