

ing over 1,500, and hourly gain-  
numbers, have taken possession  
the East Buffalo and New York  
tral Depot, put out all the  
itch lights, turned the switch,  
d ordered all the trains going out  
this city to be abandoned. The  
ains coming in cannot get further  
an East Buffalo. There is no  
osition on the part of the New  
ork Central employes to join the  
trikers as yet.

WEST PHILADELPHIA, 22.—This  
evening, while one of the shifting  
engines was preparing to move an  
oil car, the engineer was compelled  
by a crowd of unknown men to  
detach his engine, and allow the  
car to remain. This is the first  
indication of an interference with  
the railroad company here.

PHILADELPHIA, 22.—At 6 o'clock  
this evening a strike on the Penn-  
sylvania Railroad depot, in this  
city, was inaugurated by the men  
abandoning their places. It was  
with some difficulty that an engine-  
er could be obtained to start the  
9:10 p.m. Cincinnati express.  
Crowds collected about the depot  
this evening, many of them being  
of the striking element. The first  
overt act was committed on the  
road above Callowhill Station,  
where a laden oil train was on the  
track. It was determined to re-  
move it to a place of safety, but a  
crowd of men objected. The police  
interfered, when the train men  
asked that the train should be al-  
lowed to stand where it was, and  
that no attempt should be made to  
move any trains during the night.  
This was acceded to by Col. Scott.  
Eleven wounded soldiers, belong-  
ing to Philadelphia regiments, ar-  
rived here to-day, from Pittsburg.

FORT LARAMIE, Wyo., 22.—This  
afternoon Deputy Sheriff Hays,  
with Adolph Cuny and another as-  
sistant, went to Six Mile ranche,  
and arrested two men, Duncan  
McDonald and Billy Webster, sup-  
posed to be members of the gang of  
road agents who murdered Slaughter,  
the stage driver, some time ago.  
Hays left the prisoners in charge of  
Cuny, while he and his assistant  
went in search of others of the  
gang. While watching the pris-  
oners, Cuny and McDonald had an  
altercation, the latter attempting to  
get a revolver which was on the  
counter. While this was going on,  
a side door opened and a man, sup-  
posed to be another road agent,  
stepped in and shot Cuny through  
the body, killing him almost in-  
stantly. The prisoners gathered up  
their arms and left. A company  
of cavalry has been ordered from  
Fort Laramie to arrest the occu-  
pants of the ranche and pursue the  
murderers.

DEADWOOD, 22.—Lieut. Lemly,  
with his company, and the govern-  
ment survey party, arrived at Spear-  
fish at three o'clock this morning.  
The Indians captured their bedding  
and rations; also eleven head of  
stock. The survey party and sol-  
diers will remain at Spearfish until  
a fresh supply of rations reach  
them. The Indians are reported to  
number about 200.

SAN FRANCISCO, 22.—Some time  
ago the Central Pacific Railroad  
Company made a reduction of ten  
per cent. on the wages of all their  
employes, which went into effect  
on June first. It is now announced  
that the company have rescinded  
the reduction, and will continue to  
pay full rates in silver.

PITTSBURG, 23.—The Pittsburgh  
Port Wayne and Chicago road notifi-  
ed their men that they have ac-  
ceded to their demands and will  
pay the wages the same as before  
the reduction. The men are now  
busy getting the road in running  
order. It is likely the Cleveland  
and Pittsburg, and Erie and Pitts-  
burg will be able to run as usual.

The crowds about the burnt dis-  
trict and along the Pennsylvania  
railroad are gradually growing  
less. Crowds of drunken men are  
seen on the streets on the way to  
their homes. The vigilant com-  
mittee is hourly growing stronger,  
and it is thought the destruction  
of life and property is at an end.  
The loss here within the last  
twenty-four hours can only be esti-  
mated. Along the Pennsylvania  
railroad, from the Union depot to  
East Liberty, the numerous tracks  
were filled with loaded cars. These  
were burned. It is estimated that  
2,000 cars loaded with oil, coal, and  
all kinds of merchandise, were to-  
tally destroyed. All these, to-  
gether with the locomotives, loco-  
motive buildings and other prop-  
erty destroyed, swell the Penn-  
sylvania Railroad Company's loss  
to an amount variously estimated  
at from three to five millions.

