

## SPECIAL BUSINESS NOTICES.

WANTED.—Six wood choppers. Apply immediately at  
TAYLOR & CUTLER'S.

HUMAN HAIR.—Just opened, the largest stock of combs, brushes, French ornaments for the hair and imitation hair, ever seen in this city. Call and see them at the Standard Hair store.

W. M. IRVINE, Proprietor.

SPRING FASHIONS.—An elegant assortment of Ladies' Pattern Hats, Bonnets, Flowers, Ribbons, Feathers, Ornaments and Trimmings, will arrive in a few days at Mrs. Colburn's, Temple of Fashion.

888

SELLING OFF AT COST the entire stock of Dry Goods at Schwartz store, East Temple Street, on account of removing into the new store lately occupied by Mr. Wallace, confectioner.

887

TO RENT.—The premises, No. 90 East Temple Street, suitable and fitted up for a bank. Enquire in the basement of

DANIEL GREENG.

THE Cheapest Place to buy Wall Paper is at Rivers & Co's, one door south of Walker House.

HANDSOME Window Cornices just arrived at Rivers & Co., one door south of Walker House.

882

CHAMBER'S ENCYCLOPEDIA.—Messrs. J. B. Lippincott & Co., of Philadelphia, announce that, by a recent purchase, they have become the sole proprietors of the American Revised Edition of "Chamber's Encyclopedia," and are thereby enabled to offer the work at much lower rates than hitherto.

In the course of its recent thorough revision, the American edition was edited with the special view of supplying the wants of American readers. It also possesses a special attraction in containing a series of over seventy-five full-page engravings not contained in any other edition.

850

IF YOUR Watches or Clocks are out of repair, bring them to H. Reiser, Watchmaker, opposite the Herald Office. He warrants his work.

880

HANDSOME stock of Wall Paper just arrived at L. W. Rivers & Co., one door south of Walker House.

884

CHEAP BUILDING SPOT for sale, 20th Ward. Apply at this Office.

884

CAUTION NOT NECESSARY.—Although it requires but two spoonfuls of Dr. Price's Cream Baking Powder to produce better bread, biscuits, cakes, &c., than three spoonfuls of any other, it is not necessary to caution the public, as do makers of the rank, common kinds, to use no more for fear of exposure and injury. The purity of Dr. Price's powder admits of twice the quantity or more being used with perfect safety, and without detriment to the articles prepared.

Households where true economy is studied will use Dr. Price's Cream Baking Powder and also his True Extracts, Lemon, Vanilla, &c., for they are truly excellent, pure, and unadulterated. Baking Powder sold in bulk for Dr. Price's is an imposition, as Dr. Price's is only sold in cans.

880

UNIVERSITY LIBRARY and READING ROOM, University Building. FREE.

Open every evening from 6 till 10.

830

BEST live Geese Feathers at 80 cents a pound, and all kinds of Fancy Brackets very cheap at Dinwiddie's.

880

"ILL RISK IT."—"That cough will kill you, if you neglect it," said a New York merchant to one of his partners about nine weeks ago. "TRY HALE'S HONEY OF HOREHOUND AND IAR," he added, "it has cured my wife of just such a cough as you have and I believe it would cure you." "Nonsense, my dear fellow," was the reply, "mine's not a croupy cough. It will go away of itself. I'll risk it." He did "risk it," and is at present apparently in the last stage of Chronic Bronchitis. He is now taking the remedy he scorned at, and it is relieving him; but it remains to be seen whether it is not too late to effect a cure.

880

PIKE'S TOOTH-ACHE DROPS.—Cure in one minute.

880

IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kanawha Line and Pan Handle Roads, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information, with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb.

880

or to W. H. Stennett, General Passenger Agent, Chicago.

