

LIBERTY STAKE NOW ORGANIZED.

First of the Four New Stakes Created at Meeting Held in Tabernacle Last Night.

HUGH J. CANNON IS PRESIDENT.

His Counselors Are Arnold H. Schulthess and Philip S. Maycock—High Councilors.

The first of the four new stakes to be created out of the Salt Lake Stake of Zion, was organized last night at a meeting held in the large Tabernacle, President Francis M. Lyman presiding. Something over 2,000 souls were in attendance, these being members of the First, Second, Third, Eighth, Ninth, Tenth, Thirtieth and Thirty-third wards. Seated on the stand were President Anthony H. Lund, President Francis M. Lyman, Elders Hyrum M. and George A. Smith of the Council of Apostles, Seymour B. Young and Joseph W. McMurrin of the First Council of Seventies, and Presidents Angus M. Cannon and Charles W. Penrose of the Stake Presidency. President Joseph E. Taylor was filling another appointment. The singing was under the leadership of Prof. C. J. Thomas, the opening hymn being "God moves in a mysterious way." Prayer was offered by Elder Joseph W. McMurrin, singing, "How firm a foundation."

PRESIDENT LYMAN'S REMARKS.
President Francis M. Lyman was the first speaker. He said in substance: "My brethren and sisters, I rejoice in the privilege of meeting with you tonight. It has been considered wise to further divide the Salt Lake Stake of Zion into smaller stakes. The present movement, when it is fully carried out, will result in organizing out of the original Salt Lake stake, eleven new stakes. It is found there is a limit to what our brethren can do among the people. As it is in an educational institution so it is in the stakes of Zion—the teacher can handle a certain number of pupils and when the class is overcrowded some must suffer for lack of the necessary attention. When our stakes are too crowded the work becomes more than the brethren are able to perform. This stake as it is now constituted will make four stakes with a very large population. It means four high councils, four High Priests' quorums and four sets of auxiliary organizations which will be better cared for. Look into details such as they could not do in a single stake organization. And this is one reason the Presidency have found it better to increase these organizations—so that the people may be better taken care of."

The Priesthood met the other night and presented the names of quite a roll of choice men; and we were delighted to find that where we asked for 50 they gave us more than 60 from which to select officers for this stake. Out of these the lot has fallen upon three brethren to preside, twelve High Councilors, three alternates and a president for their High Priests' quorum. When this organization is so far from which all other organizations will finally be completed for your benefit. And in this way a very great increase of workers will be brought into the field and the saints, therefore, will be better cared for. It is the salvation and preservation of the people that is desired that none may be slighted or overlooked. The salvation of the people is the first object of Church membership. "It may not be necessary to take up much time in giving instructions tonight; but I wanted to make these few remarks, and when President Lund has said to you what he has to say representing the Presidency of the Church, the officers selected will be placed before you for your approval. We have been perfectly united in these things. All things pertaining to the welfare of the Church are done by common consent. There is no compulsion, nothing favoring of tyranny or harshness. We have expressed our views and ideas one to the other and we shall do the same to you tonight. And we hope none will be disappointed, and we feel certain that those who have been appointed will not be. I trust that those not selected are equally as good men as those we shall place before you here tonight. The Lord has indicated the choice."

PRESIDENT ANTHON H. LUND.
President Anthony H. Lund then made

Ayer's Cherry Pectoral

"I had two patients in the last stages of consumption. I prescribed Ayer's Cherry Pectoral, and today they are well and able to do their daily work."—Dr. C. C. ALMOND, Horsepen, W. Va.

You can hardly find a home without this splendid cough medicine. Parents know what it does for children: breaks up a cold in a single night, wards off bronchitis, prevents pneumonia. Wise physicians advise parents to keep it on hand; wise parents follow the advice.

25c, 50c, \$1. All drugists. J. C. Ayer & Co., Lowell, Mass.

A few remarks, beginning by asking those present not members of the wards constituting the new stake, to arise. About six arose. He then said: "The brethren have gone to work and selected, with prayerful hearts, those best suited to fill the positions in this new stake. We have selected a number of men who we believe will be able to sustain. The consideration in their appointment was, 'Will this man be able to do the work we now lay upon him? Is he a man of God?' And when the answer has been satisfactory we have selected him. We have not interfered with the organizations and Bishoprics any more than we could help. With one or two exceptions we have not touched the Bishoprics. In voting you are free to vote as you choose. Some have accused us of all voting the one way, and that the voting of 'Mormons' was a sham. Well, you know better than this, my brethren and sisters. The order of the Church is that the Priesthood has the right to nominate, but, as Brother Lyman says, everything is done by common consent. It is your right to vote for or against the persons presented. If you do not know any crime or sin against the men, be careful not to oppose them. But if you know of transgression it is not only your right but your duty to vote against them. Let not personal feelings move you to oppose any presented before you tonight or in any of our conferences."

