The Great Cathedral of Nicaragua

The Great Cathedral of Neuragua. The great cathedral of San Poirs of Laori is proteinly the finest re-lightmantifics south of the City of Maxies. It was fulled in 1741 at a coal of \$5,000.000, corresping thir-ty-serven years in construction. It is of cut stone and is one firm mane of answerry, covers nn entitre square, and its frond extends arones one able of the Grand Pirza. Take similar buildings, whese rained arches and walls may be seen in Antigue if Gustemnia, this durich has walls at least fifteen let in thickness, and has the salidity of a nock. Num-ertone certhquakes lave produced an impression, and the storms of a contarry and a half have in no way ipture if a fine quality of etone. Willie imspecting its Interior I well increas an of guntleman of perhaps 65 years of any, who, though CHICAGO SCALE AGENCY. ALL RINDS OF SCALES-BUE MR. Salt - and - Blueing - Depot. Four Times the Amount of Reading

Now is the time to subsecile, that you may have the volume complete, not alone for your own reading but that of your children and future generations.

The Deseret Weekly will be the best current record of Church History in existence, 23 in that respect will be a valuable acquisition to any home or public library. The Deseret Weekly is also the best publication to send abread to Missionaries, Saints or strangers who are investigating the Gospel, because of the discourses and other doctrinal articles contained in it A volume might be filled with the voluntary commendation of the Deseret Weekly already received, but we prefor to let it speak for liself. Send for a sample copy and Jedge of its merits.