884

Pimples, Eruptions, Itch, &c. The system being put under the influence of Dr. Price's Cream Baking Powder for a few weeks, the skin becomes smooth, clear, soft, and velvety, and is beautified with the glow of perfect health from within, true beauty stands forth in all its glory. The effects of all medicines which operate upon the system, through the medium of the blood, are necessarily somewhat slow, no matter how good the remedy employed. While only three bottles clear the skin of pimples, blotches, eruptions, yellow spots, comedones, or "grubs," a dozen may possibly be required to cure some cases where the system is covered with eruptions of a violent blood poison. The cure of all these diseases, however, from the common pimples to the worst scrofula, is, with the use of this most potent agent, only a matter of time. Sold by dealers in medicines.

880

COVERED WITH ERUPTIONS. CURED. CLAYBROOK, Columbia Co., N. Y.

DR. R. V. PIERCE'S Cream Baking Powder, Buffalo, N. Y.

Dear Sir—I am sixty years of age, and have been afflicted with Salt Rheum in the worst form for a great many years, until accidentally I saw one of your books, which described my case exactly. I bought your Golden Medical Discovery and took two bottles and a half, and was entirely cured. From my shoulders to my hands I was entirely covered with eruptions, also on my face and body. I was likewise afflicted with Rheumatism, so that I walked with great difficulty, and that in entirely cured. May God spare you a long life, and bestow blessing to mankind! With untold gratitude

MRS. A. W. WILLIAMS.

PRICE OF GOLD.

Corrected daily by Deseret National Bank. SALT LAKE CITY, March 16, 1878. Buying at \$1.13; selling at \$1.15.

## EVENING NEWS.

March 15, 1878.

Local and Other Matters.

Thermometer 45 degrees F. in the shade at 1 p.m. today. Some clouds.

St. Patrick's Day.—To-morrow will be St. Patrick's Day, "in the morning."

U. P. Express Late.—A telegram from Green River, received this morning, says that the Union Pacific express is three hours late at that point today.

Cold Weather.—Of late the weather in Utah County and other places south of here has been as cold as at any time during the Winter.

Daily Mail.—A daily mail has been running for some time from Salt Creek to Sevier County, through Sanpete; formerly it ran tri-weekly.

The Ricks Trial.—The trial of Col. Thomas E. Ricks, indicted for the murder of "Dave" Skene, is set to commence to-morrow morning.

No Verdict Yet.—So far as we could learn, up to this afternoon, the jury in the case of Kate Flint vs. Jeter Clinton et al. had not agreed upon a verdict, and had not even "agreed to disagree."

"Characteristics of Youth."—To-morrow night, Professor Karl G. Maerz will deliver his highly interesting lecture on the characteristics of the youth of various nations, before the Young Men's Institute of the Second Ward, in the Ward meeting house. The lecture will commence at 8 o'clock. The public are invited free.

An Invasion.—It appears as if Winter is making an invasion on Spring and taking the prerogatives of the latter by storm, in revenge for the incroachments upon her of the forces of Autumn. Snowing during all last night again, leaving about a foot on the ground this morning, and more coming.

That Water Question.—To-morrow night, in the 20th Ward meeting house, a public meeting will be held for the purpose of further considering what measures are necessary to obtain a permanent supply of water, for all purposes, for the people living north of the city wall. All parties interested in this matter are respectfully requested to attend. The meeting will commence at 8 o'clock.

Lecture.—On Thursday evening Dr. William Russell will deliver an introductory lecture to a series of others on "Astronomy and Parallax," at the 10th Ward School-house. In this first one he will treat upon the theory of the earth's formation, the distance of the sun from the earth, and will endeavor to show that the moon does not borrow her light from the sun, etc. The lecture will probably be somewhat novel in this part of the country. It will be delivered under the auspices of the Tenth Ward Young Men's Institute.

"Real Estate and Mining Gazette."—We have received No. 2 of the above named paper, published monthly at the Mining Record office of Lapham, Root & Co., in this city. It contains a very valuable editorial on interesting current topics, correspondence from some of the principal mining camps in the Territory, and a large amount of information valuable to parties desirous of investing in real estate, or mines. The Gazette has a very neat appearance, is circulated gratuitously, and promises to become useful to and popular among the mining and other business men of the Territory.

