

delegation of the Suez Canal Company; second, the original subscribers to the Panama Canal Company have the privilege of subscribing for the Panama shares in proportion to their former subscription in order to avail themselves of this right. The privileged subscribers, on paying the first 25 francs, should present their Suez bonds, or their certificates proving their original Panama subscription to their respective banking house. The prospectus then tells where subscriptions will be received in Paris, also in England, Germany, Belgium, Holland, Austria, Hungary, Italy, Russia, Spain, Portugal, Switzerland, Denmark, Sweden, Norway, Turkey and Egypt at the special houses designated. The council of administration has appointed a special committee in America to represent the company in this emission. Under the authority so given the undersigned will receive subscriptions by mail or telegraph. Messrs. Drexel, Morgan & Co., J. & W. Seligman & Co., Winslow, Lanier & Co., New York City, and subscriptions will be received in California by the Anglo-Californian Bank Company Limited, of San Francisco.

WASHINGTON, 2.—Commissioner Raum reports that the internal revenue receipts for the year 1879 were \$113,000,000, an increase of \$2,750,000. The receipts for 1880 were \$124,000,000, in the face of the reduction of the tobacco tax, an increase of \$10,500,000. The same ratio of increase is kept up the first four months of the present year, and bids fair to continue throughout the year, on account of the prosperous times, which seem likely to be better rather than worse. As Congress will, therefore, probably want to relieve the people from some taxes, he suggests bank checks, matches, patent medicines, perfumery, etc., bank deposits, savings bank deposits, and bank capital, all of which yielded \$11,000,000. The tax should not be too speedily removed on matches, cosmetics, etc., as it would injure the trade of those who have them now on hand. The Commissioner thinks liquor, tobacco and their products will give an annual tax of \$120,000, which sum will gradually be increased and be ample for the purposes of Government. He would continue the stamp tax on all medicated bitters containing over 20 per cent. proof spirits; bank taxes he would remit, first, because the revenue does not need them; and second, because they are unequally imposed. During the last four years and four months, 4,061 illicit distilleries have been seized, 7,339 persons arrested for running them, 26 United States officers and men killed and 59 wounded. In the past 16 months 1,120 stills have been seized. There will probably be a decrease in illicit stills henceforth, as legal distilleries soon run out the illegal ones whenever established. Additional legislation is needed to protect the United States officers in collecting the revenue. He takes issue with Secretary Sherman for taking from him the appointment of subordinates, and says the commissioner is better able to make these appointments than the Secretary of the Treasury is, and that while he is responsible for the conduct and honesty of his subordinates, he should have control of their appointment. The total cost of collecting for the year is \$4,506,000, or 3.63 per cent. of the total amount. Next year's estimates are a trifle smaller. He gives details of the amounts collected from various articles, and says only an increase in revenue on tobacco is made in lower grades; others have fallen off, owing to the reduction of the tax. The price of tobacco remains unchanged, and consequently the only reason for larger trade in tobacco is the general business boom. Spirits have been largely increased in amount, 19,000,000 gallons being on hand July 1st, 1879, and 33,000,000 on the 1st of November, 1880. He fears business is on the eve of being overdone. Some 90,000,000 gallons were produced and deposited in distillery warehouses during the last fiscal year. General Raum makes some practical suggestions as to casks, etc.

The annual report of the Commissioner of Internal Revenue gives the following figures as the amounts of the aggregate collections for the year, in the districts named. California, Collector Higby's district, \$2,437,651; Collector Frost's, \$345,984; Nevada district, \$80,455; Oregon, \$76,982; Washington Territory, \$27,018; Arizona, \$26,984; Colorado, \$168,259.

Secretary Thompson says in his annual report that the Pacific Ocean opens to our future commerce its

broadest and most profitable field. Upon the Atlantic it encounters such formidable European rivalry as can only be overcome, if at all, by persistent and vigorous measures of protection on the part of the government, but our acquisition of Alaska and the Aleutian Islands, and our treaty relations with Japan, the Sandwich Islands and Samoa, together with our present commercial intercourse with China and the East Indies, place us upon such equal terms upon the Pacific, with other powers, that it will be our own fault if the advantages now promised to our commerce shall be lost. An exchange of our products for those of the east is fast becoming a necessity to all Oriental people, and their interests, as well as ours, suggest the adoption of the most efficient measures on our part to increase our trade with them. Even in stores our manufactured goods are preferred to those of England, but they find their way there through the Japanese, with whom the Koreans have a treaty of amity and commerce. The benefits derived in this way, however indirect, would be greatly increased if the ports of that country were open to our merchant vessels. Our relations with the Japanese government are such that there is no reason to doubt its friendly agency in bringing about the result; it is confidently believed that it will be accomplished in a short time.

