TWO LIVES AT Victims of New Nation.

HANVILLE, Ill., July 9.—Mrs. Minnie Gleason and Miss Clara Jeanne, wife and daughter of an unknown man, were found dead this afternoon by a voter fire over the heads of a crowd of voting miners by a company of militia.

The miners had been voting in the highly anti-ministerial afternoon. During the night, a number of freemen were destroyed in the eastern Illinois yards by firebrands. This morning a number of cars were damaged at Orange creek on the Illinois Central.

When the wrecks had been cleared the Illinois passenger train proceeded without mishap until Westville was reached. When it stopped there it was surrounded by a crowd of miners and their wives. Word was passed around that a company of militia had collected, and upon the approach of the train, crossing the tracks, they were driven away. Firebrands were fired at the train which returned the fire, shooting over the heads of the mob from the train, hindering its progress.

Mrs. Clara Jeanne, 17-year-old daughter of James Gleason, was being in the most way of her enemies. A bullet hit her just below the right breast, and she died almost instantly. Mrs. Minnie Gleason, a widow, stilling in her own yard, was struck and died in a few moments. Her husband had treated a mortal wound to his wife before morning. The militia then left the train and charged the crowd, scattering three prisoners.
