Local and Other Matters

FROM WEDNESDAY'S DAILY, MAY 23

Street Improvements. — Walker Brothers have had the sidewalk around the Elephant Corner nicely concreted, by Mr. Bassett.

A good cobble crossing is being laid over East Temple Street, from Wells, Fargo & Co's office to the west side.

Mormonism in London. — The following appears in the *Islington (London) Gazette*, of April 20th—

Sir, — The right of public worship is one of the glorious institutions to which we claim the right in this constitutional country, and any right-minded person must regret a scene which took place last Sunday afternoon at Sadler's Wells Theatre. An annual Mormon Conference was held there, the same as has been held for years past, in different parts of London, without any interference on the part of anyone. They invite no discussions, but invite the friends to come and hear, like peaceful citizens; many of these people had traveled five thousand miles (or less), from various parts of the world, to be present at this conference.

It has been in my province to meet with a large number of these people yearly. They number, in Clerkenwell and Islington, no less than eight hundred, and for the most part respectable, and I have always found them a most peaceful, loving, and order-abiding people, and a credit to any denomination. What can these foreigners think of the un-English-like conduct of the Cow-cross missionaries, who rose, in the midst of the service, and caused such a consternation in the midst of the assembled multitude, that it was impossible to continue the service? This conduct is most miserable in the extreme, and deserves the censure of all right-minded persons.

I am not a Mormon, but a lover of fair play and liberty of worship to all creeds and sects whatsoever, in this free country of ours. The smallest child of the assembled Mormons would have taught Mr. Catlin a lesson in good behavior. I am, &c.

JOSEPH ALLFREY.

192, St. John's-street-road, Clerkenwell.

Special Conference at Logan. — A Special Conference at Logan opened on Saturday morning, May 19th, at 10 o'clock, according to previous announcement.

On the stand were Presidents Brigham Young, John W. Young and Daniel H. Wells, of the First Presidency; John Taylor, Orson Pratt, C. C. Rich, Lorenzo Snow, F. D. Richards, George Q. Cannon, of the Twelve Apostles.

There were also, besides Bishop Preston and other local authorities. President Joseph Young, Bishop L. D. Young, Bishop Alvin Nichols, Bishop Budge, and other prominent Elders from various parts of the Territory.

On Saturday the speakers were Elders Franklin D. Richards, Chas. C. Rich, George Q. Cannon, and Presidents Brigham Young and D. H. Wells.

On Sunday Elder O. son Pratt preached during the whole of the forenoon, and in the afternoon Elders John Taylor and George Q. Cannon and President Brigham Young preached.

During the Sunday afternoon meeting, Elder George F. Burnham was called to go on a mission to Arizona.

On Monday forenoon the preaching was done by Elder Lorenzo Snow and President Brigham Young.

A partial organization of a Stake of Zion was then effected, by the appointment of the following officers—

President of the Stake, Moses Thatcher; William B. Preston and Milton D. Hammond, as his counselors, all of whom were set apart by President Brigham Young.

President of the High Priests' Quorum, George L. Farrell, and Charles O. Card and Thomas E. Ricks, as his counselors.

President Young left the business of completing the organization with the Presidency of the Stake. The party from this city left Logan on the return at two o'clock on Monday afternoon, and reached this city at 7:30 in the evening.

The meetings were held in the basement hall of the large Tabernacle, estimated to hold 2,500. It was crowded to excess, and hundreds were unable to gain admission.

FROM THURSDAY'S DAILY, MAY 24.

Joseph Turner. — Joseph Turner, formerly of Longton, Staffordshire, England, there is a letter for you, at this office.

Around the World. — We were pleased to receive a call this morning from Thomas W. Knox, Esq., a journalist from New York, connected with the *Times* of that city, and with the *Boston Globe*. He is now on a professional tour around the world, and purposes resuming his lengthy journey on Saturday, remaining hereabout until then, obtaining information pertaining to this locality, for literary purposes.

The People "Well Armed." — We keep making discoveries of the reasons of a prospective general "uprising" among the "Mormon" people. There is no denying the fact that, in every settlement in the Territory, they are well "armed." It is a matter of regret, however, that there are a few exceptions to that rule; we refer to isolated instances where, on account of accidents, &c., individuals have had to part with an arm by surgical amputation.

Practical Benevolence. — We know of a case where a genuine opportunity exists for the application of practical benevolence. Mr. Martin Williamson, who resides opposite the 11th Ward School-house, whose wife was so fearfully outraged and maltreated sometime since, in the vicinity of the Germania works, is in circumstances that are seriously embarrassing. His expenses, for medical attendance upon and medicines for his wife, have been very large, and, in consequence of his absconding himself from his work to wait upon the unfortunate lady, he has been discharged from his employment.

The Excursion. — The complimentary excursion to Lake Point yesterday, given by the Utah Western Railroad Company, was a very agreeable affair. A number went out on the early train, while another company took the four p. m. one. A portion of the party returned by the train that reached the city at eight o'clock, and which made the trip in about fifty minutes. The remainder arrived home at about eleven o'clock. The Fourteenth Infantry Band enlivened the occasion with strains of music and the arrangements at the "Short Branch" Hotel gave general satisfaction.

Rifle Match. — The regular monthly match of the Deseret Rifle Club took place to-day on the Deseret rifle range, resulting in B. Roberts winning the medal for the third time. The weather was very fine. The following is the score—

B. Roberts, - 4435544454-42
E. McLaughlin, 4454453444-41
James Sharp, 5444444543-41
M. M. Young, 4544555423-41
John Sharp, - 4434444544-40
J. Huesser, - 3344534445-39
Steve Taylor, 4344444444-39

There will be another match tomorrow, being the third for the rifle competition.

