STRONG FIGHT IN ADA COUNTY

Home of Idaho's Capital Now in Midst of Prohibition Campaign.

ELECTION NEXT WEDNESDAY

Governor Brady Resents Charge That He Has Stored Cellar Full of Liquor and Wine.

(Special Correspondence) B OISE, Sept. 2.—Next Wednesday will put an end, for the present, to the heated conflict now being conducted in Ada county by the "wet" and "dry" forces, for that is election day. The fight is a bitter one and is being vigorously prosecuted by both sides. As to which side will win, no man could at this time tell. Both sides are equally confident of victory and the sentiment seems to be about equally divided. Some of the most famous speakers on liquor questions will appear here this week. Michael J. Panning of Philadelphia, who has devoted 30 years of his life in fighting the saloons, is already here holding open air meetings on the streets each evening. Mr. Louis Nixon, additional president of the Women's Prohibition of Oregon, is holding meetings with all the women's church organizations this week, in the various churches of the city, in the interest of prohibition.

GOVERNOR A "TEETOTALER"

Rumors have been in circulation for some time to the effect that Governor James H. Brady has stored away a cellar full of liquor, but the good natured governor has not seen fit to come out in denial of the rumor until just recently. In replying to a letter from Dr. Minnie Howard of Pocatello, the governor's home town, where a victory by the "dry" forces was won yesterday, he took occasion to deny the allegation and in doing so has placed himself on record as being a total abstainer. The chief executive stated in part:

"The saloonmen here in Boise have circulated a report that I could afford to be in favor of local option because I have a 'den' in my cellar in which they claim I keep all kinds of intoxicating liquors. I wish to say to you that that statement is absolutely and unequivocally false."

"I have not indulged in the use of intoxicating liquors since I have been chief executive of this state, and not one single drop of intoxicating liquor in any form or character has even crossed the threshold of my home, nor has any person ever seen or heard anything intoxicating in the executive residence."

"I have entertained, since I have been in office, at receptions and dinners and other public functions over 2,500 people, and I dare any man or woman to say aught, except the very statement that I have made to you above. I feel that I should say this to you for the reason that I am at Pocatello able to tell something of the same sort and I believe that the people have confidence enough in me to believe what I say when I make you this statement, which I say to you on my honor, as a man, is absolutely true."

EVIL DISSEMINATED.

Numerous complaints have come to the police and city authorities regarding the present condition of the denizens of the "red light district" who, it is claimed, are now scattered over the city, roaming about in vehicles and in restaurants located in the most fashionable residence districts in the city, on account of their having been routed from their old dens. The present condition is even worse than the first and the problem is greatly puzzling the authorities.

COMMERCIAL CLUB CASE.

The somewhat notorious Commercial club case has been continued indefinitely by the municipal court, despite the vigorous protest of the city attorney, who claimed that the club was not acting in good faith. It will be remembered that he charged against the club as well as against a dozen men, evidence upon which rests the complaint was secured by two "gunshot" men, non-members of the club, who purchased liquor from the club bartender and immediately thereafter swore to a complaint for my arrest. The present outcome is that an adjustment of this case is not probable before the local option election, the middle of next week.

TO REFORM CRIMINALS.

There was organized in this city yesterday what was known as the "Reform" society, the purpose of which will be the exclamation and restoration of criminals and the relief of friends in distress. The organization was effected by Rev. F. A. Breidenbach, national superintendent of the society. The following officers were elected: President, Judge Frank S. Ditch; vice-president, Judge J. P. Alsion, secretary and state superintendent, Rev. R. A. Wright; treasurer, W. G. Bruce, and auditor, C. C. Anderson. The organization will have nine members as soon as the work begins.

Senate Committee Coming.

The United States senate committee on irrigation and arid lands sat at 8 o'clock Friday morning, Sept. 3, on Gov. Brady and gave an order to inspect the Payette-House project. The party will reach Caldwell after inspecting the project in time to hear a report from the Water Users' Association Friday evening. They will go to McNamee at 7 o'clock Saturday morning, where they will inspect the dam and drive to Rupert. A meeting will be held near settlers' houses on the project. This committee will have Report of the Payette dam, Wednesday, Saturday night. This itinerary was outlined in a telegram received yesterday by Senator W. E. Borah, who will accompany his colleagues through the state.

GOOSE CREEK LANDS DRAWING SEPT. 20

(Special Correspondence) O AKLEY, Coeur d'Alene, Id., Sept. 3.—This part of the Goose Creek valley was visited during the week with heavy rain. Considerable loss was suffered through having been cut and washed still in the fields.

The contractors for the Goose Creek reservoir are making extensive preparations for work on the big dam and canals to be constructed within the

HUNTINGTON WILSON,
Assistant Secretary of State.

next two years and which will bring under cultivation 42,000 acres of choice land lying between Oakley and Burley. The plan for drawing for this land will be held at Milner September 20, under the management of the Twin Falls, Oakley Land and Water Co. It is a Carey act proposition and will afford a splendid opportunity to hundreds of people to secure homes in one of the richest and most fruitful valleys in the Rocky Mountains.

While working crews engaged in running a tunnel for a water course across a mountain of rock above the dam site they encountered a good sized stream of water, suggesting the remark that "we do not know what these old, rugged mountains may hold."

