Badly Burned by an Explosion.

CINCINNATI, 23.—Newark, O., specials say that twenty-two persons, of which number sixteen were boys, were badly burned yesterday by an explosion. A test was to be made of a fire extinguisher, and a building had been erected by consent of the City Council, which was to be fired for the occasion. It was thoroughly saturated with coal oil, and during the preparations it prematurely took fire and an explosion ensued.

Decision Reversed.

WASHINGTON, 23.—On the 15th inst. Secretary Delano reversed the decision of the Commissioner of the General Land Office, in the case of Robert M. Stewart *vs.* the Western Pacific Railroad Company, involving land in the limits of the claimed Mexican grant Mequelomas, rejected in 1865 prior to the definite location of the road, but subsequent to withdrawal upon a map of the general route. Stewart was a settler prior to the passage of the R. R. act. The Secretary follows the late department decision in the case of Dellingham *et al*, holding that the act of March 3, 1873, granting rights to settlers on rejected foreign grants had no application to California, but that lands in that State are governed by the special act subsequently passed on the same day extending pre-emption rights, which were expressly excluded from attaching upon lands held or claimed under any foreign grant or title. Stewart's settlement, therefore, is a mere possessory one, giving him no legal right at the date of withdrawal, or subsequent to the rejection of the Mexican claim found of the land set apart by this said withdrawal for the purposes of the R.R. grants, and thus excluded from legal settlement. The decision, although it will work hardship to many settlers, is in harmony with the current decisions of the Supreme Court of the State, and of the circuit court of the U. S. for that district, and unless overturned by the Supreme Court of the U. S. must be regarded as the settled law of the case.

More Commissioners Appointed.

The President has selected Senator Morrill, of Maine, Senator Howe, of Wis., and Hon. Wayne McVeigh, of Penn., as additional commissioners to investigate the alleged Indian frauds.

ALBANY, 23.—The documents missing from the office of the division engineer of the Erie Canal are the final account books and other papers and documents relating to three contracts, which are the subject of investigation by the Canal Commissioners.

Delays in the Cotton Congress.

WHITE SULPHUR SPRINGS, W. Va., 23.—The Cotton Convention, to-day, elected Jno. Phelps, of New Orleans, President, and Stephen Harrison, of N.Y., Vice-President. The following directors were elected—E. C. Strong, of Galveston, W. L. Trenholm, of Charleston, Henry Hall, of Mobile, J. W. Lathrop, of Savannah, W. A. Goodwin, of Memphis, J. F. Whaless, of Nashville, and W. C. Reynolds, of Norfolk. It was moved that the convention recommend to Congress an early completion of the Texas and Pacific R. R., and the acceptance of the proposition made by Col. Thos. A. Scott.

The Wheat Crop.

The returns of the Department of Agriculture for July first, shows the condition of the spring and winter wheat together at about 82 per cent. of an average. The winter wheat, including California, averages 74, and spring wheat 96. The spring wheat in the States in the northeast and northwest is generally in a high condition. Of the winter wheat area the South Atlantic and Gulf States are generally above the average, but in the middle States the condition is very low, New York ranging down to 45. West of the Alleghanies the prospect is better, the State averages being between 71 in Ohio and 95 in Iowa. California reports winter wheat at 76 and spring wheat at 75.

Fatal Explosion.

PORT JERVIS, N. Y., 23.—An engine on the Erie railway exploded its boiler this evening, killing engineer Waller, fireman Stevenson, and a flagman, name unknown.

A Terrible Explosion.

IOWA CITY, Ia., 23.—At nine p. m., to day, one of the cooling tanks in Close & Sons' paper mill exploded, causing the explosion of four other tanks. Six workmen were killed. Walter Lenton, who was over the exploded tank, was seen to go up with the tank to an estimated height of 500 feet, and, on falling, went through the roof of a paint shop seventy yards from the mill; he was found lying on the floor of the room beneath. It is decided that it was a chemical explosion. Loss a quarter of a million.

Book Fair.

NEW YORK, 24.—The sales at the Book Fair yesterday, were the largest of the week. The sales have been largely in excess of the old trade sales. The fair closes to-day, but the publishers feel confident that its success warrants its becoming a permanent institution. Last evening a dinner was given to the trade at the St. James Hotel; nearly all the publishers who were in attendance at the fair and a large part of the buyers were present.

Freight Cars Purchased.

Senator Jones, of Nev., has purchased from the de'aet New York, Boston and Montreal Railway Co., eighty new freight cars for his California railroad; they will be shipped on the next steamer for Aspinwall.

Bonds to be Paid.

The sub-treasurer gives notice that the coupons falling due on August 1st, on the 3-65 bonds of the District of Columbia, will be paid on and after that date, on presentation at this office.