Fruit-Bugs.—The following, extracted from an article in the Deseret, may be of some interest to orchardists and others, as indicating how fruit could be preserved from the ravages of insects by the importation of birds to this part of the country.

"There is no season of the year

when the robin does not prevent more mischief than he accomplishes."

"He is an enormous eater and for the most part he prefers insect diet. No one who has not taken pains to observe or estimate can form any conception of the insects devoured by him, and he is a voracious March and August—that is, during the whole nesting period. One robin eats, in a single season, what if built into a single form would be more than a whole man's diet; cherries, strawberries and grapes for a while suffer from his depredations."

"Yet, if there were no birds these very things would suffer far more. Insects are more to be dreaded than they are credited with being. They work secretly, they swarm in such numbers as to defy man's power. But birds keep them down. They destroy myriads of insects, grubs, of tender worms and of fruit-loving insects. To destroy birds for the sake of saving fruit is like throwing down the fence about one's garden to keep the pigs out."

Another Snowdrift Reported.—It was reported on the street to-day that there had been another large snowdrift in Little Cottonwood Canyon. We were unable to gain particular up to the time of going to press, this afternoon.

New Firm—Removal.—The Colebrook millinery establishment will remove in a few days to the store next door north of the present stand, and we understand Messrs. James T. Little & Co. will open, in the premises thus vacated, in this china and queensware line.

Concert.—There was a concert in the Sixth Ward School-house last night, for the benefit of the School-house fund, the proceeds to be used in purchasing suitable benches, &c. The audience was large, and the entertainment gave satisfaction. The performers were mostly young people.

Runaway.—To-day the team attached to the California Brewery delivery wagon ran away, and dashed along First South Street, in the direction of the railroad depot. In crossing the track it barely missed being run into by a Utah Southern train, and on the west side of the line the wagon struck a shade tree, breaking the rear pole and bringing the runaway to a standstill.

Toole.—We understand that the Tooleans are anxious to have the Utah Western R. R. go near their city, and are willing to give the right of way through the same, and ground for a depot. Thursday evening, March 14, at 7 p.m., a meeting of the citizens of Toolele is to be held in the meeting-house, to take further expression of the feelings of the citizens in regard to this subject. The Board of Directors of the R. R. are invited to attend and make such suggestions as they may choose.

Mormonism in Devonport.—The Devonport (England) Independent of Feb. 20 says:

"On Sunday evening last Mr. Edward Hanham, a missionary from Utah, the City of the Salt Lake, delivered the second of a series of discourses entitled 'The Kingdom of God.' at Haydon's large room, Fore-Street, Devonport. The service was announced to commence at half-past six o'clock, at which time the room was filled. Mr. Hanham, who is apparently about 40 years of age, bears the impress of Americanism in his person more than he does in his dialect. He wears the conventional beard from the bottom of the chin, the other part of his face being shaven. His hair is worn long, brushed with studied care behind his ears, and his appearance as a whole excited general curiosity. But Mr. Hanham is a deep and earnest thinker, and he spoke for nearly an hour and a half with remarkable fluency and precision."

Gained Fruits.—The following is extracted from the St. Joseph Standard, and will apply to Utah as well as Missouri, Kansas, Nebraska, or anywhere else—

"We intend to speak of fruit canning as an industry that can be introduced profitably in this section. And why not? Missouri, Kansas and Nebraska are essentially fruit-growing States. Tomatoes can be grown here as anywhere else. Peach trees produce abundantly the Yellow Perfection variety of all kinds grow in our fields as they grow in the gardens at the East. Then why eat Baltimore canned fruits in Kansas? The freight on Eastern goods is so heavy, besides the same fruits can be grown here cheaper than in Maryland. Why tax unnecessarily the industry of this section to make a great city of Philadelphia? Why not seek to make ourselves self-sustaining and independent by giving encouragement to home production? We want money, and we can secure it here as the people secure it elsewhere, by the development of our resources, economy and attention to manufactures and every producing interest. Productive industry is the source of all wealth."
