Exodus Examination.

WASHINGTON, Feb. 7. — Before the Senate exodus committee to-day, Leonard G. A. Hackney, prosecuting attorney for the district of Delbyville, Indiana, testified that 26 colored emigrants arrived at Shelbyville December 12th; last. The mayor called a meeting of the council and provision was made for the destitute. About 20 came afterwards. These men are still scattered in and about town. He had heard of two or three other companies coming near Shelbyville. The county is democratic, but the congressional district is doubtful and very close. A meeting of the citizens was held, at which it was resolved that the law of 1852, inflicting a penalty of $500 upon anyone who should bring a pauper into the State, should be enforced by the proper officers. There is no doubt that all the democrats dislike such emigrants and probably most of the respectable republicans do also. The laboring class generally discountenance the movement. The demand for labor in Shelby County is fully supplied; there is even a complaint of scarcity of work.

Milton M. Holland, member of the Washington Emigrant Aid Society, testified that its object was solely charitable; not to promote emigration—no political purpose was connected with it. On their request about 60 emigrants were sent to Ohio instead of Kansas. The society has no agents whatever. So far from the movement being republican, the society felt very hard towards the republicans because they had not contributed much money. He criticized the action of two cabinet officers who had subscribed $50 each to the Irish relief fund and nothing to aid colored emigrants. The witness is a clerk in the Government Department.

Samuel A. Perry, a dark mulatto, testified that lately there had been much distress among negroes, chiefly on account of poor crops and the severity of the landlord and tenant and other laws. One hundred negroes got together and endeavored to get some northern capitalists to help them emigrate. There was no thought of an exodus. They forwarded a petition to the National Emigration Aid Society, setting forth these facts. Perry and a man named Williams, as agents were sent west to look for a suitable location, their expenses being paid by the colony. They finally reached Greencastle, where some colored men told them they could do well in Indiana. They got out circulars favoring emigration to Indiana, and went back to North Carolina.

Cross-examined by Voorhees. Was a slave before the war. Was as good a man as ever lived; named Perry. Had never advised anyone to go to Indiana. Thought the industrial and financial condition of the negroes was as good in Indiana as elsewhere. Witness would like to see enough negroes sent there to revolutionize things. But he did not hear a word about political intrigue. When in Indiana he consulted mostly with republicans, but so he did at home. It was natural for him to do so. Witness declared that he was done with the exodus. he was advising the people to go back to the places they had left.

Davis' Opium Tariff Bill.

Representative Davis' bill providing for the taxation of all opium manufactured in this country for smoking purposes is heartily approved by the Commissioner of Internal Revenue, and will be strongly urged upon the attention of the House committee of ways and means as soon as the funding question and a few other special subjects, like the sugar and the steel rail controversies, concerning which the Commission has recently heard extended arguments, shall have been disposed of. It is Mr. Davis' intention to obtain an opportunity to make an argument before the Commission in person in explanation and advocacy of this bill and also of his bill providing for a protective tariff on Chinese rice, nut oil and mustard seed.

More Removals Probable.

Secretary Schurz is said to have remarked to-day, upon being asked when a new Indian Commissioner was to be appointed, that he intended to clear out the house before putting in a new tenant. From this it is of course inferred that additional removals of Indian Bureau officials or employees may be expected shortly.

Stolen Letters.

Several registered letters have been received in this country from Belgium, addressed to one Collins, Brooklyn. It appears two men fraudulently obtained an amount of money from an old naval officer in Belgium, and forwarded it to friends in Brooklyn. It is supposed these are the letters. As the law requires letters to be delivered only to the persons addressed, official application is expected for a return of these letters to Belgium. In anticipation of this, the Postmaster General has referred the subject to the Attorney General for decision.

Our Treaty Relations.

The select committee of the House on the Inter-oceanic ship canal considered to-day the subject of our treaty relations as affecting the project of a ship canal. The United States Minister to the United States of Columbia explained the "Royse contract" upon which De Lesseps' project is based, and Admiral Ammen rehearsed the features of the Nicaraguan routes.

Pension Law.

The House pension committee has agreed to report favorably on Vance's resolution giving greater scope to legislation pensioning the soldiers of 1812.

