

FLOATING FRAGMENTS.

Tabernacle choir practice at seven o'clock to night.

Mr. Abram Gould, coal agent for the Utah Pacific R. R. Company in this city, has resigned.

LOCAL AND OTHER MATTERS.

Money Found.—A small sum of money was found this morning. The owner can obtain it on application at this office.

A Grand Concert.—The concert for the benefit of the Sunday School is being looked forward to with pleasant anticipations, indicating that the Tabernacle will be well filled on the occasion. It promises to be a delightful affair, and should be extensively patronized.

New Location for Settlement.—By private letter from President A. F. Macdonald, we learn that he and a number of others found a very pleasant spot for location in the San Bernardino Valley. It has been decided to settle in as soon as the purchase can be arranged for, it being on the Mexican grant.

Advantageous.—Mr. D. Bockholt announces that postmasters who were in office between July 1st, 1894, and June 30th, 1874, will find it to their advantage to communicate with him. He also states that volunteers in Captain Lot Smith's Company who protected the telegraph and overland mail can now get their discharge.

Southern Opportunities.—President A. F. Macdonald, writing from Mesa City, Maricopa County, A. F., says: "Provisions in this valley are as good as in Utah, labor is in demand and well paid, mechanics getting from \$3 to \$6 a day, and common laborers from \$1.50 to \$3. Freight commands good prices. There are excellent openings for the salaried, especially the young, active and energetic. There is a good opportunity for a harness and shoe shop and a furniture factory."

Home Club's Performances.—The new office opened this morning for the sale of seats to the Home Dramatic Club's performances. "Miss Chester" and "Box and Cox" fill the boards to morrow evening, and the "Two Orphans" will be the feature attraction on Friday night. We are pleased to notice that the merits of the Home Club are fully recognized in the country. The newspapers in Ogden, Logan, Provo, Beaver, etc., all speak in complimentary terms of the new company, and bespeak for the Club liberal patronage. See ads.

Art Exhibition.—At 9 a. m. tomorrow, in the room of the Bank Building, Mr. Armitage, late of London, will exhibit three grand cartoons. "The Light of the World" is one. It is 10 feet by 10 feet 6 inches; another is "The Avenging of the Murders," 12 by 10 feet, and "The Abolition," 11 by 9 feet. Mr. Armitage has been an exhibitor in the International Art Exhibition in London. The cartoons are very fine, and the admission is only 10 cents, open from 9 a. m. till dusk daily.

Secrets of the Counting Room.—The lecture by Dwight S. Dow in the Theatre on Monday evening was well attended, and the audience seemed favorably impressed, if we may judge from the applause and from the number of applicants last evening for admission to his class in book-keeping. His language is simple and impressive and devoid of superfluous verbosity. If he can keep down the customary labors of book-keeping and reduce it to a system as direct and forcible as his language, he will accomplish a good work. Notice of the lecture was crowded out of yesterday's issue.

Another Escape.—Ole Hansen the notorious Bear Lake Valley horse thief who escaped from jail some time since, was lately captured at Beaver Canyon. Sheriff Hoge, of Paris, and a deputy traveled 75 miles by team to Arimo station, on the Utah and Northern, and from there 140 miles by rail, making the trip of 224 miles in 40 hours. On arriving at Beaver Canyon they found that Ole had again escaped. After an arduous and fatiguing pursuit the officers were compelled to give up the chase and return home without the object of their solicitude. The details of the affair are given by the Democrat. Ole is supposed to have gone to Montana.

Missionary Reception.—There was a very pleasant affair in the Sixteenth Ward School-house last night. It was in the form of a reception by the people of the Ward to Elders Edwin Entwistle, Edwin Harmon and Joseph Jennings, returned missionaries. Bishop Keeler and his counselors were present and the house crowded, scarcely standing room remaining. The proceeds were under the direction of Elder Peter Reid, president of the Ward organization of Seventies, and Elder Francis Cope, president of the Elders' Quorum. Singing and reciting were engaged in. Addresses of welcome to the missionaries were delivered, to which they appropriately responded, giving accounts of their labors, and expressing the pleasure they experienced in preaching the Gospel. Dancing was also included among the exercises of the agreeable occasion. The Sixteenth Ward brass and martial bands were present and added greatly to the interest of the occasion.

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, October 3rd, 1893, Mayor Jennings presiding.

