

German offenders. The King will establish a police force for the protection of the German population, the expenses of which will be covered by fines, revenues from prison labor and taxes of Germans. Germany is allowed to give six months notice of withdrawal from the agreement.

KORTI, 17.—Advices from Abu Klea, near Gubat, state that small outpost affairs occur daily. The enemy are receiving guns and reinforcements from Khartoum, and the Mahdi has ordered all tribes in the vicinity to assemble immediately and attack the British forces at that point.

Gen. Gordon's trusted messenger George, has arrived at Abu Klea. He says almost all native accounts agree that Gen. Gordon, finding himself betrayed, made a rush for the magazine, near the Catholic mission buildings. Finding the rebels already in possession, he returned to the Government House and was killed in trying to enter. The rebels were admitted to Khartoum at 17 o'clock the night of the 24th of January. Another account says Gen. Gordon rushed toward the magazine, intending to explode it, and thus prevent the ammunition, of which there were several tons, from falling into the hands of the enemy. The Arabs quickly realized his intention and shot him dead.

QUEENSTOWNS, 17.—The police went out to Schull, County Cork, where an aged widow named Cunningham resides. The officers declare the old lady is the mother Jas. Cunningham, the alleged dynamiter now under arrest in London, and they thought some evidence against the son might be found at his mother's abode; so they went to the miserable little hovel where Mrs. Cunningham lives and took possession of the abode for the purpose of search. The woman, besides being old, is ill and decrepit, and instead of offering any resistance to the officers, she was badly frightened by their visit. Though the ransacking of the hovel resulted in the discovery of several letters to Mrs. Cunningham "from her boy, who was away seeking his fortune," one of these letters being written in London, none of them stated what occupation the writer was following and none are dated since the London explosion. When the old lady was finally informed of the reasons for the invasion of her domicile, she said the case must be one of mistaken identity.

PARIS, Feb. 17.—General Briere De Lisle has telegraphed from Langson to the government the following account of his march: "The French troops raised their camp at Dongson, 10th inst. On the 11th they defeated the Chinese near Valdic; on the 12th they had a second battle with the Chinese. The Chinese made a stubborn resistance, but were completely routed. We stormed several forts, and after a rapid march arrived on the 14th before Langson, which we found evacuated and burning. Our troops took possession and at once occupied a position beyond Langson in the hills. A large quantity of arms, ammunition and provisions were captured. The Chinese withdrew towards the frontier. Their losses were very heavy. Darkness and bad weather favored the Chinese in their flight. Their rout was complete. Our losses since the 9th have been 39 killed and 222 wounded."

LONDON, 17.—Gen. Brackenbury will retain command of the late Gen. Earle's division. Gen. Evelyn Wood will join Gen. Wolseley as chief of staff, Gen. Greenfield taking his command. Four thousand Egyptian troops are echeloned between Assouan and Dongola. Hassan Bey's contingent will join the English forces at Korti.

News of an Arab revolt in Yemen has just reached London. The Arabs massacred the Turkish outpost garrisons. The governor of Sana massed the remaining 2,500 Turks, and has appealed to the Porte for 4,000 reinforcements. The insurgents are incited by emissaries of the Mahdi, who is preparing to make an attack.

LONDON, 18.—A dispatch from Shanghai states in the naval engagement between the French fleet of Admiral Courbet and five Chinese men of war, the French torpedo sunk two Chinese war ships, the others escaping in the fog.

### OGDEN CITY ELECTION.

INTERESTING ACCOUNT BY "WEBER" OF THE ELECTION AFFAIRS.

OGDEN CITY, Utah, Feb. 9, 1885.

Editor Deseret News:

This day has been one of the most memorable in the

#### HISTORY OF OGDEN

for several reasons. Its atmospheric condition at the opening was inauspicious, which rendered pedestrianism, equestrianism, or other modes of locomotion through the city anything but pleasant. During the forenoon we were visited with several blinding snow storms which, while they lasted, rendered it impossible to see but a short distance ahead. The storm continued at intervals the whole day long. It has been a day of much excitement, being

#### ELECTION DAY

for the municipal officers who shall conduct the affairs of our city government for the ensuing two years.

At 8 o'clock this morning the polls were opened, and soon afterwards the citizens—the enfranchised citizens—

commenced to vote for the men of their choice to fill the various positions as municipal authorities.

#### EVERY LIVING TEAM

was engaged; every vehicle that was upon wheels, and suitable was secured for the occasion. Elegant sleighs and bob sleds; the handsome chaise and the most ordinary one-horse "tumble" were called into requisition to convey the voters to the balloting place; and at times a scene of wild excitement prevailed. Hope and fear alternated in the breasts of the candidates for office as the friends or opponents of each party rolled up to the Central School and deposited the little paper missives which were to decide their fates, for at least one biennial term. Each party worked with a will, and in spite of mud or weather, they rushed around sparing neither.

