In your last weekly issue there appeared a piece on the "No Fence Law," in this county. I for one take a different view of the benefit of the no fence law. I do not doubt but whatlit will prove a benefit to the people in some localities, but in this county and expecially in this valley. I thick it will prove the reverse, for the reason that there is little land in this valley that will raise a crop of snything, unless it is sage brush, without irrigation; and there is a great deal of stock belonging in this valley; and another thing the stock generally belong to the agriculturists. So we see that the "stock man" is generally the agriculturist also. All the water here is taken up and has been for about twenty years, it has increased considerable in that time but still this very limited. There is still plenty of fencing reaterial in this valley, but it has to be hauled a little farther than in times past, but must every man in our precinct has a team and wagon and an axe, ties, dally Corinne and Kelton, daily ... 11 40 a m Idaho and Honlann, daily ... 5 40 p n Boise City and Idaho City, daily Fest - Nevada, California, Qregon, etc. Ophir, Toosie, Stockton, Ja-Proche, Star and Sap Fran-oteco detricts, dailyer, .
