

## LOCAL AND OTHER MATTERS.

FROM FRIDAY'S DAILY, MARCH 24.

**The Work in Tennessee.**—Elders R. S. Spence and D. R. Bateman wrote from Clifton, Wayne County, Tennessee, on the 13th inst., stating that since the 10th of last August they had organized a branch in that locality, on Cedar Creek, and baptized 23 persons, who are trying to live right and are animated by the spirit of the Lord.

**The Burglary Case.**—The examination of the two burglars, Tremaine alias Cole, and Emerson, conducted at Farmington, before Commissioner Pearson, was concluded yesterday. In default of \$1,000 bonds, Tremaine was committed to jail to await the action of the grand jury. Emerson, for want of sufficient evidence to justify a probability of conviction, was discharged.

**A Violent Madman.**—Yesterday an insane man named Lyon created a sensation in the eastern part of the City by cutting up some queer capers, and the police went on an unsuccessful hunt after him. Early this morning he resumed his antics in the Fifth Ward, being very violent and threatening to burn his brother-in-law's house. He was taken into custody by Mr. J. C. Watson and conveyed to the City Hall. He was placed in the jail for safe keeping. While there he insisted in stripping himself of all his clothing.

**For the Penitentiary.**—This morning Sheriff Turner, of Utah County, arrived in the city with a couple of prisoners destined for the penitentiary. One was William Duffey, who, a short time ago, as related by the News at the time, shot and killed "California Bill" at Blake City, Emery County. He goes to the "Pen" pending his trial.

The other is a young man named Fred Moss, of Richfield, Sevier County, who was tried and convicted of having attacked a police officer at that place and inflicting a great gash in his face, laying the cheek open to the bone. His sentence is nine months, which he goes to the penitentiary to serve out.

**United.**—Yesterday Mr. Sidney B. Clawson, son of Gen. H. B. Clawson, and Miss Amelia Burns, daughter of Mr. Robert Burns, both of the 12th Ward, were united in wedlock, President D. H. Wells performing the ceremony. Last evening a reception was held at the residence of the bride's parents, when many relations and friends assembled and extended their congratulations to the handsome couple and partook of a bounteous feast. It was a happy gathering. The News congratulates.

On the same day, Mr. Ebenezer Beesley, Jr., son of the conductor of the Tabernacle choir, and Miss Emily Cooper, daughter of Elder Wm. Cooper, now on a mission in England, were wedded. They are a worthy couple and our best wishes are with them.

FROM SATURDAY'S DAILY, MARCH 25.

**"Uncle" Robert Carter Dead.**—Uncle Robert Carter, the well-known veteran news carrier, died at 2.25 p. m. to-day, at his residence in the 9th Ward of this city.

**No New Depot Buildings.**—We understand that the erection of the proposed new buildings at the depot in this city, and the grand depot structures at Ogden has been postponed indefinitely.

**The "General Garfield."**—The machinery has been taken out of the steamer *General Garfield*, that used to ply upon the Salt Lake, and is being prepared for shipment to California, having been purchased by a navigation company of that State. The boilers will remain, to be sold here to the highest bidder. We understand the shell of the vessel is to be used as a sort of floating hotel for the use of pleasure seekers in the excursion season.

**House Stealing.**—Yesterday afternoon Sheriff Gillespie, of Tooele County, brought from that part of the Territory, Solomon Johnson, who had been committed to await the action of the grand jury. The offense with which he is charged is stealing a house, which he moved from another person's place to his own. It must have been a frail structure. He was taken to the penitentiary this morning, pending the action of the grand jury.

**Strong Points.**—Some points were brought out at the examination of Tremaine, alias Cole, that

were very conclusive against him. For instance the sleeve and a portion of the tail of an alpaca coat were found in the Kaysville Co-op store on the morning succeeding the robbery. The coat from which these pieces were torn was found in Tremaine's valise. He admits that he is caught, but asserts that Emerson is innocent. Tremaine is in the city jail, awaiting the action of the grand jury.