#### HORSE FLESH NOR VEHICLES.

And wherever a voter could be obtained in near proximity to the polls, or at a remote distance, thence a special was dispatched to bring him in and utilize his franchise to swell the number of one party and decrease or neutralize that of the other.

Each party engaged a brass band, the carriages of which were decorated with mottoes appropriate to the occasion, and each made the air resonant with music which served, in a measure, to dispel the dismal aspect of the day. The time sped onward rapidly and the throng grew greater about the polls. By five o'clock p.m. 2,072 votes were polled, and as there was but

#### ONE HOUR REMAINING

before closing time, the friends of each party bent their energies and did their level best to secure the triumph of their ticket, and install their candidates in the respective offices in the municipal government.

At 6 o'clock p.m. balloting ceased, the doors were closed, the crowd dispersed, and, between the hours of 11 and midnight the results were declared, and once more

#### VICTORY PERCHED ON OUR BANNER.

The people triumphed, and the election has resulted in again placing the reins in the hands of men of law, order, economy and sound and equitable rule for all.

Following are the figures which decided the contest.

THE PEOPLE'S CONQUEST.	"LIBERAL" DEFEAT.	
For Mayor:		
D. H. Peery, 1,129	F. J. Kiesel, 946	
Aldermen:		
A. T. Wright, 1,116	S. M. Preshaw, 939	
R. McQuarrie, 1,107	M. H. Beardsley, 925	
D. Eccles, 1,144	W. M. Rank, 918	
Thos. D. Dee, 1,122	A. Shaw, 955	
Councillors:		
Wm. Driver, 1,141	E. T. Hulaniski, 932	
John Pincock, 1,142	J. C. Armstrong, 934	
B. E. Rich, 1,119	Ad. Kuhn, 936	
A. Folker, 1,126	P. Thorsted, 921	
John A. Boyle, 1,133	C. J. Corey, 925	
Recorder:		
T. J. Stevens, 1,147	J. G. Tyler, 938	
Treasurer:		
H. S. Young, 1,149	O. E. Hill, 921	
Assessor and Collector:		
Z. Ballantyne, 1,127	J. Keck, 947	
Marshal:		
T. H. Ballantyne, 1,099	Wm. Brown, 987	

It will be observed that each party have increased the number of their voters since the last city election. The highest vote cast at that election was, for the People's Party, 1,078, and for the "Liberals," 826. The highest number polled at this election for the People, is 1,149 (H. S. Young); the highest for the "Liberals," is 987 (William Brown). The total vote polled was 2,090.

Of course there was some scratching done, and the "Liberals" resorted to every stratagem they could to defeat the People's party and prevent the success of their ticket.

One of their tactics was, in the after part of the day, to challenge both men and women of the People's party, to

#### QUESTION THEIR CITIZENSHIP,

and force them to return home and fetch their papers. This was done in the hope that those persons would not be able to find the required documents and reach the polls again in time to vote for their candidates. In this matter, however, they "reckoned without their host," and were foiled. Nevertheless, it had one good effect—it reminded the "Mormons" that the price of their liberties is constant vigilance, and will teach them the philosophy and truth of the adage, that there is a "place for everything," and that "everything should be in its place"—that their papers should always be where they can be had when wanted.

Quite a number of the members of the People's party were unable to vote this time. They have declared their intentions, but have been unable to obtain their

#### FULL PAPERS.

But they will be prepared by the time the next election comes around to each count one in the contest.

Several arrests of disorderly persons were made, but no very serious offenses were committed. All things considered, the election passed off fully as orderly, and there was as much good nature exhibited on the occasion as could be expected under the circumstances. Of course the People's party

are as much elated over their success as the "Liberals" are chagrined at their defeat, and having to "pay for their whistle."

#### THE JOSEPHITES.

Their anti-"Mormon" Efforts and Ideas on Infallibility Reviewed by one acquainted with them.

BOYNE, Mich., Feb. 8th, 1885.

Editor Deseret News:

I notice enough each week in the News and other papers, to show me or any other man the monstrous character of the proceedings against the "Mormons" of Utah, on the charge of polygamy.

From the last 25 years' readings and reflections upon the doings of the so-called

#### RE-ORGANIZED CHURCH,

I am satisfied that that body has done more to stimulate persecution against the Utah "Mormons" than all the rest put together. And yet you seem to cast less blame upon them than upon any other party. Indeed this thing is a matter of which they boast themselves, and if one should judge by the Herald, he would be inclined to regard that as evidence enough.

