### Negotiations for Uniting Sweeden to Germany!

### A Schism in the Catholic Church Imminent!

### WASHINGTON, D. C.

**Secretary Fish coming across the continent—Bowen sentenced to fine and imprisonment.**

WASHINGTON, 13.—It is positively announced that M. Terry will succeed Friedhard as French minister to the United States.

Minister Washburne has received permission to make a short visit home this summer, and will come if possible.

The Supreme Court having, by a tie vote, affirmed the decision of the Court of Claims, allowing Lieutenant Price compensation for transportation after he voluntarily resigned his commission in the army, other officers have asked for similar allowances, but disbursing officers here do not consider this a precedent and will refuse these claims.

Ex-Senator Cattell will probably accept the appointment tendered him of commissioner, under the civil service section of the miscellaneous appropriations bill.

The President is expected to arrive here on Friday morning. It is not certain that any cabinet meeting will be held, as there is, as yet, no necessity for one known to exist.

Solicitor E. R. Dasfield, of the Treasury department, returned here yesterday from California, and will without delay, proceed to examine the case of the New York Central Railroad Company.

General George Stoneman has applied to be placed on the retired list, on account of incapacity resulting from injuries received during the war.

Secretary Fish will soon start on a tour across the continent.

At a meeting of bank officers of this city, yesterday p.m., it was agreed to pay the dividend tax of the last five months of the year 1870 under protest and to consult with the Boston and Philadelphia banks immediately as to future action.

A billiard match, for the championship and a diamond cue, will be played on Monday next between Cyrille Dion and Melvine Foster.

The *Tribune*, this a.m., says the statement that the Russian minister had written home a letter disparaging to Secretary Fish is unfounded, and the alleged letter a shameful forgery. The relations of Fish and the Russian minister, officially or politically, have always been cordial and intimate, and no words of differences marred them.

Ex-Congressman C. C. Bowen, of South Carolina, who was recently convicted of bigamy, was sentenced today to pay a fine of two hundred and fifty dollars, and be imprisoned in the penitentiary two years. Bowen made a statement that he was satisfied when he married his last wife that everything was all right and there was no legal obstruction in the way, and he promised her to return to her when released from prison. He was subsequently taken to jail, where he will remain until the decision of the court in term, which meets on Monday, on the exceptions to the ruling of the criminal court. His object is to try to obtain a new trial.

### NEW YORK.

**Germany and Sweden—War invalids.**

NEW YORK, 13.—A special from Berlin says, there are rumors of negotiations between the German and Swedish governments, with a view to relations that will result in the union of Sweden and Germany before many months. The *Serischae Zeitung* says, the rejection of the Swedish and Hungarian union by the legislature of Norway, is a signal fiasco for the projects of the King of Sweden; and for some time past there has been a growing inclination in Stockholm to cultivate friendly relations with Germany.

A special from Frankfort says, the number of invalids by the late war amounts to 4,990 officers and 112,038 noncommissioned officers and men. The Alsatians and Lorrainians, though they became invalids in the French service, will participate, to a certain extent, if they choose.

The municipality of Strasbourg has received, as a first instalment, ten million francs from the imperial treasury, for rebuilding the houses burned during the siege.

The Bavarian government is now proceeding against the clerical agitators. A professor of Munich has been dismissed for teaching the dogma of infallibility. An address has been sent by all the principal towns to the government, not to tolerate any stretch of authority in clergymen, and to protect those in opposition to the archbishops. A schism in the Catholic church appears imminent.

The directors of the Southern transcontinental and Texas Pacific railroads, are holding a secret meeting with the purpose of endeavoring to effect a consolidation.