After detailing all that is known of the *Jeannette* expedition, in which he takes strong ground that the steamer is safe, the secretary proceeds to the consideration of the unsettled condition of affairs in Alaska. He reviews commander Beardslee's work in that field, if the *Jamestown* is withdrawn without the substitution of some authority with the proper degree of strength to maintain order, it is more than probable that acts will be committed by some of the lawless whites who will be drawn to Alaska by the very fact of there being an entire absence of law. This would undoubtedly tend to undo all the progress thus far accomplished, and throw the community again into anarchy. While citizens are now being drawn to the southeastern part of that Territory, and hopes of future wealth, which they expect to derive from its great natural resources of timber, fur, fish and minerals, the Territory needs only the protecting hand of government and security to capital, life and order which local laws and suitable judicial tribunals would give it, to advance rapidly in value.

Secretary Thompson, in his annual report, officially reiterates the opinion expressed in California as to the great importance of the Mare Island navy yard, and after describing its advantages of situation, the readiness with which its approaches can be defended, and the excellent construction of its building, he says: Everything connected with its recommendations this navy yard to the favorable consideration of Congress. He says the apprehension of permanent injury to the navigation of the river in front of the navy yard is unfounded, the shoaling being created only by soft mud, washings from Napa Valley, which will be removed by dredging. The secretary warmly recommends an appropriation of \$250,000, to continue the work on the stone dry dock, to complete the iron plating shops, to construct roads, extend timber sheds and repair a section of the floating dock. He says this dry dock, when completed, will be equal to any other in the world, and as a result of his personal examination he adds that the work, so far as executed, is admirably well done, and the interests of the public service and economy require that the remainder of it shall be expeditiously completed.

The life saving service has 179 stations; 139 on the Atlantic, 34 on the lakes and six on the Pacific. The record of the service has surpassed any previous year. The casualties were greater than ever before; the highest previous number being 210, and this year they were 300. Of 1,989 persons on board these vessels, only nine were lost. Great relief has been afforded shipwrecked persons; besides the warnings given have saved many vessels from wreck. The estimated value of vessels involved is \$2,616,000, and cargoes, \$1,195,000. Of the total amount, \$2,620,000 was saved. Inadequate compensation is fast driving men from the business and threatens to destroy its efficiency. The superintendent asks that the matter of pay be left to the discretion of the general superintendent, the present rate being \$40 per month.

PORTSMOUTH, N. H., 4.—This morning early the Kearsage Mills burned. The church adjoining is now burning. An employer named Greenwood perished. The loss on the mill is about half a million. Nearly 350 operatives have lost work. The occupants had barely time to escape, as the flames encased the stairway. Several had to leap over the flames, and some were severely burned. Only one person was burned to death. Had the mill been in full operation, as it would have been twenty minutes later, the destruction of life would have been terrible. The building was 24 feet long, 70 feet wide and six stories high, with two L's each 100x30. Insurance, \$411,000.

## LOCAL AND OTHER MATTERS.

FROM FRIDAY'S DAILY, DEC. 3.

**Low Condition.**—We are sorry to learn of the unfavorable condition of Brother Aquila G. Noble, of Smithfield, Cache County, who has been suffering from an abscess for some time, is at present in a low condition and appears to be growing weaker every day. He is the son of Brother W. G. Noble, and a fine young man, well beloved by all his acquaintances.

**Seriously Hurt.**—On Monday last, George Barnes, a young son of Mr. George R. Barnes, of Kayesville, was coasting on a hill at that place, when his sled collided with a mule, and it is supposed the animal kicked him. His head was badly bruised, and he also sustained internal injuries. He was picked up senseless, and taken home for dead, but hopes are now cherished for his restoration.

**The New Railroad.**—There has been some talk of a broad gauge railroad from Ogden into the north country. The *Idaho Enterprise* speaks of the new scheme as follows:

"A wide gauge Railroad will be built as rapidly as money and men can build it from Ogden, or rather Brigham City, Utah, via Curlew Valley, and Raft River, Wood River and Boise City, to Portland, Oregon, commencing early in the spring. At least that is the present programme of the Union Pacific managers. Thus in a year or two, Idaho will contain a through Pacific Railroad."

