

WILL CONFER WITH SECY. TAFT

Eight Members of the Republican National Committee Leave For Cincinnati.

TO TALK CAMPAIGN MANAGER.

Candidate Said to be Embarrassed by Appeals from Ohio Friends for Vorys' or Herrick's Appointment.

Chicago, June 19.—Eight members of the Republican committee left Chicago tonight for Cincinnati to confer with Secy. Taft concerning the selection of a national chairman to manage the Republican campaign. The sub-committee was appointed at the suggestion of Secy. Taft, who is said to be somewhat embarrassed by appeals from his friends in Ohio for the appointment of Arthur Vorys or of Myron T. Herrick of that state, and by the demand made in a petition by a majority of the members of the national committee for the appointment of Frank H. Hitchcock. The latter, because of his success in the Taft campaign, is being strongly pushed by his friends, while those who are personally attached to Mr. Vorys have announced that they intend to make efforts in his behalf.

THE SUB-COMMITTEE.

Congressman James S. Sherman of New York, who was today nominated for the Vice President, accompanied the sub-committee to Cincinnati. The men who will confer with Secy. Taft in regard to the chairmanship are Powell Clayton of Arkansas, Myron T. Herrick of Ohio, Frank B. Kellogg of Minnesota, Charles Nagle of Missouri, E. E. Hart of Iowa, Senator W. E. Borah of Idaho, E. C. Duncan of North Carolina and Frank O. Lowden of Illinois.

The sub-committee was selected when the new national committee was organized immediately after the adjournment of the convention. Friends of Hitchcock insist that more than half of the eight members will vote to elect him chairman, while the advocates of Vorys say that five members favor the election of the latter, or of some one other than Hitchcock. It is conceded, however, that the chairmanship depends absolutely upon the wishes of Mr. Taft, who has not publicly expressed any preference. Nevertheless he has indicated that the question is one of practical politics and that no selection will be made for sentimental reasons.

Keen interest in the selection of a political manager for Secy. Taft is taken by Charles F. Taft of Ohio and Henry W. Taft of New York, brothers of the Republican nominee. In view of the fact that Mr. Hitchcock and Mr. Vorys both have strong followings, an effort was made today by Charles F. Taft to have both withdrawn from the race. The suggestion that this course be taken, when made to Mr. Hitchcock, caused him to state that he had at no time been a candidate for the chairmanship, and that he would not embarrass the secretary by asking for the place. Mr. Vorys would make no statement, however, leaving his interests entirely with his friends.

HITCHCOCK'S POSITION.

Mr. Hitchcock, in his reply to Charles F. Taft, said that while he would not ask the chairmanship, he would not consent to accept a subordinate position. He said that he had been invited to participate in the pre-convention campaign and had agreed to do so, but was overruled by the committee. He said that he would continue in a capacity that would be congenial to Mr. Hitchcock.

That the sub-committee is empowered to select a chairman and a treasurer was asserted by Myron T. Herrick, after the adjournment of the sub-committee. All of the members of the committee, however, do not understand the authority in the same manner as Mr. Herrick. It is the belief of those that the sub-committee has the authority to select a chairman and a treasurer, but that it is likely that a meeting of the full committee will be called to fill these positions, in the event that Mr. Taft does not express a preference.

SECRETARYSHIP.

The secretaryship and the position of sergeant-at-arms were settled by the election of E. E. Hart of Ohio and William F. Stone of Maryland, to succeed themselves as secretary and sergeant-at-arms, respectively. Gen. Powell Clayton of Arkansas, was chosen to act as chairman until a permanent official is named.

The motion to create the sub-committee was made by Myron T. Herrick of Ohio, and included the names of the sub-committee as appointed with the exception that Mr. Ward of New York was in the place of Mr. Hart of Iowa. The motion carried in the original form, but later Mr. Ward was compelled to return at once to New York, and Mr. Hart's name was substituted. An effort was made by Senator Scott of West Virginia to have the committee enlarged to 11 members, but it was defeated.

