

UTAH AND IDAHO WATER USERS ASSN.

Articles of Incorporation of the Big Irrigation Project to Be Filed.

HEADQUARTERS TO BE HERE.

Principal Place of Business Will be Permanently Located in Salt Lake City.

Articles of Incorporation of the Utah and Idaho Water Users' association are being printed, in accordance with the views expressed by prominent interested parties at the recent meetings held in this city, with the state engineer and Attorney F. S. Richards, and will be ready for filing early in the week. The principal place of business is in this city, and the territory involved in the proposed scheme extends from the Bear River country down through Utah county. The purpose of the business of the association as given are, To provide for, distribute, and furnish to the lands of the shareholders of the association an adequate supply of water for irrigation; to divert, store, develop, pump, carry and distribute water for irrigation and all other beneficial uses, deriving the same from all available sources of supply; to construct, purchase, lease, condemn, or acquire, own, use, control, maintain, and operate any irrigation works, structures, telephone systems, electric or other power plants, and property, both real and personal of every kind, necessary for the accomplishment of any of the purposes of the association.

The amount of water to be delivered to each owner shall be that proportionate part of all the water available for distribution by the association during any irrigation season, as the number of shares owned by him shall bear to the whole number of valid and subsisting shares then outstanding, such water to be delivered to and upon said lands at such times during such season as he may direct. If it should be determined by the United States that the amount of water available from the entire irrigated system as owned or controlled by it and by the association shall be insufficient to properly irrigate one acre of land for each share of the capital stock, or if any of the land shall be so situated as to be impracticable of irrigation, then the number of shares shall be so reduced as not to exceed the number of acres determined by the United States as irrigable, from the entire available supply of water and the practicability of its application. The association is to have 23 directors, with the usual officers, to be elected biennially after the first election in 1905.

A board of water commissioners to consist of three members shall be appointed annually for each canal division by the board of directors. Such appointments shall be made in each January and no one shall be eligible for such office, unless he be a resident within the canal division for which he may be appointed, and a qualified elector.

The corporate indebtedness shall not exceed two-thirds of the capital stock, and the corporate existence is 100 years.

The seal of the association is a figure of two concentric circles, the outer being 2 inches and the inner 1 1/2 inches in diameter. In the space between the two are the words, "Utah and Idaho Water Users' Association," and bearing within the center space an unrolled scroll with the words and figures thereon, "Incorporated, 1904."

RECEIVED BY PRESIDENT.

E. O. Howard Returns From Extended Trip in the East.

Assistant Cashier E. O. Howard of Walker's bank, and wife returned last evening from a five weeks' absence in the east, in which time they visited Chicago, New York and Washington. At the national capital Mr. and Mrs. Howard were received by President Roosevelt at the executive mansion, where his excellency expressed himself as greatly pleased to meet Utah people. He inquired after the general political situation in this state and its bearings on the national ticket, and inquired particularly after Gov. Wells for whom he expressed a decided preference. Mr. Howard noted an absence of buttons, banners, parades and other features of a presidential campaign that in the past have been made so much of, and said that no one would know from general appearances that a presidential election was imminent. The great bulk of sentiment seemed to be that Roosevelt had a sure thing.

TYPHOID INCREASING.

Nine Cases Reported to Board of Health During the Week.

The report of the city board of health for the week ending Oct. 15, shows 40 deaths of which 22 were males and 18 were females. Deaths for the same period were 19, of which 7 were males and 12 females. Typhoid fever leads the list for the largest number of contagious diseases reported, numbering 9. Smallpox has arrived, 1 case being reported during the week. Both cases are in the Fourth precinct, one case of diphtheria and 1 of chickenpox were also reported. No scarlet fever was reported, and 1 case remaining from last week leaves 1 in quarantine at the close of this report.

WINTER WEATHER COMING.

Snow or Rain. Probably Both, Headed This Way.

There is a marked change in the weather. The past few days of "California" weather have proved "a weather breeder," and in accordance with the predictions of the local weather office a cold storm area is upon this part of the country. The weather officials predict snow or rain for both tonight and tomorrow, with a temperature dropping to the freezing point, and wintry climate may be expected for several days. The rests of the Wasatch mountains are already pretty well laden with snow and with the coming new de-

DEATH BY EXPLOSION.

Seven Miners Badly Injured in Rock Springs Coal Mine.

