

FOMENTING TROUBLE

THE SIKHS ON THE GREAT NORTHERN
ONLY PARTIAL.

THE MEN SUPPORT THE COMPANY.
ATTEMPT TO BURN A TRAIN BY BURNING
A BRIDGE.—BUNGLEDOERS
ARRESTED.

SPOKANE, Wash., Nov. 5.—The strike on the Great Northern is only partial at this time. The eastbound passenger train went through on time and the Sikhs said that all trains are moving regularly. At the car shops at Millgate a part of the men have gone out, but the master mechanic says the number was only eighteen, and of these six have quit.

ATTEMPT TO BURN A TRAIN.

SEATTLE, Wash., Nov. 5.—A Squamish Review special from Rainier, Mount, says that attempt was made to burn a Great Northern westbound passenger train near Columbia Falls. A torch was applied to a bridge west of the big cut, this side of Columbia Falls and the fire was put among the trees and the train was set afire by the engine.

A reward of \$500 has been offered by the Great Northern and \$100 by Governor Richards for the apprehension of the persons who attempted to burn the train.

John Morgan, director of the A. B. C. who has just been released from jail, where he was confined by the U. S. Court of Appeals at Denver, attended a meeting of that court yesterday. Only ten members of the local division were present, the leading men who have been dismissed from the service.

It was voted to continue Goodwin's trial for a week after 11 p.m. At the requested hearing train was responded promptly, and when it was announced that Goodwin had called a strike they took a strong stand in favor of the company and its determination to beat the strikers. Goodwin was demanded as an affidavit, security of notice. His speech at Spokane a few days ago left him no supremacy but may be enjoyed and used in the future. All the miners, freight and passenger agents, telegraph operators and telephones kept at work and volunteered their active support to the company. They have no grievances. The only miners now in active work who went out on the local division are the engineers and conductors here, like others, about thirty, disbanded section men.

At midnight a mob of about fifty men went in the roundabout and along the right-of-way, armed with stones and clubs, Sheriff Baldwin not patrolling the track with due regard for the trains.

Superintendent Ryan acted promptly and set about to end the strike. Warnings were given out by Goodwin and other leaders of the A. B. C. Goodwin was arrested.

ACTIVITY AMONG LABOR UNIONS.

SAN FRANCISCO, Nov. 5.—The business strike of the employes of the Northern Pacific has caused little excitement among local railway men, and especially among the members of the A. B. C. The dissatisfaction of the H. I. men has a peculiar significance in this city, Oakland and San Francisco being great centers admitted that on the success or failure of a strike on the Great Northern this time merges the failure of all railroad railway lines west of the mountains.

Locally it may be said that on the Northern Pacific railway system there has been unusual activity of late in the form of labor strikes.

Within the past month it is officially denied by the local A. B. C. officers that any strike has been organized or specifically organized on the Northern. All this has been effected through the instrumentality of James Hogan of Salt Lake City, who is the general Western representative of the A. B. C. One of the difficulties of the strike in this state is the sheer cost to Utah of the People's Party ticket.

Hogan, it is said, has three traveling agents in this state, who have reported to him that the A. B. C. employes have struck over this. This is said to be the case with many railroad employes in California and Oregon into the camp here for the new year.

SHOEMAKERS HAVE NO OBSTINACY.

CLEVELAND, O., Nov. 5.—First Assistant Clerk C. H. S. Ingraham, of the Brotherhood of Locomotive Engineers, who represents Col. Arthur Carter, the latter's absence in Europe, makes him, as far as is known at present, the only one of the Great Northern men who is a grievance. It is believed highly improbable that they would stay away because involved in any strike.

The Vanderbilt Marriage Settlement.

NEW YORK, Nov. 5.—All parties directly or indirectly in the marriage settlement of Mrs. Consuelo Van derbilt and Mr. Edward VIII, Duke of Windsor, have been paid off, and the sum of \$100,000, or more, was paid to Mr. Vanderbilt's attorney in New York, to be copied, and a memorandum of the documents was made.

All information on the subject of the settlement was refuted, but it is said that the other contractors, the jewelry manufacturer, and the jeweler, have each received \$100,000. President Morgan says the suspension is due to a steady withdrawal of deposits and a general realization of distrust since the recent Teedome bank trouble.

After American Disarmament.

RAMSEY, N. J., Nov. 5.—The Canadian government is again after American disarmament. The revenue department, Dr. D. G. Donisthorpe, of the Canadian, a large amount of metal and brass belonging to Canada by steamship. French steamers and several British steamers engaged in fishing out of this port and in the morning informed the port authority for the fishing grounds. During the afternoon the French boats down on the American steamers and for several miles chased them. Unable to overtake them, the French recurred and demanded the name and address of the French. The French party came to the port and demanded to be allowed to go to the steamers Diana and Puritan. It is believed here that the French was justified in这样做ing, as the name of the ship was not registered with the Canadian.