The New Mining Stock Board.

NEW YORK, 7.—An evening illustrated paper says: The new mining stock board will be ready to begin operations in a few days. Behind it are some of the largest mining operators in the country, and on the committee of organization are the names of Senator Jones, ex-Senator McDonald, Stephen B. Elkins, ex-Governor Safford, George D. Roberts and Henry Havemeyer. Handsome rooms have been opened and furnished on the ground floor of the Borcel building, at 115 Broadway, and offices connecting with the Mining Trust Company's interest are on the floor above. It is proposed to combine under a special charter three organizations, a mining exchange for purposes similar to that already in existence, confined entirely to mining stocks; second, clearing-house for mining stock operators, whose loans are to be made on mining stocks and sureties. The originators of the scheme do not intend to interfere in any way with the regular business of either the present Stock or Mining Exchange, and it is thought that circumstances may ultimately lead to amalgimation with the latter. It is understood that the proposed new exchange originated in the dissatisfaction of leading operators with the character of some of the stocks listed by the regular board, and with some of the members of the latter and an assurance is given that only the best mines will be dealt with.

Pacific Mail Steamship Purchases.

The *Tribune* says: Since the termination of the compact between the Pacific Railroads and the Pacific Mail Steamship Company in relation to freight traffic, the Pacific Mail has been trying to compete actively with the railroads, both for freight and passenger traffic. It is intended to increase the number of trips of the Pacific Coast steamers, and in order to do this, more vessels are required. The directors of the company have been in negotiation for the purchase of the steamship *Colorado*, which is not over six years old, having made one trip to Rio Janeiro and three trips to Galveston. The price is $350,000. At a meeting of the executive committee of the Pacific Mail, measures were taken to raise the necessary funds for the purchase of the *Colorado*. Overtures have been made recently to the Panama Railroad Company for aid in buying vessels. The purchase of the *Colorado* will not be sufficient for the establishment of weekly trips and Mr. Roach has offered to sell the company two new ships now on the Brazil route for $1,000,000. It is not believed, however, that this offer will be accepted. The company contemplate the purchase of two English built ships, which can be bought for about two-thirds of this price, and can be placed on the Australian line in the place of the two American vessels now on that route.

Indian News.

LOS PINOS Agency, via Lake City, 7.—Yesterday a runner arrived at this agency, whom Jack had ordered to inform Gen. Adams that it would be 13 days before his return. Chief Shavaux has expressed his willingness to accompany the General to Washington. He is known as the war chief of the Utes, but of late years has settled down to farming, and last summer sold a load of provisions of his own raising, the first ever offered in the Ouray market by an Indian since this agency was established. He will be of great assistance in the settling of present difficulties. Orders have been sent out by Chief Saporaney for all the different bands to rendezvous near the agency, and a grand powwow must be expected next week. Matters have been delayed very considerably by the press announcing the proposed trip of Gen. Adams, which Secretary Schurz attempted to keep secret. Some parties living near the line of the reservation saw it in the papers and reported it to the Indians. Douglass immediately left for a more healthy location on Grand River.

Bad Feelings Between Georgians.

CHICAGO, 7.—The *Journal's* Washington special says: There is considerable talk to-day about a scene which occurred at a meeting of the Senate census committee yesterday, when Senator Gordon denounced as "an infamous, infernal falsehood" the statement made to the committee by Alexander H. Stephens. There is a bitter feeling between Gordon and Ben Hill, and some of the friends of the latter think it will culminate in a hostile meeting yet.

A Victory for Woman.

The House of Representatives of the Iowa Legislature this morning adopted, by a vote of 87 to 31, an amendment to the Constitution to be submitted to a vote of the people, making free white women eligible as members of the Legislature.

Dastardly Robbery.

KNOXVILLE, 7.—Last night three burglars entered the bank, seized and bound the president, E. C. Runkle, who sleeps in the building, and after gagging and beating him and burning his feet in a shocking manner to compel him to give up the combination, departed, taking $3,200 which had not been locked up. There was a time lock on the safe and Runkle was unable to give the combination. Great excitement exists, but no clue to the perpetrators has been found.