The Tweed Case.

Geo. F. Comstock, of the counsel for Tweed, in the *habeas corpus* case before the court of appeals, and an ex-judge of that court, have published a reply to the attack of Charles O'Connor and Judge Davis, upon the court of appeals for giving a decision favorable to Tweed. In the letter, Comstock says—"In all the argument of the counsel in opposition to the lawless sentence pronounced by Judge Davis that magistrate was treated with forbearance, but it ought now to be said, there were circumstances attending the last and final trial, conviction and sentence which may justify more than a doubt whether he is longer entitled to such forbearance. The trial proceeded as if the purpose was conviction and punishment for only a single crime. Thus the prisoner and his counsel were entrapped into the belief that only one conviction and one sentence were intended. Theee is no change in the opinion of the Judge, as announced on the first trial, was suggested by him till the jury rendered a general verdict of guilty, then a masked battery was discovered, then a tremendously accumulated sentence fell upon the deceived and wretched prisoner, charged with neglect of official duty, or with the bad performance of official duty. The punishment in its accumulated severity was more than twice greater than the law would have tolerated if he had been guilty of a larceny of $40,000,000. I know of no precedent for such a trial since when Jeffries and Scrogg administered the criminal law of England. The egress of the case from the murky atmosphere of Judge Davis' court, charged with electric passion, and the vaulting to the court of appeals, was like a transition to another world. Of Mr. O'Connor and his share in the criticism on the court of appeals and of Judge Comstock, I will take his opinion with just and profound respect after he has made an examination in the light of authorities of the proceedings; until then it would be becoming to withhold his abuse of the high tribunal which has carefully and laboriously considered the question and decided it."

Aspirant for Office—Resigned.

CHICAGO, 24. — A Washington special says that Senator Cole, of California, who has been at Washington attending to business before the Geneva court, is said to be an aspirant for the position in the cabinet in case of Delane's removal.

Judge Fisher, district attorney, sent his resignation to the President yesterday; he found it impossible to oppose three members of the cabinet. Ex-Governor Wells will succeed him.

Murder and Suicide.

CINCINNATI, 24.—Last night I. M. Bryson shot and killed his wife and then himself. The neighbors, hearing shots fired, ran into the house and found his wife weltering in her blood, and Bryson lying on the floor with the muzzle of a gun in his mouth and dying. The cause of the act is not ascertained.

$250,000 Fire.

CHARLESTON, S. C. 24.—A fire this morning destroyed about fifty wooden buildings, also Rodd's mills and Marshall's and Vining's wharves, with about 20,000 barrels of naval stores; the loss is estimated at a quarter of a million, of which about one-half is insured.

The Winthrop Bank Robbery.

PORTLAND, Me., 24.—It is now thought that the loss at the Winthrop bank will not exceed $50,000, two thirds of which is in bonds. The heaviest loss falls on she savings department, but the standing of the bank will not be impaired. Three men have been arrested on suspicion of being the robbers.

Death of Mr. Singer.

PORTLAND, 24.—Isaac M. Singer, the inventor of the sewing machine, died here last evening, aged sixty-four years.

Served Him Right.

ST. LOUIS, 24.—John Berry, of Johnson city, St. Clair Co., Mo., killed John Boncom, last Monday, for attempting to outrage his wife some time ago.

Fastest Time on Record.

SARATOGA, 24.—The first meeting of the Saratoga Racing Association began to-day. The first race was for the Traverse stakes, for three-year olds, the race was won by D'Artagnan in 2,06½, the fastest time on record. The second race, for the sweepstakes, all ages, a mile and a quarter, was won by Grimstead, time 2,03¾; the fastest recorded.

Miraculous Escape.

WASHINGTON, 24.—Yesterday a north bound passenger train of the Virginia and Maryland Railway was thrown from the track near Bull Run bridge, by the breaking of a flange of the driving wheel of the engine; the engine was drawn down an embankment and turned upside down; the baggage, sleeping car and ladies' car rolled in and were piled upon and around the engine. The baggage master was probably fatally injured and several passengers received scratches and cuts. The engineer and fireman were taken out from beneath the debris unhurt.

Opinion in the Chorpening Case.