It was decided that the committee should start for Cincinnati late tonight and take conference with Mr. Taft. It will be held tomorrow morning, the secretary having left Washington today.

Before the sub-committee met, a score of the members of the national committee who are insistent that Mr. Hitchcock shall be appointed, met in an adjoining room. They drew a petition addressed to Secy. Taft asking for the selection of Mr. Hitchcock, which

Gas On The Stomach

OFTEN THE CAUSE OF GREAT BODILY DISTRESS.

It indicates a Feeble Stomach in Which the Food Lies Undigested and Shows Need of Tonic Treatment.

When the stomach is feeble the food lies in it undigested, decays and throws off poisonous gases that distend the walls of the stomach, and cause interference with other organs, especially with the action of the heart and lungs. These gases have other ill effects. They are absorbed by the blood and corrupt it and so cause aches in remote parts of the body and the formation of unhealthy tissue everywhere. General bodily weakness and loss of weight result. The nerves and the brain are disturbed and discomforts such as dizziness, hot flashes, sleeplessness, irritability and despondency originate from this source.

Experience shows that these troubles vanish just as soon as the stomach is made strong enough to digest the food. In other words, it needs a tonic that will cause it to do the work of changing the food into nourishment. The tonic used ought to be one that will agree with the most delicate stomach.

Mrs. Amelia Gwin, a nurse by occupation, lives at 3139 Vernon avenue, Chicago, Ill. She said recently: "When I was living in Terre Haute, Ind., some years ago, I was in bad health for some months and did not know what ailed me, only that I did not feel like myself. My doctor said I was suffering with indigestion, but he did not cure me.

"I had severe pains in the stomach and could not digest any solid food. I had to diet all of the time and had so much gas on the stomach that it seemed at times as though my breath was leaving me. I was greatly run down in health and lost in weight.

"I decided one day to drop the doctor's medicine and try Dr. Williams' Pink Pills. The first few boxes helped me and I took them until cured. I gained in weight, my digestion became good and I have been in splendid health since. I am glad to recommend Dr. Williams' Pink Pills as they are worth their weight in gold."

The remedy which gave Mrs. Gwin complete health can be obtained at any drug store or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50. Every dyspeptic should read "What to Eat and How to Eat." Write for a free copy today.

will be delivered to the secretary tomorrow by a member of the sub-committee. Four signatures were secured in the meeting, and it was then circulated among other members who had been absent. Before the meeting closed, a majority of the national committee, it is asserted, had signed the petition, and the signatures did not include any members of the sub-committee appointed to confer with the secretary. This petition is intended by the friends of Mr. Hitchcock to augment the influence of individual letters mailed to the secretary several days ago.

MRS. RUSSELL SAGE AS LADY BOUNTIFUL

New York, June 20.—There was not a bit of ice cream left in Sag Harbor last night and all because of the picnic of Mrs. Russell Sage to the Sag Harbor children in the afternoon. Nobody knew there were so many little ones in the little New England seaport town before. At least 600 little children crowded the little grove where the refreshments were served. The caterers had supplied 900 bricks of cream, but this was consumed like snow in the sun's rays and there was not half enough. Mrs. Sage was equal to the emergency. She had her caterers bring out their own cake and ice cream. While she stayed at the park and the children downtown went her gaily decorated automobile and the chauffeur had orders to buy up all the ice cream in town at any price. He succeeded in getting 200 quarts so there was plenty after all. Nearly 100 pounds of cake and other confections were also consumed.

He will depart within the next few days for Des Moines, Iowa, where he will join his father, who has been in this country for two years.

Young Leib is being cared for while in New York by the Hebrew sheltering house. Unless the officials of the home are able to find some person going west the boy will be compelled to finish his journey alone.

New York, June 20.—One of the largest fleets that ever left the port of New York for Europe will go out today laden with summer voyagers. Ten ships in all will steam for Great Britain and the continent, two of the number taking the southern course to the Mediterranean. This procession of liners is a fitting end to a week which marks the top notch of passenger travel to Europe so far this season, although the number of passengers going out next week will equal the number this week and may eclipse it.