MEYENNE, 23.—The employes

of the Union Pacific Railroad re-  
ceived notice, last evening, from  
General Superintendent Clark, that  
the order of the President reducing  
the wages, to take effect on July  
1st, is rescinded. This gives gen-  
eral satisfaction, and averts all dan-  
ger of a strike.

ST. LOUIS, 23.—A freight train on  
the Chicago and Alton Railroad  
has just attempted to move out of  
the yards in East St. Louis, but the  
strikers stopped and took it back to  
the yard. There is but little ex-  
citement so far.

ST. LOUIS, 23.—The result of the  
meeting of Railroad men, to-night,  
was that no freight train will be  
permitted to leave East St. Louis  
after midnight, on any of the roads.  
Committees were appointed to see  
that the action of the meeting was  
carried out. Mail and passenger  
trains are not to be molested. A  
resolution was adopted that none of  
the men will resume work until the  
former rate of wages is restored.

COLUMBUS, 23.—A large meeting  
at the Union Depot was attended  
by several thousand. Milton Spa-  
hon, of Milwaukee, made an inci-  
diary speech, saying "This may not  
be the time, but the time may come  
to use the knife and apply the  
torch." This sentiment was loudly  
applauded. Resolutions were adopt-  
ed that no freight trains shall be  
permitted to leave for the east or  
west until the demands are com-  
plied with. A resolution of sym-  
pathy was adopted by the citizens  
present, promising material assist-  
ance for carrying on the strike.

CINCINNATI, 23.—The authorities  
of the Cincinnati, Hamilton and  
Dayton have yielded to the de-  
mands of the men, thereby averting  
a strike.

LOUISVILLE, 23.—The order re-  
ducing the pay of the men on the  
Louisville & Cincinnati railroad  
and Louisville, Cincinnati & Lex-  
ington railroad has been rescinded  
by the railroad officers.

READING, Pa., 23.—Last night,  
shortly after 10 o'clock, upon the ar-  
rival of the last passenger train from  
Philadelphia, about 1,000 men fol-  
lowed after the train from Seventh  
and Pennsylvania streets to the  
new passenger depot. The night  
trains were prevented from leaving  
the depot, and several hundred per-  
sons commenced the obstruction of  
the Lebanon Valley Railroad, lead-  
ing to Harrisburg. Two cabooses  
were set on fire, and an alarm of  
fire having been struck, the entire  
fire department responded. The  
firemen were prevented, how-  
ever, by the crowd, from extin-  
guishing the flames. Attention  
having been directed to  
the burning cars the work of de-  
struction was continued at other  
points along the road, tearing up  
the tracks, turning and blocking  
the switches, and burning freight  
cars. A train of freight cars on the  
main line, on the second street  
crossing, was set on fire, and five  
cars totally consumed. The Leb-  
anon Valley railroad bridge, a mag-  
nificent structure, across the  
Schuylkill River, costing over  
\$150,000, was fired at the western  
end, shortly before midnight, and  
totally destroyed. At 1:30 a.m. all  
the spans had fallen into the river.  
The object in destroying the bridge  
is believed to have been to prevent  
the passage of troops through this  
city to points on the Pennsylvania  
road.

INDIANAPOLIS, 23.—The Vandalia  
Railroad men struck at 12 o'clock.  
The passenger trains will not be  
stopped.

ST. LOUIS, 23.—This morning a  
stock train was allowed to pass,  
but none will be permitted to pass  
after 12 o'clock. The employes of  
the Transit Company, who do duty  
in East St. Louis, fifteen in num-  
ber, struck last night, with the fire-  
men and brakemen of the railroads.  
The employes of the company on  
this side the river, whose duties  
are performed at and in the vicinity  
of the Union depot, in moving  
trains into the yards through the  
tunnel and across the bridge, have  
not formally struck, but are idle for  
the reason that there is nothing for  
them to do, as the strikers across  
the river will not permit freight  
trains to pass. The Transit Com-  
pany rescinded their order for the  
reduction of ten per cent. on wages  
last night, and notified the em-  
ployes to that effect, but so far the  
latter have taken no notice of it.

PHILADELPHIA, 11 a. m.—The  
strikers have just set fire to an oil  
train on the Pennsylvania Rail-  
road track, near the south bridge,  
West Philadelphia.

PLUMB, L. I., 23.—All the  
conductors and engineers on the

Long Island Railroads, now receiv-  
ing \$100 pay monthly, are notified  
of a reduction of ten per cent. after  
August first.