A petition was presented, signed by John Nicholson as chairman of a people's committee on water supply for the north end, setting forth that he understood it to be the intention of the city watermaster to recommend the discharge of his assistants according to the customary manner, at an early date, and asking that an exception be made in the case of the assistant watermaster in charge of what is known as the north beach ditch, and that he be retained for the benefit of residents in that locality. The petitioner further represented that the granting of the request would be a great boon to a large number of people who would otherwise be under the necessity of carrying water great distances. Referred to committee on irrigation.

A petition was submitted signed by John T. Caine and six others, asking that a fire tank be constructed at this place in pursuance of a former action of the Council authorizing the same, at the intersection of the Twentieth Ward water ditch with Chestnut Street, and that the residents of said street and those adjacent thereto, for the purpose of securing a supply of water to their respective residences, be permitted to use the same for the purpose of a pipe to said tank and extend the same down Chestnut street to the corner of Fruit street; or, if the Council prefer, that the city put in the pipe and extend the same, the petitioners offering to pay three-fourths the cost thereof and take the same out in water rates on a similar arrangement to that made with water consumers in other parts of the city. Referred to the committee on waterworks.

A petition from James Johnson, of the Second Ward, was submitted, complaining that the water of the Jordan and Salt Lake City Canal, which flowed through a certain fence lot belonging to him and located in the Big Field survey, had soaked five or six acres of said land to such an extent that he was damaged to the amount of \$500, for the year 1891-2. He asked compensation for damages. Referred to the committee on claims.

A petition signed by William Atwood and twenty others asking that lamps be placed on First East street, between Second and Third South was submitted. A number of reasons were assigned why favorable action should be taken upon said petition. Referred to the committee on improvements.

The committee on construction of Jordan and Salt Lake City canal, reported that the sum of \$2,509.83 was expended during the month of August upon the various accounts connected with said canal. The report was approved and ordered to be placed on file, and the committee on canal were instructed to make their final report at the end of the present month.

The committee on finance reported that they had examined the report of the city auditor for the quarter ending August 31st, 1893, carefully compared and checked the figures contained therein with the various books and papers in the auditor's office, and found said report to be correct and correct. They therefore recommended that it be accepted as a correct exhibit of the receipts and disbursements of the corporation for the term named, and published as required in the charter of the city. Adopted.

The committee on claims reported upon the petition of Edward Hunter, asking that certain orders on the collector of the city in his possession be allowed, recommending that the prayer be granted and the sum of \$191.08 appropriated to cancel said order. Adopted.

Alderman Raleigh, as chairman of the committee on streets and alleys, reported verbally upon petition of L. Martin, that he had secured a tank at the head of such street, etc., that he be assured of being granted equal privileges with other residents of the locality. Adopted.

The police court report for September, signed by Alderman Adam Spiers, was presented, showing that 139 cases had been tried, and 18 dismissed; that \$1,022.30 had been collected in cash fines and paid into the city treasury; that \$653.95 had been assessed in labor fines, which was being worked out on the public works. Total of cash and labor for month, \$2,156.16. Approved.

The watermaster submitted his report for the quarter ending Aug. 31, showing a total expenditure of \$376.63 in his department. Approved.

The following bills for the month of September were presented for action and allowed: Marshall's expense bill, \$196.75; expenses of fire department \$188.56; assistant watermasters, \$385; Dr. Jeter Clinton for services as quarantine and sanitary officer of the city \$106; R. B. Williams for collecting dog tax, \$35; W. W. Taylor for twenty-five days services in sewer's office, \$75; J. B. Jensen for winding, attending and keeping in repair City Hall clocks from May 22 to October 1, 1893, \$33.35.

An appropriation of \$1,000 was made to read and attend accounts to be drawn upon the orders of the supervisor of streets.

The subject of the instructions recently given to the city surveyor to establish the grade of streets and sidewalks in the city, etc., was referred to the committee on streets and alleys with a view to more specifically stating the exact nature of the work to be performed by the surveyor, the decision and findings of said committee to be based upon the present needs of the city and to be reported to the Council before the work begins.

Adjourned for one week.

Obstetrics.—We take pleasure in drawing attention to an announcement, in another column, of Dr. Rosamunda B. Pratt. That lady will, on November 1st, organize a class, at her office in this city, in obstetrics. This will afford an excellent opportunity for ladies to become proficient in that profession. Dr. Pratt being amply qualified to teach that department of medicine. In addition to her own services she has secured the offices of Drs. Anderson and Benedict, who have each agreed to deliver a course of six practical lectures before the students on the subject. For specific particulars and terms we refer our readers to the advertisement.