Committed. — Yesterday afternoon the party giving the name of John Miller, who was arrested for stealing horses at E. T. City, was bound over by Justice Pyper, to answer to the grand jury, in \$500 bonds. Failing to obtain the required security, he was committed to jail. The other party who was arrested on the same charge was discharged.

The Superintendents and Teachers. — The excursion party of superintendents and teachers of Sunday Schools numbered probably a little rising of four hundred. They left the depot, for Lake Point, this morning shortly after nine o'clock, in six regular passenger cars and two flats, making eight car loads. They were a happy looking crowd, and doubtless have been enjoying themselves in fine style.

A brass band, made up, we believe, for the occasion, of various instrumentalists, among them Messrs. Olsen, Currie and Hedger, accompanied the party. Besides, there were musicians with other instruments.

Genuine. — It appears that interested parties have endeavored, through the press and otherwise, to decry the granite ironware, manufactured by the St. Louis Stamping Company. Despite these attempts, however, the public are coming to a knowledge of the excellencies of the article. It has lately been put to severe tests, of various kinds, with gratifying results. Here is an account of one instance—

"BOSTON, Massachusetts, April 16th, 1877.

"I have completed my examination of the specimen of 'Granite Ironware' delivered to me on the 13th. It was subjected to the action of boiling dilute acid and boiling dilute alkali for several hours. These fluids removed from it nothing which could, in the slightest degree, be injurious to health. The specimen examined by me therefore could not impart any injurious substance, such as compounds of lead, copper or arsenic, to any article of food cooked in it.

"Yours very truly,

"EDWARD S. WOOD,

"Professor of Chemistry,

"Harvard Medical College."

Those Delegates. — Of course, the Salt Lake — is highly delighted with the action of the committee on delegates and memorial in selecting Judge McKean and District Attorney Howard as two of the delegation to represent the Gentile cause at the extraordinary session of Congress. Judge McKean has always been the pet of the —, and it would have surprised us indeed if the thing had been so managed that his name had been left off the bill. Just how the mass of the Gentiles like this little put-up job, however, is yet to be seen. And District Attorney Howard! But, then, we might have expected it. Can any one wonder at the Gentiles outside of Salt Lake feeling dissatisfied with the actions of this clique who are now and for years past have run the non-Mormon machine to suit themselves, never in any instance designing deference to the popular will. But perhaps in this instance Messrs. McKean and Howard were the only two to be found in Utah who possessed calibre enough to properly present to Congress the grievances of the Gentiles. If that is the case, the commentary on the intelligence of the Gentiles at large is a sad one. — *Corinne Record*, May 23.

Editor Deseret News:

I am a "Mormon" and have read some of the sensational reports about the probabilities of war in Utah. I and many others are desirous of avoiding, if possible, creating any further alarm among the timorous anti-"Mormon" sensationalists. This being the case, myself and others desire to know, from you, whether it would be advisable for us "Mormons" to carry umbrellas in future.

UMBRELLICA.

SALT LAKE CITY,

May 24th, 1877.

In answer to the above we will say that, in our opinion, a number of "Mormons" might possibly appear upon the streets carrying umbrellas, without creating sufficient alarm to cause a still further de-

mand for United States troops. Still the rabid anti-"Mormons" are evidently far, very far from being brave, and consequently, where umbrellas can possibly be dispensed with they should not be carried by "Mormons." Thus armed they look too formidable for the rabid anti-"Mormon" element, whose nervous systems we have no desire to see impaired by repeated shocks. However, when umbrellas are indispensable they should, at all events, never be raised, "uprisings" of every kind being much to be deprecated in the present excited state of the country. Next.

Our Country Contemporaries

Ogden Junction, May 21—

This day the Ogden Junction passes into the hands of another publisher. The Ogden Publishing Company has sold out its right, title and interest to Richard Ballantyne, Esq., of this city, who has assumed control of the business. The editorial conduct of the paper remains unchanged. It should be understood by all having business of any kind to transact with the Ogden Junction printing office, that business communications should be addressed henceforth to Richard Ballantyne, Box 32, Ogden City, instead of The Ogden Publishing Company.

This morning half a dozen tramps were brought before Alderman Thomson, charged with vagrancy. They were found trespassing in the barn of Mr. James Burrup, and being without visible means of support, were set to work under the supervision, in default of paying a fine of \$3 each and costs.

Last night Alex. Clark, the gentleman of color who was in durance ville for misappropriations, in which a native of the Flowery Kingdom was interested, managed to make his escape from the city jail. He removed the grating of his cell and darkly and silently stole away. It is supposed that a monkey-wrench was furnished him from the outside.

Yesterday morning two boys, Willard Kay and Johnny Pidcock, the former aged about thirteen and the other about nine years of age, were playing with a dog, when Willard asked Johnny to hold the dog while he "snapped a cap" at him. Johnny held the pup, and Willard, pointing a revolver, "snapped the cap." He was not aware that the next barrel was loaded. But the pistol, revolving, was discharged, and a bullet entered Johnny's thigh, inflicting a severe flesh wound, but not touching the bone. He is doing well under his father's care. Boys should not be allowed to handle loaded firearms.

VARIOUS CAUSES — advancing years, care, sickness, disappointment and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. *Ayer's Hair Vigor* will restore faded or gray, light and red hair to a rich brown or deep black as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous. For sale by all dealers.
