

## REPORT ON CZOLGOSZ'S CASE

Embodies Result of Investigation  
By Eminent Doctors.

HAD THE ANARCHY DISEASE

"Socially Diseased and Perverted, but  
Not Mentally Diseased," is the  
Verdict of Science.

New York, Jan. 4.—An exhaustive report on the trial, execution, autopsy and mental status of Czolgosz, the assassin of President McKinley, is given in the New York Medical Journal. The report embodies the result of much careful investigation by Dr. Carlos McDonald and Edward A. Spitzka of this city. The question which these investigators set themselves to answer was: "When Czolgosz shot the President, did he know the nature and quality of the act he was doing and that the act was wrong?"

This was from the legal standpoint. From the standpoint of medical science, the question that framed itself was: "Was Czolgosz at the time he committed the act a victim of mental disease or mental unsoundness?" The reply to these questions, which embodies the entire history of the case from the trial of the criminal to his execution and the disposal of his remains, takes up nearly twelve pages in the New York Medical Journal, and is divided of all technicalities is to the effect that Czolgosz was sane and responsible under the law and punishable for the offense, although everything in his history, according to the medical experts, pointed to the existence in him of the social disease, anarchy, of which he was a victim. His refusal to reply to questions at the trial is regarded as having been in line with his role, expressed in the theatrical declaration: "I am an anarchist and have done my duty." Dr. McDonald says:

"The anarchist creed teaches that when one of their number is selected to do a certain deed by the law and that he shall go to his death without revealing his connection with others, secure in the belief that he will be ever regarded by his associates as a martyr and a hero who died in the discharge of a noble duty."

"The course and conduct of Czolgosz from the beginning down to his death are entirely in keeping with his creed. And finally, the cool and courageous manner in which he met his death and the fact that from the day of his arrest until he died, he never uttered a word that could be used against his accomplices, if he had any, and that he died, as an anarchist who suffers the death penalty always dies, without uttering a word that would tend to incriminate any of his co-conspirators, tend to stamp him as an anarchist."

Dr. McDonald concluded his report with the declaration that Czolgosz, when he assassinated President McKinley, was in all respects sane—both legally and medically—and fully responsible for his act.

Dr. Spitzka, who made the autopsy, concludes his report as follows: "There has been found absolutely nothing in the viscera that could have been at the bottom of any mental derangement. Taking it all in all, the verdict must be, 'socially diseased and perverted, but not mentally diseased.' The most horrible violation of human law cannot always be condoned by the plea of insanity. The wild beast slumbers in us all. It is not always revealing in the way of insanity to cause its awakening."

To Beat the Deutschland's Record.

New York, Jan. 4.—According to the officers of the Kron Prinz Wilhelm, the new fast steamer of the North German Lloyd line, which sails today for Plymouth, Cherbourg and Bremen, an effort will be made to beat on this voyage her fast performance in the way of speed. So far she has beaten every trans-Atlantic record in either direction except those of the Deutschland and she will probably try for those on this trip. The vessel is running on the short route.

Some baking powder makers claim their powders are cheaper. They can be cheaper only if made from cheaper materials. To cheapen the cost of an article of food at the expense of its healthfulness, as is done in slum baking powder, is a crime.

wheel about the pilot house is turned and instantly hydraulic pressure closes twenty water tight bulk head doors in the lower part of the ship and making sixteen watertight compartments. The fact that all the doors are closed is instantly shown on an electric dial, on which the numbers of the doors and their location are printed. The sixteen water tight rooms are more than enough to float the vessel in case any part of her hull is punctured. The experiments show that not more than two minutes is required to render the Kron Prinz Wilhelm unsinkable.

## CHANGES FOR ATHLETIC UNIONS

List of Proposed Amendments Submitted to Metropolitan Ass'n.

EACH CLUB REPRESENTED.

Change Will Go Into Effect February 3rd, When All Votes Will Be In.

New York, Jan. 4.—John J. Dixon, secretary of the Metropolitan association of amateur athletic unions, has sent to the clubs in the association list of the amendments to the constitution which were submitted at the annual meeting of the amateur athletic union and favorably granted subject to the final action of the local associations themselves. Some of these amendments were caused by the action of the dissatisfied clubs, which requested the changes from the Metropolitan association. Most prominent was the request for individual representation from each club in the local association upon the board of managers. If the necessary vote is obtained in favor of the amendments the clubs will go into effect Feb. 3, when all the votes are expected to be in.

#### BASEBALL TANGLE.

Spalding vs. Freedman—First Round In Court Today.

New York, Jan. 3.—There will be action in court next Monday in the case of Andrew Freedman and others against A. G. Spalding and others, known on the records as the suit of the Boston Baseball Exhibition company et al. On that day a motion to compel the plaintiffs to furnish security for costs of action upon the grounds that they are all foreign corporations coming into the jurisdiction of the court and beginning suit will be argued in the supreme court. There is possibility that one of the skeins of the National league tangle may be unraveled when this motion comes up for argument.

#### RIDERS STILL GRINDING.

Utah Bicyclists Are With the Leaders—1,000-7 Miles.

Boston, Mass., Jan. 3.—The riders in the six-day bicycle race at Park Square Garden merely kept up the monotonous grind today and there were no changes in the position of the teams during the day. Score at end of fifth hour:

Freeman and Munro, McLean and Butler, McFarland and Maya, Gouglitz and Elmar, Leander and Rutz, King and Samuelson, 1,000-7; Fisher and Chevalier, 1,000-5; Krebs and Keegan, 1,000-4; Miller and Jack, 1,000.

