

PRIESTHOOD MEETING.

The regular Quarterly Meeting of the Priesthood of the Salt Lake Stake of Zion will be held in the Salt Lake Assembly Hall on Saturday morning, April 2nd, 1881, at 11 o'clock.

Bishops and others interested will please hand in their reports designed for that meeting at once. It is especially desired that any changes that have occurred in the officers of the various quorums of the Priesthood, or other organizations of the Stake should be promptly reported.

ANGUS M. CANNON,
DAVID O. CALDER,
JOS. E. TAYLOR,
Presidents of the Stake.

TALK OF THE TOWN.

Attend your Sunday meetings.
Weather fine, but storm promised.
Earthquake shock at Hebron, last night.
Apostle Orson Pratt continues to improve.
"Pique" will be played on Monday night. Don't forget it.
Judge Emerson came back from Brigham last evening.
The audience at the Theatre last evening was exceedingly slim.

It is getting so dusty that a light shower will be welcome when it comes.
The Board of Trade meeting was held to-day and lasted from 12 until 2 o'clock.
H. J. Faust, Esq., who has been in town for a day or two, returned to Corinne to-day.

Crowds upon crowds of children attended the Primary Conference this morning.
"Unknown," Mr. Stevens' greatest sensation, will be repeated at the Theatre to-night.

The "Passion's Slave" matinee, was witnessed by a medium sized house this afternoon.

The monthly meeting of the Priesthood of this Stake convenes next Saturday, at 11 a.m.

Two new style bicycles of English manufacture were on the street yesterday. No handles possible.

W. W. Ritter, Esq., superintendent of the Utah and Nevada Railroad, leaves for New York on Monday.

The streets were sprinkled to-day by the firemen. That's right boys, do it again. It was highly appreciated.

Mr. John A. Stevens, now playing in this city, is something of a poet, as well as an actor and dramatist. "Old Love and I," is the title of a New Year's legend from his pen.

One of the Norman stallions, lately imported from France, was put upon the filibuster scales this afternoon. The weight was 1,647 lbs. A man who weighed that the horse would not go 1,500 was somewhat crestfallen.

The street cars on the new track from the Emporium corner to the 6th Ward commenced running yesterday. The track extends two blocks south of the Cliff House and three west, passing the 7th Ward meeting-house.

LOCAL AND OTHER MATTERS.

Please Report.—If Brother Weston, one of the Mormon Battalion, is in the Territory, will he please report himself to this office immediately.

Sunday Services.—The usual services of the Church of Jesus Christ of Latter-day Saints will be as follows: Sunday schools at 10 a.m.; general meeting in the Assembly Hall at 2 p.m., and Ward meetings to be attended by Home Missionaries in the evening.

Fourteenth District School.—The review of studies in the 14th District School terminated yesterday, and books and certificates were awarded to all the pupils. The fourth term of the school year opens at the 14th District School Rooms on Monday next at 9 a.m.

Earthquake Shock.—A special to the News from Hebron, received at 2:35 a.m., informs us that last evening at about fifteen minutes after seven o'clock, a heavy shock of earthquake was felt at that place, shaking houses and in some instances throwing dishes from shelves and breaking them, also staggering persons on the street. The shock lasted about five or six seconds, passing from east to west.

Patent Hobbie.—Mr. Hayden L. Smith, of Brigham, is the inventor of a new style of hobbie which he calls the Iron Round Spring Hobbie. It is durable and very simply constructed, and combines strength with light weight and convenience. The inside is of leather, to protect the limb of the animal, and is surrounded by a steel hoop firmly riveted to the leather, and joined by a strong brass clasp. The steel band acts as a spring and the hobbie is directly worked with ease and quickness.

Theatre.—The drama of "Passion's Slave" was performed for the second time in this city last evening, but the audience that witnessed it was very attenuated. It is not a play that the average theatre goer cares to see more than once, and about all whose taste inclines to performances of its class, were present on Wednesday evening. Its merit does not begin to compare with Mr. Stevens' other play of the "Unknown," which is to be repeated this evening. As a sensational play, the latter ranks among the best we have had for a long time. Another thing in its favor is the quickness of action and smoothness of the stage business, acquired by its many presentations. The startling effects wrought up with wonderful rapidity and strikingly done before the audience is half aware of their approach. All who wish to see a live sensational drama, well played, should attend the Theatre this evening, the last of the Stevens engagement.

A Drunken Row.—A disgraceful row occurred between 12 and 1 o'clock this morning, in the vicinity of the Milwaukee Saloon, a little west of the White House. A number of soldiers from Fort Douglas and a couple of prostitutes had been into the saloon drinking, and when they issued thence, some of them were using very rough language toward each other. From all that can be learned one of the women was thrown down upon the sidewalk and kicked and beaten by two of the gallant heroes, and another soldier and a civilian who rushed in to protect the girl were also attacked by her cowardly assailants. In the confusion that ensued the other woman fled. Her prostrate companion was picked up and carried into the "Wash" drugstore, where it was found she had sustained serious internal injuries. This is a sample of the disturbances created by drunken soldiers, who, not being amenable to the city regulations, seem to think our streets and sidewalks are a playground for them to come and roll and revel upon as they please. But "Mormons" have no right to complain.