The Attorney General sent to the President a long opinion in the Chorpening case, reviewing the various acts of Congress relating thereto, and the various decisions of the Supreme Court and the Court of Claims, on which principles this case has been judicially considered. The opinion is that the $443,000 found due by the late P. M. General cannot be paid since the repeal of the resolution which referred the case to the Postmaster General; that under the law the Postmaster General did not act as a judge, but merely as the minister of Congress, and that his finding is not in the nature of an award by an arbitrator, and that the case does not differ in principle from the case of Gordon *vs.* the U. S.; that the award of $10,472, heretofore paid by P. M. General Brown to Chorpening, which was found due under a reference to the Postmaster General by an act of Congress, did not bind Chorpening so that he could not appeal to Congress for more. On the other hand the Attorney General holds that the present Postmaster General is not authorized to pay the additional amount found due by the late P. M. General, for the reason that Congress reported a resolution of reference before the money was paid; he also holds that in the present condition of the law the Court of Claims has jurisdiction in the case, but he is clearly of the opinion that the amount found due by the last P. M. General is not an award which the court can enforce, and that unless Congress intervenes the claim is debarred by the statute of limitations.

Will Resist Union Dictation.

The proprietors of thirteen book and job printing offices and newspapers in this city have signed a paper, stating that from and after the 2nd of August they will not be governed by the rules and regulations of the Columbia Typographical Union, deeming them onerous and detrimental to the interests of private printing in this district.

Yellow Fever at Pensacola—The O'Connell Centennial.

The commandant of the Pensacola navy yard has been ordered by the Secretary of the Navy to take whatever action is proper for the security of the yard and the safety of the people under his command. The commandant had been previously advised that the yard be closed, and that the officers and families leave, to save themselves There are 29 cases of yellow fever at Barrancas.

The Daniel O'Connell centenniary exercises, to take place here August 6th, will include a parade, ringing of church bells and an oration. Boston is preparing a programme, and in Brooklyn the Hon. Richard O'Gorman will deliver an oration.

Suit Instituted—Wages Rising.

MEMPHIS, 24.—Phil. C. Calhoun and Lewis C. Meyers, of New York, have instituted a suit in the District Court of the U. S. for West Tennessee, for the first mortgage bondholders of the Philadelphia and Memphis railway, for the purpose of foreclosing the mortgage. The bill alleges that there are about $15,000,000 in the hands of different parties in New York, and the mortgage thereon provides that interest thereon, at the rate of 7 per cent, shall be paid semi-annually, and upon a failure to do so within 90 days thereafter the trustees shall take possession of the road; and further, if the company fail to pay the bonds within six months after the same become due, the bonds, which are for thirty years, shall mature. They allege that the company has failed to pay the interest for twelve months, and therefore the bondholders have directed them, as trustees, to foreclose the mortgage.

There are continued rains, and the rise in the lower Missouri and Illinois rivers again causes serious apprehensions of an overflow.

Indictments Found.

MILWAUKEE, 24. — The grand jury of the U. S. circuit court has adjourned. Indictments were found against George Q. Erskine, ex-collector of internal revenue, A. G. Weissert, ex-deputy collector, four gaugers, seven store-keepers, 24 rectifyers, twelve distillers, one maltster, and two grain dealers. Ex-collector Erskine is not charged with complicity in the frauds, but with neglect of duty. Collector Bella, who was arrested by the order of the court on the complaint of Hartmann, who claims to be the owner of the high wines seized by the collector, will be surrendered by his bail on Monday, and a writ of *habeas corpus* will be applied for. Suits will be commenced against the officers who made the arrest.

$30,000 Fire.

GREAT FALLS, 24. — Hiram V. Wentworth's shoe manufactory, at Milton, was burned last night; loss $30,000, partly insured.

Dishonest Officials Held to Bail.

NEW ORLEANS, 24.—The Attorney General, to-day, filed information against Chas. Clinton, Auditor, A. Dubulet, Treasurer, P. G. Desmond, Secretary of State and Chas. W. Lowell, Speaker of the House, all members of the funding board in 1874, charging them with misdemeanor in office, for funding five warrants drawn by the auditor, amounting to a hundred and thirty-eight thousand dollars, and requesting payment of an illegal and invalid claim against the State; bail was fixed at $10,000 each. The Attorney General also filed, in the first district court, information against Treasurer E. F. Herwig, containing two counts, the first for obtaining money on false pretences by issuing vouchers while chairman of the Senate committee on contingent expenses, for fraudulent claims, and obtaining warrants from the auditor by representing that said fraudulent claims were just and legal, the warrants being endorsed by pretended payees and by E. F. Herwig; the second count charges him with obtaining money under false pretences, in issuing, while chairman of the Senate committee, fictitious vouchers, knowing at the time that there were no such persons as the pretended beneficiares, and no such claims or demands as represented in the voucher existed at the time; the bail was fixed at $5,000.

Writ of Habeas Corpus Granted.

OMAHA, 24.—A writ of *habeas corpus*, in the case of Captain Gordon, who led the first company of miners into the Black Hills, and refused to give parole, has been granted, and Gordon has been ordered to be sent to this place from Camp Sheridan, where he has been confined.