The liners sailing today are St. Louis, (American line), Celtic White Star, Zeeland, Red Star, Pennsylvania, Hamburg-American, Chicago, French line; Princess Irene and Frederick Der Grosse, North German Lloyd; Mesaba, Atlantic transport, California, Anchor, and Umbria, Cunard line.

YAQUI WAR.

Mexico City, June 20.—The Yaqui war has begun in earnest and American and Mexican troops are pursuing the Indians as before and recent futile peace arrangements were arranged. In a battle which occurred at the town of Buena Vista, near Canton del Moriste, in the state of Chihuahua, four Indians were killed yesterday and several wounded. The troops were aided in their fight by the townspeople of Buena Vista.

LUMBER RATES EXCESSIVELY HIGH

Interstate Commerce Commission Announces a Sweeping Reduction in Them.

THROUGH RATES TO UTAH.

Oregon Short Line and Union Pacific Required to Establish Them—Knapp and Harlan Dissented.

Washington, June 19.—Sweeping reductions in lumber rates west of the Missouri river and a 5 per cent reduction in the advanced rates in the east, as well as other changes in the tariff, are ordered under decisions announced by the interstate commerce commission today.

The rulings are made in a group of important cases involving the rates on lumber, shingles and other forest products from points in the Willamette valley to San Francisco, and from Washington, Oregon, Idaho, Montana, and British Columbia to eastern and southern markets.

In the cases of the Oregon and Washington Lumber Manufacturers' association against the Union Pacific and other roads, Pacific Lumber Manufacturers' associations and others, and the Southwestern Washington Lumber Manufacturers' association against the Northern Pacific, involving a general advance in lumber rates, in many cases 20 and 25 per cent from north Pacific coast territory to points east thereof, which became effective November last, the commission makes a geographic decision in its action on the grounds of unreasonableness, it orders restoration of the previous rates west of a line drawn from Pembina, N. D., through Grand Forks, Council Bluffs, Kansas City and St. Louis to Fort Worth, Tex., along the Kansas City Southern railway and including all points east of that line, "which now take the same rates as any point between and including Sioux City and Kansas City."

A part of the increase to the more distant markets lying east of the Missouri river is permitted to stand. Differential rates from Spokane rate group points, Montana-Oregon rate group points, and Hood River, Ellensburg and Leavenworth districts, which lie east of the Cascade mountains, embracing parts of Washington and Oregon, and all of Idaho, to eastern territory, are established under a decision in the case of Potlatch Lumber company and others against the Northern Pacific and other roads. Rates from the Spokane district are ordered lower than from the Pacific coast, and the commission directs that the uniform differentials under the coast rates that were in effect prior to last November.

In the case of the Western Oregon Lumber Manufacturers' association against the Southern Pacific company, the commission decides that the advance of \$5 per ton from all mills in the Willamette valley, not including Portland, is unjust and unreasonable; that from both the east and west banks south of Corvallis the rate should not exceed \$3.40 per ton, and upon the west bank of Corvallis \$3.65 per ton. Because of the water rate the Portland rate is not reduced.

In the case of the Pacific Coast Manufacturing association against the Northern Pacific and other roads the commission declines to establish another through rate from Washington to Colorado common points, and eastern destinations. It requires, however, the Northern Pacific railway, the Northern Pacific Terminal company of Oregon, the Oregon Railroad & Navigation company, the Oregon Short Line and the Union Pacific to establish through rates for lumber from the Northern Pacific line in Washington, north of Portland, as far as Seattle, through Portland to Ogden and Salt Lake City and Utah common points, and 40-cent per hundred-weight rate on fir and spruce lumber, and 50 cents per hundred weight on cedar lumber and shingles prescribed for through lumber.

Chairman Knapp and Commissioner Harlan dissented from the conclusions reached by the majority in these cases, on the ground that most of the advance in rates was reasonable.