NEW YORK, 23.—A dispatch from  
East Buffalo, N. Y., says, the strik-  
ers there will not allow the stock to  
move East on the New York Cen-  
tral.

A dispatch from Buffalo, says,  
Niagara division of the Erie road  
struck this morning.

CLEVELAND, 23.—At noon, to-  
day, all the shopmen and trainmen  
of the C. C. C. & I. R. R., of this  
city, quit work.

NEW YORK, 23.—The *Herald*  
says, editorially, "We repeat our  
warning to honest and respectable  
working men not to let their sym-  
pathies go out to wrong-doers. The  
men who are blockading roads,  
burning cars, attacking troops,  
breaking open and sacking shops,  
throwing stones into moving trains  
are not strikers. They are rioters. It  
is not a strike, but an insurrection,  
and it has not the hope of success.  
It may still further cripple the rail-  
road companies and disable them  
from paying fair wages. It may  
put the public to a great inconve-  
nience, loss and expense, but it will  
be crushed out, and when the end  
comes, after all the disgrace such  
anarchical attempts bring upon the  
country and upon its workmen,  
what good will have been accom-  
plished?"

OMAHA, 23.—Governor Hartranft  
passed east in a special train, at 8  
o'clock this morning.

HELENA, Mont., 23.—Advices  
from Missoula to 1 a.m. on the 21st,  
report that there are eighteen  
lodges of the hostiles in the valley,  
having come over the Lolo trail.  
The Indians are coming in fast.  
All the settlers are moving into  
their stockades. The Indians ap-  
pear to be trying to escape through  
the upper end of Bitter Root, into  
the Big Hole country. There is no  
doubt but what they belong to  
Joseph's band. The mail rider  
says, it is reported that quite a  
number of Indians are wounded.  
A company of soldiers left Fort  
Ellis, for Missoula, yesterday.  
Others will follow from other posts  
as speedily as possible.

#### FOREIGN

LONDON, 19.—A letter from Mad-  
rid says, the Spanish authorities are  
preparing to send 25,000 men to  
Cuba in October to fill the gaps  
caused by disease and death. The  
Ministers propose to raise the ne-  
cessary funds to forward these re-  
inforcements by another appeal to  
the association of planters and fi-  
nanciers who furnished the advance  
for the reinforcements sent out a  
year ago.

Hobart Pasha has been ordered to  
bombard all the places of impor-  
tance on the Russian coast in the  
Black Sea. Five steamers are ex-  
pected to reach Constantinople, to-  
day, with Egyptian cavalry.

The Russians are advancing to  
destroy the workshops of the rail-  
way at Yeni Saghra.

LONDON, 24.—  
A correspondent of the *Times*, at  
Bucharest, sends the following:  
Rustchuk appears to be completely  
surrounded, but we have no news  
as yet of the commencement of  
siege operations. When the block-  
ade of Rustchuk is complete, so  
that its garrison cannot interfere  
with the Dobrudscha column, it is  
expected here that this Russian  
force will leave the line of the  
Chernavoda line of railway, and  
envelop Silistria.

It is officially announced that the  
Russians have possession of the  
whole line of the Chernavoda and  
Kustendji railway, the Turks hav-  
ing evacuated and partly burned  
Chernavoda on Tuesday night.

It is calculated that the Turkish  
forces not already locked in the  
Danubian fortresses, do not exceed  
100,000, and that Grand Duke Ni-  
cholas has a sufficient force at Tir-  
nova to prevent their interfering  
with a movement on Adrianople.

The latest news from Constanti-  
nople is, that the Russians, having  
taken Kazaulik, are marching for  
Philippolis.

A special from Nicopolis says,  
50,000 Russians are advancing from  
Nicopolis towards Widdin, to be-  
siege the fortress and prevent the  
advance of the Turkish troops be-  
tween Risch and Sophia.

The Roumanians at Kalafat are  
resuming the bombardment of  
Widdin, and will join in the siege.

A dispatch from Constantinople  
announces that an Egyptian vessel  
had arrived in the Bosphorus with  
a regiment of cavalry.

The English naval officers on  
leave at Constantinople, from Bes-  
ika Bay, have been recalled.

Hobart Pasha has sailed with two  
ironclads for the Black Sea to su-  
percede Hassan Pasha in command  
of the fleet.

The Governor of Philippopolis re-  
ports that the Cossacks have burn-  
ed the villages of Tehanly, Bayan-  
ly, Guezlidja, and Tehinakdje, near  
Kasanlik and Eski Saghra.