CALLING LIBERTY STAKE.
It was then proposed that all that part of the Salt Lake stake lying south of Third South, east of East Temple street and north of the Granite stake, be organized into a separate stake called the Liberty stake. The vote favoring the proposition was unanimous.

STAKE OFFICERS.
President Lyman then presented the following for stake officers: Hugh J. Cannon, president; Arnold H. Schulthess, first counselor; Philip S. Maycock, second counselor.
For members of the High Council: Le Grand Young, Charles W. Symons, William N. Davis, Elias A. Smith, Bryant S. Hinckley, Alvin C. Strong, Oscar F. Hunter, William Stringham, Milando F. Buckle, Fred M. Mickelson, George Buckle, John Vetterli, alternates; John Stringham, Taylor H. Woolley and Seymour B. Young, Jr.
As president of the High Priests' quorum, Joseph Keddington. His counselors will be placed into office. All were unanimously sustained.

NOW IN GERMANY.
President Lund then explained that Hugh J. Cannon was at present presiding over the German mission and that until his return his counselors would preside over the new stake. He bespoke for them the confidence and good will of the people.

TABERNACLE MEETINGS.
Elder Charles W. Penrose then said he was requested to impress upon the minds of those present to continue to attend the Sunday afternoon meetings in the Tabernacle, as the organization of the new stakes was not intended to interfere with these meetings. After singing, "Lord dismiss us with thy blessing," the benediction was pronounced by Elder George A. Smith.

After the meeting adjourned, the officers selected repaired to the office of the First Presidency where, after an impressive charge from President A. H. Lund, they were set apart for their several callings and those who were Seventies or Elders were ordained High Priests, under the hands of Presidents Anthony H. Lund and F. M. Lyman, Apostle George A. Smith and Presidents Angus M. Cannon and Charles W. Penrose.

Presidency of Stake—Arnold H. Schulthess as First Counselor in the Stake Presidency; Philip S. Maycock, as Second Counselor.
As High Councilors, according to seniority of age, 1. Le Grand Young, 2. Charles W. Symons, 3. Milando F. Buckle, 4. Oscar F. Hunter, 5. Elias A. Smith; 6. George Buckle; 7. John Vetterli; 8. W. L.

SHARKEY-MUNROE BATTLE TONIGHT.

Winner Will Be Given a Chance For the Heavyweight Title.

JIM JEFFRIES IS WILLING.

Even if There is No Knockout, Man Having Better of It Will Get the Match.

The long-talked-of fight between Sailor Tom Sharkey and Miner Jack Munroe takes place at Philadelphia tonight. The fight will be for only six rounds and there will be no decision unless there is a knockout, and, then, of course, everybody will know who is the winner. The contest is a most important one, in spite of its short limit. It is important for the reason that the winner will be given a match with Jim Jeffries for the title of heavyweight champion. There is considerable interest among Salt Lake fight fans over the outcome of the bout, and both men have admirers here. In the east, there are no expert fight fans who have expressed their opinion on the result of the battle. They are as follows:

Tom O'Rourke—If Sharkey is as good as he was, he ought to win. He's got the wallop and can take a lot of punishment without being stopped.
Markey—Sharkey is my choice. He knows more about the game than Munroe, and his ring experience will tell. Steve Douglas—I have been Munroe work in the gymnasium, and I like his willing style. He is a big, strong fellow, and seems very hard to hurt. It would not surprise me to see him win.
Sam Black—Tom will beat the miner. Wasn't he my partner once?
Capt. Jim Churchill—It is the toss of a coin between them. A stray punch will do the trick for either.

Jim Jones—Sharkey will win, if he is the Sharkey he has been, and has not grown old and rusty. Munroe is a good fighter, but he is not as good as Sharkey. **George Condit**—I think very well of Munroe's chances. While he may be a bit raw at the start, he will shape up well, and is strong and willing.
John Condit—If Munroe has a good, solid, straight punch, and can get it to the miner's jaw a few times, he will fetch home the money.
Kid McCoy—Munroe will knock Sharkey's head off. He's got just the goods to do it. I have trained him to beat the miner, and he'll turn the trick.
Billy Elmer—Munroe will win. Sharkey is not as good as he was, and Munroe will fetch him down with heavy wallops, above and below.

