The Relief Society Woman's Mercantile Association.

opening a store for the sale of home manufactures in the building lately occupied by the Woman's Centennial Territorial Fair, known as the Old Constitution Building, opposite Z. C. M. I. store.

We are now ready to receive home-made useful and ornamental articles of all kinds, which we will sell on commission.

Many of our citizens have felt the want of a place devoted exclusively to Utah productions, and now that we are, in accordance with the wishes of President Young, uniting our humble efforts in this direction, we confidently trust that we shall not only have the support of all branches of the Relief Society throughout the valleys of the mountains, but also of our brethren and all others who feel an interest in the future welfare and prosperity of Utah.

Commencing as we do without capital, we wish it distinctly understood that at present we can only sell on commission.

ELIZA H. SNOW, President. PRISCILLA M. STAINES, Vice President. ELIZABETH DAVIS, Secretary.

THE RAPID popularity gained in this Territory by the OLIVER CHILLED PLOW during the short time it has been introduced here is something marvelous. This splendid plow has distanced all competition, and now stands at the head of this list, unequalled by any machine of the kind ever brought to Utah.

With the Oliver Plow FALL PLOWING can be done QUICKLY and EASILY, and WITHOUT IRRIGATING, no matter how hard and dry the soil. It is offered on the most favorable terms by Howard Seabree, at the Main Wagon Depot, one-half block south of Theatre.

LYON'S KATHARON.

Lyon's Katharon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so clearly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Katharon properly.

PRICE OF GOLD.

Corrected daily by Deseret National Bank. SALT LAKE CITY, November 17, 1876. Buying at \$1.08. Selling at \$1.10.

Local and Other Matters.

Thermometer 56 degrees F. in the shade at 1 p. m. today. Fine, some clouds.

Beautiful.—The weather could scarcely be more beautiful or healthful than it has been today.

Rain.—The clouds dropped their fatness last night in the shape of warm dust-laying showers.

Good Pictures.—Mr. C. R. Savage has obtained a couple of very fine photographic views of the interior and exterior of the Temple.

Arrested.—A couple of cattle thieves were arrested last night, one of them named Whitehead. They are the parties alleged to have stolen the mare alluded to and described in yesterday's News.

Packing of the West.—We have received, per favor of Judge Haydon, the "Annual Report of the Packing of the West," compiled for the Pork Packers' Association, of Chicago, by Frank B. Howard, Secretary. A pamphlet of 70 pages, well printed on good tinted paper.

How?—What's the matter with the Deseret News? Ogden received no parcel with Tuesday's issue.—Ogden Junction, Nov. 14.

We do not know the reason why Ogden received no parcel of the News for that day. The parcel was duly mailed as usual.

Tabernacle Meetings.—We are requested to announce that, in consequence of the inclemency of the weather, the religious services at the Tabernacle, on Sunday afternoon, will be discontinued until further notice. Afternoon services will be held at the various Ward Meeting-houses, as well as in the evening, beginning on next Sunday, November 19th.

Anonymous.—We are in receipt of a communication from a correspondent who signs himself "Scotchman." With all respect to the writer of the paper, we have two reasons for not publishing it—it is of a somewhat personal character, and our rule that all correspondence must be accompanied by the real name of the writer has not, in this instance, been complied with.

The Grain Question.—A special meeting of the committees on the grain question will be held in the basement-room of the Social Hall, on Friday, November 17th, at 2 o'clock p. m. The officers of Relief Societies in all the Wards of the city, and others interested in the subject, are hereby notified, by order of the board. A punctual attendance is requested.

EMELINE B. WELLS, President Central Committee.

Another Paper in Prescott.—The Wallapai Enterprise, for want of mail facilities, has found it impracticable to publish at Mineral Park, and has concluded to come to Prescott. The material has already arrived, and is being set up in the building on Cortez street formerly occupied by Armstrong, as a paint shop. We, of course, doubt the necessity for two papers in Prescott just at present, but the population is so rapidly increasing that they will have to come sooner or later, and perhaps it is just as well to start in now.—Arizona Miner, Nov. 5.

