

LOCAL AND OTHER MATTERS.

MISS REEDIFIED.—In a conversation which we had, this morning, with Mr. Moore, the Postmaster of this city, he informed us that Gen. Wickizer is busily engaged in discovering the causes of the late mail delinquencies, and having matters put straight. Two letters were handed to us this morning, both of which bore the "Miss Reed" mark, one of them was addressed to this office; those letters were packed up, a few days since, near the switch at Ogden. We were shown a sack of mail matter for San Pete which was labeled and duly mailed from the Salt Lake City Post-office, but it was, the same day, returned, unopened.

Our sole desire in giving space to so many, otherwise uninteresting communications, and in other ways ventilating this subject, has been that the real delinquents might be brought to light, and the postal affairs of this Territory be properly adjusted. It must be admitted that the way those matters have been conducted, of late, in some parts, has given real cause for complaint.

THIRD DISTRICT COURT.—Hon. C. C. Wilson, Judge.

Regular March term commenced on Monday, on Tuesday, the Grand Jury were empaneled and charged. Yesterday the case of Higley vs Cronyn and Co., on an appeal from the Probate Court, and motion to dismiss, was argued and overruled by the court. A large number of aliens were admitted as citizens.

To-day the case of McManus vs. Loucks, was dismissed at plaintiff's costs. United States vs. George Coleman, indictment for violation of Internal Revenue law, was on trial this afternoon.

FROZEN TO DEATH.—Yesterday, it was reported to the police at the City Hall, that a soldier was lying dead on the bench, about a mile and a quarter from Camp Douglas. The police gave in a report to General Gibbons at Camp Douglas, and Lieutenant Benson and a detachment of men were ordered to go and take possession of the body. The body was found, but being outside the lines of the military reserve, General Gibbons ordered that it be brought to the city in order that a Coroner's inquest might be held upon it. Last night the body was deposited in the City Hall, and the Coroner, H. S. Beale, Esq., being notified, an inquest was held, and a verdict of death by freezing was returned. After the inquest the deceased was taken back to Camp Douglas.

General Gibbons' strict respect to the civil law, in turning the deceased, though a soldier, over to the Coroner for an investigation, is highly praiseworthy.

INFORMATION WANTED BY ADD REED, who resides in the Tenth Ward, in this city, respecting her daughter, Jane Rollins, whose maiden name was Reed, and who, when last heard of, was residing at Toxeth Park, Liverpool.

Mt. Star please copy.

WANTED AT THE MENAGERIE.—Hunters, trappers and others will perhaps find it profitable to take a look at the advertisement, in to-day's News, for various kinds of beasts and birds for the Menagerie. The proprietor of that institution is anxious to spend several hundred dollars in mountain lions and other home productions of a similar nature, which, of course, gives a chance to the sportsmen of the Territory to go in for greenbacks. The leading men of the settlements might help on this matter by their influence if they will be so kind.

A WHOPPER.—A late number of the *Territorial Enterprise*, Virginia, Nevada, says:

"At the International Saloon is to be seen one of the largest potatoes ever grown on the Pacific Coast, as we believe. It is from George Shaw's ranch, in California, and must weigh 150 or 200 pounds—at least it looks that way."

That's a "whopper," whether it be a lie or a potato!

ODD ITEMS.—The *Ogden Junction* of the 16th, says that a two days' search had been made in the Ogden and Weber rivers for the recovery of the body of Mr. Engelbrecht, there being a supposition that he might have been drowned; the rivers were diligently searched three miles each way from the forks, but no trace of the missing man was discovered.

A complimentary benefit will be given to Mr. Phillip Margrets at the Theatre, Ogden, to-morrow evening. The visit of the Salt Lake theatricals seems to have had a good effect in Ogden, for on Saturday evening next a meeting of the original Ogden Dramatic Association is to be held, being preliminary to resuscitation and active operations on the part of its members.

Our co-territorial, the *Junction*, is after us with a sharp stick for rather hitting the other day that the ladies of Ogden were somewhat behind time in holding their indignation meeting to protest against the Cullum bill. He declares that they are not behind either in faith, integrity, zeal or in any other saintly virtue, all of which we heartily believe and endorse, and, in stirring up their pure minds by way of remembrance, as we did, we disclaim all desire or intention of insinuating aught to the contrary.

HOME AGAIN.—We were pleased to receive a call yesterday afternoon from Bishop S. Woolley, who has just returned from his mission to the Eastern States. The Bishop is well in health, but, as might naturally be expected, he is somewhat troubled in mind, over the loss of several members of his family during his absence. He received the news of the loss of his son Samuel last Thursday, and that evening at a quarter to ten he left the city of Adrian, Michigan, homeward bound, and reached this city on Monday evening at a quarter to nine o'clock. He was the recipient of marked kindness at the hands of Mr. St. John, of Chicago, special agent of the Rock Island Pacific Railroad; and also of Mr. E. Coulton, of Omaha, special agent of the U. P. R. R. These gentlemen, on being made acquainted with the urgent necessity that existed for the Bishop to reach home, forwarded him on the latest trains at "ministers' fare," or half price.