(Special to the "News.") Cheyenne, Wyo., Oct. 15.—A terrible explosion occurred in mine No. 8 of the Union Pacific Coal company at Rock Springs, shortly after the noon hour today. Seven miners were cut, bruised and burned and they were taken to the Wyoming hospital here.

The explosion was caused by a miner carrying a can of 50 pounds of powder and coming in contact with a live wire. The miners are Italians, and all were knocked down and stunned. The explosion did not wreck the workings, but it caused intense excitement, and there was a rush of workmen to the man holes and hoisting shaft. The scene of the explosion was about one and one half miles underground.

FIRE CHIEF "RIFLED."

Assistant Charles E. Wood Presented With a Gun and \$50.

Another pleasant surprise was in store for Assistant Chief Charles E. Wood of the Salt Lake Fire department this afternoon.

On Wednesday night last, he was presented with a handsome gold-headed umbrella from the boys at No. 4 station, of which Mr. Wood was the first captain.

But this afternoon "the boys" of the entire department met at headquarters, and presented the retiring assistant chief with a fine model rifle and \$50 in cash.

The men were "lined up" at headquarters and Chief W. H. Bywater made the presentation speech, congratulating the retiring officer upon his long and faithful service to the department and on behalf of the entire department wished Mr. Wood success in his new venture. Chief Bywater also gave Mr. Wood a letter, explaining the presentation.

Mr. Wood made a feeling reply to Chief Bywater's speech. He thanked the men for their expression of good will and appreciation. On the rifle the following inscription appears: "Presented to Assistant Chief C. E. Wood by the Members of the Salt Lake City Fire Department, Oct. 15, 1904."

Ringed Noises

In the ears (how disagreeable they are!) become chronic and cause much uneasiness, and even temporary distraction.

They are signs of catarrh; other signs are droppings in the throat, nasal sounds of the voice, impaired taste, smell and hearing.

Catarrh is a constitutional disease, originating in impure blood, and requires a constitutional remedy.

"I suffered from catarrh in the head and loss of appetite and sleep. My blood was thin and I felt bad all over most of the time. I decided to try Hood's Sarsaparilla and now have no symptoms of catarrh, have a good appetite, and sleep well. I heartily recommend Hood's Sarsaparilla to all my friends." R. Lono, California Junction, Iowa.

"I was troubled with catarrh for over twenty years and tried various remedies without finding a cure. Seeing statements of cures by Hood's Sarsaparilla I resolved to try it and four bottles entirely cured me. I have never been troubled with catarrh since, and, at the age of 74 years, am enjoying excellent health." WILLIAM SHREMAN, 1030 6th St., Milwaukee, Wis.

Hood's Sarsaparilla

Cures catarrh of the nose, throat, bowels, etc., removes all its effects, and builds up the whole system.

THREE GO TO REFORM SCHOOL.

Five Juvenile Prisoners Were Tried Before Judge Lewis This Morning.

IT WAS INCORRIGIBLE DAY.

Two Young Sandy Girls, Aged 15 and 16 Respectively, Were Among The Committed.

This was incorrigible day in the criminal division of the district court. Five juvenile prisoners, ranging in ages from 10 to 16 years, were tried before Judge Lewis, and three of them were committed to the state industrial school at Ogden. The other two were allowed to go on their own recognizance, and action in their cases was postponed until Dec. 3 in order to give them another chance to behave themselves.

Leroy Burt, aged 10 years, was the youngest one before the court. He was charged with running away from home and with truancy. His mother and the police officers testified that he had run away on several occasions. Once he went to Ogden, once to Park City and another time he went to Soldiers' Summit. His mother said that she could not control him and that he would not go to school. The boy admitted the truthfulness of all the testimony against him and had nothing to say in his own behalf. He was ordered committed.

Hannah McMan, aged 16, and her sister, Stella, aged 15, were charged with running around at nights with soldiers and visiting saloons, rooming house and house of ill-fame. They admitted their guilt and both said that they wanted to go to the reform school. They were accordingly committed to the industrial school. The girls came from Sandy, where their mother resides. Upon leaving the courtroom in the custody of a deputy sheriff they both said that they would be worse when they came back than the school than they are now.

Herbert Larson, aged 13 years, was charged with stealing some articles from Callaway, Hook & Francis' store on Labor day. He admitted stealing the goods, but said that they had been returned. Since that date he has been staying with his father and has been behaving himself. Upon the request of Assistant County Attorney Dana T. Smith, who prosecuted all the cases, Judge Lewis postponed the case until Dec. 3, and allowed the boy to go on his good behavior until that date.

