THE CELEBRATED

COOKING STOVES!

For Wood.

They are really what their name indicates,

SUPERIOR to any other Stove in the market,

and for

Economy, Durability, Convenience & Dispatch

Are Unequalled!

KANSAS, ALASKA

AND

IMPROVED AMERICAN

For Coal.

Which for Neatness of Design, Thoroughness

of Construction, Capacity of

Over Economy in the Use of Fuel and

Uniformity of Operation, place them as

the best Stoves in the market.

They have been constructed especially for the

Western Bituminous Coal (for which

all Stoves of Eastern manufacture are so ill

adapted). Enlarged Flues insure a perfect

draft; the plates that line the fire chamber are

unusually heavy, and combine certain pecul-

iarities in their construction which give them

superiority over all others in the com-

parison of its smoke, thus saving a large per-

centage of fuel.

Bridge, Beach & Co.,

ST. LOUIS.

Made the first Stoves ever made West of

the Mississippi River.