#### THE OAKLAND RACES.

Honors Between Favorites and Outsiders About Evenly Divided.

San Francisco, Jan. 3.—Favorites and outsiders divided the honors at Oakland today. The surprise of the afternoon was the victory of Grand Sachem, a 20-to-1 shot, in the seven furlong event. In the San Pedro handicap, Princess Titania did not display her usual speed, probably owing to the cuppy track. Byron Rose led all the way, winning easily by Matt Hogan and the first choice, Results:

One mile and seventy yards—Ed Milde won, Lost Girl second, Helen Smith third. Time, 1:47.

Six furlongs, selling—Saul of Tarsus won, Ned Dennis second, Bard Burns third. Time, 1:34.

Four furlongs, selling—Huachuca won, Lehtar second, Dr. Scharr third. Time, 1:14.

Six furlongs, San Pedro handicap—Byron Rose won, Matt Hogan second, Princess Titania third. Time, 1:34.

Seven furlongs, selling—Grand Sachem won, Katie Walcott second, King Dellis third. Time, 1:27.

#### GOOD RATES GRANTED.

Northern Pacific Road Does Not Kill Baseball League.

St. Paul, Minn., Jan. 3.—President W. K. Lucas of the Pacific Northwest Baseball league, who is in the city to consult with Northern Pacific officials in regard to rates for next season, stated today that he had entirely succeeded in obtaining satisfactory rates and that nothing now stands in the way of completion of the circuit.

"Butte and Helena," he said, "have been admitted to membership in our league, and the circuit comprises the best cities of three states, namely, Butte and Helena, Spokane, Tacoma and Seattle, and Portland. This makes one of the strongest minor leagues in the country and as we are a member of the National Association of Professional Baseball clubs we are in a position to secure and retain good playing talent. With the traveling rates granted us by the Northern Pacific we were able to include Butte and Helena, notwithstanding the long railroad jump from Portland to Butte."

#### Gans Wins Another.

Baltimore, Md., Jan. 3.—Thomas Broderick of Yonkers, N. Y., was knocked out by Joe Gans of Baltimore in the sixth round of a fight scheduled for twenty rounds at the Eureka Athletic club tonight.

#### Black Eye for Pagilism.

Denver, Colo., Jan. 2.—The News today says: The fire and police board will blast the hopes of those who have been hoping for the re-opening of the fighting game in this city. It has been rumored among the devotees of the ring that the board would permit fights to be pulled off after the first of the year, and a fight for the championship between Jeffries and Sharkey had been discussed.

#### LEAGUE BREAKS UP.

Only Two Teams Left in the Basketball Organization.

Like the baseball league, the basketball league has died. The end came last evening when the team representing Company C, withdrew, leaving only two teams in the league. The league was first organized to give the city a means of amusement that it could not live with only two and therefore everything has been called off. It is possible that the Y. M. C. A. and L. D. S. teams may arrange a series of games and may offer to play any other teams in the city or state.

#### THAT MILE TRACK.

Meeting to be Held Tonight to Talk the Matter Over.

The talk about a mile track has been revived and this time the horsemen say they are in earnest and declare they will take some decisive action within

a short time—possibly tonight. A meeting has been called for tonight at the Salt Lake Saddlery company's store, and all the prominent horsemen will be present. At tonight's meeting a committee will be appointed to see the D. A. & M. society and ascertain just what the society intends doing so far as the track is concerned. If the society intends building a track, and a mile track, all well and good, but if not, then they want to know it.

The horsemen declare if the D. A. & M. will not build a suitable track, they will take the matter in their own hands and construct one on lower Main to suit themselves.

#### BASKET BALL GAME.

Between Reds and Blues—Former Won by Good Score.

At the Y. M. C. A. gymnasium last evening there was a lively game of basketball between two picked teams of the association. They were the Reds and the Blues, and each team put up a good and determined fight. The Reds finally succeeded in getting a lead over their rivals and won the game by a score of 15 to 9. Following was the line-up of the teams:

Reds—15. Position. Blues—9.  
Laux ..... L. F. .... Dunn  
Harris ..... R. F. .... Love  
Rippeto ..... C. .... Malin  
Swartz ..... L. B. .... Deltz

HOLIDAY FESTIVITIES.

Measles Spreading—Absence of Snow Favors Cattle Interests.

Special Correspondence.

Carey, Blaine Co., Idaho, Jan. 2.—The citizens of Carey celebrated Christmas with a grand ball and supper, and a children's dance and Christmas tree, the proceeds of which are to go toward building a Cassia Stage meeting house at Oakley. On both occasions the large hall, measuring forty by eighty feet, was filled with more people than it could comfortably hold, and the spirit of Christmas appeared to shine everywhere. On New Year's eve another ball was given, and people came from their ranches and farms a distance of sixteen miles.

The Bishopric of the ward has completed the semi-annual visit to all the families living near, with the exception of nine.

The measles has cut down the attendance at school, and is still spreading.

There is a good opening for a blacksmith here, and there is work enough to keep one man busy.

Owing to the absence of snow, a condition that has not existed here at this time of year since 1882, the cattle are able to find the greater part of their living on the hills and in the fields and the boys and girls are having fine skating without the usual trouble of scraping the snow off the ice.