The slate for the roof of St. Mary's cathedral has been ordered from California, and the contract for the copper will be let this coming week. Contractor Dryer has begun work on the roofing, and the rear gable ends of the great building are being finished.

State Superintendent Nelson received word today that three teachers were wanted in the Kane county schools, and one in Davis county. Applicants for those positions can receive information concerning the same by applying to the county superintendent of schools of each county.

A decree in favor of plaintiff in the case of Georgiana P. Degenhart against Mary J. Stritchman et al., has been rendered by Judge Rait. By the decree plaintiff is awarded the possession of the premises occupied by defendants and judgment for 148 per month as rental for the same from April 1 to date.

State Senator W. N. Williams, who is a member of the Transmississippi congress, and who has been named as a delegate by Gov. Wells, leaves for St. Louis this evening, accompanied by his wife and daughter Sarah. Senator Williams will spend a couple of weeks visiting the exposition, and will also attend the session of the congress, while away from home.

Mary A. McElroy filed suit for divorce in the district court today against David J. McElroy on the grounds of desertion and failure to support. The parties were married in this city on Jan. 1, 1888, and have three minor children, the custody of which plaintiff asks. It is alleged that defendant deserted his wife and children on Aug. 7, 1904, and has failed to provide for them for more than 60 days past.

The Salt Lake Stake Board of Sunday schools will hold its body the Ogden Sunday schools tomorrow. The Weber stake union will also be

attended by them in the afternoon.

Attorney-General Breeden has returned from a business trip to Carbon county which, he says, will vote largely for the Republican ticket. The striking element has dwindled away almost to the disappearing point, so that the judge is inclined to believe that if the remainder desire to return to work in the mines as individuals, the coal company will be willing to take them back.

Arguments are being heard today before Judge Hall on the motion to set out and demur to the complaint in the injunction suit brought by T. W. Jennings and other property owners on First street against Salt Lake City, Treasurer Fisher Harris and Contractor P. J. Moran, to restrain them from proceeding with the collection of the special tax for the paving of that street, and also from doing any work on the same. The street has been paved since the suit was filed, but the matter is still pending on account of such work.

COURT NOTES.

THOSE MAIL BAGS.

Wynne and Hay Have a Conference Over Their Opening.

Washington, Oct. 15.—Postmaster-General Wynne today had a brief conference with Secy. Hay, regarding the opening of the mail bags for the United States cruiser Cincinnati by Russian officials. The brief report on the subject which has just reached the post-office will be included with the other papers relating to the seizure of American mails on the British steamer Calcha, for representations to the Russian government on the general subject.

S. A. Drake's Stable Sold.

New York, Oct. 15.—The entire racing stable of John A. Drake was sold at Morris Park today. Ort Wells, full brother to Dick Wells, the holder of the purse, was the purchaser. He bought W. H. Shetler for \$15,000, after some spirited bidding. Jocond went to John Hynes for \$3,100. Rapid Water sold for \$3,000, M. L. Hayman being the buyer. Green B. Morris paid \$4,000 for High Chancellor.

O'Brien Congratulated.

Lawrenceburg, Ind., Oct. 15.—The meeting here was held at the Fair grounds. State Chairman O'Brien was congratulated upon the size of the crowd. The speech followed the same lines as previous addresses.

A short stop was made at Harrison, Ohio, where a good crowd was awaiting the train.

Parker to Make an Address.

Esopus, N. Y., Oct. 15.—Judge Parker has decided to deliver an address of some importance here today on the occasion of the visit of two delegations, one from the Avon Beach club of Long Island and the other, including about 100 independent voters from New York city, New Jersey and other nearby points.

It had been intended to receive the independent contingent a week from today and no speech to the Avon club members was contemplated. However, Judge Parker decided to combine the visit of these two delegations, and to deliver an address.

Morocco Terminates Treaties.

Tangiers, Morocco, Oct. 15.—The government has notified all the legations that commencing Nov. 1, all port to port trade in wheat, barley, and food-stuffs will be stopped. Such short notice of the terminal of the special treaties regarding port to port trading

will involve heavy losses to merchants, and will also cause a famine among the tribes from Tangier to Fez, an account of the failure of the crops. The officials and Europeans are of the opinion that an insurrection is impending. It is rumored that Raisuli, the bandit chief, who kidnapped Messrs. Perdicaris and Varley in May last, is again active and that he had been joined by other noted chiefs. The Europeans outside of Tangier have been provided with guards.