Bro. Woolley gives an interesting account of his travels and labors, which he continued to Pennsylvania, Ohio and Michigan. In all those States he traveled a good deal, and though he never baptized one, he is confident that he was the means of removing a great deal of prejudice. Through letters, and other means at his command, he obtained introductions to influential men in Cincinnati and several

other leading cities, and though some of them were crusty and snappish at first, and expressed the opinion that the Cullum bill ought to pass, yet, with very few exceptions, after conversing with them awhile, and explaining the real condition of affairs and feeling in Utah, and the probable consequences of the enforcement of the law attending the passage of the bill, they expressed the hope that said bill would not pass, and, in most instances, promised to use their political influence in favor of the people of Utah.

Died:

In Salt Lake City, March 13th, of ulcers on the liver, Leonard Thurston, son of S. D. and Elizabeth M. Huffaker, aged 15 years, 9 months and 8 days.

On the evening of Tuesday last, at the residence of Mr. Joseph Lawson, Ogden city, Mrs. Mary Bloom, late of Salpdam, Norfolk, England, aged 64 years. She died in full faith of the gospel.—*Ogden Junction*.

THE VERY BEST SEWING MACHINE!

THE AMERICAN COMBINATION SEWING

MACHINE is the best in the market. In

addition to all work done on other lock-stitch

Machines, this machine will work without holes

in the fabric, and will sew any kind of fabric

as well as any other standard machine in use.

Inquiries respecting it will be answered and

orders received by DAVID W. EVANS, Dan-

vers News Office, S. L. City.

BUY THE BEST!

—OF—

FLORENCE

SEWING MACHINE

In point of labor, there is the same difference between threading a needle, or using a Threading Machine, that there is between sewing by hand or using a good Sewing Machine.

Inventive Genius gave to man things pleasing to the sight, And such as man has often wished Would make his labors light: Then turned to woman with a smile, And made her heart rejoice, For she in every household sings Its praises with her voice.

'Tis the song, 'Tis the song, In every house wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

When woman toiled for daily bread, From early morn till eve, How many eyes were dimmed with tears, How many hearts did grieve? But now she has her "household pet," And one to which she'll cling, For labor is a pleasure now, And she can toil and sing.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

In every home, in every land, Its praise is sung aloud, It works alike for rich and poor, The humble and the proud;

It is the pride of every hearth, And every woman's care, "God bless the Florence Company," Is in every woman's prayer.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

Referring to the above, the Free Office of the Florence Company, beg leave to ask the indulgence of those admirers of the Florence, whose orders are now on file at the Salt Lake office. We hope by the 1st of March, to again offer a full supply of the various styles of these popular

CHAS. S. HAMMER, Gen'l Agent.

The Florence Sewing Machine, has no fancy

ornaments or other complicated attachments, it has no uncertain wire coils or wire

levers. Its manufacture is conducted by a

thoroughly RESPONSIBLE COMPANY,

and in purchasing a machine you need have no

fear of ever being unable to purchase needles

and other findings. The Florence is the ONLY

COMPANY that keeps its machines in repair

free of charge, no matter when sold or where.

It is our ambition to have every Florence Ma-

chine give entire satisfaction.

The Florence lays no claim to cheapness, we

aim at perfect finish, every machine goes

through the Company's adjusting room, and

must then pass the Inspector's office, before

going out to Agents; the least inaccuracy will

condemn it.

They are probably the highest priced Machine

in the American market, and being built of

STEEL, they are not liable to rust, and

WORKMEN aided by all the appliances that

capital can bring to bear, it is offered at a price

commensurate with the value of the article, and

can be brought into about as honest comparison

with its numerous CAST IRON competitors

as a watch from Jergenson or Jaseel, may be

compared with the Nickel or Ordo offerings of

a Chatham Street Mock Auctioneer.

It is a growing knowledge of these facts that

has gained favor so steadily for the Florence

Machines, and made them the Universal fa-

vorites, wherever prejudice is laid aside and

honest comparison made.

That very excellent authority the American

Institute, New York, awarded the FIRST PRE-

MIUM to the FLORENCE over Thirteen

Competitors. If you report the committee

very tersely remarked, "This is better

than any of its class known to the

Judges."

It may be proper to remark here that the

Florence Machine of the present manufacture

is vastly improved, and the first of these im-

proved Machines ever offered in Utah are those

sold at the Branch Office at Salt Lake. Among

the recent purchasers from this office, we beg

leave to refer to the following parties:

SALT LAKE CITY.

John Sharp, Jr., Warren Hussey,

Joseph Bull, Mrs. Sprague,

Wm. Sloan, Chas. Sedgwick,

Mr. Jermy, C. F. Smith,

W. D. Brown, Theo. Mori,

J. L. Hawkins, Alfred Best,

Mrs. Thomas, Jos. E. Taylor.

CAMP DOUGLAS.