**Birthday Anniversary.**—On the 22nd inst., Sister Martha Blackham, of Moroni, reached the 75th anniversary of her birthday. A family feast was got up in honor of the occasion. She came to Utah with the last hand-cart company in 1856, and went to Moroni in the Spring of 1859. Sister Blackham still clings to the Gospel and hopes to continue to do so. The party consisted of three sons, one daughter, one son-in-law, fourteen grandsons, twelve granddaughters, two great grandsons and three granddaughters; total 36. Also quite a number of friends.

**An Ogden Man in Trouble.**—Yesterday evening D. Alexander, said to be an Ogden pawnbroker, entered the establishment of Mr. Charles Little and asked the latter to advance him \$150 upon a watch. Mr. Little took the article to a neighbor to get his opinion as to its value. The gentleman to whom this appeal was made recognized it as a valuable watch that was stolen two or three weeks ago from a Mr. Cutler, at the Cliff House. Alexander was arrested. He said he purchased it from a man in Ogden. But the act of a pawnbroker pawning a watch is a little singular, to say the least. An investigation of the case will be had on Tuesday.

**A Disconsolate Crowd.**—A few days ago we ventured the prediction that the knot of anti-Mormon crusaders who had worked up the furor that helped to produce the Edmunds bill would be among the most disappointed men of the nineteenth century. The prognostication is already fulfilled. The air surrounding the ringsters is filled with inexpressible sadness, causing a general elongation of faces that were once radiant. Alas the light of hope is faded. Poor fellows! after all, they are to be pitied. To them the Edmunds bill is a Dead Sea apple.

According to the latest news on the subject, the labors of the mutual interest and administration society, who had been praying, petitioning and recommending each other for position on the commission, have received a slashing blow. The commission is to be made up of strangers, not tools of the local ring. In the language of the anti-Mormon crusaders themselves, this makes the Edmunds bill worse than nothing—to those who hunger for the spoilation of the people. Moral—don't shake the tree too hard, till you know where the persimmons will fall.

THEO. MCKEAN, Secretary.  
Headquarters People's Central Committee.  
Salt Lake City, March 25, 1882.

FROM MONDAY'S DAILY, MARCH 27.

**Priesthood Meeting.**—The regular Priesthood meeting of the Salt Lake Stake of Zion will be held on Saturday, April 1st, at 11 a. m., at the Salt Lake Assembly Hall.

W. W. TAYLOR,  
Clerk of Stake.

**Missionary News.**—A private letter, dated March 8th, from Elder John Q. Cannon, states that he purposed leaving England for Germany on the 18th inst. He had made arrangements to baptize, before his departure, two men and a young lady. Elder O. F. Whitney would shortly baptize a whole family of believers in the Gospel.

**Sentenced.**—Joseph Biddlecome, convicted of the murder of Charles Jensen, on the 28th of May, 1879, was brought into court this morning and sentenced to imprisonment in the Penitentiary for the rest of his natural life. In the verdict of the jury he was recommended to the mercy of the court, hence the imprisonment for life instead of the death penalty.

**Habeas Corpus.**—In the case of the child Louis Mortimer Travis, aged one year and nine months, who was brought into court this morning with his mother, on a writ of habeas corpus, by Mr. Sharp, His Honor Judge Hunter, after hearing short arguments by Messrs. Sharp & Snow, ordered the child into the custody of Father Scanlan, who promised to provide a home for it. The child has been in the hands of the county authorities for some time.

**Seriously Hurt.**—Our readers will remember that a few days since Mr. Parley P. P. Prophet, of South Weber, met with a serious accident, the result of a runaway of his team. We regret to learn from a person who has paid a visit to him that Mr. Prophet is still confined to his bed and lies in a sad, serious and precarious condition. He is compelled to lie in one position on his back. He suffers a great deal. His head is much bruised, as are several other parts of his person.—*Ogden Herald.*

**Death of Brother Hopwood.**—The many friends of Brother Wm. Hopwood, of the 17th Ward, will be pained to hear of his death, which occurred last night, after a very brief illness. The event will cause no small degree of surprise also, as his prostration was known only to comparatively few. He was well known and esteemed in the community as a kind-hearted, honest, unassuming and industrious man. Deceased was one of the proprietors of the restaurant of Hill & Hopwood on East Temple Street. He had been for a long time connected with the Church, to which he adhered faithfully to the last.