Parnell Snubbed.

CINCINNATI, 7.—The board of officers of the Chamber of Commerce appointed a committee to receive funds for Ireland to be forwarded to the Mansion House. The board refused to endorse Parnell.

Homicide.

GALVESTON, 7.—A *News* special from Palestine says: Early this morning, at Cromp's saloon, John Kerr was shot dead by Kirk Hage; no apparent cause.

FOREIGN.

GREAT BRITAIN.

Foreign Notes.

LONDON, 7.—The blue book on Afghan affairs has been issued. General Roberts reports a conversation in October, 1879, with Yakoob Khan, who said the British mission, under Sir Naville Chamberlain, was turned back by the advice of the Russian Envoy at Cabul, Stolietoff, and that when the Ali quitted Afghanistan in December, 1878, he issued a firman to the authorities at Herat declaring Stolietoff had written him as follows: "The Emperor's desire is that you should not admit the English into your country, and, like last year you are to treat them with deceit until the cold season passes away, then the Almighty's will will be made manifest to you; that is to say the Russian government will come to your assistance either by diplomatic action or we will entirely cut off all English communication and interference with Afghanistan and the event end in a mighty and important war."

The blue book, respecting affairs in Central Asia, shows that on the 9th of July, 1879, Lord Salisbury, minister of foreign affairs, asked Count Schouvaloff, the Russian ambassador to England, whether there was any truth in the report that an expedition from the Caspian intended to occupy Merv. Count Schouvaloff said the expedition was directed against the Tekke Turcomans, and that he entirely disbelieved the existence, among any section of Russian statesmen, of a wish to advance on Merv. On the 16th of July last, Degiers, of the foreign office, reported these assurances to Lord Dufferin, British ambassador to Russia, in the most positive form.

The Lower House of the Prussian Diet resumed the debate on the public worship estimates. Herr Jadzcowski complained of the harsh application of the May laws in the province of Posen.

Herr Von Puttakammer, minister of worship, replied that the Government never intended rendering the care of souls in vacant parishes a complete impossibility. The ministry throughout believed that the exercise of certain offices by the clergymen of the neighboring parishes was not illegal. The legal authorities not always taking this view, a necessity for remedying the inconvenience became apparent, and the Government ordered an inquiry into each particular case. Replying to Herr Clotz, Herr Von Puttakammer said the Government will execute the ecclesiastical laws so long as they remain on the statute book.

Herr Scharlemer objected to the item for an old Catholic bishop.

Herr Von Puttakammer said this arrangement was sanctioned by special law and by a royal decree, and no ground exists for altering it.

Mace, Paris chief of police, has sent in his resignation, explaining it would be impossible for him to conscientiously retain his post while the present organization of police is adhered to. He particularly complains of the long delays which occur between the commission of crime and the transmission of details to him by the judges of instruction. To such unnecessary delay he attributes the escape of the assassin Walder.

Paul de Cassagnac has resigned as Deputy of Condom, and presents himself as a candidate for Mirande, in place of his father, recently deceased.

Vienna, 7.—In the Austrian Lower House to-day Herr Mernger submitted an interpellation describing as a menace to the internal peace the petition presented by the Minister of Worship before the Bohemian bishops, and asking for the restoration of the confessional and clerical influence in schools. Herr Mernger asks the government what steps they intend taking toward offsetting such attacks on the peace of the state.

A Madrid dispatch says: At the trial of Francisco Otero Gonzal, the would-be regicide, the crown prosecutor demanded as a penalty for the crime, that the sentence of death be passed. Counsel for the defence urged that the prisoner was irresponsible for his actions at the time and that the crime was unpremeditated.

A Havana letter says: The Grant party returned from Matanzas last night. They express themselves as highly gratified with the visit. They were the special object of attention of the authorities there, staying in the Municipal Palace, where a banquet in honor of the ex-President was given. They visited the caves of Bellamar and the picturesque surroundings of Matanzas.

A Pesth dispatch says: The tribunal has applied to the House of Magnates for authority to arrest Baron Mantonya for fighting a duel with Herr Verhovay on the 10th of January. The application was referred to the committee on parliamentary privileges,