"Jessie Brown."—The McKennies-Lindsey-Margates-Graham Dramatic combination appears at the Salt Lake Theatre on Saturday evening next, in Boucicault's great drama of "Jessie Brown," one of the finest of the many sensational dramas which that able dramatist has produced. Each member of the combination appears in the role of Jessie Brown, and the cast is made up of the most talented actors of the city. Mr. Harry Taylor plays George McGregor, and the other characters are in able hands. The scenic and sensational effects will be up to the usual standard of excellence. Prof. Thomas will furnish good music, and taken all together the entertainment on Saturday night will be first class and worthy the patronage of our citizens and Conference visitors.

SPECIAL BUSINESS NOTICES.

For any difficulty with your teeth apply to Dr. Van Auken, Corner Ninth East and Second South Streets. d 293 2t

Opposite 14th Ward School. FLORA SHIPP HILL.

NEW GOODS!

Novelties arriving daily, by Express. Call and see them. WM. JENNINGS & SONS.

TO THE PEOPLE.

The high tuition exacted by professors of music has placed its acquirement in the hands of comparatively few, and beyond the reach of many. Hundreds of dollars are sometimes spent in obtaining a knowledge of music, and many would be glad to continue lessons, having once made a good start, who are prevented by circumstances. The public demand a change. In the interest of THE PEOPLE we have arranged a system of classes for the piano, organ and guitar, whereby the youth of our city who have not already engaged teachers, can have an opportunity of learning music, with a fair prospect of obtaining a thorough course at much less expense than by the old method of individual lessons. Those preferring the latter can also be accommodated at reasonable rates. We have noted with pleasure the good work of Brother Evan Stephens. His success should encourage us all to work for the good of the people at large. The 21 pupils selected from the Sabbath Schools for one term on the Organ and Piano were to have commenced this week, but owing to a few tardy newcomers, these classes will be delayed until next Monday, when it is hoped all will be ready. Our terms to additional classes will be 20 cents per lesson for each pupil on the organ, piano, or guitar. Also classes in two lessons per week. Also classes in Telegraphy at 10 cents a lesson. Very cheap and useful.

Respectfully, FLORA SHIPP HILL, H. J. HILL, Box 257, 1st South, opposite 14th Ward Assembly Rooms.

If you want a good meal go to GRIFFITH'S RESTAURANT.

THE VAN AUKEN DENTAL INSTITUTE! The enormous business of Dr. Van Auken is accounted for by his low charges for the best dental manipulation. He now has the most improved machinery run by steam, and can turn out fifty sets a week. He will soon make his premises, keep all kinds of dental stoves and instruments, and give instructions in dentistry. His skill has become as widely known as his reasonable charges. Institute on 10th East Street, one block south of 11th Ward car track.

If you want a good lunch get it at GRIFFITH'S.

Hanchett & Carter, proprietors of the great 12th Street Liveries, Chicago, in a letter dated Dec. 1, 1879, speak thus of Kendall's Spavin Cure: "It is several years since we bought the first of you, and we do not hesitate to say it is the very best article for spavins, ringbones, scratches, splints, etc., that we ever used. We would not without it in our large livery for horses of dollars. We pronounce it one of the greatest discoveries of the age. It stands without a peer in horse liniment." See advt. d s & w.

wonderful! without number. Are the cures recorded by the use of BROWN'S AMERICA BALM. Not a family in America but should keep a remedy for burns, cuts, bruises, old sores and inflamed sore eyes always in the house. The Brown Medicine Co. warrant every box of Brown's America Balm. d s & w.

If you want a good cup of tea or coffee go to GRIFFITH'S.

CASE OF DIPHTHERIA.

GRANGER, Aug. 30th, 1892.

To Dr. M. Don: Dear Sir:—It is with much pleasure that I write to you, knowing it is my duty to do so, after the kind service you have rendered to my wife and children, and I can say that there is not one in twenty who would have had the patience to watch over them night and day as you did, until you saw a change for the better. I have called you in time my other two children would have been here now, and if I can do you any good I certainly shall do so in recommending you to my friends. If you feel disposed to make use of this you can do so. Accept of my best wishes. Yours truly, MELVIN D. COOK.

MRS. DR. BURN, HOMEOPATHIST and Electrician, treats the diseases of women and children. Pleasant accommodations for lady patients, 3rd South, 1 block West of City Hall, 7th Ward.