FROM SATURDAY'S DAILY, DEC. 4.

**Heavy Snow.**—As a sequel to the wild winds of the last three days, it started snowing last night about 12 o'clock and by morning there was a depth of six inches of snow upon the ground.

**In St. George.**—An interesting letter from Sister Zina D. Young, who is at present in St. George with Sister E. R. Snow, to Sister E. B. Wells, of this city, gives an account of the work the former two are engaged in, in that region. Meetings are being held, societies organized, and the dead officiated for in the Temple. The sisters are quite busy and will be for some time.

FROM MONDAY'S DAILY, DEC. 6.

**Death from Apoplexy.**—The sad news comes from Fountain Green, Sanpete County, of the death by apoplexy on the 1st inst., of Brother Joseph Rowbery, of that place. He was chopping wood, about noon on that day, when the fit came on, and he died three hours afterward. He was firm in the faith to the last.

**Grand Jury.**—Following is the Grand Jury of the December term, empaneled this forenoon:

33 John Cunningham, (foreman,) 158 Richard E. Egan, 134 Robert Aveson, 60 John W. Reed, 37 M. B. Sowles, 18 Gordon S. Beckstead, 162 David O. Willey, 46 Robert Harmon, 6 Ephraim Harker, 62 John H. Fox, 61 Morris H. Lipman, 166 Thomas J. Steed, 47 Samuel Auerbach, 130 David Hilton, 67 Wm. Showell.

Chief Justice Hunter delivered his charge, most of which was given verbally, and the jury retired to begin operations. The Court adjourned till to-morrow at 10 a. m.

**The Hand of Death.**—We are sorry to learn of the death, on the 4th inst., of Mr. John Glass, of Los Angeles, California, father to Messrs. J. B. and A. T. Glass, of the Studebaker establishment in this city. The sad news reached the last named gentleman Saturday morning, he having been left here in charge of the business during the absence of his brother, the manager, whose departure for Los Angeles we noticed

several days ago. He went to spend the holidays with his father and family relatives. Mr. A. T. Glass left Saturday afternoon for Los Angeles, to be present at the funeral. We extend our sincere condolence to all who have cause to mourn.

**Returned Missionary.**—We had a call this morning from Elder Richard A. Ballantyne, of Ogden, who returned home on the 21st of last month, from a mission to the Southern States. He left for that field, on the 4th of November, 1879, and during his absence was travelling in Tennessee and Virginia. In company with Elder G. R. Hill, in Tennessee, he baptized 10 persons, and in Virginia the two also worked together awhile. Brother Ballantyne then labored with Elder W. W. Fife about four months, and afterward with Elder A. D. Thatcher, who was released at the same time with Brother Ballantyne to return. The latter had been poor in health for some time previous to coming home, but is feeling much better now. Just prior to his leaving Virginia, four Elders from Utah arrived there to operate in his stead, and he left them all feeling well. He and they were treated very kindly by the Saints there, and by other friends not connected with the Church.

J. A. BAILEY, Land Agent, Salt Lake City—Write to him enclosing stamp and he will give information FREE about Land Matters. s w

The remedy that will cure the many diseases peculiar to women is Warner's Safe Kidney and Liver Cure.—*Mother's Magazine.* sw & w

**DR. ROGER'S VEGETABLE WORM SYRUP** instantly destroys worms and removes the Secretions which cause them. (1)

### A PASTOR MADE HAPPY.

I have been greatly troubled with my kidneys and liver over twenty years, and during that entire time I was never free from pain. My medical bills were enormous, and I visited both the Hot and White Springs, noted for the curative qualities of the water. I am happy to say I am now a well man, and entirely as the result of Warner's Safe Kidney and Liver Cure. With such glorious results I am only too glad to testify regarding the remedy which has made me so happy.

(Rev.) P. F. HARKLEE.  
Coal Run Crossing, Arkansas. s w & w

### A Penny Saved is Twopence Earned

A little SOZODONT, used right along every day, costs but little trouble and is pleasant always. It saves years of suffering from diseased gums and teeth in later days. Its use is economical of time and comfort. Use SOZODONT. eod sw&w

I have suffered from a kidney difficulty for the past ten years, accompanied with nervous spasms. Physicians gave me but temporary relief, but after using three and one-half bottles of Warner's Safe Kidney and Liver Cure, my nervous spasms were entirely relieved. My age is 77 years. I recommend this great remedy to all suffering from nervous troubles.