WHAT DECISION MEANS.

Portland, Or., June 19.—The decision of the interstate commerce commission in the lumber cases, in the case of the lumbermen of the Pacific northwest, ends the contention which for the past eight months has tied up

the lumber industry of this section of the country.

At this time the lumber mills shut down, rather than submit to the advance, several thousand men were thrown out of work, and in many localities of the states of Oregon and Washington, business was paralyzed. The immediate effect of the decision at this time, however, will be questionable. The demand from the orient for several months has been almost nothing, from California it decreased a large per cent, and it is understood that there is little or no demand for lumber in the east, and what demand there is has been satisfied by the shipment of southern lumber to points further west than ever before in history.

TAFT REPLIES TO CONGRATULATIONS

Washington, June 19.—Secy. Taft today dictated telegraphic replies to various dispatches of congratulations sent to him in addition to his formal written reply to Senator Foraker.

Mr. Taft's replies included the following: To Vice President Fairbanks, Indianapolis: "I thank you cordially for your gracious and kindly message of congratulation."

To Senator Knox, Pittsburgh: "Thank you sincerely for your hearty congratulations and the assurance of Pennsylvania's support."

To Senator Cannon, Danville, Ill.: "Your kind message of congratulation received. Accept from me heartfelt thanks for the warm expressions of sympathy."

To Senator LaFollette, Madison, Wis.: "I highly appreciate your kind message of congratulation and proffer of support and thank you for it."

To Gov. Hughes, Albany: "I have received your congratulations and thank you for your kindly expressions."

More than 1,000 messages of congratulation from all parts of the world have come to the secretary since his nomination. Among those today was one from Representative Sherman, his running mate on the ticket.

"Banzai" was the terse message from Lafayette Young of Iowa.

You will have back of you," telegraphed former Secy. of the Treasury Leslie M. Shaw at New York, a united party and a loyal, trustful people."

AUTOMOBILIST KILLED.

While Going at Terrific Rate Machine Overturned.

Fullerton, Cal., June 20.—While going at a terrific rate on a trial trip in an automobile, S. O. Minter, aged 35 years, was instantly killed yesterday two miles north of town by the overturning of his machine. It is believed Minter fainted from heart failure, as he was subject to such attacks. His machine left the road while going down a slight incline, turned sharply to the left and climbed the three-foot bank, and after going some distance, it overturned and one of the spokes entered Minter's neck, coming out on the other side. Four ribs were also broken.

Minter was a native of Minneapolis, but came here from Syracuse, N. Y.

SERVIAN CLUBS WILL AID ACCUSED COUNTRYMEN

Seattle, Wash., June 19.—The Servian clubs of the United States, to the number of 200, have promised aid in the defense of Nick Petrigio, Milla, Aleghie and Mike Bosovitch, who are charged with the murder of City Marshal Harry Miller of Kent on the night of April 11.

The accused Servians filed an affidavit that they were strangers in a strange land, without money and entirely innocent of the charge of murder. They set forth that Petrigio and Aleghie were members of the national lodge of Servians and that one of the cardinal principles of the order was the defense of any of their members, charged with crimes.

The prisoners in the county jail were captured in the Cascades after a man hunt lasting five days.

DON CAFFERY JENKINS DEAD.

Los Angeles, Cal., June 20.—Donelson Caffery Jenkins, in the 50's and 60's, one of the best known newspaper editors in the country, being editor and publisher of the Los Angeles Times Delta, and later of the Picayune, died at Sierra Madre today, aged 82.

After removing from New Orleans, Mr. Jenkins went to Galveston where he was editor-in-chief and vice president of the Galveston News. While the Dallas News was annexed to the Galveston Journal, Mr. Jenkins edited it from his office in Galveston.

After securing a large fortune, he sold out his interests in the two papers and moved to Los Angeles, where he made his home. Mr. Jenkins was born in Vicksburg, in 1825.