Have they not sent missionaries to Congress, and even to lobby and to influence Congressmen and Senators of the United States with the revelations of God warped and perverted into a condemnation of things that were never intended in those revelations, so as to prejudice them against the people of Utah?

For 25 years it has been difficult to find a single number of their Herald that has not had some article or communication in it against polygamy.

#### POLYGAMY, POLYGAMY, POLYGAMY,

has been the incessant theme till no doubt it has finally disgusted many of their own members with its constant hashing and dishing up of that principle.

Joseph Smith has at last found an infallible remedy or rule for deciding and settling all disputes, and misunderstandings in religious matters. It is simply that Congress shall make laws defining what is religion and what is not, then having them submitted to the Supreme Court for their decision as to their constitutionality; and whatever the latter decides shall be the

#### SUPREME LAW OF THE LAND.

You can see, therefore, that if prejudice against the Book of Mormon only becomes strong enough to urge legislation against it, as an imposition, and the Supreme Court of the United States only agrees that the law made against it is perfectly constitutional, we must then no longer have any conscientious scruples in regard to it, but piously and reverently submit to their decision and

#### CAST THE BOOK OF MORMON ASIDE.

In the name of reason, what is to hinder a set of rabid fanatics from pushing this matter into Congress to be legislated against any more than the matter of plural marriage? Persistent effort is all that is necessary in either case, accompanied by the necessary prejudice and hate.

Would it not be interesting to see Joseph and his brethren brought to submit to the law he has laid down for others? He and they would then have a chance to show how honest they are in claiming infallibility for the Supreme Court of the United States.

Talk about the people mourning when the wicked rule! Joseph's notion of

#### ABSOLUTE INFALLIBILITY

in the Supreme Court of the United States, refuses to allow that the people can have any just cause for mourning. In fact, it doesn't allow that any wickedness can exist in either legislature, or Supreme Court. No danger of the government of this land not answering the end for which it was created. What a loyal citizen Joseph Smith is! No danger of the people of this land ever having a just cause for abolishing an oppressive government, for it can never do wrong. God has set it up, says Joseph, and that is evidence of a very high character that it never can make a wrong decision, nor err in judgment, nor stumble in vision.

And just here it occurs as a little strange that the governments that God did literally set up in the past should have erred so very gravely.

Perhaps time has given Him a little experience, and He can now do things that He could not do in the past. The wicked did rule and the people did mourn in those days, and in all ages; and Joseph Smith is the first man in the United States that we have ever heard of claiming

#### INFALLIBILITY

for the Legislature and the Supreme Court thereof.

The Book of Mormon, revelation, tithing, the Priesthood, and the possession of the gifts of the Holy Ghost, are all obnoxious to the great majority of this generation; and if the priests and their blind followers will only lay their minds to it, they can no doubt finally succeed in getting legislation against any or all of these. Let the editor of the Tribune and a few more wholesale and classic liars do the

#### FORGING AND FALSIFYING,

and keep at it, and if they don't succeed after a time in bringing out legislation against them, some one will con-

firmly that he was mistaken. So where is the guarantee that a man's religion shall not be legislated away in this land? Where?

Respectfully, W. W.

#### BEAR LAKE STAKE QUARTERLY CONFERENCE.

The regular quarterly Conference of this Stake was held at Paris, Feb. 7th and 8th.

On the stand were Elders W. Budge and J. H. Hart of the Stake Presidency, Elders J. U. Stuki and H. Findley of the Presidency of the High Priests' quorum, the Bishops and other local authorities.

The services during the first day consisted mainly of reports from the Bishops and Presidents of quorums. They were of a very encouraging nature, showing a steady increase of faith and good works. The instructions given by the speakers during the Conference were well calculated to build up and strengthen our faith and were listened to with deep interest by very large congregations. The hall was densely packed in every part, and very many had to return home through lack of accommodation.

THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the renewal of waste material, are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfill its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

With impure blood the whole system becomes affected, and no organ can properly perform its function unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becomes all important, and when one has the feeling of being continually tired, worn out, is constipated, with tenderness to Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of skin, etc., they may be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations, and restore it to its original strength and vigor. For all the complaints of this kind there is no medicine that equals PRICKLY ASH BITTERS.

PRICKLY ASH BITTERS is a medicine of rare merit, and not an intoxicating beverage, and being purely vegetable in its composition can be used at all times with beneficial results. It is not claimed as a cure-all, but for derangements of the organs mentioned, it is a specific, and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.