MRS. MARY REESE.  
Easton, Pa. sw&w

### A Mother's Grief.

The pride of a Mother, the life and joy of a home, are her children, hence her grief when sickness enters and takes them away. Take warning then, that you are running a terrible risk, if they have a Cough, Croup or Whooping Cough, which lead to Consumption, if you do not attend to it at once. SHILOH'S CONSUMPTIVE CURE is guaranteed to cure them. Price 10 cents, 50cents and \$1.00. For lame Back, Side or Chest, use Shiloh's Porous Plaster. Price 25 cents. Sold by Z. C. M. I. Drug Department, wholesale and retail, Salt Lake City, Utah. 2 dsw

THOSE NUISANCES, rheumatism and the gout, are relieved by Glenn's Sulphur Soap. Hill's Hair and Whisker Dye, Black or Brown, 50c. deod & w

**DURNO'S CATARRH SNUFF** cures Catarrh and all affections of the mucous membrane. (1)

### "Don't Give Up the Ship."

When these words were spoken by our lamented Lawrence, it must have been a solemn time for those on board, and probably not a dry eye among them, seeing their commander mortally wounded, and still giving orders like the above; but not more solemn than when the family physician informs you that one of your family has an affection of the lungs, which, if neglected, will eventually terminate in consumption. But, reader, don't be frightened or "give up the ship," for Dr. Hale, a physician of Europe, discovered a remedy for Coughs, Colds, Hoarseness, Difficult Breathing, and all affections of the throat, bronchial tubes and lungs leading to consumption, and C. N. Crittenton, one of our leading medicine dealers, of No. 7 Sixth Avenue, New York, believing the market required an article which was certain, safe, and sure to do the work, and yet within the reach of all as regards price, etc., has purchased the original receipt from Dr. Hale, and we understand is selling very large quantities of the same, and as far as we hear, it gives entire satisfaction. It is sold by all druggists in New York, Brooklyn, Jersey City, Newark, N. J., Hoboken, and in fact, all through the country, at 50 cents and \$1. Great saving by purchasing the large size. Depot, Crittenton's, 7 Sixth Avenue, New York City.

Pike's Toothache Drops cure in one minute. deod & w

**DR. MOTT'S LIVER PILLS** are the best Cathartic Regulators. (1)

## ESTRAY NOTICE.

I HAVE IN MY POSSESSION:

One brindle COW, about 8 years old, white belly and tail, upper part of face white, points of horns sawn off, branded Y on left shoulder and an illegible letter before moon on left horn.

If not claimed and taken away within ten days from date hereof, said animal will be sold at the district pound at Bountiful, Davis Co., on Monday Dec. 13, 1880, at 2 p.m.

THOMAS F. FISHER,  
District Poundkeeper.  
Bountiful, Davis Co., Dec. 3, 1880.

## ESTRAY NOTICE.

I HAVE IN MY POSSESSION:

A light red HEIFER, about three years old, with small bit in left ear; no other marks or brands visible.

Which if not claimed within ten days, will be sold by public auction to the highest bidder, on Monday, December 13, 1880, at 10 o'clock a.m., at the District Estray Pound in this city.

JOSEPH HORNE,  
District Poundkeeper.  
S. L. City, Dec. 4th, 1880. dsw

## PIANOS.

It has been our ambition for 20 years to make a thoroughly

## FIRST CLASS

Instrument in every respect, that could not be excelled by any Maker in the World. That we have succeeded is evidenced by thousands of the highest testimonials given by leading teachers, and others who have had our Pianos in constant use from 10 to 20 years.

These magnificent instruments are in use in many thousands of families, and a large number of Public Schools and Conservatories of Music throughout the United States, Canada, Cuba, Europe, South America and India. The materials and workmanship of our Pianos cost as much as those in the highest priced Pianos made, but the rigid economy in the management of our business enables us to sell through our General Agents at prices very much lower than is obtained for Pianos of equal quality. For further information inquire of our General Agent, David O. Calder, Salt Lake City, who keeps a stock of our Uprights and Squares.