LONDON, 21.—The third pontoon  
bridge over the Danube has been  
constructed at Kahova.

Only 2,000 Turks were captured  
at Nicopolis, the remainder were  
killed, wounded or escaped.

A telegram from Consul at Galatz  
states, that four vessels, containing  
about 260 cubic yards of stone, have  
been sunk by the Russians in the  
Sulina branch of the Danube, a  
mile and a half below the upper  
entrance. About 500 cubic yards  
of additional stones have been  
thrown on the top of these vessels,  
and the depth of water reduced to  
four feet.

A dispatch from Widden says,  
yesterday, a large Russian force at-  
tacked the Turks under Osman  
Pasha, covering Pleuna. Osman  
Pasha made a successful defense,  
and after a conflict of ten hours, the  
Russians were defeated, and re-  
treated, abandoning their dead and  
wounded. The Ottoman loss was  
comparatively small.

LONDON, 22.—The Russian offi-  
cial account of the operations in the  
Balkans, dated Tirnova 19th, says  
the Schipka Pass was taken, to-day,  
and occupied by a regiment with  
two guns.

Orders have been received at  
Aldershot for the Second, Eighth  
and Sixteenth regiments to em-  
bark for foreign service on Wednes-  
day, and the Nineteenth and One  
Hundredth regiments will be held  
in readiness for immediate embark-  
ation.

A special from Aldershot says,  
the 2nd battalion of the 20th regi-  
ment and the 2d battalion of the  
13th regiment are to be held in  
readiness to embark on Thursday  
and Friday respectively. Portions  
of the 89th and 64th will also em-  
bark during the week.

LONDON, 23.—All the papers re-  
peat and confirm the information  
in relation to the reinforcement of  
the Malta garrison by the second  
battalions of the second and thir-  
teenth regiments, each consisting  
of about 900 men.

A correspondent of the *Times*, at  
Portsmouth, telegraphing on Sun-  
day night says, although Malta is  
mentioned as the destination of  
troops, Gallipoli is still believed to  
be the point aimed at. It is known  
that Col. Edwards of the Royal  
Engineers, was sent there a few  
weeks ago on a secret mission, the  
object of which, it is stated, was to  
report as to the depth of water, of  
its approaches, and capabilities of  
the town for defense.

The *Times* reported that an at-  
tempt was made on Thursday  
morning to assassinate the Czar  
while he was on his way to inspect  
the outposts, near one of the lately  
captured positions. When the  
Czar was dismounting, a shot was  
heard, and immediately an officer  
of his staff was dangerously wound-  
ed. The Czar narrowly escaped  
through the shelter of a neighbor-  
ing embankment.

#### EDITORIAL NOTES.

—The best polishing powder an  
engineer can use, says an eastern  
paper, about his iron work, is hy-  
draulic cement, or water lime.

—The United States consumes  
annually about 60,000 tons of lead,  
of which 53,000 tons are produced  
in this country and 7,000 tons im-  
ported.

—Benjamin Disraeli (Lord Bea-  
consfield) when twitted about his  
race, said that one half the Chris-  
tian world worshipped a Jew, and  
the other half a Jewess.

—Who need be without sugar?  
A farmer at Mount Sterling, Ky.,  
has obtained a fine sample of sugar  
from the bloom of the common  
poplar tree. It is granulated in  
appearance and snowy in color.  
Plant plenty of poplars and get  
your sugar bowls ready.

—Cases of juvenile depravity  
are multiplying. Two little boys  
quarreled over a game of marbles,  
in Welden, N.C., a short time ago,  
and one of them drew a pistol and  
killed the other. The murderer  
was the elder of the two, and he  
was but nine years of age.

All government, all exercise of power,  
no matter in what form, which is not based  
in love and directed by knowledge, is ty-  
ranny.—Mrs. Jamieson.

Health is promoted by good and  
appropriate food. Such can only be  
had by using in preparing it ar-  
ticles known to be free from poison-  
ous adulterations, such as Dr.  
Price's Cream Baking Powder,  
which eminent chemists endorse as  
being perfectly pure and whole-  
some.

If Ladies would consult appear-

other than *Glenn's Sulphur Soap*,  
which stimulates the healthy ac-

it, and imparts a glow to the cheeks  
no known cosmetic can imitate.  
Since its adoption, there is a mark-  
ed improvement in the complexion  
of young ladies who had indulged  
in the gayeties of fashion until the