Sam Shortell—It will be a tough fight, but Munroe will come out of the smoke a winner.
Jim Jeffries—As I have promised to meet the winner, I do not like to express an opinion, but, that it looks like a very even thing.
Dat—Sharkey looks best on form, but, then, you can't always tell. I don't know much about Munroe, but stopping Peter Maher is no baby work.
Sam Fitzpatrick—Sharkey is pretty nearly in. Munroe is a fresh, strong fellow, just the kind of a man to hand it to the right place at the right time. He meets Munroe. I have watched the miner since he came east, and he will surprise some people.
Tom Costello—Looks a pretty even thing, but it will depend on Sharkey's condition. But it is not right, the miner will beat him.
Eddie Connolly—Munroe will win. Sharkey is bad from the beating Jeffries gave him.
Prof. Jim Kelly—Sharkey ought to beat a beginner like Munroe.
Con McCoy—Munroe's chances, but I wouldn't bet a million on either.

MCGLOSKY IN TOWN.

Wants to Land a Business for Boise—Salt Lake Gets Davis.

The baseball situation has begun to open up a bit, and it is not long now, as it is in charge of ball tossing affairs in this city were going to let grass grow under the feet of the players. "Sats" Davis has been signed to hold down first base.
McGlosky arrived in town from Boise last evening and announced that he had secured a heap big contract. But to pitch for the infants. It is understood that McGlosky came here for the purpose of trying to kidnap one Hansen, formerly a Lyster, to hold down the receiving end of the Boise battery.

Word From O'Keefe.

The management of the Shamrock Athletic club received a letter from Jack O'Keefe, manager yesterday in which he stated that they would not be here until the latter part of next week. But Hertz answered the manager that his man would be in line shape and down to weight, and already for the twenty round contest with Jack Clifford, which takes place next Friday night at the Grand theater.

TAKE MORLEY'S PLACE.

It is Possible That John Brink Will Get The Position.

Los Angeles, Feb. 26.—The resignation of James Morley of the Los Angeles baseball team has not yet been accepted. The club directors are awaiting an answer to a telegram sent to President Bert, denying the authority of the league officials to award Pacific league players to the National league. Should the resignation finally be accepted it is possible that John Brink, who is now acting in Morley's place, may secure the position.
It appears this afternoon that the Los Angeles baseball association has done out in its dispute with the Brooklyn National league team for the services of First Baseman Dillon. Manager Morley of the local team, who on Wednesday night removed from the Pacific Coast league had voted to release Dillon to Brooklyn today received the following telegram from Dan Johnson, president of the American league, and one of the com-

"7-7"

Cures Grip and

COLDS

Prevents Pneumonia.

"77" breaks up Colds that hang on and do not yield to treatment.

"77" knocks out the Grip in all stages and in all forms.

"77" stops a cold in the head and cures Catarrh, acute or chronic.

"77" cures Sore Throat and Bronchitis, and prevents pneumonia by keeping the chest and lungs clear and the temperature down.

GOING! GOING!! GONE!!!

HERPICIDE WILL SAVE IT. HERPICIDE WILL SAVE IT. TOO LATE FOR HERPICIDE

Newbro's Herpicide

An Exquisite Hair Dressing.

THE ORIGINAL REMEDY THAT "KILLS THE DANDRUFF GERM."

SOME MEN DON'T CARE. Some men are so indifferent to hair loss that they pay no attention whatever to dandruff and itching scalp. But, later, when incurable baldness comes they will waste time and money in a vain endeavor to overcome the result of their own neglect.
THERE WAS A TIME. There was a time when it was considered quite proper to ridicule and make light of the germ theory but it isn't good taste to do it now, when municipal governments are sending for scientific men to suppress germ contagion. Prof. Unna (ask your doctor about germ) was the first to discover the dandruff germ, and now modern dermatology all over the world knows that true dandruff is a contagious disease caused by a germ.
THE GUINEA-PIG PROVED IT. Drs. Lassar and Bishop, both noted scientists, took dandruff scales from the head of a student who was losing his hair and having made a pomade of them with vasoline, rubbed the same upon a guinea-pig and the pig became bald. (See George Thomas Jackson, M. D., on Diseases of Skin, 4th edition.) Newbro's Herpicide should be used at the first suggestion of dandruff or itching scalp. It prevents scalp infection, robs the public hair brush of its power to do harm, and never fails to cure dandruff and stop falling hair.