The Pope's last encyclical letter, on Papal guarantees, dated Rome 15th, says that we should declare solemnly through you to the whole world, that not only what are called safeguards, and which are devised by a sub-Alpine government, but that all titles, honors and privileges, whatever shape they take, under the general name of safeguards or guarantees, can be of no avail whatever towards seconding the prompt and free papal power divinely transmitted to us; nor towards guarding the liberty necessary for the church. Such being the condition of affairs, as we have repeatedly declared and professed, that without the crime of breaking our solemn oath at the enthronement, we can consent to no conciliation which in any manner would destroy or diminish the rights of God and of the Apostolic See. So now, as of our bounden duty, we will declare that we will never agree to, nor accept, nor can we so agree to or accept, these cunningly wrought safeguards, or guarantees, prepared by a sub-Alpine government, whatever their device, or any other of whatsoever kind or however ratified, which under the form of security for our sacred power and liberty, shall have been offered to us in lieu of that civil principality with which Divine Providence willed that the holy Apostolic See should be furnished and strengthened, and which is ratified to us by legitimate and irrefragible titles, as well as by possession for more than eleven centuries. God grant, also, that the rulers of this earth, whom it much imports that such a pernicious example of usurpation as we endure may not take root and flourish, to the destruction of all power and order, may join with one consent of minds and wills, and that the disturbances of rebellion being appeased and deadly counsels of sects abandoned, they may unite in one movement for restoring to the holy See its rights, and with these his full liberty to the visible head of the church.

### NORTH CAROLINA.

**Marvelous escape from death.**

ROWING GAP, Wilkes Co., 12.—A young man, named Atkins, and his wife, fell a distance of six hundred and fifty feet from a peak in the Blue Ridge mountains a few days since. The body of Mrs. Atkins was dreadfully mangled, but, strange to say, Mr. Atkins is still alive and hopes of his recovery are entertained.

### NEW HAMPSHIRE.

**Burned.**

PORTSMOUTH, 13.—The Sagamore house, at Frost's Point, was burned today, loss $40,000.

### MASSACHUSETTS.

**A new Odd Fellows' hall.**

BOSTON, 13.—The corner stone of a new Odd Fellows' hall was laid to-day. Between seven and eight thousand Odd Fellows participated in the ceremonies.

### ILLINOIS.

**Suicide.**

CHICAGO, 13.—The City Council last night, after an acrimonious debate tabled the ordinance providing for closing saloons on Sundays by a vote of eighteen to fourteen.

A Bohemian barkeeper suicided prematurely on Sunday night, for fear the Council would pass the bill.

### CALIFORNIA.

**Murderer arrested.**

SAN FRANCISCO, 12.—J. Kempner, tailor, Kearney St., was shot dead this evening, accidentally, by a woman examining a revolver, supposed to be unloaded.

A Chinese cigar maker, of Sacramento St., who murdered another with a knife, is arrested.

## FOREIGN NEWS.

### GREAT BRITAIN.

**Lord mayor of Dublin dead.**

LONDON, 13.—The *Times* says the discussion yesterday in the Lords shows still that the advantages of the treaty greatly overbalance the deficiencies. We admit that to yield everything to conciliate an opponent is unwise, but the American commissioners also receded from the machinery of arbitration. Satisfactory claims could hardly be settled better.

The army in Paris will evacuate within two days.

The Lord Mayor of Dublin is dead.

### FRANCE.

**Court martial commenced.**

VERSAILLES, 13.—The *manifesto Internationale* protests against the barbarity of the Versaillists.

Thiers visited the troops yesterday.

The Orleans Princes arrived yesterday and were present at Thiers' levee. Thiers goes to Germany.

The court martial has commenced. There is an immense number of prisoners.

### SPAIN.

MADRID, 13.—The Emperor of Brazil is shortly expected.

The Duchess Montpensier has gone to Italy.

The *Imperial* says the basis of the fusion of the Bourbons is that Montpensier shall be Regent during the minority of Alphonso, and the constitution of 1845 liberally modified.

The "WORLD" Mower and Reaper.
E. BALL & CO.,
Manufacturers,
CANTON, OHIO.

IT HAS NO EQUAL!
It Mows—It Draws—It Self-Rakes.
Prices Reduced to a Gold Basis.
This Machine is the harvest gathering of twenty years' experience in the manufacture of Agricultural Machinery, and takes rank with the Printing Press, Engine, Lath and Locomotive in its position of pre-eminence, steadiness and durability.
Its foundation is a single piece of solid iron, of shape to resist all possible strains, and seam cast out of solid iron, with mathematical exactness.
The working parts are permanently fixed and fully protected from water, dust, grass and all other external causes of disturbance.
By these means, we reduce friction to the lowest point, adapt the self-sharpening principle to all rough cast machines, avoid breakages in harvest, and secure that reliability and durability which pertains to all gear in other kinds of machinery. The WORLD has been tested four years in the hands of the most intelligent and reliable farmers in the land, who unite in declaring that, comparatively,
"There is no other Mower."