**The Horn Silver Matter.**—Some person has sent over the wires from this city a dispatch to the effect that the Horn Silver smelting works were in a state of siege, owing to the belligerent attitude of strikers. This statement is totally false, and must have been made from mercenary or malicious motives. The fact is, that so far as the necessary labor is concerned, ten more furnaces than those now existing at the works could be run. Major Hill is beset with applications for employment. There is no disturbing element either at or in the vicinity of the works.

**The Reason.**—The Carbon County (Wyoming) *Journal* has this to say about the cause of the recent wholesale and summary discharge of U. P. conductors. The conspiracy indicated is so disgracefully dishonest and sweeping as to appear almost incredible:

"A gentleman, recently from the East, informed us a few days ago that the reason for the general change of conductors on the Union Pacific was caused by the company learning of an organization among the knights of the punch, whereby they were running quite an opposition to the general passenger department. From the story given us it seems the conductors had an organization by which they were selling through tickets from Omaha to Salt Lake, Ogden and points in Montana, and from these places east to Omaha; in fact, conducting a general passenger department on their own hook. The tickets said to have been used by them were a yellow piece of cardboard, in size 2½ by 1½ inches. This piece of pas-board being recognized by the conductors the same as the regular ticket sold by the company; also that they had agents at various points who sold these tickets, and an office at Omaha which made disbursements. They apparently did not believe in any small arrangement, but took in the whole field, also that when a passenger was brought into a terminal station, if the conductor who took out the train did not belong to the initiated, the passenger was informed that he would have to take a lay over ticket and wait for the next train. The company in some way getting an inkling of how things were going, a corps of detectives were employed, upon whose report the general change has been made. Conductor Snow was the only passenger conductor on the main line who escaped."

## A RAILROAD OFFICIAL INTERVIEWED.

Not every one so cheerfully communicates his knowledge and opinions as recently did E. L. Loweree, Esq., cashier of the Cincinnati Southern Railway, that splendid outlet to the South from the Ohio. Our representative waited upon Mr. Loweree, and in reply to certain questions the latter gentleman observed: "I was suffering from a very severe attack of rheumatism in my right foot; it was in a terrible condition; the pain was almost intolerable; our family physician waited on me without success; I sent for another well-known M. D., but even the twain could do nothing for me; I could not get down here to the office to attend to my duties; in fact I could not put my foot under me at all, and after nine weeks' suffering I began to grow desperate. My friend (whom, of course you know, for he is known by everybody), Mr. Stacey Hill, of the Mount Auburn Inclined Plane Railroad Co., called to see me; he spoke very highly of St. Jacobs Oil, and recommended the remedy to me in glowing terms. I laughed at the idea of using a proprietary medicine, and yet the party recommending it, (Mr. Stacey Hill remember), being a man of sound judgment, set me to thinking the matter over. The next day, when the physicians called, I dismissed them, and said to myself that I would let nature take its course. That resolution lasted just a day. On the following morning I, in a fit of desperation, sent a servant for a bottle of St. Jacobs Oil. I applied that wonderful remedy, and it penetrated me so that I thought my foot was about to fall off, but it did not; in fact it did just the opposite. The next morning the pain had entirely left my foot, the swelling was reduced, and really the appearance was so different altogether from the day before, that it actually surprised me. I applied more of the St. Jacobs Oil, and that afternoon I walked down here to the office, and was able to attend to my duties and get around as well as any one. Let me say for St. Jacobs Oil that it beats railroad time, and is always sure to win.—*Cincinnati Enquirer.*

## COMBINATION.

SALT LAKE CITY, UTAH,  
February 23rd, 1882.

L. B. Mattison:

Dear Sir—The Albion Spring Tooth Harrow I bought of you last year was used over two hundred and fifty acres of plow land and meadow and gave good satisfaction. I also used it in cultivating corn and potatoes. I also put in ten acres of oats on newly broken sod and it did its work well and with ease to the driver and team. This year I want the seeder attachment.

To use the harrow successfully as a cultivator the corn must be planted in straight rows from three and one half (3½) to four (4) feet apart.

Respectfully,  
s & w t ALMA PRATT.