THE LADIES KNOW. The ladies are quick to discover any diseased condition of the hair, for with them, the natural impulse of preservation applies particularly to Nature's charming adornment. When the hair becomes dull, brittle or lusterless it shows that the dandruff microbe has planted itself in the scalp and is sapping the hair's vitality. In time it will cause dandruff, itching scalp and falling hair. This condition calls for the immediate use of Newbro's Herpicide. The wonderful effect of the very first application shows that it will "destroy the cause" after which the hair will grow as nature intended.

A Healthy Hair. "Destroy the Cause—You Remove the Effect." An Unhealthy Hair

feres at the meeting recently held at San Francisco.

NATIONAL LEAGUE HAS NO JURISDICTION OVER DILLON. The National league retained Ed Dillon, assuming you had first contract with that player.
This telegram is in answer to one sent to Johnson last night asking if the National Association of Minor leagues has any jurisdiction over Dillon, who is claimed by a major league club.
Johnson has taken Morley's view of the matter and it is reasonably certain that Dillon will remain with the Los Angeles team, and that Morley's resignation will not be accepted by the local association.

RACES AT OAKLAND.

All but One Winner Well Supported—Track Very Muddy.

San Francisco, Feb. 26.—A heavy rain again made the track at Oakland a sea of mud today, but the players had a good time. The race was a very close one, going, as all but one of the winners were well supported. The six furlong handicap was the feature of the day, four went to the post, Princess Titania being a 3 to 2 favorite. Bullman had the mount and he soon sent the mare the best of condition for the year. The men covered his speed and proved a surprise by winning the race. The race was a heavily played favorite, Sir Tom Tiddler was again a disappointment, losing to the post, Princess Titania being a 3 to 2 favorite. Bullman had the mount and he soon sent the mare the best of condition for the year. The men covered his speed and proved a surprise by winning the race.

HEAVYWEIGHTS TONIGHT.

Tom Sharkey and Jack Munroe Are Ready for Six Round Bout.

Philadelphia, Feb. 26.—Tom Sharkey and Jack Munroe, who are to fight six rounds at the Bessie Coleman gymnasium tomorrow night, have not yet arrived here. They are not expected until tomorrow morning. Both fighters have been in training in or near New York. Reports received here are to the effect that they have trained faithfully, and are in the best of condition for the bout. The men will fight for a guarantee and percentage of the receipts. The managers of the fight, who are the Bessie Coleman gymnasium, \$5,000 have already been sold. Under the law no decision can be given by the referee.

ASCOT PARK EVENTS.

Horses in Form and Three Favorites Got The Money.

Los Angeles, Feb. 26.—Horses ran to form at Ascot today and three favorites came home in front. The best race was the four furlong, at six furlongs a high weight handicap. Best Man ruled favorite at 8 to 5, with Glenaville and Monzo at 3. These three, together with Dargan at 4, carried a world of money. Weather cloudy; track good. Results: First race, six furlongs, selling—Laurie won, Hilary second, Miss Betty third. Time—1:16.
Second race, four furlongs—Atirsh won, El Ciroso second, Lady Laska third. Time—1:08.
Third race, seven furlongs, selling—Tiltra won, Canejo second, Milas third. Time—1:29.
Fourth race, free high weight handicap, six furlongs—Glenaville won, Best Man second, Monzo third. Time—1:14.
Fifth race, mile and three-sixteenths, selling—Fortunatus won, His Eminence second, Labor third. Time—2:30.
Sixth race, one mile, selling—McGrathana Prince won, Iras second, Louwisa third. Time—1:43.

ROOT-GARDNER FIGHT.

Rival Light Heavyweights Went Six Rounds to a Draw.

Chicago, Feb. 26.—Jack Root of this city and George Gardner of Lowell, Mass., fought a six-round draw here tonight. The fight was fast throughout, and the crowd was large. Root was the better, and the fifth, when Gardner evened up the advantage, Root landed a right hand on the jaw. Root played for the jaw and Gardner for the body all through. Root landed frequently on the jaw in the third round, and at the close Gardner was hanging on. In the fifth round Gardner gave Root a severe pounding on the body and sent him to his corner badly weakened. Both men fought desperately in the last round, and Root landed a hard right on the jaw that sent Gardner to his corner. He quickly recovered, however, and evened matters up by a series of heavy body blows. Both men were bleeding badly at the finish.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)
Iron county was up in arms over the proposed change of the county line dividing it from Garfield.
On account of exorbitant duty on wool, nine hat factories in the east reduced wages 12 per cent, 1,000 hands being concerned.

