

the petition of the mayor and city council of Provo for the removal of said troops, stated that they were there "to secure and support prisoners," the territorial and county officers attending court, and holding commissions from your Excellency, promptly informed the Judge that they were ready and amply able and responsible for the arrest, security, care, and forthcoming of all persons ordered to be arrested.

Troops were ordered to accompany your Excellency and other civil officers to Utah, as a posse comitatus, under the influence of statements that the territorial library and court records had been burned, a district judge intimidated upon the bench, and government officers driven from this Territory, the facts concerning which statements your own personal observation fully enabled you to make known to our nation at an early day after your arrival, thereby officially precluding, particularly since the date of the Peace Conference in June last, any requirements upon the army in Utah, save to protect the citizens, the mails, and the emigrants from molestation by the Indians within our borders, at least until resistance should have been offered to the execution of any law or the order of any court or civil officer, which, we are gratified in being able to state, has not been done.

Gov. Powell, at the time and place aforementioned, said, "The Federal Government demands nothing of you, fellow citizens, which it does not require of the inhabitants of every State and Territory in the Union, that you shall be obedient to the laws of your country, that you will respect the civil authority, and that its officers shall be received by you and enter on the discharge of their duties unmolested." Wherein have we failed in complying with those requirements to the very letter? Not in one tittle, but have gone beyond them and unresistingly borne the quartering of troops in and around a court transacting territorial business in a peaceful city amply supplied with civil officers for the fulfillment of every legal requirement. And President Buchanan, in his message before quoted from, states that "These gentlemen (Messrs. Powell and McCulloch, the Peace Commissioners), conducted themselves to my entire satisfaction, and rendered useful services in executing the humane intentions of the government. It also affords me great satisfaction to state that Governor Cumming has performed his duty in an able and conciliatory manner, and with the happiest effect."

And now, notwithstanding the humane efforts and labors of Col. Thomas L. Kane and your Excellency, so highly and justly commended by the Chief Executive of our Nation, notwithstanding the President's proclamation of April 6, 1858, and the consequent results of the Peace Conference in G. S. L. City in June last, so satisfactory to both parties and the agreements of which have been so scrupulously observed by Utah, could it have been presumed that a district judge would go back of all these facts, so widely known and so highly appreciated by every patriotic lover of his country and humanity, and take advantage of instructions to Brevet Brigadier General W. S. Harney, bearing the ancient date, "New York, June 29, 1857," and call upon the military to surround his court and jury rooms with bayonets? Yet such is the fact, when in those same instructions, and following the authority above alluded to, and which, perhaps, has been neglected to be rescinded, we read, "while you (Gen. Harney) are not to be and cannot be subjected to the orders, strictly speaking, of the Governor, you will be responsible for a jealous, harmonious and thorough co-operation with him, or to frequent and full consultation, and will conform your action to his requests and views in all cases where your military judgment and prudence do not forbid, nor compel you to modify, in execution, the movements he may suggest."

It thus appears by those very instructions, under which a district judge, if they are not already rescinded, claims authority for making a requisition upon Gen. Johnston for troops, that your Excellency, as was very properly considered, has the superior authority in counseling their movements in the capacity of a posse comitatus.

But, notwithstanding all these facts, and contrary to those principles of equity and justice that should characterize a court, it has pleased Judge Cradlebaugh to set aside, in several instances, the civil authorities and, without the least valid reason known to us, to employ federal troops to execute the orders of his court, thereby clearly indicating on his part, so far as we can discern, an utter disregard of the latest expressed views and policy of the Administration concerning Utah, and the views and policy of your Excellency and all good citizens, and a settled purpose, for some cause, to force an angry collision between the citizens and troops, which is well known is not so difficult to accomplish in the best ordered town or city in the Union, especially when one class is caused to illegally supplant, taunt, and oppress the other.

That the peaceful policy of the Administration and of your Excellency be not subverted by the vile schemes of such suttlers, speculators, camp-followers and gamblers as plot evil and bloodshed for gain; that citizens be not imposed upon in any of their rights, nor when subpoenaed as witnesses treacherously arrested by bench warrants and unfed and without bedding, guarded by troops, nor jurors to attend to their duties under the hushing of bayonets; that the laws be respected and magnified; that the citizens be not goaded until they cannot sustain their anger, and thus forego for a time the happy results of the labors and toils of so many patriots and philanthropists, and cause the riotous to exult with joy; and that your Excellency "take care that the laws be faithfully executed,"—we, your memorialists, citizens of the United States in the Territory of Utah, respectfully petition your Excellency to use all the influence and authority of your official position as Governor of this Territory to remove all government troops from in and around the court now in session in the city of Provo and from in and around said city, and to prevent any troops

being located in or infringing near any of our thickly settled villages, towns, or cities, and to fairly and fully, at your earliest convenience, report to the proper Department in Washington city the official proceedings of Judge John Cradlebaugh in the 2nd Judicial District of this Territory, and, for such wise, loyal, and just action by your Excellency, your memorialists and petitioners will ever pray.

UTAH TERRITORY, March 22, 1859.

Copies of the foregoing Memorial and Petition to His Excellency Alfred Cumming, Governor, have been circulated throughout the Territory, and signed by the people generally; one of which contained the names of about three thousand five hundred citizens, was presented to him on the 25th inst.

The Saints in Europe.

We learn from the *Millennial Star*, Jan. 22, that a General Council of the Priesthood of the European Mission was held in Birmingham on January 1.

The presiding authorities of the Mission, all the Pastors, Presidents of Conferences and Traveling Elders in the British Isles were present. The day was chiefly occupied by the Presidents and Pastors of the various Missions, in presenting their reports. Adjourned till Monday, 3d.

On Sunday, 2d, the Birmingham Conference convened in the Music Hall—about 1,500 persons present. Of this meeting the *Star* says that, "to describe the calm, heavenly influences that pervaded the assemblies during the day would be indeed difficult, while deep feeling and devotion, with devoted thoughts and sentiments of humanity characterized the speeches of the Elders, rather than loud demonstration."

The Council resumed its session on Monday, occupying the day and evening.

The following is the list of releases, appointments and re-appointments:—