Coal Hauling.—The vexed coal question still remains in statu quo, the supply of the Weber article being vastly inadequate to the demand, the cause of the scarcity being too plain to admit of mistake—the Union Pacific Railroad appears determined to create and maintain a monopoly in favor of the coal beds in which they are interested, by failing to supply the necessary cars for the transportation of the product of the Weber mines. This inflicts a wrong upon the community, and it is anything but magnanimous to take advantage of a people who do so much towards the construction of the most difficult portion of the great railroad line. However, we do not think that it operates to the ultimate advantage of a railroad company to work against the interests of a people through whose territory it passes, and who are under the present necessity of giving it large patronage. This course causes the company to lose prestige and influence, and we have some pride in knowing that the influence and good feelings of the people of Utah are not without considerable intrinsic value.

Seeing that things are as they are, and there is but little present appearance of a permanent alteration in the situation the people will have to make the "best of a bad job." We would advise the people in the vicinity of the Weber coal beds to help in building up their own locality as well as benefiting themselves individually by using their teams and wagons as much as they possibly can in hauling coal to this City, where they can find a ready market for it. Those engaging in this business may not be able to make a great deal of money at it, but they can certainly realize something over their expenses, which is a great deal better than themselves and teams being unemployed any portion of the time.

Our advice is the same to the owners of teams and wagons in this city and vicinity. It would be a good thing for the teams that can be spared for this labor of each ward, or two or more wards combined, to get together and go to the coal beds in force and bring the coal in to this market. We are convinced that in this manner many hundreds of tons of coal could be brought to this city, which would be a great advantage.

Similar views to the foregoing, on the hauling of coal by team, have been expressed by Bishop Hunter and his Councilors, and we think them worthy of consideration.

Indian Shot.—The day before yesterday, Indian Interpreter D. B. Huntington, of this city, received a dispatch, from Tooele, that the night previous some of Tabby men, from Uinta Valley, shot an Indian named Mike, in his tent.

Mike has the character of being a good, peaceable Indian, and was among the first to leave his roaming habits and take to farming in the western part of the Territory. He is shot in the back of the head. At last accounts he was still living, but his recovery is not probable.

District Court.—Friday, Nov. 17, morning. Alexander Tarbet vs. Moses Hirschman. The jury returned the following verdict:—

"We, the jury, find for the defendant. A. C. Brower."

Motion by the plaintiff for thirty days to file a motion for a new trial; granted.

The jury trial of the suit of Warren Hussey vs. Mason M. Hill was commenced.

Wm. Wilson vs. F. C. Chase; settled and dismissed, at defendant's cost.

The Winnamucca (Nev.) Silver State ventures the following:—

"An election was held in Brigham's dominions last Tuesday, for a Delegate to Congress. Two of the Prophet's Danites were sent to Cortine to see that the goddesses of that city did not vote; but were too tough to defeat the Mormon candidate, George Q. Cannon. The Corinthus spotted the Mormons the moment they arrived, and in a short time filled them with 'valley tan,' and laid them away. About the time they had successfully accomplished this feat, the emigrant train from the East came along, and every one of them voted the straight Gentile ticket. The Mormons give their women the privilege of voting; and the Gentiles concluded to be fully as liberal, and allow every woman on the train to vote. Their efforts were useless, however, for the Mormons were too numerous for them, and elected their Delegate, Cannon, by a large majority."

Theatre.—We have had a pleasant interview with Mr. H. B. Lonsdale, business agent of Mr. Geo. Rignold. Mr. L. informs us that owing to missing connection on his journey Mr. Rignold did not arrive in town till to-day, and, desiring to give the plays in which he is advertised to appear here more rehearsal, he has concluded to defer his appearance on the Salt Lake stage until to-morrow evening, which is now the only evening of his engagement, on which occasion he will appear as "Claude Melnotte" in the drama of the "Lady of Lyons" and "William" in the drama of "Black-Eyed Susan."