TEN YEARS AGO TODAY.

The rumor that Gladstone had resigned the premiership was again rife in London.
Wild reports were current in New York that a vessel upon which President Cleveland and Secretary Gresham were cruising had been overtaken by disaster in a storm.

FIVE YEARS AGO TODAY.

Kipling was at the point of death, kept alive only by the administration of oxygen. All England sorrowful.
The Paris police raided the headquarters of Royalist conspirators and broke up the gang.

THE CHURCH EMPLOYMENT BUREAU.

Bulletin Issued by the Presiding Bishop's Office.

The Utah Fuel company would like to obtain some competent men, English speaking people preferred, who will be taught coal mining at the expense of the company. Address Dooly Block.

The Utah Fuel company have employment for strong, able-bodied men, English speaking people preferred, at their coke oven at Castle Gate.

Bishop James England, Union, Oregon (Union stake), says there are excellent opportunities for purchasing good land in that neighborhood on reasonable terms. Further details can be obtained by writing him direct.

Bishop Neils J. Hogan, Hatch, Idaho (Bannock stake) says there is a good opening for a shoemaker, as he would have the work of several settlements in that vicinity.

PERSONS SEEKING EMPLOYMENT.

Brother Herman Steltz, recently arrived from Germany, a competent machinist by trade, is seeking employment of any kind. Address him at 17 Bothwell St., Salt Lake City.

Brother Joseph D. Haan, recently arrived from Holland, would like to obtain employment of any kind. Address him at 446 West Seventh South city.

Brother Samuel E. Hill, just returned from a mission to the Eastern states, would like any kind of employment. Address him at 1113 South First West street, Salt Lake City.

WINTER IS COMING BRINGING CATARRH

Every Catarrh sufferer dreads the coming of winter, for with the first breath of the "ice-king" this miserable disease is fanned into life and all the disgusting symptoms return. The nostrils are stopped up and the throat can be kept clear of mucous secretions only by continual hawking and spitting. Catarrh is a nuisance and source of annoyance, not only to the one who has it, but everybody else. The thick, yellow discharge from the head produces a feeling of personal defilement, and the odor of the breath is almost intolerable.

The catarrhal poison brings on stomach troubles and affects the kidneys and bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial deafness, the loss of smell, and giving to the voice a rasping, nasal twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a disease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers, powders and salves have proven failures.

The way to cure Catarrh thoroughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed, and nothing does this so surely and promptly as S. S. S. As long as the blood is poisoned with Catarrhal matter the discharge of mucus and other disgusting symptoms of the miserable disease will continue. S. S. S. goes to the fountain source of the trouble and purifies and enriches the blood, and so invigorates and tones up the system that catching cold and contracting Catarrh is not so likely to occur. Keeps the blood in order and winter's coming brings none of the discomforts of Catarrh.

Write us particulars of your case, and let our physicians help you get rid of this blood-tainting and stubborn disease. We make no charge whatever for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

COULD NOT HEAR THE TICK OF A CLOCK.

Watsontown, Pa., July 13, 1903.

Dear Sir: I used S. S. S. for Catarrh of the inner ear, and have found it an excellent remedy for same. I had been tried with this disease for years and tried many things in an effort to get relief, but nothing did me any permanent good until I began S. S. S. I had a discharge from my ear and my hearing was so badly affected that I could not hear the tick of a clock. I was in bad shape when I began your medicine, S. S. S. has done away with the discharge and my hearing has been wonderfully improved; so much so that I can now carry on a conversation on an ordinary tone, whereas a year ago this was impossible.

Your medicine has done me a world of good and I do not hesitate to give it the credit it deserves.

W. F. KRUMHINE.

NO SIGN OF CATARRH IN THIRTEEN YEARS.

Krebs, Ind. Ter., Aug. 1, 1903.

Dear Sir: About thirteen years ago I used your remedy for Catarrh. I had been troubled with it for about nine years, but since taking S. S. S. I have never been worried with it. I feel able to recommend S. S. S. as a sure cure for Catarrh.

T. MILLWEE.
