Rocky Mountain Pills.

A VALUABLE MEDICINE.

From New and Rare Medicinal Plants recently discovered in the Rocky Mountains!

PURELY VEGETABLE.

FIFTEEN years of earnest botanical research among these mountains and valleys have resulted in the discovery of many new varieties of plants, but of seven some of which have wonderful medicinal curative properties. By continued experiment their virtues have become known—and thus from extracts of these newly discovered plants are these pills compounded.

It properly used, they will cure very many diseases, pains and aches, and are more especially valuable in DYSPEPSIA, LIVER COMPLAINTS, INDIGESTION, JAUNDICE, and all cases of FEVERS, COLDS, URINARY AND KIDNEY DISEASES, RHEUMATISM, DESTITUTENESS, HEARTBURN, DIARRHŒA, MUMPS, MEASLES, for PURIFYING THE BLOOD, and for many other diseases, and all cases of BILIOUSNESS and DISORDERED STOMACH.

On orders accompanied by the cash or postal order, I will send safely by mail, postpaid, 1 box Pills for 25 cents; 1 dozen boxes, $2.50; 1 gross boxes, $20.00.

Each book will contain a suitable Index, and be well bound in Cloth and Russia Leather, with ornamental lettering pieces for name of the Ward on the side. The book being of a large size, we not think it advisable to make them over six quires.

Specimens can be seen at this Office, and orders received for size of book required.

CORRESPONDENCE.

The Non-Enforcement of Law an Evil.

CENTERVILLE, Davis Co., Feb. 7, 1876.

Editor Deseret News:

Many people clamour for more law when they do not enforce one half the law already upon our statute book, although I am willing to admit that not one out of twenty of the citizens of our Territory have it in their reach to know what the laws of our Territory are, for it is very difficult for even the acting officers of the Territory to obtain them for love or money. It seems rather severe to punish people for breaking laws when they have no means of knowing them until sentence is passed upon them. Not wishing to find fault with the powers that be, I would suggest for the consideration of our representatives that the statutes of our Territory be revised and printed and for sale at a price and in sufficient number that any citizen can purchase. I do not wish to be understood that more legislation is not necessary, for the growing interest and rapid development of our Territory certainly demand new enactments, and in many instances a revision of some already enacted. I do not consider that the representatives of the people are to blame that we have not the necessary laws to meet the present wants, for they have labored assiduously each session of the Legislative Assembly to provide the necessary laws to meet the exigencies of the times, and too often, after their careful and indefatigable deliberations of forty days, they have been made to realize the force of the almighty veto power vested in the governor in the nullifying of everything they have done that would have been of any worth to their constituents.

Many agriculturists complain of the stock raisers in their vicinity, that their crops are invariably more or less destroyed by stock, and their fields trampled over while the land is wet, and they feel that they are not sufficiently protected. The reason they think this is because they are not familiar with the law on this subject, which provides that the owners of domestic animals are liable for all damage done by them with or without an enclosure, and when the people of any county or part of a county, shall consider that that region is more suitable for grazing and stock raising than for agricultural purposes and so decide by a two-thirds vote of the taxpayers, then stock will only be liable for damages when breaking over a lawful fence in that specified region. If the law is enforced by the agriculturists, stock raisers will soon find that it is not profitable to raise stock in an agricultural district unless they fence their stock in, and they will soon abandon the pursuit or remove to a place suitable for that purpose.

I frequently hear sheep raisers complain that they are continually suffering great loss and expense in consequence of their neighbors keeping diseased sheep in close proximity to theirs. There is a law that read as follows—

"The owner of sheep having any contagious disease is hereby required immediately to remove them to some place where they cannot endanger the health of other sheep, or may be compelled to pay all damage that may accrue, by any court having jurisdiction."—*Laws of Utah, chap.* 60, *sec.* 4, *page* 90.

This law rigidly enforced would be of great benefit to all sheep raisers, and without it sheep raising cannot be a positive success. People feel a delicacy in enforcing the law when it is broken by their neighbors. The delicacy should be on the part of the transgressors of law.

W. R. S.

INDIAN HIGHLANDERS.—At the head of the forces marched a detachment of native Highlanders, whose appearance was altogether entertaining, not that their Scotch dress was badly copied or badly worn, but on account of the surprise which one felt at seeing warriors so black in a costume invented for the *'Ah tes plus blonde de la blonde Angleterre.'* These Scotchmen of the Gulk war were, however, fine tall fellows, broad-shouldered, straight-hipped, and wearing, with much blustering, their enormous black caps covered with ostrich feathers instead of bearskin. A curious thing is that in this country, where the majority of the inhabitants are half naked, the Highlanders, more prudish than their Scotch brethren, have adopted *calecons*, made in pale rose silk, which have a surprising effect when worn by men of a natural sepia color.—*Bombay Cor. AGENTS WANTED!