Mr. Rignold is noted for his fine appearance on the stage, and his best and most popular character is that of "Henry the Fifth." Is it not possible for him to appear in that bright particular specialty of his in the Theatre of Cortez?

The stage is spacious enough and there are many people in this vicinity who would be very much gratified to see him in that royal character. It is true, we might not see, on the Salt Lake stage, at present, the play named presented with all the appropriate and advantageous and enhancing accessories which the resources of New York or London can furnish, but still could we not see Rignold as "Henry the Fifth"? If we could, then why not? And if not, then why not?

Our Country Contemporaries.

Ogden Junction, Nov. 16.—

We have to record with great sorrow two more deaths from small-pox in this city. Early this morning Mrs. Nancy Miranda Stowe, wife of Mr. William Stowe, whose recovery was not expected, yielded to the power of the destroyer, and a little child, daughter of Mr. E. Hampton, also departed for a better sphere.

Two new cases of small-pox, light on the brow of the hill north of Mr. Moditt's residence. The cases are out, and precautions adopted. Two more flags are taken down, and several convalescent families are clamoring for liberty, but the public safety requires further patience and continued quarantine for a little while. There are only a few real cases remaining.

These are a case of small-pox in Wilson's Lane, over the river, which has been laid up for several days. This concealment is criminal. Let the case be known and attended to, and the flag put out as a warning.

Over a year ago the grand jury of Onida County, sitting at Malad, found indictments for polygamy, under the laws of the Territory, against a number of influential citizens of that county. It was well understood at the time, that these "prosecutions" were instituted in the spirit of "persecution." They were pushed in the interest of the corrupt members of the Malad jury who wished to cripple those who opposed them politically. Mr. Stewart, of Malad, was arrested; the others, among whom was Mr. Samuel R. Parkinson, of Franklin, avoided arrest, believing they were unlikely to have a fair trial with the chances which their enemies had to pack a jury against them. Mr. Stewart's case came to trial, and the evidence being insufficient he was acquitted. This morning the Malad jury was arrested at Franklin, by deputy sheriff Jones, and taken to Malad on that old indictment. It is easy to see the same influence at work as before, the rancorous feeling re-awakened by the recent election in that county having provoked this new assault. We believe Mr. Parkinson will come out of the trial unscathed, and with no other loss except that which is consequent on being dragged from home to a distant point, and the expenses necessarily attending his defense.

Beaver Defense, Nov. 14.—

Messrs. William Adams and W. G. McGregor, of Parowan, left Beaver this morning en route to Salt Lake and England. They are going to Europe as Mormon missionaries.

Mr. James Whitaker, superintendent of the Beaver Co-op. store, has returned from England, looking greatly improved in health by the trip.

The Piochers are still leaving for

THE UTAH MINES IN KANE AND WASHINGTON COUNTIES.

Toquerville appears to be the favorite locality with the Navajos.

The assessed taxable property of Beaver county amounts to \$318,000. It ought to be at least a half million, to say nothing of the mining interests.

One of the Navajos who were in town last Saturday had a fancy belt, curiously wrought. It was ornamented with ten pieces of silver, the workmanship of which would have done credit to a first-class silversmith.

Mr. J. L. Workman, of Virgin City, has sustained a serious injury in the right eye, which will most likely result in the loss of the sight. W. L. Dykes, of Toquerville, lost considerable property by fire the first of the month. His barn, containing a quantity of hay, his corals and a milch cow were burned. Owing to mail irregularities, this information has been about as long coming to get advice by the same means from New York City.

A railroad meeting has been called for this evening at 7 o'clock at the Institute. We hope there will be a large attendance. There is but one or two things in this world that Beaver needs worse than it does a railroad. Let everybody who believes in railroads go and hear what will be said if they do not feel able to help. The way to help in such matters is to attend meetings and vote. Beaver County can and will do a good deal towards a railroad. Go to the meeting.