IONA, BINGHAM COUNTY, IS FRUITFUL AND HAPPY

(Special Correspondence)

IONA, Sept. 2.—During the past month the weather has been excessively warm and crops have made a remarkable growth. During the early summer the outlook for the farmer was not encouraging, but with the arrival of the rains all is changed. Our hay and grain crop is fully up to the best for many years. Our sugar beets have made a remarkable growth and the crop will be as good as we have ever had since the establishment of the sugar factory; there is the largest acreage of potatoes that has ever been planted and the yield is also the best.

A. L. Brooks steam thresher will start in the next three or four days.

Fishing in Silver Creek, Little Wood river and Fish Creek is good now, and visitors often run out and enjoy the sport and make good catches.

A BURGLAR IN TOWNS

His name is "bad enough." He doesn't care for gold or silver but he will steal your leather belt if he appears near. The burglar arrested him at once with Baldwin's Horseradish Syrup, it may mean consumption. He who doesn't care for all confections, colds and chest troubles. Price \$1.00. At Post Office, Sold by Z. C. M. I. Drug Dept., 12 and 14 South Main Street, Salt Lake City.

RICH FAMILY REUNION A MEMORABLE AFFAIR

(Special Correspondence)

P RICH, Aug. 24.—The reunion of the Rich family held in commemoration of the one hundredth anniversary of the birth of the illustrious pioneer Charles C. Rich was a most eventful and interesting gathering for the family and friends.

His many descendants commenced arriving from far and near, several days before the celebration to plan the affair. Friends coming from the "Bingham" little town in all America.

Saturday morning 100 guns were fired in honor of the 100 years since the birth of Elder Rich. The day was then celebrated as family day. All met in the state's Tabernacle at 10 o'clock where a highly interesting program was rendered by members of the family and invited guests. President Joseph C. Rich and his wife, the widow of George C. Rich, were the welcome which was responded to in behalf of the family by Hyrum Rich.

A very interesting genealogical report of the family was read by Samuel J. Rich. Speeches were made by a number of the old time friends and associates of Elder Rich, calling to mind the noble qualities and sturdy character of the man who pioneered this valley.

At 12 o'clock the entire family was banqueted at the First ward hall, where they again met in the tabernacle where remarks were made by different members of the family and the visitors from Salt Lake, Elizur John Hyrum Smith and Heber J. Grant.

Saturday evening a free concert for the public was given by the Rich family. It was highly entertaining and showed much talent by many who took part.

Sunday, Aug. 25, memorial exercises were held in the stake tabernacle to which the public was invited. The building was well filled by people from all over the valley, especially a great many of the old time friends and associates of Father Rich present.

Speakers were made by a number of the old time friends and associates of Father Rich, calling to mind the noble qualities and sturdy character of the man who pioneered this valley.

On Monday the entire family went for a day's outing on the beautiful shores of Bear lake.

Most of the farmers are busy harvesting and stacking the grain, which the hot weather has hastened.

There was held a very interesting and well attended ward conference here last Saturday and Sunday.

Stake president Wm. T. Jack, and stake president of the high priests, John A. Larson were here from Ogden, and the saints and friends much enjoyed their great company and the joyousness of the general priesthood. Four meetings in all were held.

General good health prevails in all the settlements.

There is considerable activity in the building line. Bishop Wm. F. Rawson

INTERESTING TRIP TO GREYS' LAKE

Profitable and Pleasing Experience Of President Heber C. Austin and Party—Five Meetings Held.

(Special Correspondence)

L INCOLN, Sept. 2.—President Heber C. Austin with 30 members of the Bingham stake of Zion accompanied by the Lincoln brass band returned Monday evening, Aug. 30, from a visit to Greys' Lake, 60 miles east of Idaho Falls, full of profit for the outing, the order maintained in going and coming, and the royal treatment received at the hands of the Grey Lake people.

On their arrival they were taken in hand by Bishop George H. Muir and his counselors in behalf of the people. Camp was made for the entire party in a meadow immediately in front of Bishop Muir's home. Bishop Muir killed a fatted calf and placed it on the disposal of the visitors, who with eggs and butter, was tendered to the good people to their welcome guests. The ladies who accompanied the party enjoyed one pleasure of their lives when camp was pitched the first night out, a vote was taken and the unanimous result was that the men folks should do the cooking, make bread, bustle up, get up in the morning and make fires after that the women could not be mentioned on the entire trip.

Five meetings were held with the people, and a good spirit prevailed throughout. Reports of the condition of the wards were more than satisfactory to President Austin and his co-workers.

Chief Engineer J. W. Holden of the sugar company of Lincoln did fine fair work on the mill as being in excellent condition to date for the opening of the fall campaign, which will begin about Oct. 1, under the present management.

Some important changes have taken place looking to the more efficient work and saving in the progress of sugar production. An addition of 100 tons before the entrance of Lincoln and for many miles distant, will be aroused in the early morning by the shrill blast of the factory whistle which means so much to the laboring element of this community and nearby towns.

Arthur L. Cummings of Salt Lake who is in Idaho Falls in the interest of the establishment of a cold storage plant at that point paid Lincoln a visit on Sunday last.

The male members of the Lincoln band met in the meetinghouse Tuesday evening and voted means for the installing of a heating plant for the meetinghouse to cost \$250. The same will be put in about Oct. 1, according to the present management.