To sell the New Patent Improved EYE CUPS.

Guaranteed to be the best paying business offered to Agents by any House. An easy and pleasant employment.

The value of the celebrated new *Patent Improved Eye Cups* for the restoration of sight breaks out and blazes in the evidences of over 5,000 genuine testimonials of cures, and recommended by more than one thousand of our best physicians in their practice.

The Patent Eye Cups are a scientific and philosophical discovery, and as ALEX. M. WYETH, M. D., and WM. BRADLEY, M. D., write, they are certainly the greatest invention of the age.

Read the following certificates:

FERGUSON STATION, LOGAN CO., KY., June 6th, 1872.

DR. J. BALL & CO., Oculists.

GENTLEMEN: Your *Patent Eye Cups* are, in my judgment, the most splendid triumph which optical science has ever achieved, but, like all great and important truths, in this or in any other branch of science and philosophy, have much to contend with from the ignorance and prejudice of a too sceptical public; but truth is mighty and will prevail, and it is only a question of time as regards their general acceptance and endorsement by all. I have in my hands certificates of persons testifying in unequivocal terms to their merits. The most prominent physicians of my county recommend your Eye Cups. I am, respectfully, J. A. L. BOYER.

WILLIAM BRADLEY, M. D., Salvisa, Ky., writes: "Thanks to you *for the greatest of all inventions.* My sight is fully restored by the use of your *Patent Eye Cups*, after being almost entirely blind for twenty-six years."

ALEX. R. WYETH, M. D., Atchison, Pa., writes: "After total blindness of my left eye for forty years, by perusal of the optical survey, to my utter *astonishment* your *Patent Eye Cups* restored my eyesight permanently in three minutes."

Rev. E. B. FAIRTHORNE, Minister of M. E. Church, writes: "Your *Patent Eye Cups* have restored my sight, for which I am most thankful to the Father of Mercies. By your advertisement I saw at a glance that your invaluable *Eye Cups* performed their work perfectly in accordance with physiological law; that they literally fed the eyes that were starving for nourishment. May God greatly bless you, and may your name be enshrined in the affectionate memories of multiplied thousands as one of the benefactors of your kind."

HORACE B. DURANT, M. D., says: "I sold, and expect future sales liberally. The *Patent Eye Cups*, they will make money, and will in fact be a complete success. Any one can sell them, but a superb, number one, top-liner business, promises, as far as I can see, to be life-long."

Mayor E. C. BIRDS wrote us, November 18th, 1868. "I have tested the *Patent Ivory Eye Cups*, and I am satisfied they are good. I am pleased with them. *They are certainly the greatest invention of the age.*"

Hon. HORACE GREELEY, late Editor of the New York *Tribune*, wrote: "Dr. J. BALL, of our city, is a conscientious and responsible man, who is incapable of intentional deception or imposition."

Prof. W. MERRICK writes: "Truly, I am grateful to your noble invention. My sight is restored by your *Patent Eye Cups*. May Heaven bless and preserve you. I have been using spectacles twenty years. I am seventy-one years old. I do all my writing without glasses, and I bless the inventor of the *Patent Eye Cups* every time I take up my old steel pen."

ADOLPH BIORNBERG, M. D., physician to Emperor Napoleon, wrote, after having his sight restored by our *Patent Eye Cups*, with gratitude to God, and thankfulness to the inventors, Dr. J. BALL & Co., I hereby recommend the trial of the *Eye Cups* (in full faith) to all such as No. liability beyond any impaired eyesight, believing, as I do, that since the experiments with this wonderful discovery has proved successful in me, at my advanced period of life—70 years of age—I believe they will restore the vision to any individual if they are properly applied." ADOLPH BIORNBERG, M. D.

Commonwealth of Massachusetts, Essex, ss. June 8th, '75, personally appeared Adolph Biornberg, made oath to the following certificate, and by him subscribed and sworn before me. WM. PITTMAN, Jr.,
Justice of the Peace.

LAWRENCE CITY, Mass., June 9, 1875.

We, the undersigned, having personally known Dr. Adolph Biornberg for years, believe him to be an honest, moral, manly, trustworthy, and in health and security unexcelled. His character is without reproach.

M. BONNY, Ex-Mayor.

ROBERT H. TEWKESBURY, City Treas.