Ex-Gov. Cornell Dead.

Ithaca, N. Y., Oct. 15.—Former Gov. Alonzo B. Cornell, aged 72 years, died today of Bright's disease. Gov. Cornell was a son of Ezra Cornell, the founder of Cornell university.

Thurston on Parker.

New York, Oct. 15.—Former United States Senator Thurston of Nebraska addressed a large crowd in this city today, saying in part:

"When Judge Parker says that the gold standard has been fixed, what a noble tribute that is to the glory, the honor and the statesmanship of the Republican party."

He closed with a tribute to President Roosevelt by saying:

"The Democrats say he'll bring trouble upon us. No citizen need fear trouble with any power as long as he is president. Theodore Roosevelt in the White House means peace. Theodore Roosevelt in the White House means continued prosperity."

WOULDN'T WASTE HIS OWN TIME.

Charles M. Schwab, on the day he sailed for Europe on the Kronprinz Wilhelm, said that he believed America offered to workmen more opportunities than any other country.

"The workman, though," he added, "must be of the right kind. He must not be like the Greek I heard of recently."

"This chap, having come to America, secured a good laboring job at \$11 a week. But he did not get on well. He was continually afraid of doing more than he was paid for."

"They say that a gentleman, passing one day the new building the Greek was at work on, saw him lying on his stomach on the sidewalk. His face was pale, a succession of loud groans arose from him."

"What is the matter with that fellow?" the gentleman said.

"An Irishman replied that he was sick."

"Well," said the gentleman, "if he is sick why doesn't he go to the hospital and get some relief?"

"The Irishman laughed scornfully. 'Do you think he'd go to the hospital in his dinner hour?' he said."

A MATCHMAKER.

Joaquin Miller, the poet, has a collection of original documents that shed a light on many odd phases of early western life.

Among these documents is a letter that a New England youth wrote in 1869 from Oregon to his father. The letter treats at great length of the scarcity of women in the west, and of the general desire to marry that prevailed among the westerners of that day. It has for postscript:

"Say, pap, it might be a good idea to get the girls some new teeth and send them out here."

FORCED REMOVAL

OR

YOUNG BROS. COMPANY.

Must Vacate the Premises Now Occupied at

38 MAIN ST.

Will Remove to 23 West First South Street, a Few Doors West of Utah National Bank.

Some time ago an effort was made to oust Young Bros. from the premises where they have done business for so many years, but the landlord was unsuccessful at that time.

The lease having expired, they are now going to remove to the address above given, and realizing that a move is about as bad as a fire, they have decided to take away from the selling price of their stock an amount that will assure the early removal of all or at least the greater portion of it.

The stock is new and fresh throughout, the company not anticipating a removal, had, of course, made recent purchases, but notwithstanding this, the prices will be cut to a ridiculous figure.

"We must lose money," said Mr. Young, "and we may just as well lose it first as last." So we will let our friends, the public, receive the benefit.

Some idea of the excellent value that will be offered can be gained from the following:

A fine line of new drop-head sewing machines, worth from \$45.00 to \$50.00, go at \$15.00 and up.

Entire stock of the famous "Angelus" Piano Player at less than factory cost.

A complete line of fine music boxes, worth from \$40.00 to \$110.00, will be sold at from \$20.00 to \$60.00.

Perhaps the greatest reductions are made on pianos, of which they have a fine stock, worth from \$200 to \$600. These will be sold, the \$250.00 kind for \$150.00, and others at the same proportion.

The variety of organs carried are so numerous that the prices are almost out of question, but reductions are the same great ones as on the rest of the stock.

100 violins will be sold at from \$2.00 up, whose value is from \$5 to \$75.00, and over 200 mandolins and guitars at less than cost.

The latest and best in sheet music, most of it worth up to 60c apiece, will be sold for 10c each. No reserve.

Everything in the entire stock is offered and nothing is withheld from the sale.

Coming as it does so near to the holidays, this sale offers the best opportunity to holiday purchasers ever given, to purchase an instrument at such prices and store it till Xmas.

Undoubtedly the people will make the Young Bros. store a busy place for the next few days.

A convenient size smaller than our regular range, and a good substitute in quality, finish and durability.
