POSEY AT GOLDFIELD

#### Presence of Mining Man Gives Rise To Significant Ramors,

Oliver P. Posey, who is suposed to associated with Clarence K. McCorbe associated with Clarence K. McCor-nick of Salt Lake in many mining ven-tures in this southern section, is stop-uing at the Merchants at Columbia, says the News of Goldfield. He is ac-companied by W. E. Mitchell, who is believed to be in some manner con-nected with the Guggenheims in this part of the state. Like all people with millions behind them who come to this country for a purpose, the gentlemen were non-com-

them who come to this country for a purpose, the gentlemen were non-com-municative, but it was learned that there is a big merger of Goldfield prop-etties on the tapis and that the object of these gentlemen's visit is for the pur-pose of consummating it. Mr. Possey is an old Colorado mine-promoter and became wealthy in that state and in Utah and Arizona. He is a gentleman who knows much about mining and it is expected that when he returns from the southern country

returns from the southern country there will soon after be something to talk about and which will interest the

Mitchell is a graduate from

New York mineralogical school and has also traveled quite extensively in mining countries. If he is here in the interest of the Guggenbeins he would not admit it last evening, but it is known that the hig capitalists have ovelous even on this capitalists have envious eyes on this southern section, and if they can get their fin-gers in the ple they will surely do tt.

TINTIC ORE SHIPMENTS.

Roads Improve and Output of Mines Is Increased.

The improvement in the condition of roads has resulted in a decided increase in ore shipments from the Tintic mining district this week, a total of 180 car loads being sent out. The shippers and

electric power for mine and mill plants. The topography of the in-tervening land is admirably adapted for the construction of railroad branches to connect with the Nevada and California, formerly known as the and C., on the opposite side of the

river "Two prominent Virgin's City men have already left for the new find for the purpose of obtaining a water right and locating a townsite. Everyone in Virginia City is excited over the discovery and more prospectors are out-fitting for the purpose of working in the mountains in the district. This stampede is probably the greatest that has been made in this portion of Ne-vada sizes the yada since the early days of the Com-

"Reports brought to this city last "Reports brought to this city last night by the passengers on the Vir-ginia and Truckee are that hundreds of ocopie are rushing into the Cooney Springs district, and that at least a dozen different parties left Carson City yesterday afternoon. There seems to be a good basis for the stampede and some sensitional finds are liable to be some sensational finds are liable to be reported at an ytime."

## GOOD FOR GOLD BUTTE. Application for Postoffice in New Min-

ing Camp Granted.

Special Correspondence St. Thomas, Nev., April & Informa-tion has just been received here from the postoffice department at Washing-on, D. C., to the effect that the appli-ation made some time ago by the in-abitants of the new mining camp of field Butte for the setuilishment of dd Butte for the establishment of a stoffice, has been granted. W. C. ostoffice, has been granted. W. C. harpe has been named as postmaster. Although some incouvenience has Although some inconvenience has been experienced in getting in supplies since the washouts occurred above. Moapa, development work has been go-ing ahead at Gold Buite steadily, how-ever some of the companies have re-duced their forces temporarily. The tunnel being run on the Gold Butte company's promety is being runsed company's property is being pushed

along favorably. There are a good many prospectors out in the mountains in the vicibility of Gold Butte and some good finds are being reported

### GREAT TRADE IN APRIL.

JOSEPH I.

HUGH J.

The excavations for the second sec-tion of the new mill of the Utah Cop-per company at Garfield will be started on Monday morning. The contract for the work was signed in the offices of the company today. the company today. The bids for the fire proofing of the mill buildings are to be opened this Fine weather is causing an impetus in the implement, vehicle and automobile trade. The past week has perhaps been one of the busiest weeks ever experi-enced on State street. The lateness of Today's closing on stocks in Boston

spring and exceedingly changeable weather retarded spring sales and these as reported over the Pollock wires es-pecially for the Deseret News. weather retarded spring sales and these conditions were no doubt one of the causes for such a large influx of visi-tors this April Conference over many preceding ones. Very many of the iravelers and nearly all of the local managers of the Consolidated Wagon & Machine company were in the city, the last of whom returned to their respec-live places of business on Wednesday. Asked. 21.25 21.50 114.37½ 114.50 tive places of business on Wednesday
