

## THE TWENTY FOURTH OF JULY.

The sixteenth anniversary of the entrance of the Pioneers into Great Salt Lake valley was very generally observed as a holiday, in all the towns, cities and settlements of Deseret, in way and manner to suit the taste and convenience of the citizens in their varied locations and circumstances. In most instances, splendid and imposing processions, orations, speeches, songs, toasts, and instrumental music, were the principal things considered appropriate, on that joyous day. The burning of gunpowder, and a profuse display of bunting, were generally deemed in order, as introducing or initiatory ceremonies and dancing the finale of the recreations.

In this chief city of the Saints, the mammoth ball of the Theatre was the most attractive of the varied scenes of amusement. It was a grand affair, as, all will testify who were present and participated in the festivities.

In addition to the reports of the doings of the saints on that day in various places which we publish, others equally as interesting and worthy of note have been received, which unavoidably have to be tabled, for the want of room and from no other cause. Among the communications thus laid over are those from Plain city, Richmond, American Fork, and Nephi, which came to hand later than the others. In each of those places, the doings were on a grand scale, and of an interesting character, as in many respects they presented some new things, and were not altogether imitative in detail, nor monotonous in description.

**MORE INDIANS KILLED.**—By a dispatch received here last night from Schell creek, we learn that Capt. Smith, in command of the troops in that vicinity had discovered a nest of Gosh-Utes, about twenty miles north of Schell creek station, and killed twelve of them only two escaping.

**CONCERT POSTPONED.**—The Concert advertised to take place at the Theatre on Saturday evening the 8th inst. is postponed to Saturday evening the 15th inst. For particulars see Programme.

## CONCERNING the MAIL to IDAHO TERRITORY.

MESSRS. OLIVER & Co., Proprietors of the Bannack City Express Wagon are making weekly trips from G. S. L. City to all the camps in the vicinity of the Beaver Head, Grasshopper, Stinkingwater, and Bonnet Mines, carrying passengers, packages, letters, etc., with celerity and security. They also forward Express matter to Deer Lodge, Gallatin on three foras, Missoula river, Pickley Pear, Sun River, Fort Benton, American Fork, Hell Gate, Bitter Root Valley, Elk City, Lewiston and all the principal camps in the South-eastern part of Idaho Territory.

The U. S. Mail from Great Salt Lake City to this place via Bannack City, Cache Valley, Soda Springs, U. T., Snake River Ferry, Bannack City, Stinkingwater mines to Fort Benton, Idaho Territory, will naturally come under the same contract, which is in fact the only practicable road that can be traveled during the winter months. Besides this it will be over 200 miles nearer from Denver to the new gold fields by Russell's wagon road, now nearly completed, than by any other route.

The prejudice for certain localities and the ambition for single handed gain are insignificant when compared with the interest of the Government and the wishes and interests of so many thousands of people who are becoming identified with the growth and prosperity of Idaho Territory.

All persons wishing to communicate with their friends in Idaho country should direct their letters to G. S. L. City, in care of the Bannack City Express.

OLIVER & Co., Proprietors,  
Bannack City, Idaho Territory, July 19, 1863. 5-4.