As for General Smith and the military authorities at the Fort, it can be truly said they do all in their power to punish the violators of the peace, and promptly assess them the full value of the property they destroy when it is reported at headquarters, but the fact still remains that soldiers feel more at liberty to do as they please on our streets, because of their immunity from punishment by the civil law.

Infernal Machine.—A "fery, untamed steed," or what would be poetically considered as such, made things fearfully lively on Second South Street for a little while to-day. To one of its halter was swinging a long fence rail, to which it had evidently been previously tied by the confiding owner, and then dragged from its original resting place. At every swing it made, death and destruction stared every passer-by square in the face. The horse threw itself down once or twice in the road, and several times narrowly escaped collision with passing teams. After a variety of half-breath escapes and wild antics, which no circus horse ever dreamed of and lived to tell afterward, the pole dropped from the halter strap and the exhausted animal was secured and returned to its owner.

Several persons were firmly under the impression that the horse and pole were a new kind of machine invented by the Nihilists for blood-thirsty purposes.

"Pique" on Monday.—Seats began selling this morning for the "Pique" performance, to be given on Monday evening next, at the Theatre. All those who intend going should reserve their seats immediately. This popular piece cannot fail to draw a good house. The various phases of society life which it presents, from the gay frivolity of the metropolis to the staid, stern discipline of the Puritan home, thence to the haunts of vice and poverty in New York, with the variety of characters introduced in the various scenes, all go to make it a great attraction and a play to suit all classes. It brims over with mirth, is full of pathos and dramatic action, and is at once thrilling, amusing and instructive. Go and hear the popular Home Club and hear the celebrated Careless Orchestra.

"A Celebrated Case."—On Wednesday evening next, Mr. John S. Lindsay, an actor well known in this city, and but recently returned from an extended absence in the West, where he has been pursuing his profession, will make his first appearance in two years at the Salt Lake Theatre, in the beautiful and thrilling drama, entitled, "A Celebrated Case," in which he will personate the fine character of "Jean Renaud," the soldier husband and the convict father. He will be assisted by Mrs. Ardelia Cummings, a member of the Home Dramatic Club, and Miss Edith Clawson, her sister, both ladies well and favorably known to the theatre-going public. The other characters will be played by members of the regular theatrical company and other local talent. The performance ought to draw well.

Doctor Shipp.—Dr. Ellis R. Shipp has removed from the Hunter house, which he is leasing, to the "Country" building, just north of Z. C. M. L., where she will be happy to see her friends and patrons in the future. She intends continuing her present class in obstetrics, and will also start a class for teaching the care of children in health and in disease. The object of this latter is to best methods of preserving the life and health of their offspring, which are often injured through the lack of a few simple items of information regarding their proper treatment. The class will be taught by a course of popular lectures, devoid of medical technicalities, couched in plain language suited to the ordinary comprehension.

"Leader" Locals.—From the Logan Leader of Friday:

Some of the people of Richmond, a few nights since, were led to believe the town was being visited with a slight earthquake shock, as a number of houses were observed to shake quite perceptibly. A restless man from there, however, expressed the opinion that the jar was caused by a snowslide in the canon.

In Brigham City, on the night of the 18th inst., a young woman of Scandinavian parentage, who had been subject to fits, was missed.

Next morning her dead body was found in an open cellar, where she had evidently fallen and died. In order, however, to remove all doubts of foul play, an inquest was held. The verdict was to the effect that the deceased had fallen into the cellar during a fit, and had died there.

There will be practice on Monday next, the 28th inst., at half past three o'clock, sharp. A full attendance is requested, to practice for the opening match of the season, to take place on Tuesday, the 29th inst., at 7 o'clock, sharp.

A. WILCOX, Sec. S. L. C. C.

SPECIAL BUSINESS NOTICES.

A Remarkable Elastic Carpet.
The new cork floor covering—LINOLEUM—is so rapidly increasing in popularity, that it is superseding all articles used for a like purpose. Its remarkable durability is the secret of its success. All first class carpet dealers keep it. The genuine cloth has the name "LINOLEUM" on the back of every square yard.

FEELS YOUNG AGAIN.
"My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physician or medicine did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."

By Universal Accord,

AYERS' CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, proves them to be the best and most effective purgative pills that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain healthy action the whole machinery of life. Mild, searching and effective, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure. It is timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required. d4w

RECOVERED FROM DEATH.
The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I was so far gone that I was a half dollar. I expended over a hundred dollars in doctors and medicines. I went around that one time I gave up hope, but a friend told me of DR. WM. HALL'S BALM FOR THE LUNGS. I laughed at my friends, thinking that no case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years."

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALM FOR THE LUNGS, and be convinced THAT CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists."

POVERTY AND SUFFERING.
"I was dragged down with debt, poverty and suffering for years, caused by a small family and large bills for doctoring, which did them no good. I was completely discouraged, until one year ago, by the advice of my pastor, I procured Hop Bitters and commenced their use, and in one month we were all well, and none of us has seen a sick day since, and I want to say to all poor men, you can keep your family well with Hop Bitters for less than one doctor's visit will cost. I know it. A Workingman." d4w
